**Headline:**

AXISCADES opens a 'Digital Centre of Excellence' in Pune.

**Sub heading:**

Centre will focus on Industrial IOT, Augmented Reality, Artificial Intelligence /Machine Learning, Product Lifecycle Management (PLM) and Manufacturing Execution Systems (MES) initiatives.

**Body:**

AXISCADES has opened a "Digital- Centre of Excellence" (D-COE) in Pune, Maharashtra, India. The Digital – COE will house some of the key technology stacks that the company has been investing on including Industrial IOT, Augmented Reality, Artificial Intelligence /Machine Learning, Product Lifecycle Management (PLM) and Manufacturing Execution Systems (MES). The centre will focus on building cutting-edge applications for shop floor digitization and intend to bring business value to their customers through their strategic alliances with companies like Altizon, Siemens Mindsphere, and Dassault Systèmes. The centre will also focus on bringing new offerings to its expanding customer base in Pune and usher in localized efficiencies in its operations.

"Industry 4.0 is one of the most exciting areas of technology around today, but many in the industry are taking a piecemeal, guarded approach towards investing in digitization. With our strong engineering & manufacturing DNA, and expertise in delivering highly customized, scalable solutions and services to our customers, we hope to accelerate the rate of digital transformation manufacturers must go through" said Mritunjay Singh, CEO, AXISCADES.

AXISCADES is a leading product engineering and high-technology solutions company and a preferred ER&D player today, working with some of the largest manufacturing enterprises. Their proven technology products and services, coupled with industry best practices, enable global OEMs to create innovative, sustainable, safer and smarter products. The company brings deep domain knowledge of the manufacturing industry and as such has strong capabilities to build applications that really helps its clients make the most of Industry 4.0. Headquartered in Bangalore, AXISCADES has 16 engineering centres worldwide including North America, Europe, and Asia.
