Ind AS update 05

Annexure 06

## IND AS APPLICABILITY - GPL

- Companies having a net worth of INR 500 crore or more (as per the standalone financial statements as on 31st March, 2014) are required to comply with Ind AS in the preparation of their financial statements for accounting periods beginning on or after 1st April 2016
- Godrej Properties Limited, its subsidiaries, joint ventures and associates has adopted Indian Accounting Standards (IND AS) with effect from 1st April 2016 pursuant to the MCA (Ministry of Corporate Affairs) notification as the Company's net worth on 31st March 2014 exceeded INR 500 crore
- Companies need to adopt Ind AS while publishing quarterly financial results. Certain exemptions are provided by SEBI for presenting comparatives
- Business fundamentals continue to remain unchanged despite changes in reported financial statement numbers due to application of Ind AS
- Underlying business cash flows remain unaffected due to the application of Ind AS
- Changes in performance ratios driven solely by application of accounting principles hitherto not applicable

## KEY IND AS IMPACT ON GPL

#### A. Consolidation

- Under Ind AS, classification of subsidiary for consolidation is based on control and not just share holding which has
  resulted in certain subsidiaries being classified as joint ventures
- Further under Indian GAAP, joint ventures were consolidated with reference to the proportionate consolidation method
- Based on the principles of Ind AS, these joint ventures have been consolidated with reference to the equity method of
  accounting whereby only GPL's share of profit & loss in such entities will be directly credited to Profit & Loss account
  instead of line by line / proportionate consolidation
- Further due to equity method of accounting, interest has been grossed up on the JV projects. Interest income has been
  classified under other income and corresponding interest expenses have been included as part of finance cost

#### B. Inventories

The Company has undertaken a detailed exercise to determine the manner of expense allocation to inventory in the
context of the requirements of Ind AS and accordingly has realigned allocation of expenses to project inventory.
 Further, acquisition of stake in an entity has been classified as an asset acquisition, accordingly the Goodwill as per
previous GAAP has been reclassified to land in project inventory

### C. Obligation to acquire minority interest in a subsidiary (Put Option)

The Company has granted put option to minority interests in one of its projects, which gives the investor a right to sell
their interests to the Company on agreed terms. On transition to Ind AS, such put option has been classified as a
financial liability payable to the investor and is re-measured at each reporting date and the difference is adjusted in
equity

# KEY IND AS IMPACT ON GPL (contd..)

#### D. Dividends:

 Proposed dividend recognised under Indian GAAP has been de-recognised under Ind AS. Under Ind AS dividend on equity shares is recognised on receipt of approval from the relevant authority

### E. Employee benefits

Under Ind AS, the ESOP trust is required to be consolidated. Consequently, the equity shares of the Company held by
the trust have been presented as a reduction from shareholders' funds as treasury shares. Further employee share
based payments have been recognised as per fair value

### F. Financial Instruments

 Held for trading investments: Under Indian GAAP held for trading investments are measured at the lower of cost or market price. Difference between the cost and market price is recognised in profit or loss. Under Ind AS, held for trading investments are measured at fair value and any gain or loss is recognised in profit or loss

### G. Deferred taxes

 Under Ind AS, Deferred tax on account of fair value adjustment in relation to past schemes of amalgamation and on other Ind AS differences has been appropriately recognised
