EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (“Act”) sets out all material facts relating to the business mentioned at Item Nos. 5 and 6 of the accompanying Notice dated August 28, 2017.

Item No. 5: Special Resolution to reaffirm the existing limit of ₹ 7,500 Crores for issue of Non-Convertible Debentures and/or Bonds of the Company

The Board is of the view that the existing limit of ₹ 7,500 Crores for issue of Non-Convertible Debentures (NCDs) and/or Bonds, is adequate for one more year and no increase in limit is being sought.

The shareholders of the Company at its Annual General Meeting held on September 26, 2016 had authorized the Company to issue Non-Convertible Debentures (NCDs) and/or Bonds, upto a limit of ₹ 7,500 Crores. However, in accordance with the applicable laws, the authorization is valid for one year from the date of approval i.e. upto September 25, 2017. Accordingly, approval of Members is being sought to reaffirm the authorization for issue of Non-Convertible Debentures (NCDs) and/or Bonds, upto a limit ₹ 7,500 Crores.

As on March 31, 2017, the outstanding NCDs issued by the Company stood at ₹ 2,373.24 Crores. NCDs represent one of the most cost-effective sources of funding and a reliable means of diversification of funding sources.

The breadth and depth of Indian debentures and securities market has increased and government focus on housing for all and infrastructure development has opened up new types of instruments and access to a wider set of investors for real estate and infrastructure companies.

Pursuant to and in terms of Section 42 of the Companies Act, 2013 read with the Rule 14(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, the Board of Directors of the Company, subject to shareholders’ approval, by way of a Special Resolution, which is required to be passed every year, can raise funds through issue of NCDs and/or Bonds, beyond September 25, 2017, on a private placement basis, upto one year from the date of shareholders’ approval to the resolution, as set out at Item No. 5 of this Notice.

Accordingly, approval of the Members is being sought by way of a Special Resolution as set out at Item No. 5 of this Notice, authorizing the Board to issue NCDs and/or Bonds, on a private placement basis, during a period of one year from the date of this Annual General Meeting (AGM) of the Company, upto an aggregate amount not exceeding the shareholders’ existing authorization of ₹ 7,500 Crores, which was approved by them in the last AGM held on September 26, 2016.

The Board accordingly recommends, passing of the Special Resolution, as set out at Item No. 5 of this Notice, for the approval of the Members of the Company.

None of the Promoters, Directors and Key Managerial Persons (KMPs) of the Company or any relatives of such Promoters, Directors or KMPs, are in any way concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of this Notice.

Item No. 6: Special Resolution for amendment in the Articles of Association of the Company as required by SEBI circular no. CIR/IMD/DF-1/67/2017 dated June 30, 2017

To comply with the provisions of SEBI circular bearing no. CIR/IMD/DF-1/67/2017 dated June 30, 2017, the Company is required to capture enabling provisions in its Articles of Association, to carry out any consolidation and re-issuance of debt securities, pursuant to and in terms of the provisions of Regulation 20A of the SEBI (Issue and Listing of Debt Securities) Regulations, 2008, as may be amended, from time to time. The SEBI circular stipulates that the enabling provisions should be obtained within six months from the date of the circular viz. June 30, 2017. The SEBI circular can be accessed at http://www.sebi.gov.in/legal/circulars/jun-2017/specifications-related-to-international-securities-identification-number-isins-for-debt-securities-issued-under-the-sebi-issue-and-listing-of-debt-securities-regulations-2008_35215.html.

The SEBI circular allows corporates a maximum of 17 International Securities Identification Numbers (ISINs) maturing in any financial year – a maximum of 12 ISINs for plain vanilla debt securities and a maximum of 5 ISINs for structured products/ market linked debt securities. If fresh issuances maturing in a financial year need to be made in excess of the 17 ISINs permitted in that year then prior issue(s) under one or more of the existing ISINs need to be reissued. However, to carry out such consolidation and re-issuance of debt securities, clause (a) of Regulation 20A of the SEBI (Issue and Listing of Debt Securities) Regulations, 2008 <http://www.sebi.gov.in/sebi_data/commndocs/ilds.pdf> requires an enabling provision in the Articles of Association. The SEBI circular also stipulates that the enabling provision should be obtained within six months.

SEBI's purpose of limiting the ISINs is to increase float against each ISIN thereby enhancing liquidity, which is essential for development of the secondary market in bonds. This is in keeping with the recommendations of a Working Group set up by the Government of India's Financial Stability and Development Council Sub-committee (FSDC-SC) to suggest measures to develop India's corporate debt market.

Pursuant to and in terms of the provisions of Section 14 of the Companies Act, 2013, any alteration in the Articles of Association of the company requires shareholders' approval, by way of a Special Resolution.

Accordingly, the approval of Members is being sought by way of a Special Resolution as set out at Item No. 6 of this Notice, authorizing for alteration in the Articles of Association of the Company and consequential insertion of a new Article no. 73A after the Article no. 73, in the Articles of Association of the Company.

A copy of the Articles of Association with the proposed changes is available at the registered office & corporate office of the Company for inspection by Members from Monday to Friday from (9:30 a.m. to 5:30 p.m.) till the date of the Annual General Meeting and is also updated on the Company's website <https://www.indiabullsrealesatate.com>.

The Board accordingly recommends, passing of the Special Resolution, as set out at Item No. 6 of this Notice, for the approval of the Members of the Company.

None of the Promoters, Directors and Key Managerial Persons (KMPs) of the Company or any relatives of such Promoters, Directors or KMPs, are in any way concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of this Notice.

Forward-looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward looking statements, whether as a result of new information, future events or otherwise.

Company's land bank and Company's project means the consolidated land bank and project of the Company as consolidated entity alongwith all its subsidiaries.

CHAIRMAN'S MESSAGE

Dear Shareholders,

India continues to hold its position as the world's fastest growing G-20 economy, on the back of improved investor confidence and better policy reforms. It looks set to be a bumper year for India in 2017 when it comes to real estate and the economy as a whole. The nation has shot to the top of the list of preferred destinations for real-estate investment in the eyes of major institutional investors. It is also the fastest-growing major economy, set for growth of 7.0% next year after this year's projected 7.2%, according to estimates available. That's ahead of China's 6.7% growth by almost a full percentage. And it is greater domestic consumption that is driving India's improvement, implying a growing middle class desiring to own a house of their own, consistent with their financial status and aspirational life style. The growth of real estate sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations.

Regulatory framework - key reforms

- **GST:** Last year, in my speech, I had alluded to the fact that Goods and Services Tax (GST), which was in the works at that time, was expected to benefit the real estate industry, though the impact will depend on the final GST rate. I must confess that at 12%, the GST rate is a bit of a dampener for the real estate sector. However, it's expected to significantly benefit the low cost housing as developers would see lesser burden of tax on input items like cement and steel, as tax credits would be available for set off at various stages. This can lead to lower construction costs for developers across all asset classes, which could likely be passed on to property buyers.
- **Demonetization:** The recent demonetization initiative to render higher-valuation notes worthless is designed to drive cash from the "grey economy" into the mainstream. That is likely to slow down the growth temporarily, but in the long run, driving "black money" into the real economy is likely another long-run driver of growth.
- **RERA:** Throughout 2017, the number of new residential project launches was lower than units sold. With all states staring at the approaching deadline to implement their versions of the Real Estate Regulation & Development Act (RERA), most of them will definitely fall in line. This landmark law will enforce hitherto unprecedented transparency and accountability requirements for developers into the system, and do a lot to increase consumer confidence.

Outlook

Thanks to changes in its regulatory framework, India is now way more attractive to both global and Indian investors. Increased consolidation and transparency - and the launch of REITs (Real Estate Investment Trusts) this year - will further whet their appetites for getting a piece of the Indian real estate pie. Keeping in mind the factors like rising income level of people, people of all age group interested in Real Estate as an investment, predicted growth in the manufacturing and the service sectors, affordable housing taking pace etc., we at Indiabulls believe that the year of 2018 will revive the lost confidence and have a positive impact on the business environment of Real Estate. With the lowering down of the rentals and the increased foreign investments in India, we are already witnessing a hike in interest in commercial spaces in 2017.

With the government taking initiatives to re-build the trust in the consumers' mind and ensuring that their investments are not misused, the Real Estate (Regulation & Development) Act, will ensure that the developers avoid delays in the completion of the projects and may focus on the completion of the on-going projects before launching new ones.

We can also expect to see a shift in the Real Estate sector on the backdrop of technological advancement. Technology is pushing change in space use, locations and demand levels at an accelerated pace. But it is now the norm to anticipate, strategize and respond to new technologies before they are in mainstream. I am happy today that your Company is ahead of the curve in embracing in new technology.

Founder & Chairman

CHAIRMAN'S MESSAGE (Contd.)

Performance overview

Given the overall slowdown in the sector for the last couple of years, your company too has not remained totally insulated from the current sentiment in the real estate market, but still braving the indifference surrounding the sector, and unnerved by the slowdown, we are aiming high with a perfect blend of caution, diligence and evaluation of all the potential opportunities. We have maintained our focus on speedy execution, maintaining a moderate level of debt, and keeping costs under control.

Key highlights: sustaining growth

The current economic environment is extremely challenging; competitive intensity remains high and is likely to increase. However, we remain committed to drive the business towards delivering consistent, competitive, profitable and responsible growth. I am happy to share some of the key highlights as follows:

- Profit after Tax (PAT) ₹ 397 Crores in FY-17 vs. ₹ 296 Crores in FY-16
- Earnings per share (EPS) increased to ₹ 8.66 in FY-17 vs. EPS of ₹ 7.26 in FY-16.
- Maintained Credit rating of AA-, highest amongst its real estate developer peers
- Gross Development Value of ongoing and planned projects is ₹ 34,916 (last year was ₹ 34,566 Crores) at the end of FY-17.

With new project launches planned in the current year, the outlook for the ensuing year looks much brighter.

Land Bank: key to future profitability

The Company through acquisitions and Government allotments has established a sizeable land bank in preferred locations at competitive prices. The Company has fully paid land bank of 1,046 acres in key cities across India, of which more than 95% of the Land Bank is in high value super-metro cities – Mumbai (MMR), National Capital Region (NCR) and Chennai, and which is sufficient for proposed development over the next 5-7 years. In addition to the said land bank of 1,046 acres, the Company also possesses 2,588 acres of SEZ land in Nashik, Maharashtra.

Ongoing projects gained momentum

Undeterred by the current slowdown, your company has been steadily expanding its presence in Tier I and Tier II cities. Presently, your company is developing both residential and commercial projects mainly concentrating in metros and Tier I cities. Company's ongoing projects have 39.2 million square feet saleable area with a gross development value of approximately ₹ 34,916 Cr. Each project bears a stamp of thoughtful solutions, highest quality and an optimum mix of different categories and is a testimony of Company's diversified portfolio across price segments.

During the year under review, our various existing projects gained momentum, while we deferred any new launches given the tepid market conditions.

- **'Sky'** – Our first high end luxury housing development in the South central Mumbai (Lower Parel) has received Occupation certificate, and its handover has been almost completed with customers starting to move in.
- **'Panvel Greens'** - first large-scale residential development to get Occupation Certificate from CIDCO-NAINA. Almost entire Phase 1 of our integrated housing project at Panvel, called 'Indiabulls Greens' has been sold out, with very little inventory left out of the existing stock. Handover of first six towers has commenced.
- **'Golf', Savroli'** - positioned as a weekend second home for the life style oriented, is also generating enthusiastic response. With civil construction almost over for most buildings in phase 1, we have applied for partial OC for first 16 buildings.
- **'Blu Estate & Club'** - the most sought after project in Mumbai, is creating new benchmark in the city. A very high-end sales lounge and a show flat have been built at the site, which reflect the experience buyers will enjoy on possession. With the acquisition of 1.93 acres land parcel next to the project, the project has now got direct access from Dr E Moses road, adjacent to Four Seasons hotel. With civil construction in nearing completion, delivery to begin from FY 18-19.

CHAIRMAN'S MESSAGE (Contd.)

- **'Chennai Greens'**- our flagship project down south, is an integrated township of over 50 acres. While Phase 1 of the project was delivered in May 2013, the long awaited CMDA approval for 2.5 FSI was received last year. This would permit the Company to construct the 19 story towers in Phase 2 of the project. We hope to start delivery of Phase 2 from early next year and complete by 2019.
- **Gurugram projects** - emphasis placed on execution during the previous financial year was continued this year also, and we have applied for Part Occupation Certificate of completed towers of **'Centrum Park'** and **'Enigma'** projects. Construction of One Indiabulls (Retail & Office space) project in Sector 109, Gurugram and **'Mint'** project in Sector 104, Gurugram is proceeding on schedule. Dwarka Expressway having been designated 'National Highway' by NHAI, will be an impetus for the Gurugram projects.
- **Central London** - Besides the above, your Company also soft launched the 22, Hanover Square, London, a unique luxury & residential project with total saleable area of 0.10 million sqft with gross development value of approx. ₹ 5,200 Cr. The Company has already booked sales worth ₹ 140 crore in the project in Q1 of 2017-18.

Our commitment and belief

It's testament to our commitment to your Company's long term future, and my strong conviction in its intrinsic strength and growth story that your Company has, through one of its subsidiaries, has acquired the entire stake in 'India Land and Properties Ltd' for ₹ 685 crore, thereby owning a commercial complex of 3 towers with a total constructed area of 2.67 million sqft and leasable area of about 2 million sqft spread over 8.84 acres in Chennai. This project, designed in compliance with National Building Codes by internationally acclaimed Ms Zaha Hadid, UK, will provide further heft to our commercial and leasing portfolio. This will provide a significant fillip to our 'Commercial and leasing' portfolio.

Before I conclude, I wish to place on record the sincere dedication and hard work of our employees, which has enabled your Company to hold its head high even in these challenging times. I am also grateful to our bankers, business associates and shareholders for their support and cooperation.

Thank you!

Sameer Gehlaut
Founder & Chairman

Disclosures on Managerial Remuneration

Details of remuneration as required under Rule 5.1 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, are as under:

1. Ratio of the remuneration of each director to the median employees' remuneration, for FY 2016-17

Name and Designation	Ratio of remuneration to the median employees' remuneration
N.A.	N.A.

No remuneration was paid to any Executive Director(s), from the Company, during the Financial Year 2016-17 and hence, not forming part of this clause.

2. Percentage increase in remuneration of each director and Key Managerial Personnel, in FY 2016-17

Name and Designation	Increase in Remuneration (%)
Company Secretary	No change

No remuneration was paid to any Director(s) and other KMP(s), from the Company, during the Financial Year 2016-17, hence not forming part of this clause.

3. The percentage increase in the median remuneration of employees in the FY 2016-17

The percentage increase in the median remuneration of all the employees (including KMP(s), if any), computed on the basis of median remuneration for FY 2016-17 and FY 2015-16 was 32.25%.

4. Number of permanent employees on the rolls of Company

The Company had 25 permanent employees on its rolls, as of March 31, 2017.

5. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration

The average percentile increase made in the salaries of total employees other than the key managerial personnel, for FY 2016-17 is 23.29%, while the average increases in the remuneration of key managerial personnel is 0.00%. This increment is in line with the factors outlined above.

The Company reiterates that there were no exceptional circumstances which warranted an increase in managerial remuneration, which was not justified, by the overall performance of the Company.

It is hereby affirmed that the aforesaid remuneration paid by the Company, is as per the Remuneration Policy for Directors, Key Managerial Personnel and other employees of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC AND INDUSTRY REVIEW

With the projected Annual Growth Rate of 7.2% during the year, the Indian economy is amongst the fastest growing economies of the World. As one of the largest contributors to India's GDP, accounting for around 8%, the construction sector generates the highest level of direct and indirect employment for about 40 million people and creates 2.7 new jobs indirectly for every lakh invested.

The demand for housing remains robust with strong demographic drivers like a young and expanding working population, rising urbanization, and increasing nuclearisation of families. An already existing urban housing shortage makes this demand all the more pronounced. The surging liquidity into formal channels led to a steep drop in home loan rates thereby increasing affordability. Commercial office space absorption was at an all-time high. The demand was robust across key micro-markets, and also sectorally broad-based. Resultantly, office vacancy slipped to an eight-year low.

The much-awaited Real Estate (Regulation and Development) Act, 2016 (RERA) came into effect from May 1st, 2017 for protecting the interests of consumers, and promoting the growth of real estate sector in an environment of trust, confidence, and transparency. It will ensure developers get their projects registered with RERA, before sale commencement and only after obtaining all necessary clearances/approvals. It will further boost foreign/ domestic investment due to improved transparency.

The long-awaited and transformational Goods and Services Tax (GST) amendment was rolled out on July 1st, 2017. GST will create a common Indian market and is widely expected to improve tax compliance, boost investment and growth, and improve supply chain efficiency.

The Securities and Exchange Board of India (SEBI) had notified the regulations that will govern real estate investment trusts (REITs) and infrastructure investment trusts (InvITs). It will create a new investment avenue for institutions, high net worth individuals, and investors.

Residential Real Estate sector went through a critical transformational phase post demonetisation. The surging liquidity into formal channels led to a steep drop in home loan rates. It will increase participation from institutional players as the operating environment became more transparent.

The Government has initiated many infrastructure developments in Mumbai & MMR -

- Mumbai Metro - different Phases
- Navi Mumbai International Airport
- Mumbai Trans Harbour Link
- Coastal Road

NHAI has granted a National Highway status to the Northern Peripheral Road (Dwarka Expressway). It is a major growth impetus for projects along the arterial road.

OUTLOOK:

India has attracted a record US\$ 5.7 Bn in FDI Inflow in real estate, besides receiving US\$ 32 Bn in PE funding. The nation has shot to the top of the list of preferred destinations for real-estate investment in the eyes of major institutional investors. Increased consolidation, transparency, Infrastructure Development and the launch of REITs (Real Estate Investment Trusts) will further accelerate investment into India.

Land does not equal to Real Estate Development will be the reality. The Real Estate (Regulation & Development) Act, 2016, will ensure that the developers avoid delays in project completion. The RERA Act will definitely impact unorganized developers, however it will be a positive differentiator for the organized players, like Indiabulls Real Estate Limited, who have the financial discipline, launch projects only after requisite approvals, and have a track

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

record of timely completion of projects. It will open up new JV partnership opportunities between land owners, and established real estate companies.

All these major reforms will benefit established players, with proven track record.

Outlook: Commercial Real Estate

- Increased participation by Foreign Institutional Investors.
- Limited Supply pushing up Rentals in key micro-markets.
- Operating Model shifted from Sales to Lease and maintenance.
- Increased Demand from BFSI, IT/ITes & other sectors.

Outlook: Residential Real Estate

- Demand for projects with key micro-market differentiators.
- Increased partnership between land owners & established real estate developers.
- Demand for Projects with infrastructure proximity.

COMPANY'S BUSINESS OVERVIEW

Indiabulls Real Estate is one of the largest real estate companies in India with Net worth of ₹ 5,480 crores, with a well-diversified presence in both commercial and residential real estate development and has projects across the price spectrum, from mid-income, premium to the super luxury space. Geographically, the company's strategic focus is in key markets of Mumbai Metropolitan Region (MMR), National Capital Region (NCR), and Chennai in India. In addition, all our projects benefit from surrounding infrastructure developments like the Mumbai Metros, Dwarka Expressway, Trans-harbour sea link, Navi Mumbai International Airport, etc.

INDEPENDENT AUDITOR'S REPORT

To the Members of Indiabulls Real Estate Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Indiabulls Real Estate Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associates, which comprise the Consolidated Balance Sheet as at 31 March 2017, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit (consolidated financial performance including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The Holding Company's Board of Directors and the respective Board of Directors/management of the subsidiaries included in the Group, and its associates are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms of the provisions of the Act, the respective Board of Directors/management of the companies included in the Group and its associate companies covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments

and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.
4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us and based on reports of other auditors referred to in paragraph 9 of the Other Matter(s) paragraph below, is sufficient and appropriate to provide a

basis for our audit opinion on these consolidated financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and associates, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (consolidated financial position) of the Group and its associates as at 31 March 2017, and their consolidated profit (consolidated financial performance including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matters

9. We did not audit the financial statements of certain subsidiaries, whose financial statements reflect total assets (after eliminating intra-group transactions) of ₹ 1,536,367.49 lakhs and net assets (after eliminating intra-group transactions) of ₹ 385,164.79 lakhs as at 31 March 2017, total revenues (after eliminating intra-group transactions) of ₹ 134,845.73 lakhs and net cash inflows amounting to ₹ 11,040.54 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group’s share of net profit (including other comprehensive income) of ₹ 220.07 lakhs for the year ended 31 March 2017, as considered in the consolidated financial statements, in respect of certain associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements and our report on other legal and regulatory requirements below, are not modified

in respect of the above matters with respect to our reliance on the work done by other auditors and reports of the other auditors.

Further, of these subsidiaries, certain subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company’s management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company’s management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

10. The Holding Company had prepared separate sets of consolidated financial statements for the year ended 31 March 2016 and 31 March 2015 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) on which we issued auditor’s reports dated 25 April 2016 and 21 May 2015 respectively. These separate sets of consolidated financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

11. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report(s) of the other auditor(s) on separate financial statements and other financial information of the subsidiaries and associates, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements

have been kept so far as it appears from our examination of those books and the reports of the other auditors;

- c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act;
- e) On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies and associate companies covered under the Act, none of the directors of the its subsidiary companies and its associate companies covered under the Act, are disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and associate companies covered under the Act and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and associates:
 - (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates as detailed

in Note 42A(ii), Note 42A(iii) and Note 42A(iv) to the consolidated financial statements;

- (ii) The Group and its associates did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by subsidiary and associate companies incorporated in India; and
- (iv) These consolidated financial statements have made requisite disclosures as to holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 by the Holding Company, its subsidiary companies and associate companies covered under the Act. Based on the audit procedures performed and taking into consideration the information and explanations given to us and on consideration of the reports of the other auditors on separate financial statements and other financial information, in our opinion, these disclosures are in accordance with the books of account maintained by the respective companies.

Annexure A to the Independent Auditor's Report of even date to the members of Indiabulls Real Estate Limited, on the consolidated financial statements for the year ended 31 March 2017

Annexure A

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated financial statements of the Indiabulls Real Estate Limited ("the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries together referred to as "the Group") and its associates as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting (IFCoFR) of the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the respective company's business, including adherence to the respective company's policies, the safeguarding of the respective company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its subsidiary companies and its associate companies as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on

Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, its subsidiary companies and its associate companies as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of

management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

9. We did not audit the IFCoFR insofar as it relates to certain subsidiary companies, which are companies incorporated in India, whose financial statements

reflect total assets (after eliminating intra-group transactions) of ₹1,342,735.86 lakhs and net assets (after eliminating intra-group transactions) of ₹329,877.68 lakhs as at 31 March 2017, total revenues (after eliminating intra-group transactions) of ₹130,316.59 lakhs and net cash outflows amounting to ₹483.38 lakhs for the year ended on that date; and associate companies, which are companies incorporated in India, in respect of which, the Group's share of net profit of ₹220.07 lakhs for the year ended 31 March 2017 has been considered in the consolidated financial statements. Our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, under Section 143(3)(i) of the Act insofar as it relates to the aforesaid subsidiaries and associates, which are companies incorporated in India, is solely based on the corresponding reports of the auditors of such companies. Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and the reports of the other auditors.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017

1. Nature of principal activities

Indiabulls Real Estate Limited ('the Holding Company') was incorporated on 04 April 2006 with the main objects of carrying on the business of real estate project advisory, investment advisory, project marketing, maintenance of completed projects, engineering, industrial and technical consultancy, construction and development of real estate properties and other related and ancillary activities. The Holding Company is domiciled in India and its registered office is situated at M-62 and 63, First Floor, Connaught Place, New Delhi – 110001.

Indiabulls Real Estate Limited ('the Holding Company'), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") in the following notes.

2. General information and statement of compliance with Ind AS

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 (by Ministry of Corporate Affairs ('MCA')). The Group has uniformly applied the accounting policies during the periods presented.

For all periods up to and including the year ended 31 March 2016, the Group has prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP). These consolidated financial statements for the year ended 31 March 2017 are the first which the Group has prepared in accordance with Ind AS. For the purpose of corresponding figures, set of consolidated financial statements for the year ended 31 March 2016 and opening balance sheet as at 1 April 2015 are also prepared under Ind AS.

The consolidated financial statements for the year ended 31 March 2017 were authorized and approved for issue by the Board of Directors on 27 April 2017.

3. Basis of accounting

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Certain financial assets and financial liabilities are measured at fair value and are categorised into level 1, level 2 and level 3 based on the degree to which the inputs to the fair value measurements are observable.

4. Recent accounting pronouncement

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' The amendments are applicable to the Group from 1 April 2017.

Amendment to Ind AS 7

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The Group is evaluating the requirements of the amendment and its impact on the financial statements.

Amendment to Ind AS 102

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that includes a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement. The Group is evaluating the requirements of the amendment and its impact on the financial statements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5. Summary of significant accounting policies

The consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These were used throughout all periods presented in the financial statements, except where the Group has applied certain accounting policies and exemptions upon transition to Ind AS.

5.1 Basis of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group has power over the investee and is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group has power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date when control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable. All the consolidated subsidiaries have a consistent reporting date of 31 March 2017.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains/(losses) on transactions between group companies are eliminated. The accounting principles and policies have been consistently applied by the Group.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including each component of OCI) is attributed to the equity holders of the Holding Company and to the non-controlling interests basis the respective ownership interests and the such balance is attributed even if this results in the non-controlling interests having a deficit balance.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. Such a change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

Associates

Investment in entities where exists significant influence but not a controlling interest are accounted for under the equity method i.e. the investment is initially recorded at transaction value, identifying any goodwill/capital reserve arising at the time of acquisition, as the case may be, which will be inherent in investment. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the investee, adjusted where necessary to ensure consistency with the accounting principles and policies of the Group. The consolidated statement of profit and loss (including other comprehensive income) includes the Group's share of the results of the operations of the investee. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment. The Group discontinues the use of equity method from the date when investment ceases to be an associate.

5.2 Business combination

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred by the former owners of the acquired entity. Acquisition costs are generally recognized in the statement of profit and loss as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their acquisition-date fair values.

Goodwill is initially measured as excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred and where exists clear evidence of underlying reasons of classifying business combinations as bargain

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

purchase, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

Business combinations involving entities or businesses under common control have been accounted for using the pooling of interests method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments have been made to reflect fair values, or to recognise any new assets or liabilities.

On transition to Ind AS

Ind AS 103 'Business Combinations' has not been applied to acquisitions of subsidiaries, or of interests in associates that occurred before the transition date. Previous GAAP carrying amount of goodwill/capital reserve has been carried under Ind AS.

5.3 Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and it can be reliably measured. Revenue is measured at the fair value of the consideration received/receivable net of rebate and taxes. The Group applies the revenue recognition criteria to each nature of the revenue transaction as set out below.

Revenue from real estate projects

Revenue from real estate projects under development is computed on the percentage of completion method. Revenue is recognized in the financial year in which the agreement to sell or application forms (containing salient terms of agreement to sell) is executed, on the percentage of completion method which is applied on a cumulative basis in each accounting year to the current estimate of contract revenue and related project costs, once the conditions specified in 'Guidance Note on Accounting for Real Estate Transactions' are satisfied.

The estimates of the saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period such changes are determined. However, when the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately.

Revenue from sale of land and plots

Revenue from sale of land and plots is recognised in the year in which the underlying sale deed is executed and there exists no uncertainty in the ultimate collection of consideration from buyers. Where there are any remaining substantial obligations as per agreements, revenue is recognised on 'percentage of completion method' as explained above.

Revenue from construction contracts

Revenue and related expenditures in respect of short-term works contracts that are entered into and completed during the year are accounted for on accrual basis as they are earned. Revenue and related expenditures in respect of long-term works contracts are accounted for on the basis of 'Percentage of Completion Method'. In case of cost plus contracts, revenue is recognised as per terms of specific contract, i.e. cost incurred plus an agreed profit margin.

Service revenue

Income from real estate advisory services is recognized on accrual basis when services are completed, except in cases where ultimate collection is considered doubtful.

Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Interest on delayed receipts, cancellation/forfeiture income and transfer fees from customers are recognized on accrual basis except in cases where ultimate collection is considered doubtful.

Base rent and amenities income

Base rent and amenities income are recognised on a straight-line basis over the term of the lease, except for contingent rental income which is recognised when it arises. Base rent comprises rental income earned from the operating leases and finance lease of the owned properties. Amenities income is rental revenue earned from the letting of space at the properties for amenities (including canteen space and business centre) is recognized in the period in which the services are being rendered.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Land lease income

Upfront lease premium received/receivable is recognized on operating lease basis i.e. on straight line basis over the lease term of the lease/sub-lease arrangement. Annual lease rentals are recognized on an accrual basis.

Operations and maintenance income

Income arising from charges to tenants is recognised in the period in which the services are being rendered.

Car parking income

Car park income is recognised in the period in which the services are rendered.

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders of the investee entity approve the dividend.

Unbilled receivables

Unbilled receivables represents revenue recognized based on percentage of completion method as per policy on revenue from real estate projects. The amount represents excess of revenue recognised over and above the amount due as per the payment plans agreed with the customers.

5.4 Inventories

Land other than that transferred to real estate projects under development is valued at lower of cost or net realizable value.

Real estate project under development includes cost of land under development, internal and external development costs, construction costs, and development/construction materials, borrowing costs and related overhead costs and is valued at lower of cost or net realizable value.

Construction materials, stores and spares, tools and consumable are valued at lower of cost or net realisable value, on the basis of first-in first-out method.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs of necessary to make the sale.

5.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss as incurred.

5.6 Property, plant and equipment (PPE)

Recognition and initial measurement

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II to the Companies Act, 2013,

Asset class	Useful life
Building –temporary structures	1 – 3 years
Plant and equipment	12 – 15 years
Office equipment	5 years

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Computers	3 – 6 years
Furniture and fixtures	10 years
Vehicles	8 years
Ships	13 years

Leasehold improvements

Leasehold improvements have finite useful life and, therefore, are capitalised separately and amortised over the remaining life of the lease or the estimated useful life of the improvements. Presently, the estimated useful life of the assets is less than the remaining useful life of the lease and is as below:

Asset class	Useful life
Boundary wall	5 years
Water pipeline	12 years
Road	10 years
Electrical work	10 years

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in statement of profit and loss when the asset is derecognised.

5.7 Investment properties

Recognition and initial measurement

Investment properties are held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

Subsequent measurement (depreciation and useful lives)

Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II to the Companies Act, 2013,

Asset class	Useful life
Buildings and related fixtures	
Buildings	60 years
Fixtures	10 years
Plant and equipment	12 – 15 years

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

De-recognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of de-recognition.

5.8 Intangible assets

Recognition and initial measurement

Intangible assets (softwares) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (amortisation)

The cost of capitalized software is amortized over a useful life of 3 to 4 years from the date of its acquisition.

5.9 Leases

Where the Group is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Lease other than finance lease is treated as operating lease. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, except when the lease rentals, increase are in line with general inflation index

Where the Group is the lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

5.10 Impairment of non-financial assets

At each reporting date, the Group and its associate companies assesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5.11 Financial instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

Subsequent measurement

- i. **Debt instruments at amortised cost** – A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. **Equity investments** – All equity investments in scope of Ind AS 109 Financial Instruments ('Ind AS 109') are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

- iii. **Mutual funds** – All mutual funds in scope of Ind AS 109 are measured at fair value through profit and loss (FVTPL).

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted.

Subsequent measurement – Amortised cost

Subsequent to initial recognition, most of the liabilities are measured at amortised cost using the effective interest method.

Initial and subsequent recognition and measurement – fair value

A financial liability is classified as fair value through profit and loss ('FVTPL') if it is designated as such upon initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains/losses, including any interest expense are recognised in statement of profit and loss.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Put option

One of the subsidiary company of the Group has written put options over its equity (non-controlling interests) which permits the holderto put their shares in the subsidiary company back to the subsidiary company at their

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

fair value on specified dates. The amount that may become payable under the option on exercise is recognised at the present value of the redemption amount within borrowings with a corresponding charge directly to equity. The related charge in equity has been adjusted with non-controlling interests in consolidated financial statements.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.12 Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Group applies approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised for trade receivables.

Other financial assets

For recognition of impairment loss on other financial assets, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

5.13 Foreign currency

Functional and presentation currency

The consolidated financial statements are presented in Indian Rupee ('INR') which is also the functional and presentation currency of the Holding Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

Translation of foreign operations

Functional and reporting currencies of foreign operations are different from the reporting currency of the Holding Company. In respect of foreign operations, assets and liabilities are translated at the exchange rate prevailing at the date of the balance sheet. The items in the statement of profit and loss are translated at the average exchange rate (that approximates the actual exchange rates) during the year. The exchange difference arising out of the translation are recognized in other comprehensive income and are accumulated as foreign currency translation reserve, in the balance sheet until the disposal of the net investments at which time they are recognised as income or as expenses.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5.14 Income taxes

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences (including differences arising on account of consolidation) between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

5.15 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits, other short-term highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

5.16 Employee benefits

Defined contribution plan

The Group's contribution to provident fund and employee state insurance schemes is charged to the statement of profit and loss or inventorized as a part of real estate project under development, as the case may be. The Group's contributions towards Provident Fund are deposited with the Regional Provident Fund Commissioner under a defined contribution plan.

Defined benefit plan

The Group has unfunded gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognised in the balance sheet for defined benefit plans as the present value of the defined benefit obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability are included in other comprehensive income.

Other long-term employee benefits

The Group also provides benefit of compensated absences to its employees which are in the nature of long-term benefit plan. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Short-term employee benefits

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

5.17 Share based payments

Share based compensation benefits are provided to employees via Employee Stock Option Plans (ESOPs). The employee benefits expense is measured using the fair value of the employee stock options and is recognised over vesting period with a corresponding increase in equity. The vesting period is the period over which all the specified vesting conditions are to be satisfied. On the exercise of the employee stock options, the employees of the Group will be allotted equity shares of the Holding Company.

Transition to Ind AS

On transition to Ind AS, the Group has elected to not consider the charge related to employee stock options for which the vesting period is already over.

5.18 Provisions, contingent liabilities and contingent assets

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

5.19 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

5.20 Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures.

Significant management judgements

Recognition of deferred tax assets– The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – The Group enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Recoverability of advances/receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit losses on outstanding receivables and advances.

Defined benefit obligation (DBO)– Management’s estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Provisions – At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However the actual future outcome may be different from this judgement.

Significant estimates

The following are significant estimates in applying the accounting policies of the Group that have the most significant effect on the financial statements.

Revenue and inventories – The Group recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which further require assessments and judgements to be made on changes in work scopes, claims (compensation, rebates etc.) and other payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the Group used the available contractual and historical information.

Useful lives of depreciable/amortisable assets – Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilization of asset.

Fair value measurements– Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm’s length transaction at the reporting date.

Valuation of investment property – Investment property is stated at cost. However, as per Ind AS 40 there is a requirement to disclose fair value as at the balance sheet date. The Group engaged independent valuation specialists to determine the fair value of its investment property as at reporting date.

The determination of the fair value of properties requires the use of estimates such as future cash flows from the assets (such as lettings, future revenue streams, capital values of fixtures and fittings, any environmental matters and the overall repair and condition of the property) and discount rates applicable to those assets. In addition, development risks (such as construction and letting risk) are also taken into consideration when determining the fair value of the properties under construction. These estimates are based on local market conditions existing at the balance sheet date.

*These plant and equipments are ancillary to buildings

In February 2017, one of the subsidiary company had been informed that the permissible height of the residential structure cannot exceed 163 metres versus 327 meters that the subsidiary company applied for due to non-receipt of No Objection Certificate from the Airport Authority of India. Based on this event, the management has done an assessment that the best use of the land would be to change the use of land from residential to commercial. Architect certificate certifies that the commercial building can be developed at the current plot of residential building as per the Municipal Corporation of Greater Mumbai Development Control Regulations ("MCGM DCR"). Further, the commercial tower would be constructed on the existing public parking structure and therefore there is no demolition required for the current structure. Accordingly, out of additions of ₹ 80,702.36 lakhs disclosed above, ₹ 71,099.28 lakhs are on account of reclassification from inventory.

(i) Nature and purpose of other reserves

Securities premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with provisions of the Companies Act, 2013.

Deferred employee compensation reserve

The reserve is used to recognized the expense related to stock options issued to employees under Holding Company's employee stock option plans.

Debenture redemption reserve

The Holding Company is required to create a debenture redemption reserve out of the profits which are available for redemption of debentures.

Capital reserve

The Holding Company has issued share warrants in the earlier years. This reserve is created on account of forfeiture of share application money received on account of issuance of share warrants as share warrants holders did not exercise their rights.

Capital redemption reserve

The same has been created in accordance with provisions of the Companies Act for the buy back of equity shares from the market.

Capital reserve on consolidation

This is on acquisition and/or disposal/dilution of investment in subsidiaries/associates by the Group at different point in time. It has resulted in a capital reserve on consolidation (after netting off goodwill arising on such acquisitions and/or disposals).

General reserve

The Holding Company is required to create a general reserve out of the profits when the Company declares dividend to shareholders.

Earnings per share (EPS)

The Group's Earnings per Share ('EPS') is determined based on the net profit attributable to the shareholders' of the Holding Company. Basic earnings per share is computed using the weighted average number of shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year including share options, except where the result would be anti-dilutive. Weighted average number of equity shares includes the impact of buy back of equity shares during the year.

Fair value measurement

(i) Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: unobservable inputs for the asset or liability.

(ii) Financial assets and financial liabilities measured at fair value – recurring fair value measurements

(iii) Valuation process and technique used to determine fair value

Financial assets -

- Traded (market) price basis recognised stock exchange for quoted equity instruments.
- Use of net asset value for mutual funds on the basis of the statement received from investee party.
- For unquoted equity instruments (except one mentioned in point (d) below), optionally convertible preference shares and optionally convertible debentures, the Group has used adjusted net asset value method which factors fair value of assets and liabilities of investee entity with an adjustment of factors such as lack of liquidity, time elapsed from date of investment etc.
- One of the unquoted equity instruments is measured using net present value of future cash flow (income approach) discounted at a rate to reflect the risk involved in the business and other critical factors.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Financial liabilities -

The fair value is estimated using net present value of future cash flows using discount rate which reflect the opportunity cost to all capital providers arrived on market participation basis.

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

* These financial assets are mandatorily measured at fair value.

These financial assets represents investment in equity instruments designated as such upon initial recognition.

ii) Financial instruments measured at amortised cost

For amortised cost instruments, carrying value represents the best estimate of fair value.

iii) Risk Management

The Group’s activities expose it to market risk, liquidity risk and credit risk. The Group’s board of directors has overall responsibility for the establishment and oversight of the Group’s risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

(A) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Group. The Group’s exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Group continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

a) Credit risk management

i) Credit risk rating

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

Asset group	Basis of categorisation	Provision for expenses credit loss
A: Low credit risk	Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss/Life time expected credit loss
B: Moderate credit risk	Loans and other financial assets	12 month expected credit loss
C: High credit risk	Trade receivables	Life time expected credit loss or fully provided for

In respect of trade receivables, the Group recognises a provision for lifetime expected credit loss.

Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Expected credit loss for trade receivables under simplified approach

Real estate business receivables

The Group considers provision for lifetime expected credit loss. Given the nature of business operations, the Group's receivables from real estate business does not have any expected credit loss as transfer of legal title of properties sold is generally passed on to the customer, once the Group receives the entire consideration and hence, these are been considered as low credit risk assets. Further, during the periods presented, the Group has made no write-offs of receivables.

Rental business receivables

The Group considers provision for lifetime expected credit loss. Given the nature of business operations, the receivables from rental business has low credit risk as the Group holds security deposits against the premises given on rentals. Further, historical trends indicate some shortfall between such deposits held by the Group and amounts due from customers. Hence, with the historical loss experience and forward looking information, the Group has provided expected credit loss in relation to receivables from rental business.

(₹ in lakhs)

Reconciliation of loss allowance	Trade receivables
Loss allowance as on 1 April 2015	364.80
Impairment loss recognised during the year	370.03
Loss allowance on 31 March 2016	734.83
Impairment loss (reversed) during the year	(15.47)
Loss allowance on 31 March 2017	719.36

(B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates.

Employee benefits

Defined contribution plan

The Group has made ₹ 42.11 lakhs (31 March 2016 - ₹ 46.96 lakhs) contribution in respect of provident fund and other funds.

Defined Benefit Plan

The Group has the following Defined Benefit Plans:

- Gratuity (Unfunded)
- Compensated absences (Unfunded)

Risks associated with plan provisions

Discount rate risk	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality risk	Actual death & liability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Salary risk	Actual salary increase will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Withdrawal risk	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Compensated absences

The leave obligations cover the Group's liability for permitted leaves. The amount of provision of ₹ 99.24 lakhs (31 March 2016 - ₹ 86.07 lakhs, 1 April 2015 - ₹ 54.14 lacs) is presented as current, since the Group does not have an unconditional right to defer settlement for any of these obligations. However based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months, therefore based on the independent actuarial report, only a certain amount of provision has been presented as current and remaining as non-current.

C First time adoption of Ind AS

These are the Group's first financial statements prepared in accordance with Ind AS.

The accounting policies set out have been consistently applied in preparing the financial statements for the year ended 31 March 2017, the comparative information presented in these financial statements for the year ended 31 March 2016 and in the preparation of an opening Ind AS balance sheet at 1 April 2015 (the Group's date of transition). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

D Ind AS optional exemptions

1 Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS. The Company has elected to apply this exemption for its investment in equity instruments other than investments in subsidiaries, associates and joint ventures..

2 Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material. The Company has elected to apply this exemption for such contracts/ arrangements.

3 Share based payments

Ind AS 102, Share based Payments requires an entity to record the options on their fair value instead of intrinsic value. Ind AS 101 permits a first time adopter to ignore such requirement for the options already vested before transition date that is 1 April 2015. The Company has elected to apply this exemptions for such vested options.

4 Cumulative translation differences

Ind AS 101 permits cumulative translation gains and losses to be reset to zero at the transition date. This provides relief from determining cumulative currency translation differences in accordance with Ind AS 21 from the date a subsidiary was formed or acquired. The Group elected to reset foreign currency translation reserve to zero by transferring it to opening retained earnings at its transition date.

5 Business combination

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Group elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated. The Group has applied same exemption for investment in associates and joint ventures.

E Ind AS mandatory exemptions

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- a) Investment in equity instruments carried at FVTPL or FVOCI
- b) Impairment of financial assets based on expected credit loss model.

2 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition. Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e. the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset.

F Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for periods before reporting date. The following tables represent the reconciliations from previous GAAP to Ind AS.

Cash and cash equivalents as at 31 March 2016	104,258.46	4,445.26	108,703.72

* Major impact is on account of balances for the entities consolidated as subsidiary under Ind AS, for details refer note 6 below. The other impact is on account of reclassification as per Ind AS requirements.

Note – 1

Under previous GAAP, one entity controls another entity when it has the ownership of more than one-half of the voting power of the other entity or control of the composition of the board of directors so as to obtain economic benefits from its activities. Since the Group held less than 50% of the voting power in Indiabulls Properties Investment Trust ('IPIT'), it was not consolidated as subsidiary. Hence, the Group accounted investment in associate by applying the equity method of accounting. Based on the control assessment carried out by the Group under Ind AS 110, IPIT has been assessed as a subsidiary. Accordingly, the assets, liabilities, incomes and expenses (recognised as per Ind AS) of IPIT have been consolidated with the Group on a line by line basis from the transition date.

Note – 2

Borrowings

Under Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the statement of profit and loss over the tenure of the borrowing as part of the finance cost by applying the effective interest method. Under previous GAAP, these transaction costs were charged to statement of profit and loss on straight lining basis. In some of the subsidiary companies such cost was inventorised and hence, related impact on revenue and cost.

Note – 3

Fair value measurements

Under previous GAAP, investments in long-term equity instrument are shown at cost and tested for provision other than temporary diminution. Under Ind AS, such investments are evaluated under Ind AS 109 which requires the Group to account for such instruments at fair value through profit and loss (FVTPL) or fair value through other comprehensive income (FVOCI). Ind AS 109 gives an option for financial liabilities to be carried at fair value through profit or loss ('FVTPL') if there are multiple options i.e. variable conversion option and put option. The Group has carried out fair valuation of related financial liabilities and gain/(loss) is recognised in statement of profit and loss. Under previous GAAP, these liabilities were carried at transaction value.

Note – 4

Financial assets at amortised cost

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be initially recognised at fair value. Accordingly, the Group has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposits has been recognised as prepaid rent.

Note – 5

Foreign currency translation reserve

Ind AS 101 permits cumulative translation gains and losses to be reset to zero at the transition date. The Group elected to reset foreign currency translation reserve to zero by transferring it to opening retained earnings at its transition date. For the said purpose, the Group also recomputed and made correction in foreign currency translation impact as at transition date.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Note – 6

Deferred tax

Retained earnings/statement of profit and loss has been adjusted consequent to the Ind AS transition adjustments with corresponding impact to deferred tax, wherever applicable.

Note – 7

Employee stock option expense

Under the previous GAAP, Company had the option to measure the cost of equity-settled employee share-based plan either using the intrinsic value method or using the fair value method. Under Ind AS, the cost of equity settled share-based plan is recognised based on the fair value of the options as at the grant date.

Note – 8

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as ‘other comprehensive income’ includes re-measurements of defined benefit plans and foreign exchange differences arising on translation of foreign operations and fair value gains/(losses) on FVOCI equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

Note – 9

Foreign currency translation

The group elected to reset the balance appearing in the foreign currency translation reserve to zero as at 1 April 2015. Accordingly, translation reserve balance under previous GAAP has been transferred to retained earnings. There is no impact on total equity as a result of this adjustment.

Note – 10

Leases

Under the previous GAAP, land taken on lease was not accounted under the lease standard (scope exemption from the standard). Therefore, previously leasehold land was recorded under ‘Fixed assets’. Ind AS 17 on ‘Leases’ specifically requires to evaluate the land leases as operating or finance lease. The Group has evaluated and classified the leasehold land as operating lease and accordingly, on the transition date fixed assets are de-recognised and correspondingly prepayment cost of land is booked and rental expense is recognised. There is no impact on the total equity and total comprehensive income as a result of adjustment as earlier the said expense was recognised in form of amortisation of leasehold land.

Note – 11

Investment property

Under the previous GAAP, investment properties were presented as part of property, plant and equipment. Under Ind AS, investment properties are required to be separately presented on the face of the balance sheet. There is no impact on the total equity or profit as a result of this adjustment.

INDEPENDENT AUDITOR'S REPORT

To the members of Indiabulls Real State Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Indiabulls Real Estate Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2017, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

9. The Company had prepared separate sets of statutory financial statements for the year ended 31 March 2016 and 31 March 2015 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) on which we issued auditor's reports dated 25 April

2016 and 21 May 2015 respectively to the shareholders of the Company. These financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 27 April 2017 as per Annexure B expressed an unqualified opinion; and

- g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company, as detailed in Note 38A (ii) to the standalone financial statements, has disclosed the impact of pending litigations on its financial position;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company; and
 - iv. the Company, as detailed in Note 16(ii) to the standalone financial statements, has made requisite disclosures in these standalone financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016. Based on the audit procedures performed and taking into consideration the information and explanations given to us, in our opinion, these are in accordance with the books of account maintained by the Company.

Annexure A to the Independent Auditor's Report of even date to the members of Indiabulls Real Estate Limited, on the standalone financial statements for the year ended 31 March 2017

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets comprising of property, plant and equipment and other intangible assets.
- (b) The fixed assets comprising of property, plant and equipment and other intangible assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets comprising of property, plant and equipment and other intangible assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Company does not hold any immovable property (in the nature of 'fixed assets comprising of property, plant and equipment'). Accordingly, the provisions of clause 3(i)(c) of the Order are not applicable.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies between physical inventory and book records were noticed on physical verification.
- (iii) The Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Act; and with respect to the same:
 - (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the company's interest.
 - (b) receipt of the principal amount and the interest is regular, except for the loans given to companies which are interest free; and
 - (c) there is no overdue amount in respect of loans granted to such companies.
- (iv) In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees and security.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products/services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) The Company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
- (b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in lakhs)	Amount paid under protest (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Disallowance under section 14A	146.26	-	Assessment Year 2009-10	Income Tax Appellate Tribunal (ITAT)
Income Tax Act, 1961	Disallowance under section 14A	161.88	-	Assessment Year 2010-11	Income Tax Appellate Tribunal (ITAT)
Income Tax Act, 1961	Disallowance under section 14A	213.05	-	Assessment Year 2011-12	Income Tax Appellate Tribunal (ITAT)
Income Tax Act, 1961	Disallowance under section 14A and interest under section 234C	1,272.21	-	Assessment Year 2012-13	Income Tax Appellate Tribunal (ITAT)
Income Tax Act, 1961	Disallowance of employee stock option expense and under section 14A and section 32	247.66	-	Assessment Year 2013-14	Commissioner of Income Tax – Appeals

- (viii) The Company has not defaulted in repayment of loans or borrowings to any financial institution or a bank or any dues to debenture-holders during the year. Further, the Company has no loans or borrowings payable to government during the year.
- (ix) The Company did not raise moneys by way of initial public offer or further public offer. In our opinion, the Company has applied money raised by issuance of non-convertible debt instruments and the term loans for the purposes for which those were raised.
- (x) No fraud by the Company or on the Company by its officers or employees has been noticed or reported during the period covered by our audit.
- (xi) Managerial remuneration has been provided by the Company in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.
- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Ind AS.
- (xiv) During the year, the Company has made preferential allotment of equity shares (conversion of share warrants issued in previous year). In respect of the same, in our opinion, the Company has complied with the requirement of section 42 of the Act and the amounts raised have been used for the purposes for which the funds were raised.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- (xvi) As detailed in Note 44 to the financial statement, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditor's Report of even date to the members of Indiabulls Real Estate Limited, on the standalone financial statements for the year ended 31 March 2017

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of Indiabulls Real Estate Limited ("the Company") as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting (IFCoFR) of the Company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our

audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017

1. Nature of principal activities

Indiabulls Real Estate Limited ('the Company') was incorporated on 04 April 2006 with the main objects of carrying on the business of real estate project advisory, project marketing, maintenance of completed projects, engineering, industrial and technical consultancy, construction and development of real estate properties and other related and ancillary activities. The Company is domiciled in India and its registered office is situated at M-62 and 63, First Floor, Connaught Place, New Delhi – 110001.

2. General information and statement of compliance with Ind AS

These standalone financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 (by Ministry of Corporate Affairs ('MCA')). The Company has uniformly applied the accounting policies during the periods presented.

For all periods up to and including the year ended 31 March 2016, the Company has prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP). These financial statements for the year ended 31 March 2017 are the first which the Company has prepared in accordance with Ind AS. For the purpose of corresponding figures, set of financial statements for the year ended 31 March 2016 and opening balance sheet as at 1 April 2015 are also prepared under Ind AS.

The financial statements for the year ended 31 March 2017 were authorized and approved for issue by the Board of Directors on 27 April 2017.

3. Basis of accounting

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies. Fair valuations related to financial assets and financial liabilities are categorised into level 1, level 2 and level 3 based on the degree to which the inputs to the fair value measurements are observable.

4. Recent accounting pronouncement

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' The amendments are applicable to the Company from 1 April 2017.

Amendment to Ind AS 7

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The Company is evaluating the requirements of the amendment and its impact on the financial statements.

Amendment to Ind AS 102

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that includes a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement. The Company is evaluating the requirements of the amendment and its impact on the financial statements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5. Summary of significant accounting policies

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These were used throughout all periods presented in the financial statements, except where the Company has applied certain accounting policies and exemptions upon transition to Ind AS.

5.1 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Companies Act 2013. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

5.2 Property, plant and equipment (PPE)

Recognition and initial measurement

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II to the Companies Act, 2013.

Asset class	Useful life
Building	3 years
Plant and equipment	12 – 15 years
Office equipment	5 years
Computers	3 – 6 years
Furniture and fixtures	10 years
Vehicles	8 years

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in statement of profit and loss when the asset is derecognised.

5.3 Intangible assets

Recognition and initial measurement

Intangible assets (softwares) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (amortisation)

The cost of capitalized software is amortized over a period in the four years from the date of its acquisition.

5.4 Inventories

Land other than that transferred to real estate projects under development is valued at lower of cost or net realizable value.

Real estate project under development includes cost of land under development, internal and external development costs, construction costs, and development/construction materials, borrowing costs and related overhead costs and is valued at lower of cost or net realizable value.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs of necessary to make the sale.

5.5 Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Company and it can be reliably measured. Revenue is measured at the fair value of the consideration received/receivable net of rebate and taxes. The Company applies the revenue recognition criteria to each nature of the revenue transaction as set out below.

Revenue from real estate projects

Revenue from real estate projects under development is computed on the percentage of completion method. Revenue is recognized in the financial year in which the agreement to sell or application forms (containing salient terms of agreement to sell) is executed, on the percentage of completion method which is applied on a cumulative basis in each accounting year to the current estimate of contract revenue and related project costs, once the conditions specified in 'Guidance Note on Accounting for Real Estate Transactions' are satisfied.

The estimates of the saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period such changes are determined. However, when the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately.

Service revenue

Income from real estate projects advisory services is recognized on accrual basis. Marketing and lease management income are accounted for when the underline contracts are duly executed, on accrual basis when the services are completed, except in cases where ultimate collection is considered doubtful.

Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders approve the dividend.

Unbilled receivables

Unbilled receivables represents revenue recognized based on percentage of completion method as per policy on revenue, over and above the amount due as per the payment plans agreed with the customers.

5.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss as incurred.

5.7 Operating leases

Company is lessee

Assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straightline basis except where scheduled increase in rent compensate the lessor for expected inflationary costs.

5.8 Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5.9 Foreign currency

Functional and presentation currency

The financial statements are presented in Indian Rupee ('INR' or '₹') which is also the functional and presentation currency of the Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

5.10 Investments

Investment in equity instruments of subsidiaries are stated at cost as per Ind AS 27 'Separate Financial Statements'.

5.11 Financial instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

Subsequent measurement

- i. **Debt instruments at amortised cost** – A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
 - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. **Equity investments** – All equity investments in scope of 'IndAS 109 Financial Instruments' ('Ind AS 109') are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL).
- iii. **Mutual funds** – All mutual funds in scope of IndAS 109 are measured at fair value through profit and loss (FVTPL).

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted.

Subsequent measurement – Amortised cost

Subsequent to initial recognition, financial liabilities are measured at amortised cost using the effective interest method.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.12 Impairment of financial assets

In accordance with IndAS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies approach permitted by Ind AS 109, which requires lifetime expected credit losses to be recognised for trade receivables.

Other financial assets

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

5.13 Income taxes

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5.14 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and other short-term highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

5.15 Employee benefits

Defined contribution plan

The Company's contribution to provident fund is charged to the statement of profit and loss or inventorized as a part of real estate project under development, as the case may be. The Company's contributions towards provident fund are deposited with the regional provident fund commissioner under a defined contribution plan.

Defined benefit plan

The Company has unfunded gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognised in the balance sheet for defined benefit plans as the present value of the defined benefit obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability are included in other comprehensive income.

Other long-term employee benefits

The Company also provides benefit of compensated absences to its employees which are in the nature of long-term employee benefit plan. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

Short-term employee benefits

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

5.16 Share based payments

Share based compensation benefits are provided to employees via Employee Stock Option Plans (ESOPs). The employee benefit expense is measured using the fair value of the employee stock options and is recognised over vesting period with a corresponding increase in equity. The vesting period is the period over which all the specified vesting conditions are to be satisfied. On the exercise of the employee stock options, the employees will be allotted equity shares of the Company.

Transition to Ind AS

On transition to Ind AS, the Company has elected to not consider the charge related to employee stock options for which the vesting period is already over.

5.17 Provisions, contingent liabilities and contingent assets

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

5.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

5.19 Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the related disclosures.

Significant management judgements

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Recoverability of advances/receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit losses on outstanding receivables and advances.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Provisions – At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However the actual future outcome may be different from this judgement.

Significant estimates

Revenue and inventories – The Company recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which further require assessments and judgements to be made on changes in work scopes, claims (compensation, rebates etc.) and other payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the Company used the available contractual and historical information.

Useful lives of depreciable/amortisable assets – Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Investment in subsidiaries and associates are measured at cost as per Ind AS 27, 'Separate financial statements'.

* These financial assets are mandatorily measured at fair value.

These financial assets represents investment in equity instruments designated as such upon initial recognition.

ii) Financial instruments measured at amortised cost

For amortised cost instruments, carrying value represents the best estimate of fair value except for long-term financial assets.

iii) Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

(A) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

a) Credit risk management

i) Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

- A: Low credit risk
- B: Moderate credit risk
- C: High credit risk

Asset group	Basis of categorisation	Provision for expenses credit loss
A: Low credit risk	Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss/Life time expected credit loss
C: High credit risk	Trade receivables	Life time expected credit loss or fully provided for

In respect of trade receivables, the company recognises a provision for lifetime expected credit loss. Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

Employee benefits

Defined contribution plan

The Company has made ₹ 2.83 lakhs (31 March 2016 - ₹ 2.70 lakhs) contribution in respect of provident fund.

Defined Benefit Plan

The Company has the following Defined Benefit Plans:

- Gratuity (Unfunded)
- Compensated absences (Unfunded)

Risks associated with plan provisions

Discount rate risk	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality risk	Actual death & liability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Salary risk	Actual salary increase will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Withdrawal risk	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Compensated absences

The leave obligations cover the Company's liability for permitted leaves. The amount of provision of ₹ 0.56 lakhs (31 March 2016 - ₹ 0.44 lakhs, 1 April 2015 - ₹ 0.22 lakhs) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months, therefore based on the independent actuarial report, only a certain amount of provision has been presented as current and remaining as non-current. The weighted average duration of the defined benefit obligation is 20.18 years (31 March 2016: 20.01 years).

C First time adoption of Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out have been applied consistently in preparing the financial statements for the year ended 31 March 2017, the comparative information presented in these financial statements for the year ended 31 March 2016 and in the preparation of an opening Ind AS balance sheet at 1 April 2015 (the Company's date of transition). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

D Ind AS optional exemptions

1 Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS. The Company has elected to apply this exemption for its investment in equity investments.

2 Share based payments

Ind AS 102 Share based payments requires an entity to record the options on their fair value instead of intrinsic value. Ind AS 101 permits a first time adopter to ignore such requirement for the options already vested as on transition date that is 1 April 2015. The Company has elected to apply this exemptions for such vested options.

E Ind AS mandatory exemptions

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- a) Investment in equity instruments carried at FVTPL or FVOCI
- b) Impairment of financial assets based on expected credit loss model.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

2 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition. Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e. the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The Company has availed the exemption for inter-corporate loans. All the other financial assets and financial liabilities have been restated retrospectively.

F Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2017 (contd.)

Note – 1

Borrowings

Ind AS 109 requires transaction costs incurred towards borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the statement of profit and loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method. Under previous GAAP, these transaction costs were charged to statement of profit and loss over the period of loan basis on straight lining basis.

Note – 2

Amortised cost instrument

- A Under previous GAAP, long-term inter-corporate loans to subsidiaries and investments in debt instruments are shown at transaction value. Under Ind AS, such loans and debt instruments are to be evaluated under Ind AS 109 which requires the Company to account for such instruments amortised cost.
- B Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be initially recognised at fair value. Accordingly, the Company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposits has been recognised as prepaid rent.

Note – 3

Fair value instruments

Under previous GAAP, investments in long-term equity instrument are shown at cost and tested for provision other than temporary diminution. Under Ind AS, such investments are evaluated under Ind AS 109 which requires the Company to account for such instruments at fair value through profit and loss (FVTPL) or fair value through other comprehensive income (FVOCI) (except for investment in subsidiaries, associates and joint venture).

Note – 4

Employee stock option expense

Under the previous GAAP, the cost of equity-settled employee share-based plan were recognised using the intrinsic value method. Under Ind AS, the cost of equity settled share-based plan is recognised based on the fair value of the options as at the grant date.

Note – 5

Deferred tax

Retained earnings/statement of profit and loss has been adjusted consequent to the Ind AS transition adjustments with corresponding impact to deferred tax, wherever applicable.

Note – 6

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans, FVOCI equity instruments. The concept of other comprehensive income did not exist under previous GAAP.
