Communiqué from the MD

“Hathway stands at the forefront of the technological revolution sweeping the digital bandwidth of the country”

Dear Shareholders,

As we enter FY 2017-18, optimism about the India's growth story is at its peak. Indian economy is picking up pace and offering a glimpse of its true potential.

Current government has the strongest mandate in 30 years to deliver reforms that can resuscitate the Indian economy and deliver sustainable growth for the future. As Government prepares India's passage to the future, Digital India initiative is going to be a key enabler for this journey. With a clear vision, the present government is pushing ahead the Digital India initiative to transform the country into a digitally empowered society and a knowledge economy.

FY 2016-17 for Hathway was all about investing in world-class digital infrastructure to take advantage of opportunities unleashed by Digital India and build a bigger, stronger and more profitable business for the long term.

I would now like to share some specific step taken towards this transformation journey

CORPORATE RESTRUCTURING:

- As of closing business hours on March 31, 2017, we have carved out our Cable Television business (Cable TV) into a wholly-owned subsidiary Hathway Digital Private Limited [HDPL]. (f.k.a. Hathway Datacom Central Private

Limited), through slump sale. Broadband business and Investment in GTPL Hathway Limited, along with Investment in various other joint venture remains with your Company. I am happy to share that all groundwork for the demerger has been smoothly completed. This new structure allows us to invest more aggressively in high growth high profit broadband business and in parallel facilitate HDPL to focus on monetisation of Investment done in different phases of Digital addressable system (DAS) and undertake significant cost optimisation initiatives.

CABLE TV - PHASE III & IV DIGITISATION:

- During the year, we have seeded close to 2 Mn set top boxes (STBs) and as on year-end, we have 6.3 Mn STBs in Phase III & IV areas. We are proud to contribute towards dramatically improving consumer TV viewing experience in these markets through enhanced digital content and new-age packaging. Consumer satisfaction in these markets is very high and we have started monetising this investment and the same will be major growth driver for FY 2017-18.

CABLE TV - “HATHWAY CONNECT” JOURNEY:

- As cable TV industry is going through multiple

challenges from different dimensions-changing regulatory landscape, technology disruptions and increased competition, Hathway Connect, along with improved packaging aligned to the evolving consumer needs, is the perfect recipe for reinventing and reimagining rules of engagement in cable TV. It gives consumers choice to select bouquet and à la carte channels according to their needs. For LCOs, it is a tool to manage their operations better by removing inefficiencies and provide complete transparency of transactions with Hathway. For Hathway, it brings the Company one-step closer to the consumer. Hathway is able to do consumer level billing, automatic dunning management and bring efficiencies in collections. We have made major strides in implementing Hathway Connect in FY 2016-17 and a significant portion of our digital base is transacting through Hathway Connect portal.

GROWING BROADBAND HOME PASSES:

- We continue to participate in opportunity to digitise India by investment in building additional home passes. During the year, we entered new markets of Kolkata, Indore and Chennai and overall built a high-speed broadband infrastructure and as on year-end have a total home passes of 5.4 Mn. All the home passes in Chennai is provisioned with Gigabyte speed units at consumer homes.

BROADBAND NETWORK TRANSFORMATION:

- During FY 2016-17, we

have taken massive network upgrade for our broadband business to cater for existing and expected data growth. Based on these network improvements, we are able to give all our consumers 25 Mbps base speed and 200 Mbps peak speed. Due to extra capacity of data centre, we are able to increase monthly data limits of all consumers by 200 GB. This was a necessary step for our broadband business to remain a disruptor, rather than be disrupted.

CUSTOMERS, ESPECIALLY MILLENNIALS AS CENTRE STAGE IN OUR BUSINESS STRATEGY:

- Millennials also known as digital natives have grown up with smart devices & connectivity and sharing matter to them augmented by high speed broadband service. To meet the expectations of these consumers, we are undergoing our own digital transformation, which will enable us to engage with our customers in ways that are more meaningful to them. We have launched our new easy-to-navigate website, which gives a seamless experience on both the large screen and hand-held devices. Our newly launched consumer App for Android and iOS facilitates consumers to track their data usage and connect to our customer service team without the need to reach out to our call centres. It also facilitates one click payment and auto renewal for ease of payment. We have also stepped up our efforts on digital and social media marketing to reach our consumers in a non-intrusive manner and convey strongly

our proposition of best value for money in market on speed, data limits and pricing.

BUSINESS EXCELLENCE AND COST OPTIMISATION:

- FY 2017 was a period of relooking at every aspect of the business functioning and processes. We have used technology to remodel many processes and increase efficiencies of other processes as well. Journey on right-sizing various functional units as per changing external environment has also started. Complete results of these actions are expected in over the coming 6 to 12 months.

Looking ahead, our focus will be on profitable growth and positive cash flows and this perspective shall guide all our actions across business operations. Strong emphasis has been placed on technology to upgrade business excellence; customer-centricity along with cost optimisation enables us to look up to the future with confidence.

I firmly believe 5 years of hard work on digitisation of cable TV business has finally started showing results on ground in terms of revenue and EBITDA growth. Imminent monetisation of subscription revenue in Phase III & IV markets will be one more accelerator for this business. Our cable TV business has now more opportunities for growth than at any point in its history. Consumers are demanding more of best content on their terms, be it live on the main television set at home or on-demand content being offered by various

OTT players. However, daily viewing to television remain high and more importantly consumers continuously want to be entertained on the big screen. Due to the large broadband footprint, Hathway is in a unique position to take advantage of this convergence of linear TV and OTT. We still have 3 Mn consumers in our cable TV universe in metro and mini metros who are yet to take our broadband services giving us substantial headroom for growth.

As we look ahead into the future of broadband business, we have exciting opportunity to help accelerate digital India mission. We will continue to invest heavily in high-speed fibre broadband and Gigabyte speed network roll out. Strong cash flows in broadband business allows us to fund this expansion through internal accruals. Growth of broadband customer base with focus on quality acquisition and going deeper in current geographies will remain our prime focus.

We expect the collective impact of various growth initiatives to continue scaling up in FY 2018 and helping us accelerate profitable growth. I have never felt more optimistic about where we are going.

I would like to thank our employees as well as extended partners and other stakeholders for their hard work and commitment in this critical phase of our growth journey.

Finally, I thank you for your continuing guidance, trust and support.

Thank you,
Rajan Gupta
Managing Director

In the possibilities of today, lie the realities of tomorrow. At Hathway, we have mastered the art of identifying and harnessing these possibilities to proactively transform the present in order to take on the future.

We have firmed up the foundation of today's growth

to scale up the business for tomorrow, enabling us to deepen our engagement with the customers and enhance their experience.

We have opened the doors to new vistas of progress through the windows of opportunities that beckoned us through the year, empowering us to be

ready to take off on the next trajectory of growth.

The present is already the past, and the future is where we see ourselves today – a future packed with even more possibilities for dynamic and far-reaching growth.

We are Transforming the present. Taking on the future.

A transformational journey. A transformed entity.

The numbers tell their own story of our transformation. With a cable TV reach spanning **525 cities and towns and broadband presence in 29 cities**, Hathway is one of India's largest Multi System Operator (MSO) providing digital cable TV and broadband services.

TRANSFORMATIONAL OFFERINGS TO TRANSFORM THE FUTURE

Our bouquet of products is designed to deliver value to customers and other stakeholders across the broadband and cable TV businesses, which continued to post exciting growth and expanded to notch many more milestones of success during FY 2017.

Our growth drivers

**READY TO

AND HOW!**

Ready To Take On The Future... And How!

With path-breaking initiatives to steer our **journey towards the future**, we continued, during the year, to build on the **strengths of today** to take on the opportunities of tomorrow in the **broadband segment** of our business.

With its current low level broadband internet penetration, as compared to most regions of the world, India offers a huge market for potential growth in this exciting and evolving space.

At Hathway, we have an unrivalled edge that equips us with the ability to take on the humongous opportunities to expand and strengthen our broadband presence across the value chain.

Broadbasing the present to take on the future

THE TECHNOLOGICAL EDGE OF TOMORROW

At the back of our sustained growth momentum were our segmented promotion campaigns, coupled with consumer marketing initiatives and significant increase in data limits across cities, to help customers get more out of their home broadband.

Further impelling our growth strategy was the technical infrastructural upgradation which we completed during the year, and which has prepared our network for 4X increase in speed and 20X increase in data capacity, to offer better value for money and further enhance

customer delight. Currently, we are offering up to 200 Mbps packages for GPON consumers and network is designed to deliver 1 Gbps speed to the end customer.

GIGABIT PASSIVE OPTICAL NETWORK OR GPON TECHNOLOGY

GPON gives higher bandwidth efficiency to consumers, when compared to prevailing access technologies. ← 1

GPON network is a passive network, hence there are no power related problems, ensuring more reliable network to consumers. ← 2

GPON supports triple play (voice, video, data) services on the same single network to consumers. ← 3

GPON allows easy network upgrade to future higher versions like XGPON. ← 4

GPON is more fault tolerant, with integral protection mechanisms. ← 5

GPON supports the long reach (up to 20Km), to overcome obstacles of twisted pair access technology and reduce the network nodes. ← 6

In addition, we completed Oracle BRM and CISCO QPS (Policy Manager) both for Docsis and GPON, further helping us improve the customer service experience. We have also adopted the Telco Grade Oracle Billing and Revenue Management System, along with other high-end processes, to strengthen customer interface.

The expansion of our service portfolio was in line with our thrust on providing connectivity on-the-go to the new-age consumer and we continued to enhance their broadband experience across multi-media platforms, not just on the desktop and the laptop, but also on the tablet and the mobile.

GETTING READY FOR TOMORROW

Given the video demand explosion expected over the next few quarters, we shall remain focussed on promoting bandwidth-hungry services such as OTT video streaming, gaming, cloud-based software, teleconferencing, remote diagnosis, medical services, interactive distance education, as well as rich multimedia content.

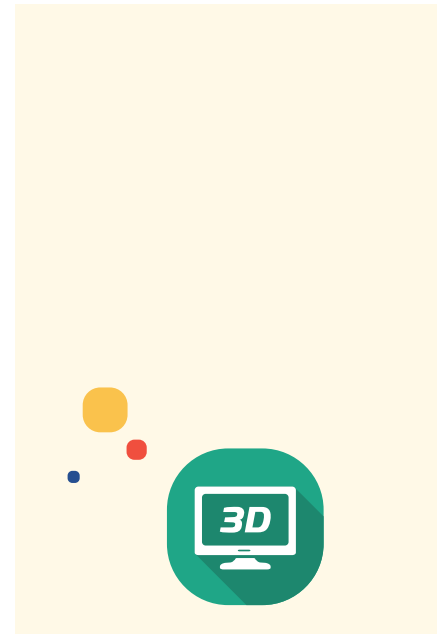

As pioneer in the industry, we have continued our

legacy by launching “Hathway Special” – a Value Added Service (VAS) comprising unique content across various entertainment segments in the month of February 2017.

Hathway Special has opened up a new revenue stream for the cable TV business and also helped to boost the ground collections of our business partners. Also, this launch will differentiate us among the

rest of the MSOs and will bring us at par with DTH offering.

The growing trend of unique and shorter form of content can provide a lot of opportunities for innovation and individual customised targeting. This will enable the value-added series market to grow exponentially in the near future.

Services available under Hathway Special are unique and exclusively available for our cable TV subscribers only. At the time of its launch, we announced 8 new services:

MiniPlex: Blockbuster Bollywood movie premiers

ComedyWalas: Classic comedy show to New series; Original clips to comedy tweaked Bollywood clips

Lamhe Movie: Timeless classics and heart-warming stories from the bygone era

Yippee: Fun learning and engagement for kids, including animated nursery rhymes, moral stories, etc.

Garv Shree Swaminarayan: A devotional service for Swaminarayan - Bhakti, Aarti montage in Gujarati

Om Shakti: A devotional service for Aarti, Bhajan Jaaps, with live coverage of special events

Ibaadat: A devotional service for Tilawat E Quran, Naat Shareef, Hadees Shareef

InSync: A Classical Music service with Ustaads and Maestros of the field

To enable our customers to experience these services, we offered them for free for the first month at the time of the launch.

There is a lot of unique and diverse content available, which also has a huge appeal independently, and making this available for our subscribers first is our priority. We shall explore a number of more new, exciting and unique genres on a regular basis in the coming months.

With our network providing speeds of up to 200 Mbps and data capacity up to 1 TB, average data

consumption per user at approximately 70GB/month, we are well positioned to further augment customer delight, with higher synergies expected in Fibre broadband and Wireless broadband through collaboration with mobility players.

We are also working on SMART Homes and Internet of Things (IOT) to ensure full productivity for our last-mile fibre and high speed Wi-Fi

equipment deployed in HNI homes.

Our focus on enhanced content stability, matched to the high quality standards of satellite channels, shall continue to remain a priority agenda in the coming quarters. To this end, we shall further deepen our engagement with the young consumers to better understand and address their aspirational desires.

BRINGING THE FUTURE CLOSER... AND HOW!

Bringing The Future Closer... And How!

Our growth today is a precursor to the progress we are **targeting for tomorrow**. It is the platform on which we shall **build our future** success, and which shall enable us to realise the **transforming aspirations** of our **cable TV customers**.

Central to our strategic approach in this segment during FY 2017 was a strong technology focus, backed by our continuing efforts to strengthen our connect with the LCOs. Technological empowerment of the LCOs is acting as a bridge for the Company to connect the present with the future in the cable TV business.

Cabling today's strengths to future needs

As **India's leading digital cable TV** platform, we have been one of the **biggest beneficiaries** of the country's digitisation programme, with our ARPU in the cable business going up consistently. In Phase II, the **ARPU increased by 10%** and by **233%** in Phase III.

With a footprint spanning 525 cities and towns, and a dominant market share in the key geographies of Mumbai, Delhi, Pune, Ahmedabad, Kolkata, Hyderabad and Bengaluru, we today have a digital subscriber base of 12.5 Mn.

Having achieved the 12.5 Mn STB deployment milestone, with an impressive 1.9 Mn additions in Phase III and IV areas, we have successfully digitised 94% of our cable TV universe, which spans the entire country.

An enhanced content offering, with 50+ HD channels, coupled with innovative packaging and best-in-class customer interface and user experience (EPG and Barker channel), helped us scale up our cable TV business during the year, to meet the future needs of customers.

Besides technological empowerment, focus on cost efficiencies through structural changes helped us post EBITDA growth higher than the revenue growth – indicating the success of our future-focussed strategy.

After migrating substantial customer base on Hathway Connect (Standalone) for DAS I and II in the last quarter of the year, we began migration in DAS III & IV markets. The launch of a bouquet of 8 value-added services across genres such as movie, comedy, educational, devotional and music further enhanced our engagement with our end customers. In an industry-first initiative, we also

launched a self-service App for our customers to facilitate instant activation of the services.

Another exciting initiative to bring in greater transparency in negotiation with broadcasters was the implementation of a rate card for carriage and placement, which will help further strengthen our cable TV foundation in the coming year, particularly in the light of the new regulatory environment.

17.3%

Growth in digital subscribers

24.3%

Subscription revenue growth

EMPOWERING LCOs FOR TOMORROW

As part of our LCO Empowerment initiative, aimed at bringing greater transparency and autonomy into the business, we further strengthened the 'Hathway Connect' – a dedicated portal and mobile App for the LCOs to manage their networks independently. We also trained majority of the LCO staff members during the year, to better prepare them for delivering on the cable TV demands of the future.

CARVING AN EDGE FOR TOMORROW

Enabling of self-care on the web, Android and iOS systems, along with launch and revamp of in-house channels, were the key drivers of our efforts to power technological and process upgradation to channelise future growth. We also launched an FOS mobile App and E-KYC systems to leverage technology to enhance people productivity. Introduction of Right to Use (RTU) to increase the primary base was another important initiative we undertook to scale-up the business.

We have initiated the process of rationalisation of JVs and subsidiaries for better control and ease of doing business, with our cable TV business shifting into a wholly owned subsidiary - Hathway Digital Private Limited (Formerly known as Hathway Datacom Central Private Limited).

GETTING READY FOR TOMORROW

Amid healthy growth projections for the growth of the digital TV industry, we have started the process of monetisation for Phase III of the digitisation and have done Phase IV expansion without any subsidy in order to secure better ROI.

We feel that an increase in HD channels, especially in regional languages, will fuel demand for HD penetration and have started working in this direction. Focus on localised content and value-added services will continue to play a pivotal role in driving business growth in this segment.

Getting people ready to take on the future

People being central to our **future-oriented growth** philosophy, we continued to **strengthen our employee** bandwidth through a series of **innovative measures** during the year.

Our programmes are designed to align our teams, across both broadband and cable TV, with the organisational vision and goals, while preparing them to make the transformation

from the dynamic demands of today to the more aspirational needs of our future customers. We have nurtured a culture of collaboration in which our broadband and cable ground

teams coordinate closely to co-create expansion plans for tomorrow's growth.

Capability building, not just of the LCO staff but also our own employees, is a core function of our HR (Human Resource) development model.

Cognizant of the need to nurture a forward-looking cultural ethos, we focussed intensively during the year on reorientation of our organisational culture to customer-centricity.

Employee training and welfare programmes also constitute a major facet of our HR model, which is structured around the global industry-best practices. Some of the major initiatives undertaken during FY 2017 in the training and development domain included Functional/

Operational and Behavioural training on Advanced Excel, Power Point, Communication skills, Selling skills, Telephone etiquette and Leadership skills.

These skill development programmes empower employees with the necessary tools to work

on large and complex data projects, thus helping in the automation of data requiring repetitive tasks.

The communication skill development programmes facilitate the development of the right connect between the internal and external customers, helping in enhancing employee

efficiencies and enabling them to understand the two-way communication process better. The real benefit that has been derived through communication training relates to conversion of the customer's queries into sales, through workshops on selling skills.

Cognizant of the criticality of safety to keep employees risk-free at the workplace, we also conducted trainings on Safety and Code of Conduct for employees, pan-India. In addition, we also conducted training programmes to impart awareness on Prevention of Sexual Harassment at workplace on pan-India basis.

Overall, the trainings have improved the work quality by developing the skills of the employees, which has also aided them in addressing areas of improvement.

Building social capabilities to take the future

The Company has dedicated its efforts and funds towards **promoting education** through the opening of nursery schools and playgroups for **underprivileged children**.

We invest our efforts and resources into many initiatives and organise programmes for social causes which are focussed towards children from underprivileged sections of society.

Our association with 'Buniyaad', an NGO that provides pre-primary education, helps us achieve our goal of helping children by setting up English medium playgroups and

nurseries in their own environment and colonies. After the success of the 1st English Playgroup and Nursery launched at Vikhroli Parksite, Mumbai, with 20 children, more nurseries were set up in other localities in subsequent years. These classrooms are part of the house of a resident in the locality, or community space, which is then rented out to Buniyaad for the duration of the session.

Through this set-up, we have carried out a number of activities, details of which are listed below:

'FUN DAY with special children'

As part of this programme to motivate special children, we visited the Mentally Challenged Social Welfare Centre (MCSWC) and conducted many fun games and interesting competitions for them. The children were also given a platform to showcase their talent. As part of this activity, we gifted the school physiotherapy equipment like exercise balls, sensory balls, massagers, finger ladders and wooden blocks, which would help in their physical and cognitive development.

Celebration of festivals

We look forward to sharing the joy of festivals with the special children. On major festivals like Christmas and Holi, we visited the Indore Society for Mentally Challenged, where we showed the children animated films, conducted competitions, distributed sweets and joined in the celebrations with the children.

Apart from these, we also carried out activities like donation of clothes to Mother Theresa Home in Kolkata, and conducted a Blood Donation camp in Mumbai.

Through our partnership with Buniyaad, whose mission is "Educating minds... Strengthening roots... laying foundation for a better tomorrow," we work on many issues that your Company feels sensitive towards. Buniyaad is run by committed individuals and is registered as a Public Charitable Trust (October 2005) under the Bombay Public Trust Act, 1950.

We receive regular reports on the status and progress of the various activities carried out by Buniyaad. In this manner, we are able to gauge the effectiveness of our efforts and commit to more activities and initiatives in the future.

The Company encourages the participation of employees in the activities related to social causes. Employee participation helps us meet the objectives of the programmes and also ensure the sustained continuity of the same once we exit the community.

Total Comprehensive Income/(Loss)	(153.80)	(191.08)	(192.68)	(240.51)

* Financials for FY 2017 and FY 2016 have been prepared in compliance with applicable provisions of Indian Accounting Standards ("IND AS") notified u/s 133 of the Companies Act, 2013 read with relevant rules issued thereunder. Please refer Notes to Consolidated Financial Statements - 4.23 (Note 12 : Subsidiaries consolidated under previous GAAP classified as Joint Venture under IND AS).

During the year under review, the total income of your Company was ₹ 1,330.50 Crores on a standalone basis and ₹ 1,368.23 Crores on a consolidated basis as compared to the previous financial year's total income of ₹ 1,120.86 Crores on a standalone basis and ₹ 1,155.03 Crores on a consolidated basis. The net loss for the year under review, after taxation and exceptional items, stood at ₹ 153.80 Crores on a standalone basis and ₹ 192.68 Crores on a consolidated basis.

b. Operational Highlights:

Being in the leadership position amongst the MSO space, your Company has made tremendous efforts to complete digitization of its universe and expand into new territories. Currently, the Company has digitised 94% of its cable TV universe and target to achieve complete digitization by the next fiscal.

During the year under review, the broadband business has continued to perform exceptionally well. With the upgradation of technology from DOCSIS 3.0 to DOCSIS 3.1 and advent of GPON Fiber to the home, the broadband business will constantly spearhead innovation thereby delighting the customers with enhanced data limits and efficient customer service.

Your Company's presence in cable TV services has expanded to over 525 cities and towns, whereas broadband services are available in 29 locations across India, with Chennai, Indore and Kolkata being the latest additions this year. During the fiscal year under review, your Company decided to carve out the cable TV business and transfer it to a wholly owned subsidiary – Hathway Digital Private Limited (f.k.a Hathway Datacom Central Private Limited), through slump sale. The rationale behind such a path breaking move is to ensure focused attention to each division of the Company along with creation of independent investment structures for future fund raising.

(i) CABLE TV BUSINESS:**DAS III and IV**

During the year, the Company has significantly expanded its presence in DAS III and IV markets by growing its active base predominantly in Karnataka, West Bengal and Odisha. The mandated sunset date for analogue signals in DAS III market was 31st January, 2017 and in DAS IV was 31st March, 2017. Subsequent to analogue switch off date, the Company has begun a gradual implementation of "Hathway Connect" in Phase III and Phase IV markets.

New regulation

During the year, the regulator TRAI notified a new set of regulations to govern the industry. However, pursuant to the challenge to these regulations by Star India Private Limited and Vijay Television Private Limited, the same are currently stayed. The proposed regulation envisages sweeping changes in the existing model and is expected to benefit all the stakeholders in the value chain (viz) Broadcaster, MSO, LCO and Customer. The proposed regulation is the outcome of several issues arising out of flaws and imbalances in the erstwhile regulatory regime which was skewed in favour of the broadcaster and LCO.

WITH THE UPGRADATION OF TECHNOLOGY FROM DOCSIS 3.0 TO DOCSIS 3.1 AND ADVENT OF GPON FIBER TO THE HOME, THE BROADBAND BUSINESS WILL CONSTANTLY SPEARHEAD INNOVATION THEREBY DELIGHTING THE CUSTOMERS WITH ENHANCED DATA LIMITS AND EFFICIENT CUSTOMER SERVICE

Value Added Services

The Company in its pursuit of enhancing customer delight, launched a slew of 8 unique advertisement-free services spanning across several niche genres of content, branded as "Hathway Special". It was a first of its kind initiative in Cable and elevated the positioning of your Company on par with leading DTH service providers in the country.

Your Company also launched a dedicated barker channel called "My Hathway" to promote various offering – HD, PVR, tiered packaging, VAS, in-house channels.

Your Company launched 4 new in-house channels and also undertook a brand refresh of all the in-house channels by changing the logo and packaging elements to bring them on par with satellite channels.

IT & Other initiatives

The Company encouraged its customers to "Go Cashless" by introducing several online payment options including tie up with digital wallet platforms in line with the PM's flagship "Digital India" campaign

The Company also commenced digital sign off of Interconnect agreements with LCOs through "Hathway Connect".

The Company is focusing constantly on utilization of technology to automate Company's process to achieve cost optimization.

(ii) BROADBAND BUSINESS:

Constant focus on network expansion, your Company has added 1.2 Mn Home Pass during the year, resulting in 5.4 Mn Home Pass at the end of the year under review. This makes us the largest MSO providing such services in the country.

India has around 18.24 Mn wireline broadband subscribers as on 31st March, 2017 (As per revised definition i.e. a customer having minimum speed of 512 kbps). Comparing the trend on year on year basis, the wireline broadband number has increased by 1.26 Mn subscribers (FY16: 16.98 Mn) [Source -TRAI report March 2017]. Your Company has added 0.27 Mn customers during the year. Consumers increasingly prefer wireline broadband as it allows online media consumption and seamless accessibility of data to multiple devices while at home.

As of 31st March, 2017, your Company has over 0.89 Mn broadband subscribers with the ARPU of ₹ 654/-, which makes us the largest MSO in the country having highest number of broadband subscribers. With a high quality and high capacity Hybrid Fiber Coaxial (HFC) Network, your Company is well placed to garner a larger share of the growing broadband market.

During the last year, your Company has added new markets such as Kolkata, Indore and latest being Chennai. Now your Company is providing services in all 4 metro and all major mini metros. Your Company has introduced ultra-high speed ‘**GPON FTTH**’ technology at Chennai. Your Company is the first MSO to provide GPON FTTH service to retail consumers.

GPON FTTH facilitates data speed up to 1 Gbps. Your Company has deployed equipment and network is designed to provide data speed upto 1 Gbps without any incremental investment. In Chennai, your Company offers data speed up to 200 Mbps and data limit upto 1 TB per consumer per month (PCPM). This clearly shows the Company is ready with technical upgrades to give the services up to 1 Gbps speed with nearly unlimited data access (upto 1024 GB PCPM) at any point of time without any further investment and increase in cost.

k) Disclosure of Internal Financial Controls:

Your Company's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use, executing transactions with proper authorisation and ensuring compliance of corporate policies. Your Company has a well-defined delegation of power with authority limits for approving revenue as well as expenditure. Your Company uses an enterprise resource planning (ERP) system to record data for accounting and management information purposes and connects to different locations for efficient exchange of information. The Company had already developed and implemented a framework for ensuring internal controls over financial reporting. This framework includes entity level policies, process and operating level standard operating procedures. It has continued its efforts to align all its processes and controls with global best practices.

The entity level policies include code of conduct, whistle blower policy and other policies (like organization structure, insider trading policy, HR policy, Electronic Communication policy and Forex policy). The Company has also prepared Risk Control Matrix (RCM) for each of its processes like procure to pay, order to cash, treasury, fixed assets, inventory etc.

The Management Audit Team (MAT) had conducted a review and evaluated the design, adequacy and operating effectiveness of the Internal Financial Controls of the Company. Management testing has been conducted on a sample basis for Revenue ISP, Revenue Cable TV, Expenses & payables, Fixed Assets, Inventory, Procure to pay processes, Borrowings, Investments, Leases, Forex Exposure and Hedging, Compliances, Related Party, Consolidation, Retirement Benefit, Finalisation, Loans & Advances, Contingent Liability and remedial action has been taken or agreed upon with a finite closure date where control weaknesses were identified. A summary of operating controls covered during the year are as follows:

Sr. No.	Particulars	No.
1	Total controls	1066
2	Controls verified	1006
3	% of coverage	94%

During the year, no reportable material weakness in design and effectiveness was observed.

Based on the above, the Management believes that adequate Internal Financial Controls exist in relation to its Financial Statements.

PART D-POLICY ON DIVERSITY OF BOARD OF DIRECTORS OF THE COMPANY**A. POLICY STATEMENT**

The Company recognizes and embraces the benefits of having a diverse Board that possesses a balance of skills, experience, expertise and diversity of perspectives appropriate to the requirements of the business of the Company. Diversity at Board level is an essential element in maintaining a competitive advantage. A truly diverse Board will include and make good use of varieties of skills, regional and industry experience, background, race, gender and other distinctions between directors. These differences will be considered in determining the optimum composition of the Board and when required should be balanced appropriately.

The Company maintains that Board appointments should be based on merit that complements and expands the skills, experience and expertise of the Board as a whole taking into account knowledge, professional experience and qualifications, gender, age, cultural and educational background, and any other factors that the Board might consider relevant and applicable from time to time for it to function effectively. In the process of attaining a diverse Board based on the aforementioned criteria, the following criteria needs to be assessed:

I. OPTIMUM COMPOSITION

- a) The Board shall have an optimum combination of executive and non-executive directors and not less than fifty per cent of the Board of Directors comprising non-executive directors;
- b) At least half of the Board should comprise of independent directors (where the Chairman of the Board is executive) or at least one-third of the Board should comprise of independent directors (where the Chairman of the Board is non-executive);
- c) The Company shall continue to have at least one woman director on the Board to ensure that there is no gender inequality on the Board.

II. RECOMMENDATION

While recommending the appointment of new directors, the Committee will:

- a) Review Board composition, consider the benefits of all aspects of diversity including, but not limited to, those described above, in order to enable it to discharge its duties and responsibilities effectively.
- b) Identify suitable candidates for appointment to the Board, consider candidates on merit against objective criteria and with due regard for the benefits of diversity on the Board.

III. FUNCTIONAL DIVERSITY

- a) Appointment of directors to the Board of the Company should be based on specific needs and business of the Company. Appointment should be done based on the qualification, knowledge, experience and skill of the proposed appointee which is relevant to the business of the Company;
- b) Knowledge of and experience in domain areas such as finance, legal, risk management, industry, etc., should be duly considered while making appointments to the Board level;
- c) While appointing Independent Directors, care should be taken as to the independence of the proposed appointee;
- d) Directorships in other companies may also be taken into account while determining the candidature of a person.

IV. EVALUATION

As part of the annual performance evaluation of the effectiveness of the Board, Board Committees and individual Directors, the Committee shall consider the balance of skills, experience, independence and knowledge of Directors on the Board, the diversity representation of the Board, how the Board works together as a unit, and other factors relevant to its effectiveness.

B. MEASURABLE OBJECTIVES

The Committee will discuss and agree annually all measurable objectives for achieving diversity on the Board and recommend them to the Board for adoption. At any given time, the Board may seek to improve one or more aspects of its diversity and measure progress accordingly.

C. REVIEW OF THE POLICY

MANAGEMENT DISCUSSION AND ANALYSIS

INDIAN MEDIA AND ENTERTAINMENT INDUSTRY

The Indian Media and Entertainment (“M&E”) industry, which comprises of television, film, radio, print, music, the internet, animation, gaming, outdoor media and digital advertising, has been one of the fastest growing industries in India over the last few years. 2016 was a year in which the M&E industry future has unfolded in many ways. According to Industry reports, Indian M&E Industry is expected to grow at a CAGR of 13.9% by 2021, wherein Television is expected to grow at a CAGR of 14.7%, while Digital advertising is expected to continue to grow at a CAGR of 30.8%.

Realignment of relationship between media distribution chain and sunshine digitisation of Phase III and IV has resulted in subscription revenue growth, it is just the start of the result of digitisation which would increase going forward. With high definition content channels constantly increasing in recent past, special focus from broadcasters on regional HD content is observed in last 12-15 months. In addition, media is also being consumed online and the number of subscribers is increasing in a rapid pace. Over the years, Internet has almost become a mainstream media for entertainment for affluent section of the society and the young generation. Considering Hathway’s unique presence in services across both cable television and broadband internet, your company is well positioned to benefit from the robust growth of the M&E Industry.

INDIA'S TELEVISION INDUSTRY

According to the KPMG India – FICCI Indian Media and Entertainment Industry Report, 2017, the Television industry in India stands at an estimated size of ₹ 588 Bn in 2016, a growth of 8.5% over 2015, and is envisaged to register a CAGR of 14.7% to reach ₹ 1,165 Bn by 2021 as per Industry Reports. The advertising revenue is expected to grow at a healthy CAGR of 14.4%, and subscription revenues are expected to register a slightly higher CAGR of 14.8%, driven by the intended benefits of digitisation flowing in post 2017. The long-term forecast for the television segment remains robust due to strong economic fundamentals and rising domestic consumption coupled with the delayed, but inevitable, completion of digitisation.

TV Industry Size (₹ Bn)

(Sources: KPMG in India analysis, 2016)

Subscription revenues are estimated to grow at a CAGR of 14.7% between 2015-2020 which is expected to be driven by growth in subscriber base in phase-III and IV of digitisation, subscription revenue collected on the ground due to channel packaging, increasing HD penetration and revenue share of cable television operators in the subscription pie.

INDIA DIGITAL CABLE TV INDUSTRY

According to the KPMG India – FICCI Indian Media and Entertainment Industry Report, 2017, the TV penetration in India has increased to 181 Mn in 2016 from 175 Mn in 2015. It is estimated that the demonetisation drive in the country resulted in a short term blip, slowing down acquisitions by about a million subscribers. It is also estimated that in the long run, demonetisation is not likely to have any impact on long term macro-economic indicators and accordingly, TV households are estimated to reach 203 Mn by 2021, which will translate into a total TV penetration of 84%.

DIGITISATION

Television remains one of the most important mediums of entertainment in India. The process of digitising this medium began with Phase I in 2012 and has progressed slowly, with persistent challenges. By the end of FY2017, the Digital Cable or DAS (Digital Addressable Systems) status of the country had progressed considerably. According to a report by Minister of State for Information & Broadcasting, Rajyavardhan Rathore, presented in the Rajya Sabha, all homes in Phases I & II had been digitised, except in Tamil Nadu, for which MIB has set a deadline of August 2017 for digitisation.

Elaborating further with the detailed status of Set Top Boxes (STBs) seeded in the compulsory digitisation process, 8.5 Mn cable STBs had been installed in Phase I cities while in the second phase, 21.5 Mn STBs had been seeded. Hence, a total of 30 Mn STBs had been seeded in Phases I & II. In Phase III and IV, 64.4 Mn of the total of 96.5 Mn TV homes (excluding Tamil Nadu) had taken STBs. Despite this progress, 50 Mn TV homes are still to adopt the STBs as on mid-March 2017. (Source: KPMG India – FICCI Indian Media and Entertainment Industry Report, 2017)

Status of Digitisation as on December 2016

	Regulatory Sunset Date	No. of C&S Subs (Mn)	Non-Digitised Base (Mn)	Digitisation per cent
Phase I	Jun-12	14.0	0.2	100% excluding Chennai
Phase II	Mar-13	28.0	0.3	100% excluding parts of Tamil Nadu
Phase III	Jan-17	44.0	5.0	~90%
Phase IV	Mar-17	83.0	42.0	~50%
Total		169.0	47.5	~70%

(Sources: KPMG in India analysis, 2016)

Your company is one of the pioneers to provide STB's ahead of digitisation to the Indian consumer, giving them access to premium quality and niche entertainment content, thereby enhancing the viewing experience. Your company today is one of India's largest cable TV distribution company serving over 13.3 Mn homes in over 525 cities. The company has been a frontrunner in the digitisation of Indian cable television and has over 94% digital subscribers, with over 12.5 Mn STBs installed.

DIGITAL CABLE ARPUs

Digitisation was intended to bring in significant long term benefits for the entire TV value chain in terms of addressability at the LCO level, choice to the consumer, plugging the leakage of revenues which would ultimately result in an ARPU increase across the value chain and also higher taxes for the government and increased transparency across industry stakeholders.

Customer ARPU (₹)	2015	2016	2017P	2018P	2019P	2020P	2021P

% growth		1%	4%	12%	14%	14%	13%

(Source: KPMG in India analysis, 2016)

The customer ARPU for digital cable TV services are expected to grow at a CAGR of 18% during the period 2017-2021. The net ARPUs for MSOs stood at ₹ 95-105 for Phase I, ₹ 80-90 for Phase II and ₹ 35-40 for Phase III and IV, implying a marginal growth from 2015. Stakeholders have also pointed out that in spite of STB deployment in Phase III and IV, the realisations per subscriber are still based on old analog rates, as on ground digital collections have not yet materialised. Further, implementation of subscriber based management systems at the MSO end is not widespread, leading to challenges around broadcasters ascertaining their share of the subscriber revenues.

Your company’s leading presence and experience has led to better than industry ARPUs. Consolidated cable subscription revenue during the year stood at ₹ 472.8 Crores versus ₹ 380.4 Crores in the previous year, reflecting an improvement of over 24% YoY. The technology, innovation and transparency with channel partners has led your company in ARPU leadership position.

INDIAN BROADBAND INDUSTRY

In India, the access to broadband is essential in growth of the economy. Development of broadband infrastructure has become a priority for the Government and the industry. India is a strong contender among knowledge-based economies, has embarked on a transformational journey to increase its broadband connectivity and reach. To create an equitable society, the citizens are required to have universal access to information and knowledge. Increasing broadband penetration is expected:

- a) To help accelerate social inclusion
- b) Drive its leadership as a knowledge-based economy
- c) Foster entrepreneurship
- d) Increase jobs and
- e) Reduce the parallel economy through increased transparency and governance.

The inclusive growth agenda of the Government of India can only be successfully realised by addressing the growth and development issues in rural India, as 67% of India’s population resides in villages. Significant efforts need to be made in order to reduce the digital divide in India, so as to unleash the power of the 67% rural population as well as strengthen the productivity of India’s urban population. Rise in broadband penetration to 60% in India is expected to translate into a 5-6%

increase in the country’s GDP to the tune of USD 135 Bn. Additionally, it will help to achieve the goals set as part of the Government’s strategic programs such as Digital India, Skill India, e-Governance, etc. High speed internet plays a pivotal role in enabling these programs. Government policies have set ambitious targets for penetration and speeds. India’s “National Telecom Policy” targets to achieve 600 Mn Broadband connections in India by 2020, from the current around 276 Mn, with aspirational speeds of 100 Mbps on Demand.

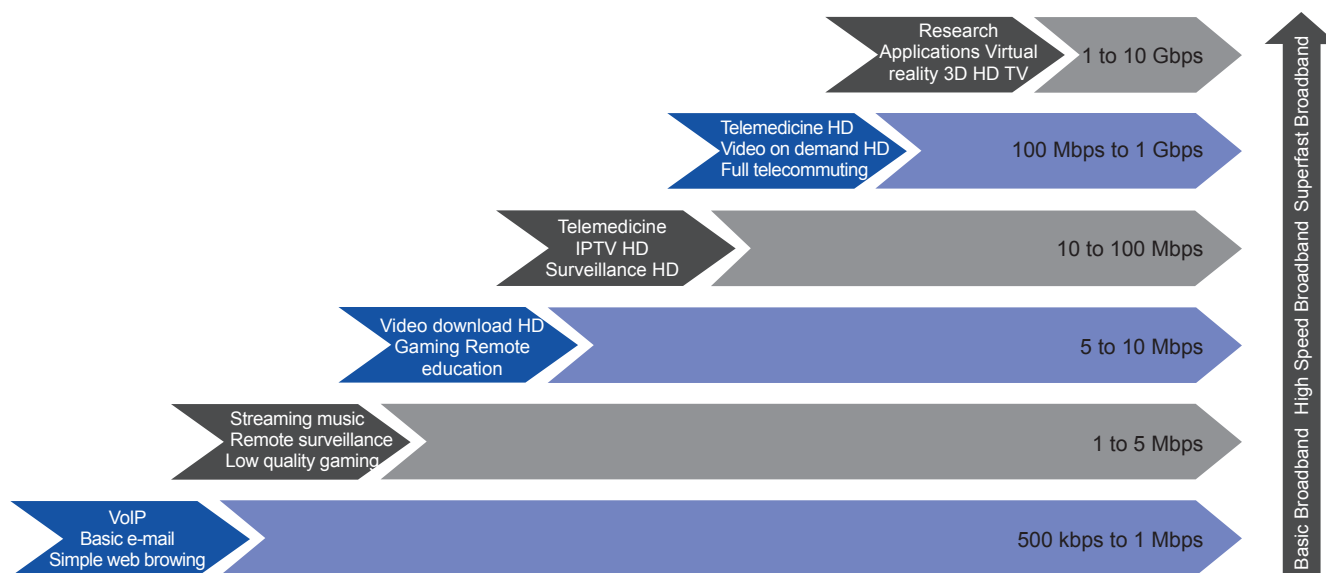

As per TRAI report – ‘The Indian Telecom Services Performance Indicators’, March 2017, in India 33 individuals per 100 inhabitants use internet, which is significantly lower than the Asia Pacific average of 42 individuals per 100 inhabitants, giving a high opportunity for growth. In low and middle-income countries the impact on GDP per capita due to a 10% rise in Broadband Penetration is 1.4%.

Developed countries, have defined broadband as a minimum of over 20 Mbps speed in their National Broadband plans & strategies, vis-a-vis in India this broadband definition lies significantly lower at 0.512 Mbps, again providing a significant opportunity for improvement.

In order to transform the whole ecosystem of public services through the use of information technology, the Government of India has launched the Digital India programme with the vision to transform India into a digitally empowered society and knowledge economy.

IMPACT OF DIGITAL INDIA

The impact of Digital India will be a broadband network spread across 2.5 lakh villages in India with universal phone connectivity by 2019. Digital India has a vision of creating 0.4 Mn Public Internet Access Points across the country, to create Wi-Fi access points across 2.5 lakh schools and major universities across India and to create Public Wi-Fi hotspots all over the country. Digital India has a vision to create at least 170 Mn direct jobs and 85 Mn indirect jobs in the marketplace and will also train 17 Mn Indians in the field of IT, Telecom and Electronics. It is envisioned that India is set to be a leader in IT use in services like health, education and banking by 2019 on implementation of this program. The overall cost of Digital India is estimated to be ₹ 1 lakh crores.

The cable broadband sector in India remains nascent with limited investments made in network rollout and upgrades, aside from a few national MSO players.

As per the reports from TRAI, the number of broadband subscribers increased from 149.75 Mn at the end of March 2016 to 276.52 million at the end of March 2017 with a growth rate of 85%. Segment-wise broadband subscribers and their growth rates are as below:

	Wired subscribers (in Mn)		Wireless subscribers (in Mn)						Total Subscribers	
			Fixed Wireless (Wi-fi, Wi-Max, Radio & VSAT)		Mobile Wireless (Phone + Dongle)		Total Wireless

Source: TRAI Report, March 2017, March 2016.

During the year under review, there was a gradual shift of subscribers from wired narrowband segment to wired broadband segment which is evident from the fact that 1.26 Mn subscribers were added in the wired broadband space and reduction of 0.13 Mn in the wired narrowband subscribers. Out of the total additions, your company has added 0.19 million subscribers with speeds greater than 50 Mbps on a standalone basis, contributing 15% of the net additions. On a consolidated basis, the company has added 0.27 million subscribers translating to around 21% of the net additions.

OVER THE TOP (OTT) VIDEO SERVICES

India's OTT video market is nascent, generating approximately USD 150 Mn in revenue in 2016. Rapid growth in digital infrastructure positions the sector for growth, anchored to rising smartphone penetration, increasing number of broadband subscribers and faster internet speeds. The smartphone growth in India has ensured that internet consumption via mobile data constitutes 15 percent of all internet consumption in 2016, projected to rise to 30 percent by 2021 (VNI Mobile Forecast Highlights, 2016-2021). consumers have been early adopters of video, especially in the age group 15-34 which constitute 70-75 percent of the total internet base.

Online video market dynamics favour advertising over subscription revenue for the foreseeable future. Growing consumption has seen advertiser interest rising steadily, with the digital advertising market having grown to ₹ 76.9 Bn in 2016 and envisaged to increase to ₹ 294.5 Bn by 2021 (KPMG in India analysis, 2016-2017). Online video platforms enjoy significant operational autonomy and have started to attract strategic and financial capital. Numerous new players with deep pockets, both domestic and global, entered the market in 2015 and 2016.

While the competition for data services has intensified especially from wireless operators who offer the advantage of mobility, high speed service still remains the unique selling proposition for Hathway’s Broadband services. Your company has identified and initiated steps for improving network uptime, expanding to new locations, increase penetration in existing locations and improve customer service delivery infrastructure so as to increase the subscriber base. Your Company also intends to improve network penetration by cross selling our broadband services to the existing cable television customers and attracting new customers through competitive pricing, better customer support service. Hathway has successfully implemented DOCSIS 3.0 / 3.1 and GPON Fibre to the Home (FTTH) Technology and is currently offering data service upto a speed of 200 Mbps which can be increased upto 1 Gbps. Your Company has also identified new markets as a part of expanding the Data operation and have planned out to expand further in the coming financial year. Your company is also using OFC architecture, which can easily be converted or upgraded to provide FTTH service at very nominal incremental capital expenditure. With the implementation of new technology, high speed data service and aggressive marketing strategy, the Company will manage to increase its subscriber base. Your company is well equipped with its upgraded Network Operating Center (NOC) with inbuilt redundancy of key elements in the system to support and sustain the higher level of customer base and service.

COMPANY OVERVIEW

Hathway Cable & Datacom Limited, being one of India’s largest MSO with 8 main head ends and a network of approximately 32,000 Kms of optical fibre and coaxial cable, providing cable

services to India’s 525+ cities and adjoining areas, reaching out to over 13 million viewers with its associates.

Your company deploys state-of-the-art technology for delivering multiple TV signals to enhance consumer viewing experience. The product range includes Digital & Analogue Cable Television, broadband and local Television Channels. Your company is providing TV services in digital mode, armed with technical capability in a completely secured environment and offer features like Video on Demand, Electronic Programming Guide (EPG), etc.

SEGMENT-WISE OPERATIONAL REVIEW

Cable Television

- 1) Hathway’s Cable TV business has seen a 10% increase in Phase-II ARPU and monetisation picking up in Phase-III, as Phase-III ARPUs reached ₹ 50 (excluding taxes). In DAS-III and IV markets, your company has seeded close to 2 Mn STBs during the year under review. By the year end, Hathway Connect implementation in DAS-III areas was in full swing.
- 2) To bring in transparency in its engagement with broadcasters for carriage and placements, rate card was implemented. This rate card gives flexibility and choice to the broadcaster to choose their target markets and pay accordingly at rates which are uniform and transparent. This initiative was widely welcomed by all broadcasters, both big and single-channel, alike.
- 3) New regulation/Tariff order - During the year, the regulator TRAI, has notified a new set of regulations which will govern the industry. The regulation envisages sweeping changes in the existing model and is expected to benefit all the stakeholders in the value chain (viz) Broadcaster, MSO, LCO and Customer. The new regulation is the outcome of several issues arising out of flaws and imbalances in the erstwhile regulatory regime which was skewed in favour of the broadcaster and LCO.
- 4) Value Added Services - The Company in its pursuit of enhancing customer delight, launched a slew of 8 unique advertisement-free services spanning across several niche genres of content, branded as “Hathway Special”, with the promise of “Zyada ka Wada”. It was a first of its kind initiative in Cable and elevated the positioning of your Company on par with leading DTH service providers in the country.
- 5) Your Company launched 5 new in-house channels, including a dedicated barker channel called “My Hathway” to promote various offering – HD, PVR, tiered packaging, VAS, in-house channels and also undertook a brand refresh of all the in-house channels by changing the packaging elements to bring them on par with satellite channels.

- 6) IT & Other initiatives - The Company encouraged its customers to “Go Cashless” by introducing several online payment options including tie up with digital wallet platforms in line with the PM’s flagship “Digital India” campaign. The online payment contribution has increased from 7% of total collections in Q1FY17 to 26% in Q4FY17. The Company is focusing constantly on utilization of technology to automate its processes and achieve cost optimization.

Broadband

- 1) Leveraging its strong and extensive presence in the cable TV market became the foundation for Hathway’s internet initiatives. Post the launch of its DOCSIS 3.0 internet service in October 2013, company has upgraded almost all of its subscriber base to this service, which offers speeds of 50 Mbps at competitive price points. This, along with better collections, has resulted in better subscriber retention and higher ARPUs.
- 2) By March 2017, Hathway had 0.89 Mn broadband subscribers as compared to 0.63 Mn subscribers by March 2016, marking a 41% increase. By the end of March 2017, its networks passed approximately 5.4 Mn homes.
- 3) Further impelling the growth strategy was the technical infrastructural upgradation which was completed during the year, and which has prepared our network for 4X increase in speed and 20X increase in data capacity, to offer better value for money and further enhance customer delight.
- 4) Your company has commercially rolled out GPON Fibre to the Home in new markets viz. Kolkata, Indore and Chennai, which will enable to cater to customer needs by offering speeds upto 1 Gbps. Subsequent investments will be made in this state of the art technology enabling customer delight and operational excellence.
- 5) A new self care app – ‘Hathway Broadband’ has been launched during the financial year which will provide customers access to their data usage pattern, billing cycle, etc by integrating it to the Oracle billing and revenue management system (OBRM).

Standalone Operating Revenue was at ₹ 1,307.4 crores was up by 18.5% year-on-year. Subscription income was at ₹ 451.3 crores, up 17.5% year on year. Broadband income was at ₹ 480.3 crores, up 56.7% year-on-year on the back of highest ever customer acquisitions in a particular year at 0.19 Mn. The steady growth was driven primarily by subscription, broadband and other operating revenues. Broadband revenues grew strongly and now accounts for 36% of the Net Operating Revenue, in line with our endeavor to diversify our revenue streams.

Expenses of the Company for digitisation in Phase III and Phase IV started accruing from Q4FY16 whereas the monetisation of the assets begun only in FY17. Pay Channel cost during the year was at ₹ 418.5 crores, an increase of 13.3%. Other operational expenses grew by 23.5% to ₹ 258.7 crores. The gap between revenue and costs were bridged substantially by finalising the deals with major broadcasters, optimum utilisation of available resources and efficient allocation of human capital.

Total EBITDA was up 35.6% year-on-year driven primarily by growth in Subscription and Broadband income.

OTHER KEY DEVELOPMENTS

The Company decided to spin off the Cable TV business of the Company into the Company’s wholly owned subsidiary – Hathway Digital Private Limited (HDPL) and also 5 subsidiaries of the Company will merge with HDPL. Rationale for restructuring is to enable focused attention to each line of business and also to facilitate benchmarking its performance with established domestic/global peers to bring about increased competitiveness.

<p>Strengths</p> <ul style="list-style-type: none"> Integrated service and product portfolio covering cable, data (broadband) and shopping (TV Commerce). <p>Broadband:</p> <ul style="list-style-type: none"> Out of the total cable broadband subscribers, the Company has a market share of 52%. Partnering with various content providers, education portals and other lifestyle improvement players. <p>Cable:</p> <ul style="list-style-type: none"> Offers its cable television services across 525+ cities and towns, operating in geographical regions which constitute important markets for advertisers and broadcasters. RISKS AND CONCERNS

<p>Changes in Policies</p> <p>Consequence: Although the government is committed to the digitalisation drive and has not defaulted on its policies in this area so far, changes in policy could disrupt plans and vitiate investments undertaken.</p> <p>Risk Mitigation Strategy: The Company's presence across the country, in different metros and towns, minimizes its exposure to policies pertaining to any specific region. The company is also present in two diverse business segments – Cable TV and Broadband. This provides another level of hedging.</p>	<p>Competition</p> <p>Consequence: In both the business verticals which Hathway is present, providers of similar services do exist. As in any industry, a pick-up in competition could mean lower revenues and market shares.</p> <p>Risk Mitigation Strategy: Hathway is one of the largest MSO providers in the country with a pan-India presence and is well placed to protect and grow its market share. At the same time, with the packages it offers, branding it has undertaken and the support and cooperation of its LCOs, any competitive threat in the Cable TV segment is rendered ineffective.</p>
<p>Product / Technology Risk</p> <p>Consequence: The traditional cable customer preferences are changing and they are moving towards getting content in a non-linear manner. Inability to meet the customer's demand might lead to loss in business. Also Rapid advancements in technology leading to obsolescence of existing assets.</p> <p>Risk Mitigation Strategy: Your company is well placed to serve the arising needs of the customers by leveraging on customer relationship and offering OTT & broadband services to existing customers having committed substantial investments towards rollout of broadband services.</p> <p>The shift to MPEG-4 STBs in cable and provision of providing broadband through DOCSIS 3.1 /GPON network is testament to the fact that we are sensitive to the rapidly changing technology trends and are cognisant to take counter measures.</p>	<p>Awareness Risk</p> <p>Consequence: LCOs function as primary facilitators of our business expansion. Therefore, delay in updating/on boarding them on latest initiatives undertaken by the company would negate the first mover advantage.</p> <p>Risk Mitigation Strategy: Your company has launched Hathway Connect portal for LCOs by imparting real-time training to help them manage their customers. Besides, there is regular collaboration with LCOs for our branding initiatives. A separate outreach initiative has been undertaken for our broadband services to ensure brand recall and educate the customers about the kind of services being offered.</p>

DISCLOSURE OF INTERNAL FINANCIAL CONTROLS:

Your company’s internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use, executing transactions with proper authorisation and ensuring compliance of corporate policies. Your company has a well-defined delegation of power with authority limits for approving revenue as well as expenditure. Your company uses an enterprise resource planning (ERP) system to record data for accounting and management information purposes and connects to different locations for efficient exchange of information. Company had already developed and implemented a framework for ensuring internal controls over financial reporting. This framework includes entity level policies, process and operating level standard operating procedures. It has continued its efforts to align all its processes and controls with global best practices.

The entity level policies include code of conduct, whistle blower policy and other policies (like organization structure, insider trading policy, HR policy, Electronic Communication policy and Forex policy). The company has also prepared Risk Control Matrix (RCM) for each of its processes like procure to pay, order to cash, treasury, fixed assets, inventory etc.

The Management Audit Team (MAT) had conducted a review and evaluated the design, adequacy and operating effectiveness

of the Internal Financial Controls of the Company. Management testing has been conducted on a sample basis for Revenue ISP, Revenue Cable TV, Expenses & payables, Fixed Assets, Inventory, Procure to pay processes, Borrowings, Investments, Leases, Forex Exposure and Hedging, Compliances, Related Party, Consolidation, Retirement Benefit, Finalisation, Loans & Advances, Contingent Liability and remedial action has been taken or agreed upon with a finite closure date where control weaknesses were identified. A summary of operating controls covered during the year are as follows:

Sr. No.	Particulars	No.
1.	Total controls	1066
2.	Controls verified	1006
3.	% of coverage	94%

During the year, no reportable material weakness in design and effectiveness was observed.

Based on the above, the Management believes that adequate Internal Financial Controls exist in relation to its Financial Statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Hathway Cable and Datacom Limited

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of **Hathway Cable and Datacom Limited** ('the Company'), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act read with the relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters, which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Ind AS, of the state of affairs of the Company as at March 31, 2017, and its losses including (other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

EMPHASIS OF MATTER

We draw attention to note no. 4.20 to the accounts relating to manner and basis of recognition of subscription income in respect of Cable Television business.

Our opinion is not qualified in respect of this matter.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under the heading "Report on Other Legal & Regulatory Requirements" of our report on even date to the financial statements of the Company for the year ended March 31, 2017

- (i) (a) The Company has maintained records of Property, Plant and Equipment showing particulars of assets including quantitative details and location except in case of certain types of distribution equipments like cabling, line equipments, access devices with end users. In view of the management, nature of such assets and business is such that maintaining location-wise particulars is impractical;
- (b) Distribution equipments like cabling and other line equipments of selected networks were verified. The management plans to verify balance networks in a phased manner. Property, Plant and Equipment, other than distribution equipments and access devices with the end users were physically verified during the year based on verification programme adopted by the management. As per this programme, all assets will be verified at least once in a period of three years. The management has represented that physical verification of access devices with the end users is impractical; however, the same can be tracked, in case of most of the networks, through subscribers management system;
- The Company is in the process of reconciling book records with outcome of physical verification, wherever physical verification was carried out and have accounted for the discrepancies observed on such verification;
- In our opinion, frequency and procedure for verification of distribution equipments and subsequent reconciliation with book records need to be strengthened;
- (c) The Company does not hold any immovable properties. Accordingly, the paragraph 3(i)(c) of the Order regarding title deeds of immovable properties is not applicable;
- (ii) (a) Inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable;
- (b) The discrepancies noticed on physical verification as compared to the book records were not material having regards to size and nature of operations and have been properly dealt with in the books of account;
- (iii) (a) The Company has granted unsecured loan to parties covered in the register maintained under Section 189 of the Act;
- (b) In our opinion, the terms and conditions on which the loans had been granted to the companies listed in the register maintained under Section 189 of the Act were not, prima facie, prejudicial to the interest of the Company
- (c) According to the information and explanations given to us, no repayment schedules have been specified in respect of such loans granted and accordingly, the question of regularity in repayment of principal amount does not arise;
- (d) There is no amount which is overdue for more than ninety days in respect of such loans.
- (iv) Based on the audit procedures applied by us, during the year under audit, the Company has not granted loans, guarantee and security or made investments which require compliance in terms of the provisions contained in the section 185 or section 186 of the Act. The Management has, based on legal opinion, represented that overdue book debts are not in the nature of loan and hence do not fall within the scope of section 185 of the Act. In such circumstances, para 3(iv) of the Order is not applicable;
- (v) In our opinion and according to the information and explanation given to us, the Company has not accepted deposits from the public and therefore, the provisions sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this regard;
- (vi) The Central Government has prescribed maintenance of cost records under Section 148(1) of the Act, for the products manufactured by the Company. We have broadly reviewed the books of account maintained and in our opinion; prima facie, the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete;
- (vii) (a) The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added

tax, cess and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2017, for a period of more than six months from the date they became payable;

- (b) The details of dues of income tax, sales tax, service tax, duty of customs, duty of excise or value added tax or cess which have not been deposited with the concerned authorities on account of dispute are given below:

Sr No	Name of the Statute	Nature of the Dues	Amount involved (in crores)	Period to which the amount relates	Forum where dispute is pending
1	Finance Act, 1994	Service Tax	0.04	April 2003 to March 2004	Service Tax Department
2	Central Sales Tax Act, 1958	Central Sales Tax	0.02	2011-12	Deputy Commissioner Appeals
3	Finance Act, 1994	Service Tax	3.70	2003-04 to 2006-07	Additional Commissioner Service Tax

- (viii) Based on our audit procedure and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to the financial institutions, bank, and government. The Company has not issued any debentures;
- (ix) In our opinion and according to the information and explanations given to us and based on overall examination of records, the term loans have been applied for the purpose for which the loans were obtained; The Company did not raise any money by way of initial public offer or further public offer including debt instruments;
- (x) During the course of our examination of the books and records of the Company carried out in accordance with generally accepted auditing practices in India and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year;
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197, read with Schedule V to the Act;
- (xii) In our opinion and according to information and explanation given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3 (xii) of the Order is not applicable to the Company;
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards;
- (xiv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company;
- (xv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements, the Company has not entered into any non-cash transactions with directors. We have been informed that no such transactions have been entered into with person connected with directors. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company; and
- (xvi) In our opinion, the Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provision of clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report on even date to the financial statements of the Company for the year ended March 31, 2017:

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER SECTION 143(3)(I) OF THE ACT

We have audited the internal financial controls over financial reporting of Hathway Cable and Datacom Limited ('the Company') as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

BACKGROUND

Hathway Cable and Datacom Limited (“the Company”) is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. During the year, the Company carried on its activities as Multi System Operator (MSO) and engaged in distribution of television channels through analog and digital cable distribution network and internet services through cable. As stated in note no 4.23, the cable television business was transferred to a wholly owned subsidiary. Its equity shares are listed on National Stock Exchange of India Limited (NSE) & Bombay Stock Exchange Limited (BSE) in India.

Authorization of standalone financial statements

The standalone financial statements were authorized for issue in accordance with a resolution of the directors on May 30, 2017.

1.00 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

1.01 BASIS OF PREPARATION

(i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”), and relevant rules issued thereunder. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

The standalone financial statements up to year ended March 31, 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) (“previous GAAP”) and other relevant provisions of the Act.

These standalone financial statements are the first standalone financial statements of the Company under Ind AS. Refer note 4.25 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company’s financial position, financial performance and cash flows. The date of transition to Ind AS is April 1, 2015.

(ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) is measured at fair value;
- assets held for sale – measured at fair value less cost to sell; and
- defined benefit plans – plan assets measured at fair value

1.02 ROUNDING OF AMOUNTS

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest crores, except where otherwise indicated.

1.03 CURRENT VERSUS NON-CURRENT CLASSIFICATION

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current if:

- (i) it is expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) it is held primarily for the purpose of trading
- (iii) it is expected to be realised within twelve months after the reporting period, or
- (iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

A liability is classified as current if:

- (i) it is expected to be settled in normal operating cycle
- (ii) it is held primarily for the purpose of trading
- (iii) it is due to be settled within twelve months after the reporting period, or
- (iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities on net basis.

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle. Based on the nature of operations, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

1.04 USE OF JUDGEMENTS, ESTIMATES & ASSUMPTIONS

While preparing standalone financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as below:

Key sources of estimation uncertainty

- (i) Financial instruments; (Refer note 4.14)
- (ii) Useful lives of Property, Plant and Equipment and intangible assets; (Refer note 1.05)
- (iii) Valuation of inventories; (Refer note 1.09)
- (iv) Assets and obligations relating to employee benefits; (Refer note 4.08)
- (v) Expected customer relationship period (i.e. expected life of the customer); (Refer note 1.16)
- (vi) Evaluation of recoverability of deferred tax assets; (Refer note 2.07) and
- (vii) Contingencies (Refer note 4.02 and 4.05).

Critical accounting judgements

The Company has equity stake in various entities for strategic reasons concerning its operation. The relationship with these entities have been determined based on principles laid down in Ind AS 110 – Consolidated Financial Statements and Ind AS 111 – Joint Arrangements. Accordingly, the entities mentioned below are considered as Joint ventures.

- (i) GTPL Hathway Ltd (Formerly known as GTPL Hathway Pvt Ltd)
- (ii) Hathway Sai Star Cable and Datacom Pvt Ltd

- (xvii) Hathway SS Cable & Datacom LLP

1.05 PROPERTY, PLANT AND EQUIPMENT

- (i) Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.
- (ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.
- (iii) Set Top Boxes (STBs) and Internet Access devices on hand at the year-end are included in Capital Work in Progress. On installation, such devices are capitalized or treated as sale, as the case may be.
- (iv) An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.
- (v) The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (vi) Stores & Spares which meet the definition of Property Plant and Equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.
- (vii) Depreciation on Property, Plant & Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Company has assessed the estimated useful lives of its Property, Plant & Equipment and has adopted the useful lives and residual value as prescribed in Schedule II except for the cost of STBs & Internet Access devices at the customer location which are depreciated on straight-line method over a period of eight years based on internal technical assessment.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

- (viii) In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale, disposal or held for sale as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.
- (ix) All assets costing up to ₹ 5,000/- are fully depreciated in the year of capitalisation.
- (x) Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

1.06 INTANGIBLE ASSETS

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible Assets acquired separately

Intangible assets comprises of Cable Television Franchise, Movie & Serial Rights, Bandwidth Rights, Goodwill and Softwares. Cable Television Franchisee represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

Intangible assets with finite useful lives that are acquired are recognized only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Such assets are stated at cost less accumulated amortization and impairment losses.

Intangible Assets acquired in business combination

Intangible Assets acquired in business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost)

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

Amortisation of intangible assets

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Intangible assets with finite useful lives are amortized on a straight line basis over their useful economic lives and assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Estimated lives for current and comparative periods in relation to application of straight line method of amortisation of intangible assets (acquired) are as follows:

- Softwares are amortized over the license period and in absence of such tenor, over five years.
- Movie & Serial Rights are amortized on exploitation over the balance license period in equal installments.
- Bandwidth Rights are amortized over the period of the underlying agreements.
- Channel Design are amortized over the period of five years.

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

1.07 IMPAIRMENT OF ASSETS

Carrying amount of Tangible assets, Intangible assets, Investments in Subsidiaries, Joint Ventures and Associates (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.08 NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit and loss.

1.09 INVENTORIES

Inventories are valued as follows:

Spares and maintenance items are valued at lower of cost (net of taxes recoverable) on first in first out basis and net realizable value.

Stock-in-trade comprising of access devices are valued at cost on weighted average method or at net realizable value, whichever is lower

1.10 CASH AND CASH EQUIVALENTS

For the purpose of Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with banks or financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.11 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTOCI:

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL:

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Classification and Subsequent measurement: Financial Liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of Financial Assets and Financial Liabilities:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1.12 INVESTMENT IN SUBSIDIARIES, JOINT VENTURES AND ASSOCIATES

A subsidiary is an entity that is controlled by another entity. An investor controls an investee if and only if the investor has the following: (i) Power over the investee, (ii) exposure, or rights, to variable returns from its involvement with the investee and (iii) the ability to use its power over the investee to affect the amount of the investor's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Company's investments in its subsidiaries, associates and joint ventures are accounted at cost and reviewed for impairment at each reporting date.

1.13 BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.14 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from the past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

1.15 GRATUITY AND OTHER POST-EMPLOYMENT BENEFITS

(i) Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit & loss of the year in which the related services are rendered.

(ii) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iv) Bonus Plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

1.16 REVENUE RECOGNITION

(i) Income from Rendering of services

Subscription income includes subscription from Subscribers / Cable Operators relating to cable TV, Internet, activation of devices and from broadcasters relating to the placement of channels. Revenue from Operations is recognized on accrual basis based on underlying subscription plan or agreements with the concerned subscribers / parties.

Subscription Income from Cable TV Operators, is accrued monthly based on number of connections declared by the said operators to the Company. In cases where revision of number of connections and / or rate is under negotiations at the time of recognition of revenue, the Company recognizes revenue as per invoice raised. Adjustments for the year, if any, arising on settlement is adjusted against the Revenue. Other cases are reviewed by the management periodically.

Activation fee, which in substance is an advance payment for future services or the ongoing services being provided are essential to the subscribers receiving the expected benefit of the upfront payment of activation fee. Accordingly, activation fee is earned as services are provided and deferred over the expected customer relationship period (i.e. expected life of the customer).

Revenue from prepaid Internet Service plans, which are active at the end of accounting period, is recognized on time proportion basis. In other cases of Internet Service plans, entire revenue is recognized in the period of sale.

Advertisement revenue is accrued on release of the advertisement for public viewing.

Income from service does not include Service Tax (ST).

Consultancy Income:

Revenue from consulting services is recognized when the services are completed.

Rental income:

The Company's policy for recognition of revenue from operating leases is described in note below on Leases.

The Company collects VAT, service tax and entertainment tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

(ii) Sale of goods

Revenue from the sale of goods is recognised when significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from sale of goods is measured at the fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

The Company collects value added taxes (VAT) on behalf of the Government and, therefore, these are not economic benefits flowing to the Company and hence not included in revenue.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(iii) Other Operating Income

Other Operating Income comprises of fees for rendering management, technical and consultancy services. Income from such services is recognized upon achieving milestones as per the terms of underlying agreements.

(iv) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method.

(v) Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

1.17 TAXES ON INCOME

Current Tax:

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities.

1.18 EARNINGS PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing cost associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.19 LEASES

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

As a Lessee

Finance Lease

Leases of Property, Plant and Equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Operating Lease

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.20 FOREIGN CURRENCY TRANSACTIONS

(i) Functional and presentation currency

The Company's standalone financial statements are prepared in INR, which is also the Company's functional and presentation currency.

(i) Transactions and balances

Monetary items:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss.

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.21 BUSINESS COMBINATIONS AND GOODWILL

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the Company elects whether it measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs which are administrative in nature are expensed out.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill forms part of a cash-generating unit and part of the operation within that unit is disposed off, the goodwill associated with the operation disposed off is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed off in this circumstance is measured based on the relative values of the operation disposed off and the portion of the cash-generating unit retained.

Common control business combinations include transactions, such as transfer of subsidiaries or businesses, between entities within a group.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interests method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies. The financial information in the standalone financial statements in respect of prior periods are restated as if the business combination had occurred from the beginning of the preceding period in the standalone financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information is restated only from that date.

The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

1.22 FIRST TIME ADOPTION - MANDATORY EXCEPTIONS, OPTIONAL EXEMPTIONS

Overall principle

The Company has prepared the opening standalone Balance Sheet as per Ind AS as of the transition date by

- recognising all assets and liabilities whose recognition is required by Ind AS,
- not recognising items of assets or liabilities which are not permitted by Ind AS,
- by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and
- applying Ind AS in measurement of recognised assets and liabilities.

However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

Past business combinations

The Company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of April 1, 2015. Consequently,

- The Company has kept the same classification for the past business combinations as in its previous GAAP standalone financial statements;
- The Company has not recognised assets and liabilities that were not recognised in accordance with previous GAAP in the balance sheet of the acquiree and would also not qualify for recognition in accordance with Ind AS in the balance sheet of the Company;
- The Company has excluded from its opening balance sheet those items recognised in accordance with previous GAAP that do not qualify for recognition as an asset or liability under Ind AS;
- The Company has tested the goodwill for impairment at the transition date based on the conditions as of the transition date;

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Deemed cost for Property, Plant and Equipment and intangible assets

The Company has elected to continue with the carrying value of all of its Property, Plant and Equipment and intangible assets recognised as of the transition date measured as per the previous GAAP and use that carrying value as it's deemed cost as of the transition date.

Deemed cost on investments in subsidiaries, joint ventures and associates

The Company has elected to selectively use fair value of its investments in certain subsidiaries as the deemed cost of investments and has elected to continue with the carrying value of its investments in remaining subsidiaries, joint ventures and associates recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the investments in subsidiaries, joint ventures and associates.

Determining whether an arrangement contains a lease

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

Long term foreign currency monetary item

The Company has continued with the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements prepared under previous GAAP for the year ended March 31, 2016.

Share based payment transaction

The Group has availed the exemption of not applying Ind AS 102- Share based payment to equity instruments that vested before date of transition to Ind AS.

Accordingly, the details of such claims, litigation etc. relating to Cable Television business transferred to HDPL are not disclosed hereinabove.

4.03 FINANCIAL CORPORATE GUARANTEE

The Company has given Corporate Guarantees of ₹ 113.64 (March 31, 2016: ₹ 126.23 & April 1, 2015: ₹ 135.18) to Banks and ₹ 8.38 (March 31, 2016: ₹ 32.80 & April 1, 2015: ₹ 32.80) to Others towards various credit facilities extended by them to the subsidiary company and Joint Ventures.

4.04 CAPITAL AND OTHER COMMITMENTS

Estimated amount of contracts (including acquisition of intangible assets net of advances) remaining to be executed on capital account and not provided for aggregate to ₹ 51.02 (March 31, 2016: ₹ 63.88 & April 1, 2015: ₹ 64.26).

As a part of business strategy, the Company has expanded its area of operations in various parts of the country by entering into arrangements with local partners. Such operations are in the form of subsidiaries/joint ventures. (Subsequently, some of such entities are converted into wholly owned subsidiaries.) Since operations of such entities are significantly dependent on the company's policies, the Company is committed to provide the required support towards the operations of such entities including financial support that may be required to meet commitments/obligations of such entities.

4.05 MATTERS RELATING TO SUBSIDIARIES

Two wholly owned subsidiaries of the Company viz. Binary Technologies Transfers Pvt. Ltd. And Hathway Internet Satellite Pvt. Ltd. were majority partners in a partnership firm, namely, M/s. Hathway Space Vision (the firm). The aforesaid majority partners of the firm had initiated legal action i.e. invoked arbitration proceedings, against the minority partner viz. Space Vision Cabletel Pvt. Ltd. with reference to some management and operational issues and had made monetary claims against the minority partner. The minority partner had also filed certain counter claims against the wholly owned subsidiaries. After a long drawn legal battle, the firm stands dissolved as of July 8, 2011. The Court Receiver, High Court of Bombay has been appointed as the Receiver of the assets and business of the firm and Hathway Internet Satellite Private Limited has been appointed as the Agent of the Court Receiver. The issues concerning accounts and dissolution including adjudicating upon the original claims and counter claims made before the earlier Arbitrator are referred to Arbitration before Justice Srikrishna (Retd.). The Court Receiver had taken the possession of the movable assets found at the premises of the Firm and has appointed a valuer, the report thereof is pending. In the mean time, the Court Receiver has fixed an ad hoc royalty of ₹ 0.01 (March 31, 2016 : ₹ 0.01) per month that is to be paid by the agent of the Court Receiver under order dated December 2, 2011. An application by way of chamber summons inter alia for setting aside the said order dated December 2, 2011 has been filed by the Company and Hathway Internet Satellite Private Limited in the High Court, Bombay which was disposed off. Majority Partners moved appeals being Appeal (L) No. 344 of 2017 and 403 of 2017, before the High Court of Bombay

(₹ in Crore unless otherwise stated)

challenging the Order, which are pending. In the meantime, Majority Partners deposited a sum of ₹ 0.16 with the Court Receiver as per the Order of the Hon'ble High Court dated February 20, 2017.

On May 5, 2017, both the Parties filed their Consent Terms in the High Court, Bombay wherein it is agreed by and between the parties that Majority Partners agrees to remove all moveable assets lying at premises as per the inventory and Reports of the Court Receiver, High Court, Bombay dated 14.09.2011 and 16.09.2011 and CTMS and digital equipment, at its cost and charges. It is further agreed by the Parties that the Court Receiver, High Court, Bombay appointed by an Order dated 08.07.2011, shall stand discharged without passing any accounts. It is agreed that the Binary Technologies Transfers Pvt. Ltd shall bear all the costs, charges, expenses and commission of the Court Receiver, High Court, Bombay. The Court Receiver shall refund all amounts to the Binary Technologies Transfers Pvt. Ltd after deducting its cost and charges. The Minority Partners confirms that they do not have any claim in respect of the amount deposited with the Court Receiver. This settlement is without prejudice to all the rights and contentions of parties in the Appeal pending before the Hon'ble Court.

The Company has investments in said fully owned subsidiaries namely Hathway Internet Satellite Pvt. Ltd. & Binary Technology Transfers Pvt. Ltd. of ₹ 0.01 (March 31, 2016 : ₹ 0.01 & April 1, 2015 : ₹ 0.01) and ₹ 0.01 (March 31, 2016 : ₹ 0.01 & April 1, 2015 : ₹ 0.01) and Loans and advance of ₹ 1.67 (March 31, 2016 : ₹ 1.59 & April 1, 2015 : ₹ 1.59), ₹ 1.67 (March 31, 2016 : ₹ 1.59 & April 1, 2015 : ₹ 1.59) respectively which has been fully provided for in the books.

4.06 EXCEPTIONAL ITEMS

Pursuant to circular dated December 17, 2012 issued by the Delhi Entertainment Department, the MSOs were made responsible for collection and payment of Entertainment Tax for secondary points w.e.f. April 1, 2013. The Company challenged the constitutional vices of the said circular and filed writ petition in the matter before the High Court of Delhi. The High Court pronounced a favourable judgment stating that the liability to collect and deposit the Entertainment Tax for secondary points rests wholly and solely upon the LCOs, before and after March 31, 2013, as they are the Proprietor of their individual cable TV network, and not the MSOs. Accordingly, the Company has reversed provision of ₹ 9.70 made on account of Entertainment tax.

4.07 EMPLOYEE STOCK OPTION PLAN

The shareholders of the Company have approved Employee Stock Option Plan i.e. HATHWAY ESOP 2007 ("The Plan"). The Plan provides for issue of options (underlying equity share of ₹ 10 each) to the persons specified in the scheme at the price determined by the remuneration committee appointed by the Board of Directors. Price determined by the remuneration committee is in the range of ₹ 110.20 to ₹ 157.30.

The Options granted under the Plan shall vest within not less than one year and not more than five years from the date of grant of options. Under the terms of the Plan, 20% of the options will vest to the employees every year. Once the options vest as per the Plan, they would be exercisable by the Option Grantee at any time within a period of three years from the date of vesting and the shares received on exercise of such options shall not be subject to any lock-in period.

The value of the options granted is determined by the management based on the rates at which shares were allotted to the investors during the relevant year and the same has been considered as fair value of option.

4.08 EMPLOYEE BENEFITS

a) Defined Benefit Plans:

The Present value of the defined benefit obligations and related current service cost were measured using the Projected Unit Credit Method, with actuarial valuation being carried out at each Balance Sheet date.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields. If the return on plan asset is below this rate, it will create a plan deficit.
Interest Risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments
Longevity Risk	This risk effects Past Retirement Benefit Plans, especially Pension and Medical Benefits. This Plan pays the benefit on Retirement, if not paid earlier, on account of resignation or death and hence the Longevity risk will not materially effect this Plan.
Salary Risk	The Gratuity benefit, being based on last drawn salary, will be critically effected in case of increase in future salaries being more than assumed.

4.14 FINANCIAL INSTRUMENTS :

(i) Methods & assumption used to estimates the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non- current assets, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- The fair values for long term loans, long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- The fair values of long term security deposits taken and non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

4.15 FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The business activities of Company activities expose it to financial risks namely Credit risk, Liquidity risk and Market risk. In order to minimise any adverse effects on the financial performance of the Company, it uses derivative financial instruments, such as foreign exchange forward contracts, foreign currency swap contracts, call options are entered to hedge certain foreign currency risk exposures and follows policies set up by a Treasury department under policies approved by the Board of Directors.

1. Credit risk

Credit risk arises from the possibility that counter party will cause financial loss to the company by failing to discharge its obligation as agreed.

The Company's exposure to credit risk arises mainly from the trade receivables, loans given, financial guarantee contract and derivative financial instruments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(₹ in Crore unless otherwise stated)

Credit risks from balances with banks and financial institutions are managed in accordance with the Company policy. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies.

The Company's major revenue streams arises from services provided to end use customers in the form of monthly subscription income. The trade receivables on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. As the customer base is distributed economically and geographically, there is no concentration of credit risk. The credit period provided by the Company to its end use customers generally ranges from 0 to 30 days.

The Company follows a simplified approach (i.e based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring the lifetime ECL allowance for trade receivables, the Company uses a provision matrix which comprise a very large number of small balances grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not recoverable. Based on the industry practices and business environment in which the Company operates, management considers that the trade receivables are in default if the payment are more than 12 months past due.

Table showing age of gross trade receivables and movement in expected credit loss allowance:

Age of Receivable	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015

2. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company liquidity risk management policies include to, at all times ensure sufficient liquidity to meet its liabilities when they are due, by maintaining adequate sources of financing from both domestic and international banks at an optimised cost. In addition, processes and policies related to such risks are overseen by senior management. The Company's senior management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Financing arrangements

The Company has sufficient sanctioned line of credit from its bankers / financiers; commensurate to its business requirements. The Company reviews its line of credit available with bankers and lenders from time to time to ensure that at all point of time there is sufficient availability of line of credit.

The Company pays special attention to the net operating working capital invested in the business. In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds.

3. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed in the ordinary course of business to risks related to changes in foreign currency exchange rate and interest rate.

a) Market Risk – Foreign Exchange

Foreign exchange risk arises on all recognised monetary assets and liabilities which are denominated in a currency other than the functional currency of the Company. The Company has foreign currency trade payables, receivables and borrowings. However, foreign exchange exposure mainly arises from borrowings and trade payables denominated in foreign currencies.

Foreign currency risk is managed by following established risk management policies, which inter alia includes monitoring the movements in currencies in which the borrowings / capex vendors are payable and hedging the exposure to foreign currency risk by entering into forward currency contracts, call options and currency swaps contracts.

The Company does not enter into or trade financial instrument including derivative for speculative purpose

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows

b) Market Risk – Interest Rate

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because the Company has borrowed funds substantially at floating interest rates. The interest rate risk is managed by the Company by the use of interest rate swap and by monitoring monthly cash flow which is reviewed by management to prevent loss of interest.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2017	March 31, 2016	April 1, 2015
Variable rate borrowings	823.08	1,315.55	861.22
Fixed rate borrowings	18.64	268.06	225.20

Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates on the borrowings at the end of the reporting period. For floating rate borrowings, the analysis is prepared assuming the amount of borrowing outstanding at the end of the reporting period was outstanding for whole of the year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel.

	Impact on loss: Increase /(Decrease)		Impact on equity (Increase)/Decrease	
	March 31, 2017	March 31, 2016	March 31, 2017	March 31, 2016
	1 % Increase	1 % Increase	1 % Decrease	1 % Decrease
Interest rates - increase by 100 basis points*	14.57	10.88	(14.57)	(10.88)
Interest rates - decrease by 100 basis points*	(14.57)	(10.88)	14.57	10.88

* assuming all other variables as constant

The sensitivity disclosed in the above table is attributable to variable interest rate borrowings and the interest swaps. The above sensitivity analysis is based on a reasonably possible change in the under-lying interest rate of the Company's borrowings in INR & USD (being the significant currencies in which it has borrowed funds), while assuming all other variables (in particular foreign currency rates) to be constant.

4.19 The earlier discussion of demerger of the ISP Business Undertaking of the Company to the wholly owned subsidiary viz Hathway Broadband Pvt Ltd as of April 1, 2015 (the Appointed Date), which was pending before the High Court of Bombay, was withdrawn during the year after taking requisite approval from the shareholders.

4.20 Pursuant to introduction of Digital Addressable System (DAS), in terms of TRAI Regulations the MSOs are required to inter alia enter into inter connect agreements with local cable operators in notified cities. The Company has not been able to complete the above process successfully in networks where there are cases of resistance from local cables operators. Pending execution of documents, income recognized is based on various underlying factors including rate charged by other MSO's, ongoing negotiations with cable operators etc. The management has reviewed the outstanding receivables and has made suitable provisioning, wherever required and is confident that it is stated at realizable amount.

4.21 The Company has its presence in various cities, which form part of phase III of DAS rollout in terms of MIB notification. Preparatory to DAS rollout dates, the Company had established required infrastructure. The monetization of these investments is subject to successful DAS implementation and the management is hopeful of the same.

4.22 The board of directors of 5 wholly owned subsidiaries of the Company viz. Hathway New Concept Cable and Datacom Private Limited, Hathway Krishna Cable Private Limited, UTN Cable Communications Private Limited, Hathway software Developers Private Limited and Hathway Mysore Cable Network Private Limited have resolved, subject to necessary approvals, to demerge their cable television business to Hathway Digital Private Limited with effect from closing hours of March 31, 2017.

4.23 TRANSFER OF CATV BUSINESS THROUGH SLUMP SALE

Pursuant to receipt of approval to the internal restructuring from the board of directors and the shareholders and after seeking in-principle prior approvals from all the lenders, the Company transferred its Cable Television business by way of slump sale to its wholly owned subsidiary Hathway Digital Private Limited (earlier known as Hathway Datacom Central Private Limited) ("the said Subsidiary") with effect from close of business hours as of March 31, 2017 for a total consideration of ₹ 302. In view of the same, all assets and liabilities including borrowings & contingent liabilities attributed to the cable television business got vested in the said Subsidiary. The Company has intimated the effect of the same to its lenders and the lenders are inter alia in the process of completing documentations in this regard. The disclosures in note no. 2.15 relating to securities offered to the banks and others against borrowings extended by them is based on terms of Business Transfer Agreement executed to give effect to slump sale, however, execution of necessary documents and filing of relevant forms with the office of the Registrar of Companies is under progress.

Details of the purchase consideration is as follows:

Purchase Consideration	CATV Business
Total Purchase Consideration	302.00
Less: Paid	30.00
Outstanding receivable	272.00

4.24 There is an unclaimed share application money of ₹ 29,375 (Amount in ₹) required to be transferred to Investor Education and Protection Fund (IEPF). The Company is in process of transferring such amount to IEPF, in accordance with the provisions of section 125 of the Companies Act, 2013 and relevant rules thereunder.

Foot notes for Ind AS adjustments

Note 1: Property, Plant and Equipment

The Company has availed the exemption available under Ind AS 101 to continue the carrying value for all of its Property, Plant and Equipments and Intangibles recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Note 2: Non current investments - Investments in equity instruments

(a) Investment in subsidiaries and joint ventures and associates :-

Under Ind AS, a first- time adopter can measure investments in each subsidiary, joint venture and associate at cost determined in accordance with Ind AS 27 or at deemed cost. The deemed cost of the investment can be the fair value of the investment at the transition date or the previous GAAP carrying amount. The Company has opted to value its investments in certain subsidiaries and joint ventures at deemed cost using the fair value option.

(b) Investment in Other companies :-

Under previous GAAP, non current investment in equity instruments of other companies were measured at cost less provision for diminution (other than temporary). Under Ind AS, the Company has recognised such investments at FVTOCI through irrevocable option. On the date of transition to Ind AS, the difference between the fair value of Non-Current Investments as per Ind AS and their corresponding carrying amount as per financial statements prepared under previous GAAP, has resulted in decrease in the carrying amount of these investments which has been recognised directly in opening retained earnings.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(₹ in Crore unless otherwise stated)

Note 3: Current investments - Investments in Mutual funds

Under previous GAAP, current investments were measured at lower of cost or fair value. Under Ind AS, these investments have been classified as FVTPL on the date of transition.

Note 4: Loss allowance on Trade receivables

Under the previous GAAP, the Company has created provision for impairment of receivables consisting specific amount for incurred losses. Under Ind AS, impairment allowance has been determined based on the Expected Credit Loss Model which has led to an increase in the amount of provision as on the date of transition.

Note 5: Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the company has fair valued these security deposits under Ind AS and the difference between the fair value and the transaction value of the security deposit has been recognised as prepaid rent.

Note 6: Financial corporate guarantee

The Company has issued corporate guarantee on behalf of its joint ventures for the borrowings taken by them. Under previous GAAP, financial guarantee contracts were not accounted for. The Company has recognised finance guarantee obligation at fair value with corresponding recognition in investments. Interest income is recognised with a corresponding reduction from Finance Guarantee Obligation.

Note 7: Investment in Preference Shares

The preference shares do not meet the definition of equity instrument as per Ind AS 32 and are held to collect contractual cashflows, hence they are fair valued at amortised cost. The fair value is determined using the present value method using the discount rate which is the borrowing market rate. The difference between the amount paid for acquiring the preference shares and its fair value is considered as investment in equity. The Company has accrued interest using the effective interest rate (discount rate) over the term of the preference shares.

Note 8: Defined benefit obligations

Under previous GAAP, actuarial gains and losses were recognised in Statement of Profit and Loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset which is recognised in other comprehensive income. Consequently, the tax effect of the same has also been recognised in other comprehensive income under Ind AS instead of profit or loss.

Note 9: Borrowings

Under previous GAAP, in case of fixed interest rate borrowings, transaction cost incurred were charged to statement of profit and loss on straight line basis over the tenure of the borrowings. As per Ind AS 109, the transaction costs incurred towards origination of borrowings are deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the statement of profit and loss over the tenure of the borrowing as part of the interest expense by applying effective interest rate method (i.e., amortised cost method).

As per Ind AS 109, for variable interest rate borrowings, the transaction costs incurred towards origination of borrowings are deducted from the carrying amount of borrowings on initial recognition. Accordingly, the unamortised balance of transaction cost has been deducted from the carrying amount of the borrowings as on the date of transition.

Note 10: Derivative Instruments - Forward contracts

Under previous GAAP, there is concept of deferred premium/discount which is recognised based on difference between spot rate and forward rate and amortised over the tenure of the forward contract. Under Ind AS, forward contract is required to accounted at fair value. Accordingly, the Company has reversed deferred premium outstanding in the books of accounts.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Note 11: Loan given to subsidiaries and joint ventures

Under previous GAAP, interest free loans given to subsidiaries and joint ventures are accounted at their transaction value. Under Ind AS, the Company has discounted the interest free loans given to subsidiaries and joint ventures with corresponding increase in the investment.

Note 12: Deferment of activation income

Under previous GAAP, activation income is recognized upfront as revenue. Under Ind AS, supply of services involving a non-refundable fee along with subsequent periodic payments for services in future are construed as linked transactions. All linked transactions where individual transactions have no commercial meaning on their own and occurrence of one is dependent on occurrence of another are to be evaluated on combined basis. Activation fee, which in substance is an advance payment for future services or the ongoing services being provided are essential to the subscribers receiving the expected benefit of the upfront payment of activation fee. Accordingly, activation fee is earned as services are provided over the term of the arrangement and need to be deferred over the expected customer relationship period (i.e. expected life of the customer).

Note 13: Other Comprehensive income

Under previous GAAP, there was no concept of other comprehensive income. Under Ind AS, items of income or expense that are not recognised in statement of profit and loss are recognised as "other comprehensive income" which includes remeasurement of defined benefit plans.

Note 14: Inclusion of Bank Overdraft for the purpose of Cashflow

Under Ind AS, bank overdrafts which are repayable on demand and form an integral part of the Company's cash management system and are included in cash and cash equivalents for the purpose of presentation of Statement of Cash flows. Whereas under previous GAAP, there was no similar guidance and hence, bank overdrafts were considered similar to other borrowings and the movements therein were reflected in cash flows from financing activities.

(hereinafter referred to as 'the consolidated financial statements').

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group including its joint ventures and associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under section 133 of the Act read with relevant rules issued thereunder. The respective Governing bodies of the entities included in the Group and of its joint ventures and associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable pronouncements issued by the Institute of Chartered Accountants of India (ICAI). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors of the subsidiaries, joint ventures and associates, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its joint ventures and associates as at March 31, 2017, and their consolidated loss including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

EMPHASIS OF MATTER

We draw your attention to:

- a) Note no. 4.13(A) to consolidated financial statements regarding exclusion of step down joint venture by the management from consolidation on account of outstanding disputes;

- b) As stated in Note no. 4.13(B) to the consolidated financial statements in view of non-availability of audited financial statements of seven joint ventures, the consolidated financial statements have been prepared considering the provisional management accounts of such entities. The consolidated financial statements include the Group's share of net loss of ₹ 7.34 crores for the year ended on March 31, 2017 as considered in the consolidated financial statements. Amounts and disclosures included in respect of these entities, is solely based on the unaudited information provided by the Management of the Company;
- c) Note no. 4.19 in respect of basis of recognition of income relating to networks under Digital Addressable System. The management has represented that they are confident of realising the income recognised and hence, no adjustment has been made to such income;

Our opinion is not qualified in respect of these matters.

OTHER MATTERS

We did not audit (a) financial statements of eighteen subsidiaries whose financial statements reflect total assets of ₹ 118.75 crores as at March 31, 2017 and net assets of ₹ (54.49) as at March 31, 2017, total revenues of ₹ 52.70 and net cash inflows amounting to ₹ 0.18 crores for the year ended on that date (b) the consolidated financial statements of one joint venture, whose financial statements include the Group's share of net profit after tax ₹ 16.87 crores, and (c) the Group's share of net profit after tax of ₹ 0.42 crores in respect of nine joint ventures for the year ended on March 31, 2017, as considered in the consolidated financial statements. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of Section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on the reports of the other auditors.

Apart from above, as stated in the Note no. 4.13(B) of the consolidated financial statements and para (b) of the Emphasis of the Matter paragraph above, the Group's share of net loss of ₹ 7.34 crores for the year ended on March 31, 2017 as considered in the consolidated financial statements, in respect of seven joint ventures, whose financial statements have not been audited by us. These financial statements and other financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, to the extent they have been derived from such financial statements is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group. Our opinion on the consolidated financial statements, and our

report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report on even date to the members of Hathway Cable and Datacom Limited ("the Holding Company) on the consolidated financial statements for the year ended March 31, 2017:

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER SECTION 143(3)(I) OF THE ACT

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Hathway Cable and Datacom Limited (hereinafter referred to as 'the Holding Company') and its subsidiary companies, its joint ventures and associates, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company, its subsidiary companies, its joint ventures and associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company, its subsidiary companies, its joint ventures and associates, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

OTHER MATTERS

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial

controls over financial reporting in so far as it relates to eighteen subsidiaries, ten joint ventures and one associate, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

BACKGROUND

Hathway Cable and Datacom Limited (“the Company”) is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is Multi System Operator (MSO) and engaged in distribution of television channels through analog and digital cable distribution network and internet services through cable. Its equity shares are listed on National Stock Exchange of India Limited (NSE) & Bombay Stock Exchange Limited (BSE) in India.

AUTHORIZATION OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were authorized for issue in accordance with a resolution of the directors on May 30, 2017

1. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these consolidated financial statements. The financial statements are of the Company and its subsidiaries (collectively, “the Group”).

1.1 BASIS OF PREPARATION

(i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”) and relevant rules issued thereunder. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

The consolidated financial statements up to year ended March 31, 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) (“previous GAAP”) and other relevant provisions of the Act.

These consolidated financial statements are the first consolidated financial statements of the Group under Ind AS. Refer Note 4.23 for an explanation of how the transition from previous GAAP to Ind AS has affected the Group’s financial position, financial performance and cash flows. The date of transition to Ind AS is April 1, 2015.

(ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) are measured at fair value;
- assets held for sale – measured at fair value less cost to sell; and
- defined benefit plans – plan assets measured at fair value;

1.2 ROUNDING OF AMOUNTS

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest crores, except where otherwise indicated.

1.3 CURRENT VERSUS NON-CURRENT CLASSIFICATION

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current if:

- (i) it is expected to be realised or intended to sold or consumed in normal operating cycle
- (ii) it is held primarily for the purpose of trading
- (iii) it is expected to be realised within twelve months after the reporting period, or
- (iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

All other assets are classified as non-current.

A liability is classified as current if:

- (i) it is expected to be settled in normal operating cycle
- (ii) it is held primarily for the purpose of trading
- (iii) it is due to be settled within twelve months after the reporting period, or
- (iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of operations, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

1.4 USE OF JUDGEMENTS, ESTIMATES & ASSUMPTIONS

While preparing consolidated financial statements in conformity with Ind AS, the management make certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are as below:

Key sources of estimation uncertainty

- (i) Financial instruments; (Refer note 4.08)
- (ii) Useful lives of Property, Plant and Equipment and intangible assets; (Refer note 1.6)
- (iii) Valuation of inventories; (Refer note 1.10)
- (iv) Assets and obligations relating to employee benefits; (Refer note 4.03)
- (v) Expected customer relationship period (i.e. expected life of the customer); (Refer note 1.17)
- (vi) Evaluation of recoverability of deferred tax assets; (Refer note 2.08) and
- (vii) Contingencies (Refer note 4.04).

Critical accounting judgements

The Company has equity stake in various entities for strategic reasons concerning its operation. The relationship with these entities have been determined based on principles laid down in Ind AS 110 – Consolidated Financial Statements and Ind AS 111 – Joint Arrangements. Accordingly, the entities mentioned below are considered as Joint ventures.

- (i) GTPL Hathway Ltd (f.k.a GTPL Hathway Pvt Ltd)
- (ii) Hathway Sai Star Cable and Datacom Pvt Ltd

1.5 PRINCIPLES OF CONSOLIDATION AND EQUITY ACCOUNTING

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the noncontrolling interests having a deficit balance.

(ii) Associates

Associates are all entities over which the company has significant influence but not control or joint control. This is generally the case where the company holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

(iii) Joint Ventures

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has only joint ventures.

Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 1.8 below.

(v) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity (note 4.12).

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in statement of profit and loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate or joint venture. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed off the related assets or liabilities. The amounts previously recognised in other comprehensive income are reclassified to statement of profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to statement of profit and loss where appropriate.

1.6 PROPERTY, PLANT AND EQUIPMENT

- (i) Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

- (ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.
- (iii) Set Top Boxes (STBs) and Internet Access devices on hand at the year-end are included in Capital Work in Progress. On installation, such devices are capitalized or treated as sale, as the case may be.
- (iv) An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.
- (v) The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (vi) Stores & Spares which meet the definition of Property, Plant and Equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.
- (vii) Depreciation on Property, Plant & Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Group has assessed the estimated useful lives of its Property, Plant & Equipment and has adopted the useful lives and residual value as prescribed in Schedule II except for the cost of STBs & Internet Access devices at the customer location which are depreciated on straight-line method over a period of eight years based on internal technical assessment.
- (viii) In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale, disposal or held for sale as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.
- (ix) All assets costing up to ₹ 5,000/- are fully depreciated in the year of capitalisation.
- (x) Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

1.7 INTANGIBLE ASSETS

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible Assets acquired separately

Intangible assets comprises of Cable Television Franchise, Movie & Serial Rights, Bandwidth Rights, Goodwill and Softwares. Cable Television Franchisee represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

Intangible assets with finite useful lives that are acquired are recognized only if they are separately identifiable and the Group expects to receive future economic benefits arising out of them. Such assets are stated at cost less accumulated amortization and impairment losses. Amortisation is recognised on straight line basis over their estimated useful lives. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Intangible Assets acquired in business combination

Intangible Assets acquired in business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

Amortisation of intangible assets

The intangible assets with finite useful lives are amortized on a straight line basis over their useful economic lives and assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Estimated lives for current and comparative periods in relation to application of straight line method of amortisation of intangible assets (acquired) are as follows:

- Softwares are amortized over the license period and in absence of such tenor, over five years.
- Movie & Serial Rights are amortized on exploitation over the balance license period in equal installments
- Bandwidth Rights are amortized over the period of the underlying agreements.

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.8 IMPAIRMENT OF ASSETS

Carrying amount of Tangible assets, Intangible assets and Investments in Joint Ventures and Associates (accounted under equity method) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Group's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.9 NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit and loss.

1.10 INVENTORIES

Inventories are valued as follows:

Spares and maintenance items are valued at lower of cost (net of taxes recoverable) on first in first out basis and net realizable value.

Stock-in-trade comprising of access devices are valued at cost on weighted average method or at net realizable value, whichever is lower.

1.11 CASH AND CASH EQUIVALENTS

For the purpose of Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with banks or financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.12 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

FVTOCI:

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL:

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Classification and Subsequent measurement: Financial Liabilities

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of Financial Assets and Financial Liabilities:

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

1.13 FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS:

Classification as debt or equity:

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received.

1.14 BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.15 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from the past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

1.16 GRATUITY AND OTHER POST-EMPLOYMENT BENEFITS

(i) Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit & loss of the year in which the related services are rendered.

(ii) Post-employment obligations

The Group operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

Defined contribution plans

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iv) Bonus Plans

The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

1.17 REVENUE RECOGNITION

(i) Income from Rendering of services

Subscription income includes subscription from Subscribers / Cable Operators relating to cable TV, Internet, activation of devices and from broadcasters relating to the placement of channels. Revenue from Operations is recognized on accrual basis based on underlying subscription plan or agreements with the concerned subscribers / parties.

Subscription Income from Cable TV Operators, is accrued monthly based on number of connections declared by the said operators to the Group. In cases where revision of number of connections and / or rate is under negotiations at the time of recognition of revenue, the Group recognizes revenue as per invoice raised. Adjustments for the year, if any, arising on settlement is adjusted against the Revenue. Other cases are reviewed by the management periodically.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Activation fee, which in substance is an advance payment for future services or the ongoing services being provided are essential to the subscribers receiving the expected benefit of the upfront payment of activation fee. Accordingly, activation fee is earned as services are provided and deferred over the expected customer relationship period (i.e. expected life of the customer).

Revenue from prepaid Internet Service plans, which are active at the end of accounting period, is recognized on time proportion basis. In other cases of Internet Service plans, entire revenue is recognized in the period of sale.

Advertisement revenue is accrued on release of the advertisement for public viewing.

Income from consultancy services is recognized when the services are completed.

The Group's policy for recognition of revenue from operating leases is described in note below on Leases.

The Group collects VAT, service tax and entertainment tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

(ii) Sale of goods

Revenue from the sale of goods is recognised when significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from sale of goods is measured at the fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

The Group collects value added taxes (VAT) on behalf of the Government and, therefore, these are not economic benefits flowing to the Company and hence not included in revenue.

(iii) Other Operating Income

Other Operating Income comprises of fees for rendering management, technical and consultancy services. Income from such services is recognized upon achieving milestones as per the terms of underlying agreements.

(iv) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method.

(v) Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

1.18 TAXES ON INCOME

Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities.

Deferred tax liabilities are recognised for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

1.19 EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing cost associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.20 LEASES

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

As a Lessee

Finance Lease

Leases of Property, Plant and Equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Operating Lease

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.21 FOREIGN CURRENCY TRANSACTIONS

(i) Functional and presentation currency

The Group's consolidated financial statements are prepared in INR, which is also the Group's functional and presentation currency.

(ii) Transactions and balances

Monetary items

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss.

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.22 FIRST TIME ADOPTION – MANDATORY EXCEPTIONS, OPTIONAL EXEMPTIONS

Overall principle

The Group has prepared the opening consolidated Balance Sheet as per Ind AS as of the transition date by recognising all assets and liabilities whose recognition is required by Ind AS,

- not recognising items of assets or liabilities which are not permitted by Ind AS,
- by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and
- applying Ind AS in measurement of recognised assets and liabilities.

However, this principle is subject to the certain exception and certain optional exemptions availed by the Group as detailed below .

Classification of debt instruments

The Group has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS TO CONSOLIDATED FINANCIAL STATEMENTS

Past business combinations

The Group has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of April 1, 2015. Consequently,

- the Group has kept the same classification for the past business combinations as in its previous GAAP consolidated financial statements;
- the Group has not recognised assets and liabilities that were not recognised in accordance with previous GAAP in the standalone balance sheet of the acquiree and would also not qualify for recognition in accordance with Ind AS in the balance sheet of the Group;
- The Group has excluded from its opening balance sheet those items recognised in accordance with previous GAAP that do not qualify for recognition as an asset or liability under Ind AS;
- The Group has tested the goodwill for impairment at the transition date based on the conditions as of the transition date;
- The effects of the above adjustments have been given to the measurement of non-controlling interests and deferred tax.

Deemed cost for Property, Plant and Equipment and intangible assets

The Group has elected to continue with the carrying value of all of its Property, Plant and Equipment and intangible assets recognised as of the transition date measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Determining whether an arrangement contains a lease

The Group has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

Long term foreign currency monetary item

The Group has continued with the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements prepared under previous GAAP for the year ended March 31, 2016.

Accounting for joint arrangement

In respect of all the joint ventures which were earlier accounted for using the proportionate consolidation method under previous GAAP, the Group has measured the investments in those joint ventures as the aggregate of corresponding carrying amounts of the assets and liabilities as a deemed cost on the date of transition as per Ind AS 111- Joint Arrangements.

Share based payment transaction

The Group has availed the exemption of not applying Ind AS 102- Share based payment to equity instruments that vested before date of transition to Ind AS.

4.03 EMPLOYEE BENEFITS

a) Defined Benefit Plans:

The Present value of the defined benefit obligations and related current service cost were measured using the Projected Unit Credit Method, with actuarial valuation being carried out at each Balance Sheet date.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields. If the return on plan asset is below this rate, it will create a plan deficit.
Interest Risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity Risk	This risk effects Past Retirement Benefit Plans, especially Pension and Medical Benefits. This Plan pays the benefit on Retirement, if not paid earlier, on account of resignation or death and hence the Longevity risk will not materially effect this Plan.
Salary Risk	The Gratuity benefit, being based on last drawn salary, will be critically effected in case of increase in future salaries being more than assumed.

- g) Karnataka VAT Department has reassessed VAT liabilities for the financial Years 2011-12, 2012-13 and 2013-14 stating that the amount realized as activation charges is sale of STBs and liable to VAT. The total tax liability is determined at ₹ 10.28 (March 31, 2016 : ₹ 10.28 ; April 1, 2015 : ₹ 10.28). The honorable High Court has admitted the writ petition and has granted an order of stay over recovery of taxes.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- h) The Company has challenged levy of license fees for pure Internet services before Telecom Disputes Settlement & Appellate Tribunal (TDSAT). On merit of the case, TDSAT has granted stay till disposal of petition. The Company is contingently liable to the extent of ₹ 71.45 (March 31, 2016 : ₹. 33.55 ; April 1, 2015 : ₹ Nil). During the year, the Company has paid an amount of ₹ 5.36 (March 31, 2016 : ₹. 5.36 ; April 1, 2015 : ₹ Nil) under protest.
- i) Hathway Digital Pvt Ltd (f.k.a Hathway Datacom Central Pvt. Ltd), one of our subsidiary has not provided for the demand of ₹ 29.68 upto March, 2011 raised by the Commercial Tax Department, Jaipur on account of Entertainment Tax on Cable Connection in view of the Hon'ble Supreme Court Judgment in the case of Purvi Communication V/s West Bengal. As per management of the subsidiary, the subsidiary being Multi System Operator (MSO) and has not given any direct Connection to customers, the said demand is not justifiable. This case being different than that of Purvi Communication and the same is not covered by the Rajasthan Entertainment & Advertisement Tax Act in the tax preview. Hence the provision of the Rajasthan Entertainment & Advertisement Tax Act is not applicable on the subsidiary. The subsidiary has filed appeal before the Dy. Commissioner (Appeal) against the said demand. In support of the subsidiary's view the Hon'ble Rajasthan Tax Board, Ajmer has allowed the appeal of the subsidiary on the same issue by deleting the demand for ₹ 4.00 for the period March 2006 to Dec 2006 vide its order dated October 29, 2010. Commercial Tax department has filed an appeal before the Hon'ble High Court of Rajasthan, Jaipur Bench against the order of Hon'ble Rajasthan Tax Board. The Hon'ble High Court of Rajasthan, Jaipur Bench vide its order dated May 08, 2015 quashed & set aside the order of Rajasthan Tax Board and upheld the order of the DC (A) and AO. Thereafter the subsidiary company has filed a SLP petition before the Hon'ble Supreme Court of India and the Hon'ble Supreme Court has given the Interim stay against demand and as per the direction of the court the subsidiary has deposited the amount of ₹ 2.
- j) Pursuant to the enactment of the Madhya Pradesh Vilasita Manoranjan, Amod Evam Vigyapan Kar Adhiniyam 2011, (2011 Act) the Government of the Madhya Pradesh has levied Entertainment Tax on the Cable Operators w.e.f April 1, 2011. Accordingly Hathway Digital Pvt Ltd (f.k.a Hathway Datacom Central Pvt. Ltd), one of our subsidiary has received notice from Asstt Commissioner of Commercial Tax, Indore for payment of entertainment tax. The subsidiary filed a writ petition before the High Court of Madhya Pradesh wherein it inter alia contended that the levy of entertainment tax on cable operators under the 2011 Act is nothing but a tax on service and not a tax on entertainment and the provision of Cable TV being characterized as a service only the parliament i.e. the Central Government has the power to tax this service and not the State Government. The Hon'ble High Court of Madhya Pradesh dismissed the subsidiary's petition, which order of dismissal was challenged by the subsidiary before the Hon'ble Supreme Court vide Special Leave Petition (SLP) 10316 of 2012 dt. April 9, 2012. The said SLP is under consideration before the Hon'ble Supreme Court along with a group of other petitions filed by the DTH and other service providers who have also challenged the levy of entertainment tax on their business on the same grounds as those taken by the subsidiary.

As per the view of the Management of the subsidiary, since the levy of entertainment tax on cable operators under the 2011 Act is nothing but a tax on service and not a tax on entertainment and the provision of Cable TV being characterized as a service only the Parliament i.e. the Central Government has the power to tax this service and not the State Government, Entertainment Tax is not applicable on the business of the subsidiary, however subsidiary is making payment of such entertainment tax under protest without prejudice to the subsidiary's rights/contentions.

Meanwhile, the Commercial Tax Department of Madhya Pradesh has passed an ex-parte assessment order and has demanded entertainment tax amounting to ₹ 3.23 for the period ended February 27, 2012 and penalty thereon for ₹ 6.47, aggregating to ₹ 9.70. The subsidiary has filed an appeal before the Dy. Commissioner of the Commercial Tax (Appeals), Indore and has deposited ₹ 0.97, against such demand. The appellate authority has confirmed the demand raised by the Assessing officer. For settlement of dispute of such demand subsidiary has filed an application before the Hon'ble Settlement Authority under the MP VAT Act and agreed to pay ₹ 1.75, the liability as calculated by the subsidiary. The application has been accepted by the settlement authority which is pending for adjudication. Simultaneously the subsidiary has also filed an application before the Indore Bench of the Hon'ble High Court of Madhya Pradesh for granting the stay to deposit the demand raised by the Commercial Tax Department and as per the direction of the Hon'ble High Court of the Madhya Pradesh the subsidiary has deposited balance of undisputed tax liability of ₹ 0.78 and got the stay order for the balance demand. Accordingly, during 2012-13 the subsidiary has charged such entertainment tax of ₹ 2.05 for financial year 2011-12 including ₹ 1.75 for the period ended February 27, 2012.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(₹ in Crore unless otherwise stated)

Settlement Authority has rejected the application vide order dated August 26, 2014. Thereafter, the subsidiary filed a writ petition before the Hon'ble High Court of Indore Bench challenging the order passed by Settlement Authority. Hon'ble High court of Madhya Pradesh Indore bench passed interim order on November 26, 2014 and directed to subsidiary to deposit the entire tax and 25% of penalty amount and provide bank guarantee of remaining 75% of penalty amount. In compliance of order of Hon'ble High Court of Madhya Pradesh Indore Bench, the subsidiary has deposited entire tax of ₹ 3.23, ₹1.62 as 25% of the penalty and also submit bank guarantee of ₹ 4.85 for 75% of the penalty amount. The Hon'ble High Court of Madhya Pradesh Indore Bench has rejected the writ petition of the subsidiary and thereafter the subsidiary has filed a SLP petition before the Hon'ble Supreme Court of India and the Hon'ble Supreme Court has given the Interim stay against demand and as per the direction of the court the subsidiary has deposited the amount of ₹ 1.00.

In view of the management said rejection of settlement application is not valid and Entertainment Tax & penalty is levied by the department is bad in law, unreasonable and unconstitutional and thus, illegal, hence the subsidiary has not provided for the said demand. And accordingly, amount deposited shown as non-current assets in its financial statement.

- k) Authorities has raised under Madhya Pradesh Vilasita Manoranjan, Amod Evam Vigyan Kar Adhiniyam 2011, (2011 Act), demand for ₹ 0.16 (March 31, 2016 : ₹. 16 ; April 1, 2015 : ₹ 16) for Entertainment Tax for the financial year 2012-13 against activation income of Hathway Digital Pvt Ltd (f.k.a Hathway Datacom Central Pvt. Ltd) i.e one of our subsidiary. Presently subsidiary is in second appeal against such demand and deposited ₹ 0.03 (March 31, 2016 : ₹. 0.03 ; April 1, 2015 : ₹ 0.03) under protest In view of the management said rejection of settlement application is not valid and Entertainment Tax & penalty is levied by the department is bad in law, unreasonable and unconstitutional and thus, illegal, hence the subsidiary has not yet provided for the said demand. And accordingly, amount deposited shown as non-current assets in its financial statements.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, security deposits given, loans given to related parties, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non- current assets, security deposits taken, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- The fair values for long term loans, long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(₹ in Crore unless otherwise stated)

- c) The fair values of long term security deposits taken, non-current borrowings and remaining non current financial liabilities are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- d) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

4.09 FINANCIAL RISK MANAGEMENT

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The business activities of the group expose it to financial risks namely Credit risk, Liquidity risk and Market risk. In order to minimise any adverse effects on the financial performance of the group, it uses derivative financial instruments, such as foreign exchange forward contracts, foreign currency swap contracts, call options are entered to hedge certain foreign currency risk exposures and follows policies set up by a Treasury department under policies approved by the Board of Directors.

1. Credit Risk :

Credit risk arises from the possibility that counter party will cause financial loss to the group by failing to discharge its obligation as agreed.

The group's exposure to credit risk arises mainly from the trade receivables, loans given, financial guarantee contract and derivative financial instruments.

Credit risks from balances with banks and financial institutions are managed in accordance with the group policy. For derivative and financial instruments, the group attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies.

The group's major revenue streams arises from services provided to end use customers in the form of monthly subscription income and receivables from broadcasters for carriage / placement income. The trade receivables on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. As the customer base is distributed economically and geographically, there is no concentration of credit risk. In case of receivables from the carriage / placement income, as there is no independent credit rating of the broadcasters available with the group, the management reviews the credit-worthiness of the broadcasters based on their financial position, past experience and other factors. The credit period provided by the group to its end use customers and broadcasters generally ranges from 0 to 30 days.

The group follows a simplified approach (i.e based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring the lifetime ECL allowance for trade receivables, the group uses a provision matrix which comprise a very large number of small balances grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not recoverable. Based on the industry practices and business environment in which the group operates, management considers that the trade receivables are in default if the payment are more than 12 months past due.

Table showing age of gross trade receivables and movement in expected credit loss allowance:

Age of Receivable	As at March 31,2017	As at March 31, 2016	As at April 1, 2015

2 Liquidity Risk

Liquidity risk is the risk that the group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The group's liquidity risk management policies include to, at all times ensure sufficient liquidity to meet its liabilities when they are due, by maintaining adequate sources of financing from both domestic and international banks at an optimised cost. In addition, processes and policies related to such risks are overseen by senior management. The group's senior management monitors the group's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Group from time to time in its usual course of business has issued financial guarantees to certain Joint ventures. Accordingly, as on March 31, 2017, March 31, 2016 and April 1, 2015 Group has issued corporate guarantee for debt of ₹ 122.02, ₹ 154.03 and ₹ 157.98 respectively. The outflow in respect of these guarantees will arise only upon default of the such joint ventures. An amount of ₹ 66.70 is due for repayment within 1 year and ₹ 55.32 is due for repayment within 1 - 5 Years from the reporting date.

Financing arrangements

The Group has sufficient sanctioned line of credit from its bankers / financiers; commensurate to its business requirements. The group reviews its line of credit available with bankers and lenders from time to time to ensure that at all point of time there is sufficient availability of line of credit.

The Group pays special attention to the net operating working capital invested in the business. In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds.

3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The group is exposed in the ordinary course of business to risks related to changes in foreign currency exchange rate and interest rate.

a) Market Risk – Foreign Exchange

Foreign exchange risk arises on all recognised monetary assets and liabilities which are denominated in a currency other than the functional currency of the group. The group has foreign currency trade payables, receivables and borrowings. However, foreign exchange exposure mainly arises from borrowings and trade payables denominated in foreign currencies.

Foreign currency risk is managed by following established risk management policies, which inter alia includes monitoring the movements in currencies in which the borrowings / capex vendors are payable and hedging the exposure to foreign currency risk by entering into forward currency contracts, call options and currency swaps contracts.

The group does not enter into or trade financial instruments, including derivatives for speculative purpose

The carrying amount of the group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows

b) Market Risk – Interest Rate

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The group is exposed to interest rate risk because the group has borrowed funds substantially at floating interest rates. The interest rate risk is managed by the group by the use of interest rate swap and by monitoring monthly cash flow which is reviewed by management to prevent loss of interest.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2017	March 31, 2016	April 1, 2015
Variable rate borrowings	1,597.52	1,320.58	864.46
Fixed rate borrowings	100.24	268.54	222.88

Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates on the borrowings at the end of the reporting period. For floating rate borrowings, the analysis is prepared assuming the amount of borrowing outstanding at the end of the reporting period was outstanding for whole of the year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel.

	Impact on loss: Increase/(Decrease)		Impact on equity (Increase)/Decrease	
	March 31, 2017	March 31, 2016	March 31, 2017	March 31, 2016
	1 % Increase	1 % Increase	1 % Decrease	1 % Decrease
Interest rates - increase by 100 basis points *	14.59	10.93	(14.59)	(10.93)
Interest rates - decrease by 100 basis points *	(14.59)	(10.93)	14.59	10.93

* assuming all other variables as constant

The sensitivity disclosed in the above table is attributable to variable interest rate borrowings and the interest swaps. The above sensitivity analysis is based on a reasonably possible change in the under-lying interest rate of the group's borrowings in INR, USD (being the significant currencies in which it has borrowed funds), while assuming all other variables (in particular foreign currency rates) to be constant.

4.13 NOTE ON CONSOLIDATION OF CERTAIN SUBSIDIARIES/ JOINT VENTURES:-

A) Reasons not consolidating certain subsidiaries / joint ventures:-

M/s. Hathway Space Vision

Two wholly owned subsidiaries of the Company viz. Binary Technologies Transfers Pvt. Ltd. And Hathway Internet Satellite Pvt. Ltd. were majority partners in a partnership firm, namely, M/s. Hathway Space Vision (the firm). The aforesaid majority partners of the firm had initiated legal action i.e. invoked arbitration proceedings, against the minority partner viz. Space Vision Cabletel Pvt. Ltd. with reference to some management and operational issues and had made monetary claims against the minority partner. The minority partner had also filed certain counter claims against the wholly owned subsidiaries. After a long drawn legal battle, the firm stands dissolved as of July 8, 2011. The Court Receiver, High Court of Bombay has been appointed as the Receiver of the assets and business of the firm and Hathway Internet Satellite Private Limited has been appointed as the Agent of the Court Receiver. The issues concerning accounts and dissolution including adjudicating upon the original claims and counter claims made before the earlier Arbitrator are referred to Arbitration before Justice Srikrishna (Retd.). The Court Receiver had taken the possession of the movable assets found at the premises of the Firm and has appointed a valuer, the report thereof is pending. In the mean time, the Court Receiver has fixed an ad hoc royalty of ₹ 0.01(March 31, 2016 : ₹ 0.01) per month that is to be paid by the agent of the Court Receiver under order dated December 2, 2011. An application by way of chamber summons inter alia for setting aside the said order dated December 2, 2011 has been filed by the Company and Hathway Internet Satellite Private Limited in the High Court, Bombay which was disposed off. Majority Partners moved appeals being Appeal (L) No. 344 of 2017 and 403 of 2017, before the High Court of Bombay challenging the Order, which are pending. In the meantime, Majority Partners deposited a sum of ₹ 0.16 with the Court Receiver as per the Order of the Hon'ble High Court dated February 20, 2017.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(₹ in Crore unless otherwise stated)

On May 5, 2017, both the Parties filed their Consent Terms in the High Court, Bombay wherein it is agreed by and between the parties that Majority Partners agrees to remove all moveable assets lying at premises as per the inventory and Reports of the Court Receiver, High Court, Bombay dated 14.09.2011 and 16.09.2011 and CTMS and digital equipment, at its cost and charges. It is further agreed by the Parties that the Court Receiver, High Court, Bombay appointed by an Order dated July 8, 2011, shall stand discharged without passing any accounts. It is agreed that the Binary Technologies Transfers Pvt. Ltd shall bear all the costs, charges, expenses and commission of the Court Receiver, High Court, Bombay. The Court Receiver shall refund all amounts to the Binary Technologies Transfers Pvt. Ltd after deducting its cost and charges. The Minority Partners confirms that they do not have any claim in respect of the amount deposited with the Court Receiver. This settlement is without prejudice to all the rights and contentions of parties in the Appeal pending before the Hon'ble Court.

The Company has investments in said fully owned subsidiaries namely Hathway Internet Satellite Pvt. Ltd. & Binary Technology Transfers Pvt. Ltd. of ₹ 0.01 (March 31, 2016 : ₹ 0.01, April 1, 2015 : ₹ 0.01) and ₹ 0.01 (March 31, 2016 : ₹ 0.01, April 1, 2015 : ₹ 0.01) and Loans and advance of ₹ 1.67 (March 31, 2016 : ₹ 1.59, April 1, 2015 : ₹ 1.59), ₹ 1.67 (March 31, 2016 : ₹ 1.59, April 1, 2015 : ₹ 1.59) respectively which has been fully provided for in the books. In view of the above facts, the Group has not consolidated the Firm.

B) Reasons for consolidation based on Management Accounts :

- i) The Company holds 51% in two of its joint ventures namely Hathway Sai Star Cable & Datacom Pvt Ltd. and Hathway Dattatray Cable Network Private Limited. There are certain operational disagreements with minority partners of these entities. The financial statements of these entities for past three years i.e. 2014-15, 2015-16 and 2016-17 have not been prepared and hence not audited. The Opening Consolidated Balance sheet as on April 1, 2015, Consolidated Financial Statement for the financial year 2015-16 and 2016-17 of the Group have been prepared based on draft accounts prepared and certified by the holding company.
- ii) The Company has interest of 49% in one of its Joint ventures namely Hathway Sukhamrit Cable & Datacom Pvt. Ltd. In the absence of availability of the Audited financials for the purposes of consolidation, the Opening Consolidated Balance sheet as on April 1, 2015, Consolidated Financial Statement for the financial year 2015-16 and 2016-17 are prepared by considering the Management Accounts of this joint venture.
- iii) The Company has a holding of 51% in some of its step down joint ventures namely Hathway CCN Multinet Pvt. Ltd., Hathway CCN Entertainment (India) Pvt. Ltd., Hathway CBN Multinet Pvt. Ltd. and has 70% holding in step down subsidiary namely Hathway CCN Multi Entertainment Pvt. Ltd. In the absence of availability of the Audited financials for the purposes of consolidation, the Opening Consolidated Balance sheet as on April 1, 2015, Consolidated Financial Statement for the financial year 2015-16 and 2016-17 are prepared by considering the Management Accounts of these joint ventures.

4.14 EXCEPTIONAL ITEMS

Pursuant to circular dated December 17, 2012 issued by the Delhi Entertainment Department, the MSOs were made responsible for collection and payment of Entertainment Tax for secondary points w.e.f. April 1, 2013. The Company challenged the constitutional vires of the said circular and filed writ petition in the matter before the High Court of Delhi. The High Court pronounced a favourable judgment stating that the liability to collect and deposit the Entertainment Tax for secondary points rests wholly and solely upon the LCOs, before and after March 31, 2013, as they are the Proprietor of their individual cable TV network, and not the MSOs. Accordingly, the Company has reversed provision of ₹ 9.70 made on account of Entertainment tax.

4.16 EMPLOYEE STOCK OPTION PLAN

The shareholders of the Company have approved Employee Stock Option Plan i.e. Hathway ESOP 2007 ("The Plan"). The Plan provides for issue of options (underlying equity share of ₹10 each) to the persons specified in the scheme at the price determined by the remuneration committee appointed by the Board of Directors. Price determined by the remuneration committee is in the range of ₹110.20 to ₹157.30.

The Options granted under the Plan shall vest within not less than one year and not more than five years from the date of grant of options. Under the terms of the Plan, 20% of the options will vest to the employees every year. Once the options vest as per the Plan, they would be exercisable by the Option Grantee at any time within a period of three years from the date of vesting and the shares received on exercise of such options shall not be subject to any lock-in period.

The value of the options granted is determined by the management based on the rates at which shares were allotted to the investors during the relevant year and the same has been considered as fair value of option.

- 4.17** The earlier discussion of demerger of the ISP Business Undertaking of the Company to the wholly owned subsidiary viz Hathway Broadband Pvt Ltd as of April 1, 2015 (the Appointed Date), which was pending before the High Court of Bombay, was withdrawn during the year after taking requisite approval from the shareholders.
- 4.18** The Board of Directors of 5 wholly owned subsidiaries of the Company viz. Hathway New Concept Cable and Datacom Private Limited, Hathway Krishna Cable Network Private Limited, UTN Cable Communications Private Limited, Hathway Software Developers Private Limited and Hathway Mysore Cable Network Private Limited have resolved, subject to necessary approvals, to demerge their cable television business to Hathway Digital Private Limited with effect from closing hours of March 31, 2017.
- 4.19** Pursuant to introduction of Digital Addressable System (DAS), in terms of TRAI Regulations the MSOs are required to inter alia enter into inter connect agreements with local cable operators in notified cities. The Company has not been able to complete the above process successfully in networks where there are cases of resistance from local cables operators. Pending execution of documents, income recognized is based on various underlying factors including rate charged by other MSO's, ongoing negotiations with cable operators etc. The management has reviewed the provisioning & confirmed it's adequacy.
- 4.20** In respect of one of the entities GTPL Hathway Limited, accounted as a Joint Venture (as per Ind AS 28) of the Company having many step-down entities, it was not practicable to draw up its consolidated financial statement up to March 31, 2017 within stipulated period in which the Company is required to publish its audited consolidated financial results. Accordingly, the management has considered audited consolidated financial statements of that Joint Venture for nine month period ended December 31, 2016. The management of the said Joint Venture has confirmed that there are no significant transactions and other events that occurred between January 1, 2017 and March 31, 2017 that require adjustments.
- 4.21** The Company has it's presence in various cities, which form part of phase III of DAS rollout in terms of MIB notification. Preparatory to DAS rollout dates, the Company had established required infrastructure. Since the management is hopeful of successful DAS implementation, the expenses on establishing infrastructure is considered as capital in nature.
- 4.22** There is an unclaimed share application money of ₹ 29,375 (Amount in ₹) required to be transferred to Investor Education and Protection Fund (IEPF). The Company is in process of transferring such amount to IEPF, in accordance with the provisions of section 125 of the Companies Act, 2013 and relevant rules thereunder.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Footnotes for Ind AS Adjustments

Note 1: Property, Plant and Equipment

The Group has availed the exemption available under Ind AS 101 to continue the carrying value for all of its Property, Plant and Equipment and Intangibles as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Note 2: Investment in equity instruments of other companies - Non current

Under previous GAAP, non current investment in equity instruments of other companies were measured at cost less provision for diminution (other than temporary). Under Ind AS, the Group has recognised such investments at FVTOCI through irrevocable option. On the date of transition to Ind AS, the difference between the fair value of Non-Current Investments as per Ind AS and their corresponding carrying amount as per financial statements prepared under previous GAAP, has resulted in decrease in the carrying amount of these investments which has been recognised directly in opening retained earnings.

Note 3: Current investments - Investments in Mutual funds

Under previous GAAP, current investment were measured at lower of cost or fair value. Under Ind AS, these investments have been classified as FVTPL on the date of transition.

Note 4: Loss allowance on Trade receivables

Under the previous GAAP, the Group has created provision for impairment of receivables consisting specific amount for incurred losses. Under Ind AS, impairment allowance has been determined based on Expected Credit Loss Model (ECL) which has led to an increase in the amount of provision as on the date of transition.

Note 5: Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly the Group has fair valued these security deposits under Ind AS and the difference between the fair value and the transaction value of the security deposit has been recognised as prepaid rent.

Note 6: Financial Corporate guarantee

The Group has issued corporate guarantee on behalf of its joint ventures for the borrowings taken by them. Under previous GAAP, financial guarantee contracts were not accounted for. The Group has recognised finance guarantee obligation at fair value with corresponding recognition in investments. Interest income is recognised with a corresponding reduction from Finance Guarantee Obligation.

Note 7: Defined benefit plans

Both under the previous GAAP and Ind AS, the Group recognised costs related to its post employment defined benefit plans on an actuarial basis. Under previous GAAP the entire cost, including actuarial gains and losses are charged to the Statement of Profit and Loss. Under Ind AS, remeasurement (comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income and the corresponding tax effect is also given in Other Comprehensive Income.

Note 8: Borrowings

Under previous GAAP, in case of fixed interest rate borrowings, transaction cost incurred were charged to statement of profit and loss on straight line basis over the tenure of the borrowings and the borrowings are measured as per their schedule of terms made. As per Ind AS 109, the transaction costs incurred towards origination of borrowings are deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the statement of profit and loss over the tenure of the borrowing as part of the interest expense by applying effective interest rate method (i.e amortised cost method). As per Ind AS 109, for variable interest rate borrowings, the transaction costs incurred towards origination of borrowings are deducted from the carrying amount of borrowings on initial recognition. Accordingly the unamortised balance of transaction cost has been deducted from the carrying amount of the borrowings as on the date of transition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 9: Derivative Instruments - Forward contracts

Under previous GAAP, there is concept of deferred premium/discount which is recognised based on difference between spot rate and forward rate and amortised over the tenure of the forward contract. Under Ind AS, forward contract is required to accounted at fair value. Accordingly, the Group has reversed deferred premium outstanding in the books of accounts.

Note 10: Loan given to Joint Ventures

Under previous GAAP, interest free loans given to joint ventures are accounted at their transaction value. Under Ind AS, the Company has discounted the interest free loans given to joint ventures with corresponding increase in the investment.

Note 11: Deferred tax

The previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using balance sheet approach which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Various transitional adjustments has resulted in recognition of temporary differences.

Note 12: Subsidiaries consolidated under previous GAAP classified as Joint venture

Based on control assessment carried out under Ind AS 110 Consolidated Financial Statements, certain entities are considered as to be joint ventures of the Group under Ind AS which under previous GAAP were considered as subsidiaries, because the Group does not have the power and exposure to variable returns and concluded that it has a joint control over such entities.

Note 13: Subsidiary consolidated under previous GAAP classified as Ind AS 109 investment

The Group has assessed that as per Ind AS 111 it does not have joint control one of the entity classified as subsidiary under previous GAAP. The Group concluded that it as investment under Ind AS 109 and hence accounted for the said entity as Investment designated as Fair value through other comprehensive income.

Note 14: Change in method for consolidation of Joint Venture

The Group has joint control over certain entities. Under previous GAAP, Group has proportionately consolidated its interest in such entities in the consolidated financial statements. On transition to Ind AS, the Group has accounted for interest in such entities using the equity method as against proportionate consolidation.

Note 15: Deferment of activation income

Under previous GAAP, activation income is recognized upfront as revenue. Under Ind AS, supply of services involving a non-refundable fee along with subsequent periodic payments for services in future are construed as linked transactions. All linked transactions where individual transactions have no commercial meaning on their own and occurrence of one is dependent on occurrence of another are to be evaluated on combined basis. Activation fee, which in substance is an advance payment for future services or the ongoing services being provided are essential to the subscribers receiving the expected benefit of the upfront payment of activation fee. Accordingly, activation fee is earned as services are provided over the term of the arrangement and need to be deferred over the expected customer relationship period (i.e. expected life of the customer).

Note 16: Other Comprehensive income

Under previous GAAP, the Group has not presented Other Comprehensive Income separately.

Note 17: Inclusion of Bank Overdraft for the purpose of Cashflow

Under Ind AS, bank overdrafts which are repayable on demand and form an integral part of the Group's cash management system and are included in cash and cash equivalents for the purpose of presentaion of Statement of Cashflows. Whereas under previous GAAP, there was no similar guidance and hence, bank overdrafts were considered similar to other borrowings and the movements therein were reflected in cashflows from financing activities.
