## Hindustan Zinc Limited

---

### *Hindustan Zinc ranks 1<sup>st</sup> globally in Environment category by DJSI World*

**Udaipur, October 18, 2018:** Hindustan Zinc is pleased to announce that the Company has ranked 1st (2017: 3rd) in Environment category and overall 5th (2017: 11th) in the Metals & Mining sector by the Dow Jones Sustainability World Index (DJSI World). The Company competed with 58 Metals & Mining majors including Newmont Mining, Teck Resources, Rio Tinto, etc. The significant improvement in ranking from previous year was made possible by several new initiatives & disclosures including Life Cycle assessment, stakeholder perception survey, tax transparency report, approval of Science Based Target, internal carbon pricing, Diversity & Inclusion Policy, among others.

Launched in 1999, the DJSI World represents the gold standard for corporate sustainability and is the first global index to track leading sustainability-driven companies based on RobecoSAM's analysis of financially material Environmental, Social, and Governance factors to convert an average of 600 data points per company into one overall score.

Speaking on the achievement, **the CEO of Hindustan Zinc Sunil Duggal** said, "Sustainability has always been a core value of Hindustan Zinc which is why we have integrated the best global environment friendly technologies in our operations. We are very glad to be recognised with this ranking in DJSI World, which strengthens our commitment towards zero harm to the environment."

Hindustan Zinc is a Vedanta Group company and is India's only and the world's leading integrated Zinc-Lead-Silver producer.

## About Hindustan Zinc

Hindustan Zinc (NSE & BSE: HINDZINC) is the one of the largest integrated producers of zinc-lead with a capacity of 1.0 million MT per annum and a leading producer of silver. The Company is headquartered in Udaipur, Rajasthan in India and has zinc-lead mines at Rampura Agucha, Sindesar Khurd, Rajpura Dariba, Zawar and Kayad; primary smelter operations at Chanderiya, Dariba and Debari, all in te state of Rajasthan; and finished product facilities in the state of Uttarakhand.

Hindustan Zinc has a world-class resource base with a mine life of over 25 years.

The Company is self-sufficient in power with an installed base of 474 MW coal-based captive power plants. Additionally, it has green power capacity of 324 MW including 274 MW of wind power, 16 MW of solar power and 35 MW of waste heat power.

Hindustan Zinc is a subsidiary of the BSE and NSE listed Vedanta Limited (formerly known as Sesa Sterlite Limited; ADRs listed on the NYSE), a part of Vedanta Resources plc, a global diversified natural resources company.

### Disclaimer

This press release contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
