DRL chairman, COO added as defendants in US suit

FE BUREAU
Hyderabad, February 19

DR REDDY'S LABORATORIES (DRL) on Monday said its chairman Satish Reddy, COO Abhijit Mukherjee and US subsidiary have been included as defendants in the class action lawsuit filed against it by investors.

"We would like to inform you that an amended complaint has been filed by the lead plaintiff, wherein our chairman, COO and Dr Reddy's Laboratories Inc, a wholly owned subsidiary in the US, have been added as defendants," Dr Reddy's Labs said in a BSE filing.

Company sources reiterated that this was an ongoing case and there was no merit in the allegations. "The company believes that the asserted claims are without merit and intends to vigorously defend itself against the allegations,"

a source said.

In August last year, the company had said: "A law firm representing investors in the company filed a class action lawsuit against the company, its CEO and CFO in the US District Court of the District of New Jersey alleging violation of the US federal securities laws."

Later in November, the company had said it was served a securities class action lawsuit in the US by the lead plaintiff.

The lawsuit filed at the District Court for New Jersey seeks damages to compensate the class of investors for a 'purported decline' in the company's share price allegedly caused by misstatements or omissions.

The company had said the

lawsuit represented a class of investors who purchased or otherwise acquired its publicly traded shares on the New York Stock Exchange between 10, 15, 2015 and August 10, 2017. The lawsuit alleged that the

Company sources reiterated that this was an ongoing case and there was no merit in the allegations

company made materially false and/or misleading statements or omissions in connection with its corporate quality system, it had added.

The allegation is specifically in connection to a warning letter from the USFDA dated November 6, 2015, and a letter from Regierung von Oberbayern in Germany, dated August 10, 2017, Dr Reddy's said.

Besides, Kahn Swick & Foti (KSF) and Rosen Law Firm, two global investor rights law firm, had also filed class action suits.

Pramod Bhasin, Anil Chawla to float ₹1k-cr AIF

MANISHA SINGHAL
Mumbai February 19

INVESTOR DUO Anil Chawla and Pramod Bhasin are in the final stages of stitching together a ₹1,000-crore domestic Alternate Investment Fund (AIF) for investing in distressed assets, sources with direct knowledge of the fund-raising exercise said. The money is being raised from the domestic market.

"The proposal for AIF with Sebi for approval and the fund is likely to be launched in the next financial year," a source said, adding that the hiring for the fund is currently on.

Both Bhasin and Chawla trace their partnership back to their GE days when Bhasin was the chief executive of BPO major Genpact and Chawla was heading the GE commercial finance business. GE gradually wound up its commercial finance portfolio in India and Chawla moved to

head India operations of hedge fund DE Shaw.

Later in 2016, with the backing of private equity player AION, (jointly run by Apollo Global and ICICI Venture) they both acquired GE's thinned finance portfolio, renamed as Clix Capital. AION is the majority partner in this platform.

Sources said Chawla wants to go back to his roots of commercial finance and structured deals, which Clix with its retail focus wasn't offering him. Chawla has, in the past, financed large and mid-cap companies and there are currently more opportunities in this space as Indian banks' bad debt portfolio is attracting independent investors who are looking at double digit returns, as banks struggle with large exposure to these stressed assets or NPAs on their books.

AIFs are an ideal route to raise domestic money and ideal for tapping the liquidity flushed domestic market.

Hotstar data show prime-time viewing now also on mobiles

ANUSHREE BHATTACHARYYA
New Delhi, February 19

STAR INDIA-OWNED video over-the-top (OTT) platform Hotstar seems to be popular among users, given that mobile accounts for more than 90% of watchtime versus other platforms such as desktop, according to latest data shared by its parent — Novi Digital Entertainment.

"As data prices have reduced besides mobile handsets becoming more affordable than earlier, consumers' viewing pattern has gone through a change. From watching short clips on the web, viewers have developed an appetite for long-format premium content," Ajit Mohan, CEO, Hotstar said.

Star India had launched Hotstar in February 2015, right before the ICC Cricket World Cup. Hotstar currently has a monthly subscriber base of about 100 million. According to a report released by Counterpoint Research in December 2017, the video OTT market is currently valued at \$280 million with nearly 100 million subscribers. The market, which is estimated to grow at a rate of 35% Y-o-Y, has Hotstar as the largest player with 75 million monthly active subscribers, followed by Viacom18's Voot at 22 million, Amazon Prime Video at 11 million subscribers and Sony Liv and Netflix at 5 million each.

According to Hotstar, viewership on the platform peaks between 9 and 10 pm thus indicating that prime-time viewing is now also on mobile besides TV. Moreover, videos longer than 20 minutes in duration account for 96% of watchtime on Hotstar. Also, one-third of all Hotstar's entertainment viewers watch their shows primarily on the platform instead of TV.

Besides entertainment content, the video OTT plat-

forms telecast sports content. For example, Vivo Indian Premier League (IPL), Indian Super League (ISL) and Pro Badminton League (PBL), apart from one-day cricket tournaments, are some of the sports tournaments shown on the app. As per Hotstar, Vivo IPL posted six-and-a-half fold growth in watchtime in 2017 over 2016. Similarly Pro Kabaddi registered ninefold growth in watchtime on Hotstar in 2017. In fact, among Kabaddi viewers, non-metro cities grew its share of watchtime to 40% in 2017 from 10% in 2016.

Mohan added that while cricket still remains the most-followed sports across medium, Hotstar has played a crucial role in expanding the reach of other sports to people living in small towns. "The platform has eased constraints of distribution of othersports such as badminton, football, kabaddi, etc. In fact, such is the demand for live sports content that users are ready to pay for it," he added.

Media analysts point out that live sports content has played a crucial role in driving user base of Hotstar besides attracting advertising revenue. In the last three years, Hotstar has built a big bank of sports content including cricket, soccer, badminton, among others. This has not only helped it draw eyeballs, advertisers too consider it a serious platform to advertise," Shashi Sinha, CEO, IPG Media Brands, said.

Nasscom launches skill development platform, signs MoU with MeitY

PM Narendra Modi launches Nasscom's FutureSkills platform during the inaugural function of the WCIT India 2018 in Hyderabad, via video-conferencing from Mysuru, on Monday

FE BUREAU
Hyderabad, February 19

NASSCOM ON MONDAY launched a platform for skill development in eight varied technologies, starting with artificial intelligence (AI), for creating jobs for future jobs in the country. The platform — FutureSkills — was unveiled by Prime Minister Narendra Modi via video conference during the inaugural session of the World Congress on Information Technology (WCIT)-2018.

Besides AI, the other technologies in focus will be virtual reality, robotic process automation, internet of things, big data analytics, 3D printing, cloud computing, social and mobile.

Nasscom also signed an MoU with the Union ministry of electronics and information technology (MeitY) to collaboratively foster, cultivate and strengthen reskilling initiatives. As a part of the MoU, Nasscom and MeitY will work together to enable skill development and continuous learning not only for individuals in the IT-ITES industry and its aspirants, but also employees belonging to other sectors.

"We aim to build and up-skill about two million technology professionals and skill another two million potential employees and students over the next few years," Nasscom president R Chandrashekhara said.

According to Ravi Shankar Prasad, minister of law & justice, electronics and IT, digital empowerment can only happen if there is digital inclusion. With the advent of new technologies like AI, blockchain and IoT, reskilling of young professionals is critical, he said.

"Nasscom has come up with this unique platform for skill development and reskilling young people where my department and team will provide lot of support and assistance. This is the single-largest industry-led initiative to cash in on the opportunity for 55 new job types," he said.

While the MoU focuses on reskilling by supporting the industry and other stakeholders, FutureSkills aims to charter the road map for sustained growth in various fields starting with three distinct job roles for AI, Chandrashekhara said.

Nasscom has conducted a comprehensive study with the Boston Consulting Group to identify eight technologies, poised to grow tremendously,

MODI STEPS UP ATTACK ON CONGRESS, SIDDU

He says people should not forgive it for failing to deliver. The Congress is more worried about power and not the development of Karnataka

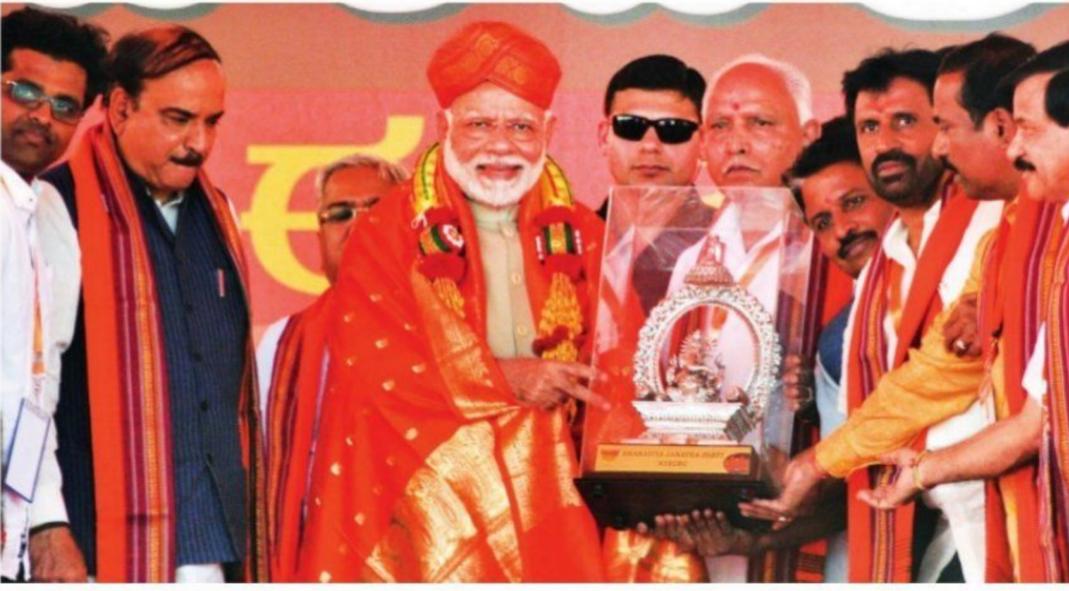

ENS @ Mysuru

THE BJP stepped up its tirade against Congress, with Prime Minister Narendra Modi calling for the "throwing out of the commission government in the state" and voting to power of "BJP's mission government", "so as to put Karnataka on the track to development". "The state will continue to suffer and be looted as long as it (Congress) stays in office," he went on to add.

Accusing the Congress that ruled the country for over fifty years of dividing the society, and looted the country, he said, "People should not forgive it for failing to deliver. The Congress is more worried about power and not the development of Karnataka."

Addressing a huge rally in Maharaja's College Ground here on Monday, Narendra Modi said after he recently termed Karnataka's Congress, a 10 per cent commission government, he got innumerable calls and messages to "correct" him. "People expressed anger that I had got the number wrong. They corrected me to say that the percentage was much higher," he said, to a thunderous applause of BJP supporters.

Appealing to people not to allow those looting the country to remain in office, he said it was high time that people preferred a "mission government" to a "commission government". "The Congress is not ashamed or worried at its corruption, which has emerged from findings in diaries

of minister," he said. Modi said his government was ready to fund the poor and work for the development of the middle-class, by helping to build houses for them. "The state has failed to use its funds on priority matters, and is using the money instead to please bosses in Delhi to save their chairs," he said. Turning his attention to Mysuru, he said he had sent out a

strong social message of goodwill to people of the district, but their leaders "forgot the 'sadhbhavana' of Mysuru as they tilt towards Bengaluru". Relentlessly attacking the Congress, Modi accused it of leaving four crore families struggling to make a livelihood despite ruling for five decades. "It is unfortunate that these leaders tour the state and country for weeks and

months to make people believe their lies, when the fact is that they are deprived of even basic needs like shelter and power connection," he said. Modi said the NDA government wanted to build a Nava Bharath in which no family would be shelterless, and listed out the success of Prime Minister Mudra Yojana and Jandhan Yojana.

He asked the people to remove hurdles that checked development. The prime minister went on to clarify that the BJP had not discriminated against Karnataka "in the interest of the overall development of the country". He assured the people that BJP will live up to the expectations of the people here by supporting development works in Karnataka.

'NDA govt has brought a new work culture in rlys'

EXPRESS NEWS @ Mysuru

PRIME Minister Narendra Modi said his government has infused a new work culture and worked on the networking of railways by improving infrastructure in the past four years.

He said the previous government that announced a series of new trains in railway budgets did nothing for improving infrastructure.

Addressing BJP workers here on Monday, Modi said

1,500 projects have remained as announcements as the media, NGOs and courts were not so vigilant in the past.

He said his government is for modernisation and technological upgradation in railways and kept on taking up many initiatives in this regard and it changed work culture in minimum time.

Flagging off Mysuru-Udaipur train, he said the train connectivity between two prominent cities will boost tourism.

Puttannaiah's death takes wind out of farmers' movement

K SHIVA KUMAR @ Mysuru

THE farmers' movement in Karnataka that made sporting a green shawl a symbol of a farmer's pride, and kept both politicians and bureaucrats on their toes when dealing with agriculture affairs stands orphaned with the passing away of its leader MLA K S Puttannaiah on Sunday.

The Karnataka Sarvodaya Paksha (KSP) legislator represented Melkote in the state assembly, after he got elected from there in 2013.

Puttannaiah was the sole elected representative of Karnataka Rajya Raitha Sangha, which represents the farming community in the state assembly.

The 69-year-old leader from Kythanahalli in Pandavapura taluk, spearheaded the farmers' movement for over four decades and was the beacon of hope for farmers and workers of the unorganised sector in the state. Hailing from a farming family, Puttannaiah joined the Raitha Sangha movement after graduating from D Banumai College. He closely associated with stalwarts of Raitha Sangha, like H S Rudrappa, Prof M D Nanjundaswamy, Babugowda Patil and others.

Puttannaiah excelled at analysing the impact of new economic policies that affected farmers, a community he empathised with. He projected his views on these matters through a number of fora.

His ability to speak fluently in Hindi, Tamil and English, apart from Kannada, helped him in this cause.

Known for presenting serious issues with an element of humor, he never compromised on ethos of humanity, equality and social harmony.

Despite the good rapport he struck with H D Deve Gowda, S M Krishna, J H Patel, Dharam Singh, B S Yeddyurappa and Chief Minister Siddaramaiah, Puttannaiah turned down a number of invites to join state and national parties, thus demarcating between friendship and politics.
