Group Company

Accudyne Industries Selects LTI as its IT Infrastructure & Security Management Partner

Engagement to improve flexibility, scalability and security of business operations

Mumbai – 20 March, 2018 – Larsen & Toubro Infotech Ltd. (NSE: LTI, BSE: 540005), a global technology consulting and digital solutions company has been selected by Accudyne Industries, LLC (Accudyne Industries) as the transformation partner to provide IT Infrastructure & Security Management Services. Accudyne Industries is a leading global provider of precision engineered, process-critical and technologically advanced flow control systems and industrial compressors.

Accudyne's businesses support complex, large-scale installations within oil and gas, energy, petrochemical, chemical, industrial manufacturing, construction, mining, and water and wastewater treatment industries. Accudyne chose LTI as its consulting and IT services partner to enhance end-user experience while attaining flexibility and scalability across its business landscape. LTI will provide services leveraging an intelligent, global, managed services engagement model supported by a command and security operations center.

Frank DeArmas, Chief Information Officer, Accudyne Industries, said, "Accudyne has embarked upon this initiative to enable technology led operations transformation and to improve end-user satisfaction. LTI understood our needs early on, and provided a comprehensive solution that meets our current and future needs. I have experienced LTI's capabilities and customer centricity in the past and look forward to partnering again to improve the way we service our customers."

Rohit Kedia, Chief Business Officer, LTI, said, "A scalable and secure technology infrastructure is the foundation for all modern businesses. We're excited to partner with Accudyne Industries on this IT transformation and our customized digital proposition will improve agility and efficiency of operations."

LTI has a proven track record of accelerating digital transformation across industries with its Mosaic platform and a strong partner ecosystem.

About Accudyne Industries:

Accudyne Industries is a global provider of precision-engineered flow control and compressor systems responsible for powering the world's most economically vital industries. These process-critical machines deliver unflagging performance in incredibly demanding environments, giving confidence to the mission of their customers. Today, Accudyne is powered by more than 2,800 employees at 13 manufacturing facilities. For more information, visit www.accudyneindustries.com

About LTI:
