Amazon puts ₹2,600 crore in Indian unit

Funding comes at a time when Walmart is inching closer to acquiring Flipkart

ANUSHREE BHATTACHARYYA
New Delhi, May 8

US-BASED E-COMMERCE GIANT Amazon Inc has infused a fresh capital of ₹2,600 crore into its Indian unit, Amazon Seller Services, according to data sourced by business intelligence platform Paper.vc. The funding comes at a time when Walmart has inched closer towards acquiring homegrown e-commerce company Flipkart.

In January, Amazon Inc had pumped in capital of ₹1,950 crore. Prior to that, in November 2017, Amazon India had issued a paid-up capital of ₹17,839 crore towards its marketplace arm.

Amazon has been aggressively investing in building infrastructure and expanding services in its battle against Flipkart. In April this year, Amazon India increased storage capacity by 54% to 20

According to the filings with the registrar of companies (RoC), Amazon Seller Services posted a 41% increase in its gross revenue to ₹3,128 crore.

Tata Steel Europe arm explores potential sale of non-core biz

PRESS TRUST OF INDIA
Mumbai, May 8

THE EUROPEAN ARM of Tata Steel on Tuesday said it is exploring potential sale of non-core businesses, to help the company focus its investment and management resources on the core strip products business and strategic markets.

Tata Steel Europe said it has recently conducted a detailed portfolio review of all its businesses to assess the strategic fit and the future potential.

Based on the review, we have begun a process of seeking buyers for business units which supply products to niche markets, allowing the company to continue to strengthen its focus on strategic strip products and markets, a company statement said in Mumbai.

The sale process will cover five business units, which includes units of Cogent, a manufacturer and processor of electrical steel based in Newport, South Wales in the UK, Burlington, Canada and at Surahammarin in Sweden.

The sale process will also cover units of Kaltzip, an aluminium roofing and cladding business based primarily in Koblenz, Germany and Finsteel which coats steel for kitchen bakeware based in Walsall, West Midlands, the UK.

The company's Tata Steel Istanbul Metals, a coil coating company using steel bought on the open market, based in Adapazari, Turkey and Engi-

neering Steels Service Centre (Wolverhampton) which is a stockholder and processes engineering steels, based in Wolverhampton, West Midlands, the UK will also cover sale process, the release said.

As a responsible seller Tata Steel is committed to seeking the best and most sustainable future for all the businesses, it

value chains," Tata Steel's European operations CEO Hans Fischer said.

"The customer base for the businesses being sold are distinct from the rest of Tata Steel Europe. We want to find the best owner for each of these business units who can focus on their needs to help them realise their full potential, Fis-

Tata Steel Europe said it has recently conducted a detailed portfolio review of all its businesses to assess the strategic fit and the future potential

added. "These potential sales follow the successful sale of other non-core businesses in recent years, such as Long Products Europe and Speciality Steels. Under new ownership these former Tata Steel businesses have found the focus to secure a more sustainable future.

In turn, these divestments have allowed us to focus resources on making significant improvements to the core strip business, as part of our ambition to develop the most sustainable steel business in Europe focused on our Ilmuiden and Port Talbot

cher said," he said

These potential sales would enable Tata Steel Europe to focus investment and management resource on its core strip products business and strategic markets, he added.

Following the potential sale of these business units, which employ a total of 1,100 people, Tata Steel Europe would continue to employ about 20,000 people manufacturing advanced products for the automotive, construction, engineering and packaging sectors, the company said.

EOW files FIR against Time T

FE BUREAU
New Delhi, May 8

THE ECONOMIC OFFENCES Wing (EOW) has filed a first information report (FIR) against Mumbai-based Time Technoplast on the basis of a complaint filed by London-

based Aburi Composites, alleging that the composite LPG cylinders supplied by the former did not conform to the requisite standards.

Aburi Composites is in the business of procurement and distribution of composite cylinders.

According to the London-based company, it placed an order for 245,376 cylinders with Time Technoplast on March 3, 2016 and made a payment of ₹14.02 crore to Time Technoplast.

However, when cylinders were unloaded in
