(A) We are unable to observe physical inventories of Finished Goods, Semi-Finished Goods, Stock in Trade (Traded Goods) and Consumable Stores and Spares due to the size and nature of inventories and we are also unable to satisfy ourselves by alternative means concerning the inventories held at 31<sup>st</sup> March, 2017. However, as explained by Management, physical verification of Inventories has been conducted at reasonable intervals internally on 'A' Category of Items and no material discrepancies were observed.

(B) The Company has capitalized the inventory of dies and tools having value of Rs.49,95,884/- during the current financial year. However, no physical verification has been conducted in respect of dies and tools so capitalized. Adjustments, if any are not ascertainable and will be provided after physical verification of dies and tools.

(C) Certain advances of materials, services and capital goods aggregating to Rs. 12,22,06,531/- (previous year Rs. 14,61,43,791/-) were outstanding as on 31/03/2017. The confirmations from the parties to whom these advances are given has not been made available. Out of such advances, provision for doubtful advances should be recognized in respect of advances, outstanding for a period of three years or more where no movement has taken place and no confirmations are available. Adjustments, if any are not ascertainable and will be provided on identification of such parties.

(D) The company is not regular in depositing undisputed Statutory Dues including Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Excise Duty, Value Added Taxes, Cess and several other Statutory Dues including interest thereon to the Appropriate Authorities. Arrears of outstanding statutory dues as on 31st March, 2017 for a period of more than 6 months from the date they become payable are Rs 21,93,19,373/-.

(E) The company has defaulted in repayment of principal and interest to Banks and Financial Institutions as on 31st March, 2017 of Rs 25,42,20,164/-.

(F) Balance under Sundry Debtors and Sundry Creditors, loans and advances given by the Company and parties from whom unsecured loans have been taken are subject to confirmations and adjustments, if any, required upon such confirmations are not ascertainable and hence not provided for.

(G) In respect of loans and advances of Rs. 55,00,000/- given to Hanumat Wires Udyog Private Limited, the Company has not furnished any agreement and in absence of

7/30

the same, the terms of repayment, chargeability of interest and other terms are not verifiable.

(H) The Company has capitalized Borrowing Costs amounting to Rs. 5,54,36,971/- for the year ended 31<sup>st</sup> March, 2017 in respect of capital work in progress at IMT, Rohtak. However the same is not in compliance with Accounting Standard-16 "Accounting for Borrowing Costs". Since no substantial development activity has been carried out at IMT, Rohtak, borrowing cost of Rs. 5,54,36,971/- should be charged to Statement of Profit and Loss and to that extent loss for the year is understated.

(I) A fraud of Rs. 1,60,59,342/- was reported during the Financial Year 2005- 06 incurred by an ex-employee of the Company which is under litigation and pending before the Hon'ble Delhi High Court. During the current financial year, Rs.20,00,000/- were recovered. In our opinion, provision for doubtful debt should be recognized for the remaining amount and to that extent the loss for the year is understated.

(J) The Company is in violation of Section 73 of Companies Act, 2013 read together with Companies (Acceptance of Deposits) Rules, 2014, as it has taken advances from customers amounting to Rs. 2,21,50,242/- having balance outstanding for more than 365 days. In terms of Rule 2(1)(xii)(a) such advances are liable to be treated as deposits read together with section 73 of the Companies Act, 2013 and hence the Company is in violation of the same.

The company also defaulted in filling of form DPT-3 "Return of Deposit" for the financial year 2014-15 & 2015-16. The Financial impact of such default is not quantifiable as on date of our Report.

(K) The Company has taken unsecured loans from Companies amounting to Rs.5,80,55,000/- which are outstanding as at the end of the year and the same has been shown under short term borrowings in the Balance Sheet. However, loan agreements in respect of these loans have not been furnished and in absence of the same, the terms of repayment, chargeability of interest and other terms are not verifiable. One of the matter related to RCI Industries is under litigation in Punjab & Haryana High Court.

8/30

(L) As per the accounting policy of the Company, the Company is valuing its inventories at lower of cost and net realizable value. As explained to us, since exact cost is not ascertainable, the same is arrived at list price less 57% in case of finished goods and at list price less 66% in case of semi-finished goods and special items have been valued at 31% less in case of semi-finished goods and 22% less in the case of finished goods of the selling price. Since proper cost records are not maintained, exact cost is not ascertainable, and therefore the impact if any, on account of valuation of inventories on basis of actual cost is not quantifiable and provided for.

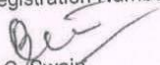

4. In our opinion and to the best of our information and according to the explanations given to us and subject to our observations in Para 3 above, these quarterly as well as the year to date results:
- i. are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015; and
  - ii. give a true and fair view of the net loss and other financial information for the quarter ended and the year ended on March 31<sup>st</sup>, 2017.

Further, read with paragraph 1 above, we report that figures for the quarter ended March 31<sup>st</sup>, 2017 represent the derived figures between the audited figures in respect of the financial year ended March 31<sup>st</sup>, 2017 and the published year-to-date figures upto December 31<sup>st</sup>, 2016, being the date of the end of the third quarter of the current financial year, which were subject to limited review as stated in paragraph 1 above, as required under Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015.

(ii) Management is unable to estimate the impact, reasons for the same  Due to large number of items and sizes, it is not feasible to find out item wise cost. Hence, the cost is determined on per metric ton basis based on the cost data or material services and overheads which is compared with the specified percentage of the list price of individual items. The value at specified percentage of list price being lower, the amount has been taken for valuation of inventory on closing date of the year.  (iii) Auditors' Comments on (i) or (ii) above: Considering the size of the inventory, the Company should implement cost records. Valuation of inventory at list price less a specified percentage involves approximation and the cost of inventory should be determined on exact cost basis after implementing standard costing and a suitable ERP system which incorporates above.

e	<p><b>For Audit Qualification(s) where the impact is not quantified by the auditor:</b></p> <p>(i) Management's estimation on the impact of audit qualification : The impact cannot be ascertained due to unavailability of audited financial statements.</p> <p>(ii) If Management is unable to estimate the impact, reasons for the same :  The accounts of the Holding Company are finalized in accordance with the requirements of the Listing agreement since the Holding Company is a listed entity. The Subsidiary Company, Joint ventures and Associates are unlisted entities and therefore the accounts are finalized and audited at a later date. Therefore, audited financial statements of these companies are not available. Consolidation is done on the basis of the provisional financial statements as approved by the respective Board of Directors.</p> <p>(iii) Auditor's Comments on (i) or (ii) above  In absence of audited financial statements of Subsidiary Company, Joint Ventures and Associates, consolidation is done on the basis of provisional financial statements as approved by the respective Board of Directors. The same may have a substantial impact on financial statements. Therefore, in our opinion, the same should be consolidated on the basis of their audited financial statements</p>
