Subject: Multi Segment reporting / shifting to single segment.

Dear Madam/Sir,

We would like to inform that our company primarily is being engaged in a Process house and fabric manufacturing vertical of Textile Industry. As an ancillary activity we are also generating the power through our wind mill unit established under non conventional energy source. Therefore we used to file the financial results quarterly, half yearly & yearly of our company in multi segment category from time to time.

In this division of Wind mill, we use to sell the power generated to Maharashtra State Electricity Distribution Company Limited (MSEDCL) under the Power Purchase Agreement (PPA) till 31st March 2017 and use to get the payment against this power sold to MSEDCL on regular basis.

Since this PPA was due for renewal in the current financial year we continued the supply of power generated from our Wind Mill to MSEDCL.

We were in the process of renewal of this PPA with MSEDCL in previous quarters of current financial years. But due to uncertainty in Power Purchase policy of the MSEDCL and Maharashtra Government it has not been worked out so far. Therefore time being we are unable to raise the sale bill for supply of power to the MSEDCL, instead of that it will be used by us through the

MSEDCL Grid for our own consumption i.e. on the basis of captive consumption. Against this supply of power generated by us and transmitted through MSEDCL Grid, MSEDCL will set off the units consumed in our regular electricity supply bill. So the said division of windmill Power generated is adjusted against our Consumption. In case, once we sign the PPA with MSEDCL in near future we will start commercial transaction with the MSEDCL.

Therefore, we hereby submitting financial results in single segment

Kindly acknowledge the receipt of this letter and oblige.

Thanking You

Yours Faithfully
