Re.: News in Indian Express on Drug of Substandard Quality-Zipcet Tablet batch i.e. BRT1273

In reference to subject news appeared in the daily newspaper of Indian Express dated 11 November 2018, we would like to clarify as under:

The letter from the office of Assistant Drug Controller, Kochi declaring that Zipcet tablets batch (i.e. BRT1273) was not of a Standard Quality and was received on 22 June 2018.

On receipt of this letter as an immediate action, we have recalled the batch from the market on 29 June 2018. This recall intimation was informed to the agency on 30 June 2018.

We would also like to mention that the batch was manufactured following current Good Manufacturing Practices [CGMP] and released for sale only after batch meeting the predefined specifications, including dissolution.

Please find the above clarification in order.
