NTPC FY18 profit slips 2% to ₹10,502 cr

FE BUREAU New Delhi, May 28
STATE-OWNED POWER generator NTPC's profit in FY18 slipped by 1.9% from last year to ₹10,501.5 crore, notwithstanding a 7% rise in revenue to ₹88,083 crore in the same period, as its finance costs in the fiscal went up by 21% to ₹4,434.6 crore. The company was also affected by under-recovery of about ₹80 crore on account of fuel shortage at several of its generating stations, underscoring the ongoing issue of coal scarcity at power plants across the country.

Revenue rose by 11.2% to ₹4,049 crore year-on-year. Earnings before interest and tax rose 11.5% to ₹804 crore quarter-on-quarter, the company said in a filing. For FY18, revenue increased 9.3% to ₹16,499.8 crore on a Yo-Y basis, while the net profit rose 5.3% to ₹2,423.2 crore. The company has reported a healthy growth in revenues and profitability in FY18, led by improvement in most of the markets, 'Aurobindo Pharma managing director N. Govindarajan said. The company is ramping up investment in differentiated and specialty product portfolio, he added. 'Our execution strength and pipeline expansion will drive growth for the future,' he said.

Following this, the company is now offering the service in 15 circles. Earlier this month, it had launched VoLTE in Maharashtra, Goa, MP & Chhattisgarh, Gujarat, AP & Telangana, Tamil Nadu and Kerala.

They will also be offered another 10 GB on giving feedback after 8 weeks.
Idea's chief marketing officer Sashi Shankar said, 'Idea customers across 15 markets will now be able to experience high definition voice calls on VoLTE. In addition to network expansion, Idea has been focused on providing attractive and data plans for postpaid and prepaid customers along with forging partnerships with handset makers'.
The service is accessible on 4G handsets powered by Intel, Qualcomm and MediaTek processors with compatible 4G handsets will be automatically upgraded to VoLTE. Currently, the service is available on Vivo Y7 Plus, Honor 5X, Honor 6X, Honor 7X, Honor View 10, Honor 9i and Honor 9i nano handsets. Customers with Xiaomi Redmi 4, Samsung J7 Pro/A5/J7, One Plus 5/5T/6 and Nokia 5 plus devices will soon get their OTA updates to enable them to experience VoLTE service.
The development will help the operator in adding more 4G data and premium services with around 13% in FY17 to 20.5% in FY18. Its wireless broadband subscriber base (3G/4G) now stands at 39.8 million out of total 46.8 million mobile data users.
