NDTV Earnings for Quarter ended September 30 (Q2, 2019)

- New Delhi Television Limited's Broadcast Operations and the NDTV Group are declaring a profit for the quarter ending September 30, marking a big turnaround from the same time last year.
- The strong operational profits or EBIDTA in both companies make this the best second quarter for them in 14 years.
- NDTV's broadcast operations have declared a profit of Rs 19 lakhs. The EBIDTA or operating profit is 6.32 crores as compared to a loss of 9.12 crores for the same time last year.
- The operating costs for the broadcast operations or New Delhi Television Limited Standalone have reduced by 26.27 crores YoY (year on year) and by nearly 7.4 crores since the first quarter of this year.
- The NDTV Group EBITDA is 11.70 crores, a turnaround of 21.49 crores YoY. EBIDTA losses for the same quarter last year were 9.79 crores.
- NDTV Convergence, the company's digital arm, recorded its best-ever Q2 with highest revenue; traffic has grown by 45 percent over the same period last year; ndtv.com is India's biggest news website (source: SimilarWeb, September 2018) with a larger audience than international big hitters like Washington Post, BuzzFeed, Huffington Post.
- NDTV Convergence has launched HOP, the world's first live channel for mobile phones shot and streamed entirely in portrait mode.
