Sub: Clarification on news item

Ref: Clarification on news item appearing in The IndianExpress.com on 14th December, 2018, titled "Telecom tribunal sets aside TRAI s predatory pricing rule"

Dear Sirs,

This has reference to the clarification sought on the news item captioned above.

In this regard we wish to clarify that Telecom Disputes Settlement and Appellate Tribunal, vide its judgment dated 13th December, 2018, has inter alia, set aside the impugned tariff amendment order in so far as it changes the concept of Significant Market Power, Non-Predation and the related provisions (known as 63rd amendment to TTO).

The Company and other telecom operators had challenged the 63rd amendment to TTO in March, 2018, the judgment in respect of which was pronounced yesterday.

Trust the above is in order.

Thanking you,

Yours truly,

For **Vodafone Idea Limited**

Pankaj Kapdeo
Company Secretary
