Managing Director and CEO of the company, Mr. Anil Jain said

"We are happy to report first ever INR 7,000 Cr total income by the Company.

We are pleased to have recorded multifold earning growth in FY17 and 24% earning growth in 4th quarter. Our EBIDTA has crossed INR 1,000 Cr first time ever. We achieved significant planned deleveraging in 4th quarter by INR 557 Cr. Growth for micro irrigation business in 4th quarter was stupendous and with strong order book. FY 18, looks very positive.

Our consolidated debt to equity ratio is now less than 1 and net debt to EBIDTA at 3.6 is very good progress in our plan to reach to 3.0 or lower net debt to EBIDTA by end of FY18 despite acquisition financing and planned significant revenue growth. We believe, we are starting on multi-year growth opportunity in domestic and international irrigation infrastructure space. We need to watch out for GST rollout and weather events"
