We are very pleased to inform our shareholders that your Company has received export orders worth INRs 232 Million (US\$ 3.57 Million) for newly established plant of Melt Blown products. It is a matter of pride for young team from U.S.A. that their efforts have successfully resulted these orders. USA and other countries have great demand of this products and present order will keep machine busy beyond August, 2018.

The Melt Blown products are special highly technical process and there big gap between demand and supply world wide as such the margin of profit is quite high. For the year ending 31-03-2018 this plan worked for last quarter only but for this year full benefit will accure. We hope to get further orders shortly for this products which will last for this full year.
