<b>NOTES:</b>			
1. The above results have been reviewed by the Audit Committee, approved and taken on record by the Board of Directors of the Company at its meeting held on November 13, 2018. A limited review of the same has also been carried out by the Statutory Auditors of the Company.			
2. IND AS 115 Revenue from Contracts with Customers has been recently introduced effective April 1, 2018 and it's application did not have any significant impact on recognition and measurement of revenue and related items in the financial results for the quarter and half year ended September 30, 2018 including the retained earnings as at April 1, 2018.			
3. Previous periods figures have been regrouped/rearranged wherever necessary.			
4. Segregation of capital employed between segments (except wind power generation segment, wherein the capital employed is Rs. 1,608 lacs) is not practicable as most of the fixed assets and liabilities are not identifiable with particular segments and are used interchangeably.			
5. The variation in revenue from operations during the current quarter is on account of sale of hardware to the tune of Rs. 9.10 crore under ICT Project. The type of revenue being received through tender, may or may not occur in future.
