We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act 2013. An Audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including assessment of risk of the material misstatements of the financial statements whether due to fraud or error. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.
