## Media Release

### **Anil Sardana appointed as MD and CEO Of Adani Transmission Ltd**

**Ahmedabad, May 02, 2018:** Adani Transmission, part of the Adani Group, a globally integrated infrastructure player today announced the appointment of Mr. Anil Sardana as Managing Director and Chief Executive Officer of Adani Transmission Ltd. with effect from 1st May 2018.

Mr. Anil Sardana comes with over 3 decades of experience in the power and infrastructure sector. He started his career with NTPC and subsequently worked with BSES and Tata Group companies in the power and Infra sector, ranging from generation, power systems design, power distribution, Telecom and project management. Prior to joining the Adani Group he was the MD & CEO of Tata Power Group based out of Mumbai.

Speaking on the appointment, **Mr. Gautam Adani, Chairman, Adani Group** said, *"We welcome Mr. Anil Sardana to the Adani Family. He joins us at a very critical phase when the company has recently entered the power distribution space with the acquisition of the Mumbai GTD business. Mr. Sardana comes with a vast experience in the Power sector will play an important role in taking our Transmission business to new heights. We wish him all the success for a long and fruitful association with the Adani Group"*

Mr. Sardana is an honours graduate in Electrical Engineering from Delhi University (1980) and also holds a PGDM from All India Management Association. He has undergone management training from reputed institutes like IIM – A and "Specialised Residual Life Assessment course for Assets" at EPRI – USA.

## About Adani Transmission

Adani Transmission (ATL), the transmission arm of the business conglomerate Adani Group, is India's largest private transmission company with a cumulative transmission network of around 12000 ckt km. ATL is engaged in engineering, construction management and operation and maintenance of transmission networks. Adani Transmission is creating a strong and reliable power transmission network to help achieve the goal of 'Power for All' by 2022. The company has recently entered the power distribution business by acquiring 100% stake in Reliance Energy which is engaged in power distribution in the city of Mumbai, India. It will service 3 million households in Mumbai once it takes over the operations.

## About Adani Group

Adani Group is one of India's largest integrated infrastructure conglomerates with interests in Resources (coal mining and trading), Logistics (ports, logistics, shipping and rail), Energy (renewable and thermal power generation, transmission and distribution), and Agro (commodities, edible oil, food products, cold storage and grain silos), Real Estate, Consumer Finance and Defence. Headquartered in Ahmedabad, India, the \$12-billion group has operations across the world. Adani owes its success and leadership position to its core philosophy of 'Nation Building'. The Group is committed to protecting the environment and improving communities through its CSR programme based on the principles of sustainability, diversity and shared values. The group owns and operates one of the world's largest solar power plants in Tamil Nadu, India. The group is committed to produce 10,000MW of renewable energy by 2022.
