## NOTES:

- The above consolidated financial results ("the Statement") for the year ended March 31, 2017 were reviewed by Audit Committee and thereafter approved by the Board of Directors at its meeting held on May 23, 2017. The above consolidated financial results for the year ended March 31, 2017 have been audited by the Statutory Auditors.
- The Statement has been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016. The Company adopted Ind AS from April 01, 2016, with a transition date of April 01, 2015 and these financial results are accordingly prepared in accordance with Ind AS 101-First-time Adoption of Indian Accounting Standards.
- Ind AS 101 requires that all the Ind AS standards and interpretations that are effective for the Ind AS financial statements for the year ended March 31, 2017 be applied consistently and retrospectively for all fiscal years presented. All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference in the carrying amounts of assets and liabilities in the financial statements under both Ind AS and Indian GAAP as at the transition date have been recognised directly in equity at the transition date.

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from India GAAP to Ind AS in accordance with Ind AS 101:

- Equity as at April 01, 2015
- Equity as at March 31, 2016
- Total comprehensive income for the quarter and year ended March 31, 2016

- 3.i Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. Ind AS 101 allows first-time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the exemption in its financial results for its Property, Plant and Equipment, as well as Intangible Assets and Investment Properties (referred to as "fixed assets" in aggregate). The Company has opted to determine the deemed cost of such fixed assets as of April 01, 2015 to be represented by the fair value of the land and buildings and restating certain other items of fixed assets in accordance with Ind AS wherein these fixed assets were grossed up for the capital subsidies received in prior years (net of amortisation). Accordingly, the increase in the carrying value of these fixed assets to their deemed costs resulted in higher depreciation charge for the year/period. The amortisation of the capital subsidy has been netted against the depreciation of the relevant fixed asset.
- 3.ii Under previous GAAP, the Company had charged off certain loan origination/upfront fees paid to the banks for facilitating the term loans, as finance cost in the respective year of incurrence. Under Ind AS, such financial liabilities, classified to be carried at amortised cost basis, have resulted in a change in the current period finance cost (net) with an adjustment to the retained earning balance as of April 01, 2015.
- 3.iii Other Ind AS adjustments mainly includes the effect of measurement of financial assets and liabilities, either at fair value or amortised cost etc.
- 3.iv The Company has recognised the deferred tax impact arising from Ind AS adjustments as well as evaluated the status of the deferred tax asset arising from tax losses existing as of March 31, 2015 not recognised as per previous GAAP in the absence of virtual certainty and has adjusted the same in the reserves as of April 01, 2015. Based on the utilisation of the tax losses during the period(s), such reversal of deferred tax asset is recognised in statement of profit and loss.
- 3.v The Company has opted to apply the optional exemption provided in Ind AS 101, with regard to business combinations wherein the Company has considered January 01, 2007 as the effective date for applying business combinations retrospectively. This has resulted in the Company recognising certain items of intangibles, earlier subsumed within goodwill as well as adjusting the goodwill recognised in previous GAAP from additional interest acquired in subsidiaries to be adjusted directly to shareholders funds and retained earnings as of April 01, 2015, net of necessary amortisation of the intangibles. As the intangibles recognised had an estimated useful life expiring during 2015-16, the Company has recognised certain amortisation charges towards the same. Additionally, Ind AS 103 did not permit transaction costs to be considered as part of investment/purchase consideration resulting in the same being adjusted to retained earnings/ statement of profit and loss as necessary.
- 3.vi The Company uses derivative financial instruments(hedging instruments) to manage risks associated with foreign currency exchange fluctuations relating to certain highly probable forecasted transactions. The hedging instruments initially measured at fair value, are remeasured at subsequent reporting dates. Under the previous GAAP, changes in the fair value of these hedging instruments designated and effective, as hedge of future cash flows, were recognized directly in a Hedge Reserve (grouped under reserves and surplus) until the occurrence of the forecast transaction at which time the same was recognized in the Statement of profit and loss. As per Ind AS requirements changes in the fair value are routed through Other Comprehensive income, to be disclosed in the statement of equity as a Hedge Reserve. On occurrence of the forecast transaction, the effective portion of these derivatives are adjusted against the underlying hedged item and ineffective portion is recognized as expense in the Statement of profit and loss.
- 3.vii Restatement of foreign operations termed as 'integral operations' under the Previous GAAP and included as an adjustment to the income statement, has under Ind AS 21 been considered as an element of other comprehensive income due to conversion of functional and reporting currency.
- 4 The Company has evaluated its operating segments in accordance with Ind AS 108, and has concluded that it is engaged in a single operating segment viz. Home Textiles, with a product base of different cotton and silk blended products, on the basis of decisions taken for allocation of resources by the Chief Operating Decision Makers (CODM) and the internal business reporting system for evaluation of operational results.
- 5 The Board of Directors have proposed a final dividend of Rs. 2.50 per share, which is subject to the approval by the shareholders in the Annual General Meeting

## NOTES:

- The above standalone financial results ("the Statement") for the year ended March 31, 2017 were reviewed by Audit Committee and thereafter approved by the Board of Directors at its meeting held on May 23, 2017. The above standalone financial results for the year ended March 31, 2017 have been audited by the Statutory Auditors. The figures for quarter ended 31st March, 2016 and 31st March, 2017 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter of the relevant financial year which were subject to limited review by the statutory auditors of the Company.
- The Statement has been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016. The Company adopted Ind AS from April 01, 2016, with a transition date of April 01, 2015 and these financial results are accordingly prepared in accordance with Ind AS 101-First-time Adoption of Indian Accounting Standards.
- Ind AS 101 requires that all the Ind AS standards and interpretations that are effective for the Ind AS financial statements for the year ended March 31, 2017 be applied consistently and retrospectively for all fiscal years presented. All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference in the carrying amounts of assets and liabilities in the financial statements under both Ind AS and the previous Indian GAAP as at the transition date have been recognised directly in equity at the transition date.

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from the previous India GAAP to Ind AS in accordance with Ind AS 101:

- Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. Ind AS 101 allows first-time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the exemption in its financial results for its Property, Plant and Equipment, as well as Intangible Assets and Investment Properties (referred to as "fixed assets" in aggregate). The Company has opted to determine the deemed cost of such fixed assets as of April 01, 2015 to be represented by the fair value of the land and buildings and restating certain other items of fixed assets in accordance with Ind AS wherein these fixed assets were grossed up for the capital subsidies received in prior years (net of amortisation). Accordingly, the increase in the carrying value of these fixed assets to their deemed costs resulted in higher depreciation charge for the year/period. The amortisation of the capital subsidy has been netted against the depreciation of the relevant fixed asset.

- 3.ii Under previous GAAP, the Company had charged off certain loan origination/upfront fees paid to the banks for facilitating the term loans, as finance cost in the respective year of incurrence. Under Ind AS, such financial liabilities, classified to be carried at amortised cost basis, have resulted in a change in the current period finance cost (net) with an adjustment to the retained earning balance as of April 01, 2015.
- 3.iii Other Ind AS adjustments mainly includes the effect of measurement of financial assets and liabilities, including corporate guarantees provided by the Company for loans taken by subsidiaries, either at fair value or amortised cost etc.
- 3.iv The Company has recognised the deferred tax impact arising from Ind AS adjustments as well as evaluated the status of the deferred tax asset arising from carried forward tax losses existing as of March 31, 2015 not recognised as per previous GAAP in the absence of virtual certainty and has adjusted the same in the reserves as of April 01, 2015. Based on the utilisation of the carried forward tax losses during the period(s), such reversal of deferred tax asset is recognised in statement of profit and loss.
- 3.v The Company uses derivative financial instruments(hedging instruments) to manage risks associated with foreign currency exchange fluctuations relating to certain highly probable forecasted transactions. The hedging instruments initially measured at fair value are remeasured at subsequent reporting dates. Under the previous GAAP, changes in the fair value of these hedging instruments designated and effective, as hedge of future cash flows, were recognized directly in a Hedge Reserve (grouped under reserves and surplus) until the occurrence of the forecast transaction at which time the same was recognized in the Statement of profit and loss. As per Ind AS requirements changes in the fair value are routed through Other Comprehensive income, to be disclosed in the statement of equity as a Hedge Reserve. On occurrence of the forecast transaction, the effective portion of these derivatives are adjusted against the underlying hedged item and ineffective portion is recognized as expense in the Statement of profit and loss.

4 The Company has evaluated its operating segments in accordance with Ind AS 108, and has concluded that it is engaged in a single operating segment viz. Home Textiles, with a product base of different cotton and silk blended products, on the basis of decisions taken for allocation of resources by the Chief Operating Decision Makers (CODM) and the internal business reporting system for evaluation of operational results.

5 The net exchange gain /(loss) included under Other Income is as under:

Particulars	Quarter Ended			Year Ended
