Solix Common Data Platform Receives SAP® Certified Powered by SAP NetWeaver®

End-to-end big data application framework becomes deployable on SAP NetWeaver platform

October 02, 2018 — Santa Clara, Calif. — Solix Technologies, Inc. (**www.solix.com**), a leading big data application provider for empowering data-driven enterprises, has received SAP® Certified Powered by SAP NetWeaver®, enabling the Solix Common Data Platform (CDP) version 2.5 to be deployed on the SAP NetWeaver platform.

The Solix CDP is an end-to-end big data application framework featuring unified data collection, retention management, and advanced analytics for structured and unstructured data. Solix CDP provides a best practice Information Lifecycle Management (ILM) compliance framework for data governance and secure access to all enterprise data through text search, structured query, and advanced analytics. Key capabilities of the Solix CDP on SAP NetWeaver include:

- **Object Workbench:** Uniform data collection of structured and unstructured data, ETL and metadata repository.

- **Data Governance Workbench:** Sensitive data discovery, data masking and encryption, role based access control, retention management, ILM, GDPR, PHI, PCI and FISMA compliance frameworks

- **Analyst Workbench:** Data preparation, data visualization, search, business intelligence and analytics

- **Enterprise archiving and data lake:** Real-time data hub architecture for scalable processing with low cost bulk data storage

- **CDP API 1.0:** Certified API support for Solix App Store solutions

- **S3 storage support:** API support for Amazon S3 (Simple Storage Service).

"We are pleased to add SAP certification to our growing list of leading software certifications," said Sai Gundavelli, Founder/CEO, Solix Technologies. *"With the Solix CDP, businesses that use SAP solutions can manage their information across the enterprise more efficiently and securely."*

The Solix CDP addon can be deployed on SAP NetWeaver using the SAP Add-On Installation Tool (SAINT), and is integrated with SAP ECC 6.0 and above. The Solix CDP is also SAP Solution Manager Ready.
