**Blue Star Limited**  
**Q3FY18 - Investor Update**

## **I. FINANCIAL HIGHLIGHTS FOR Q3FY18**

---

Prior to GST going live, revenue for previous periods included excise duty and other applicable input taxes. Revenue and EBIDTA percentage for Q3FY17 in this update have been computed by adjusting excise duty and other applicable input taxes from revenue. There is no impact of this on the profit before tax and profit after tax figures.

Following are the financial highlights of the Company for the quarter ended December 31, 2017 on a comparable consolidated basis:

- Revenue from Operations for Q3FY18 was Rs 981.30 Cr, as compared to Rs 872.21 Cr in Q3FY17, a growth of 13%
- EBIDTA (excluding other income and finance income) for Q3FY18 was Rs 51.33 Cr as compared to Rs 33.91 Cr in Q3FY17, a growth of 51%. EBIDTA as a percentage of Revenue improved to 5.2% in Q3FY18 from 3.9% in Q3FY17
- PBT for Q3FY18 was Rs 30.31 Cr as compared to Rs 15.71 Cr in Q3FY17, growth of 93%. PBT as a percentage of Revenue improved to 3.1% in Q3FY18 from 1.8% in Q3FY17
- Tax expense for Q3FY18 was Rs 9.31 Cr as compared to Rs 1.53 Cr in Q3FY17. Increase in effective tax rate is due to general increase in taxable profits
- Consequently, consolidated net profit for Q3FY18 increased to Rs 18.78 Cr from Rs 14.50 Cr in Q3FY17, a growth of 30%
- Carry-forward order book as at Dec 31, 2017 increased by 21% to Rs. 2163 Cr as compared to Rs. 1794 Cr as at Dec 31, 2016
- Consolidated net borrowings increased marginally to Rs 295 Cr as on Dec 31, 2017 from Rs 286 Cr as on Dec 31, 2016. Our Debt to Equity ratio reduced to 0.38 as on Dec 31, 2017 from 0.39 as on Dec 31, 2016
- Consolidated capital employed increased marginally to Rs 778 Cr as on Dec 31, 2017 from Rs 724 Cr as on Dec 31, 2016 due to growth in revenue.

## **II. BUSINESS HIGHLIGHTS FOR Q3FY18**

---

### **Segment I: Electro-Mechanical Projects & Packaged Air Conditioning Systems**

Segment I comparable revenue was Rs 576.72 Cr in Q3FY18 as against Rs 532.23 Cr in Q3FY17, a growth of 8%. The segment results grew to Rs 36.19 Cr (6.27%) in Q3FY18 from Rs 27.22 Cr (5.12%) in Q3FY17. Order inflow in Q3FY18 was Rs 566 Cr as compared to Rs 446 Cr in Q3FY17, a growth of 27%.

## **1. Electro-Mechanical Projects business**

Overall, the market demand and project execution pace continued to remain weak in Q3. Investments in infrastructure continued to be largely driven by Government through various infrastructure projects like metro and healthcare while private investments remained sluggish. Our sales prospects base remained stagnant with a drop in the office segment and growth in the residential space mostly for fire, ventilation, electrical & plumbing services. New order booking from heavy industrial & factory segments continued to be low and customer preference for single vendor for multi services is gradually on the rise. Select large value investments from Government and a few corporates are going the super bundled route through general contractors

While the order bookings has been improving, our revenue growth in Q3 slowed down as billings from Government and few large projects are yet to gain momentum due to slow pace in concluding revised contract values post GST. Pace of billing is likely to remain slow in Q4.

The Profitability saw an improvement compared with last year driven by higher scale and better margin profile of certain key jobs. The strategy to focus selectively on profitable and healthier cash flow projects continues to contribute to segment results. Blue Star continues to invest in smart systems and technology in line with its value proposition of superior project delivery through intelligent engineering, modern execution practices and committed teams.

Blue Star maintained its dominant leadership position in the electro mechanical space in India. Some major orders won during Q3FY18 included Bhartiya City, Medanta Hospital, Microsoft and IIT Jodhpur.

## **2. Central and Packaged Air Conditioning Systems business**

Overall market witnessed recovery in demand post slow-down in Q2 due to GST transition. Market growth was seen across all the product categories. Our Ducted and VRF products continued to grow faster than the market growth rate. Our newly launched products like Inverter Ducted, VRF V Plus and configured series Screw Chillers witnessed good growth momentum. Further, our marketing strategy of conducting product launches to penetrate key markets in tier 2 and tier 3 cities was well received. Major orders booked during the quarter were SJR Builders, PSG College, Saint Gobain India Pvt Ltd, L&T Limited, ITC Limited, KC School and Hanon systems Pvt Limited.

## **3. International Business**

Blue Star continued its focus on expanding its product export business. Healthy order inflow continued for water coolers, room air conditioners and other applied products such as VRF, AHU & chillers from various distributors and OEM customers. Strengthening of Rupee against the US dollar and increase in commodity prices in Q3 impacted export billing in INR terms and profit margin.

Blue Star's VRF system was approved and listed by Abu Dhabi Quality and Conformity Council (Abu Dhabi QCC). We were also successfully placed in the approved list of vendors for applied system products registered by CEO Engineering Consultancies for the UAE region. This would enable the company to sell our equipment for projects in the UAE.

Blue Star's international business is currently present in 19 markets and we are currently focused on deepening the penetration in these markets. On the economic outlook, emerging markets of the Gulf Cooperation Council (GCC) countries and Africa remained under pressure. The ongoing sanctions on Qatar by GCC countries have impacted both order inflow and cash flows.

Blue Star continues its journey to strengthen its brand in select international markets. Blue Star has an aggressive plan to selectively and profitably grow its international business and overall business outlook remain positive.

## **Segment II: Unitary Products**

Comparable revenue for this segment was Rs 365.33 Cr in Q3FY18 as against Rs 286.47 Cr in Q3FY17, a growth of 28%. The segment result grew to Rs 27.08 Cr (7.41%) in Q3FY18 as compared with Rs 10.31 Cr (3.61%) in Q3FY17. While the commodities remained costlier, due to price revisions implemented in Q3FY18, the margins were better.

### **1. Room Air Conditioner business**

Room Air Conditioner business which remained subdued in the previous quarters due to GST transition returned back on the growth trajectory in Q3FY18, with the dealers beginning to restock. Blue Star's room AC business grew by 25% in value terms while the market grew by 20%.

Blue Star's market share increased to 11.5% in YTD Q3FY18 as compared to 11% YTD Q3FY17. The Company continued to perform better in the high energy efficient products such as 5 star and inverter ACs.

With the new energy efficiency norms coming into effect from January 1, 2018, Blue Star has increased prices of its room air-conditioners ranging from 4% to 6% in line with other market players. It is early to pass the judgment on the summer demand, but we expect that the market will continue to grow.

### **2. Commercial Refrigeration business**

The over-all market for Commercial Refrigeration products also witnessed smart recovery in demand post slow- down in Q2 due to GST transition. Blue Star grew faster than the industry during Q3FY18. The growth was seen across categories of Deep Freezers, Storage Water Coolers, Bottled Water Dispensers and Modular Cold rooms. Our new lines of business 'Kitchen Refrigeration' and 'Medical Refrigeration' witnessed reasonable growth in the market with increase in secondary sales.

Blue Star continued to strengthen its product offerings and scaling up its business catering to the needs of constantly growing market and also continued to be a dominant player in the Commercial Refrigeration space.

### **3. Water Purifier business**

Blue Star's water purifier business continued to make deep inroads during the quarter. After having penetrated over 100 towns and increasing its availability to 1750 outlets, the business is now focusing on enhancing the productivity of its channels. It has engaged over 400 star water consultants (in store demonstrators) who are available at retail outlets to highlight the superior features of Blue Star's water purifier range. These personnel also carry out activations and other field marketing activities for brand awareness and lead generation.

Having gained market acceptance, the product range is being expanded to cover all the price points and customer segments. Towards this end, we launched 6 new models in Q3FY18 under a series called Imperia. Another 6 models under two new series are planned to be launched in Q4FY18.

As already indicated, Blue Star expects segment II results to be impacted by 120-150 bps for the current financial year, due to investments in this product category primarily in marketing, brand building and R&D.

### **Segment III: Professional Electronics and Industrial Systems**

Segment III revenue declined by 27% in Q3FY18 to Rs 39.25 Cr from Rs 53.51 Cr in Q3FY17. Segment result de-grew to Rs 3.25 Cr (8.28%) in Q3FY18 as compared with Rs 8.41 Cr (15.59%) during the same period last year. Revenue in Q3 was lower due to continued softness in industrial capex and slow pace of project execution. Margins in this segment were impacted by lower demand coupled with lower realization due to sluggish market conditions. Plans are on the anvil to rejig and renew the product portfolio in order to improve profitability and at the same time, the demand is expected to revive in the last quarter of the current financial year.

During the quarter, large orders were received from TUV SUD South Asia Pvt. Ltd., Hindustan Aeronautics Limited, Space Application Centre and Brakes India Pvt. Ltd.

### **III. BUSINESS OUTLOOK**

The electro-mechanical projects business environment, especially demand from Construction and Real Estate sectors is expected to remain muted in the medium term. However, growth from the residential and light commercial segments is expected to be strong. The Company will continue to make investments in manufacturing, marketing, brand building, product development as well as human resources in the next few quarters in order to capitalize on the imminent growth opportunities.

**NOTES:**

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on February 5, 2018 and February 6, 2018 and have been subjected to limited review by the Statutory Auditors who have issued an unqualified report.
- According to the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, revenue from operations for the quarter and nine months ended December 31, 2016 and year ended March 31, 2017 was reported inclusive of excise duty and other input taxes. Goods and Services Tax ("GST") was implemented with effect from July 1, 2017, which replaced excise duty and other input taxes. As per Ind AS 18, revenue from operations for the quarter and nine months ended December 31, 2017 is reported net of GST. Therefore, revenue from operations for the current periods are not comparable with the corresponding earlier periods. Comparable revenue from operations (mentioned in note 3) has been computed by adjusting excise duty and other input taxes from the revenue from operations of respective previous periods, on a like-to-like basis.
- Comparable revenue from operations (refer note 2) for the reported periods

**NOTES:**

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on February 5, 2018 and February 6, 2018 and have been subjected to limited review by the Statutory Auditors who have issued an unqualified report.
- During the quarter ended December 31, 2017, the Company sold its stake in joint venture, Blue Star M&E Engineering (Sdn) Bhd. to its wholly owned subsidiary, Blue Star International FZCO at a profit of ₹ 12.58 crores which has been disclosed under exceptional items. This being a transaction within the Group, no profit has been recognised in unaudited consolidated financial results for the quarter and nine months ended December 31, 2017.
- According to the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, revenue from operations for the quarter and nine months ended December 31, 2016 and year ended March 31, 2017 was reported inclusive of excise duty and other input taxes. Goods and Services Tax ("GST") was implemented with effect from July 1, 2017, which replaced excise duty and other input taxes. As per Ind AS 18, revenue from operations for the quarter and nine months ended December 31, 2017 is reported net of GST. Therefore, revenue from operations for the current periods are not comparable with the corresponding earlier periods. Comparable revenue from operations (mentioned in note 4) has been computed by adjusting excise duty and other input taxes from the revenue from operations of respective previous periods, on a like-to-like basis.
- Comparable revenue from operations (refer note 3) for the reported periods
