- The above financial results have been reviewed and considered by the Audit Committee and subsequently approved by the Board of Directors at their meeting held on 29th May, 2018.
- The Consolidated financial statements are prepared in accordance with principles and procedures as set out in the Indian Accounting Standards ("IND AS 110") "Consolidated financial statements" prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued there under. Consolidated financial statements include financial results of S P S Processors Private Limited, subsidiary of Bodal Chemicals Limited and Trion Chemicals Private Limited, associate of Bodal Chemicals Limited.
- The Company has adopted Indian Accounting Standards ("IND AS") Notified by the Ministry of Corporate Affairs w.e.f. 1st April, 2017. Accordingly, Financial Results for the quarter and year ended 31st March, 2018 and for the quarter ended 31st December, 2017 have been prepared in accordance with the Ind AS prescribed under section 133 of the Companies Act, 2013. Accordingly, the figures for the quarter and year ended 31st March, 2017 have been restated as per the Ind AS to make them comparable with the figures of the quarter and year ended 31st March, 2018.
- The Board of Directors has recommended a final dividend of Rs.0.80 paisa (40%) per Equity share of face value of Rs.2/- each of the Company, subject to approval of Members.
- During the quarter ended on 31st March, 2018, the Company has changed its method of providing depreciation on fixed assets from Written Down Value Method (WDV) to Straight Line Method (SLM) with effect from 1st April, 2017. Accordingly, depreciation has been recomputed and the resultant differential effect of the same for the year ended on 31st March, 2018 has been provided in the quarter ended on 31st March, 2018. Due to the change in the method of depreciation, the amount of depreciation has been lower by Rs.149.27 million for the year and for the quarter ended on 31st March, 2018 and hence the said figures are not comparable with the figures of the corresponding comparative periods. If the Company would have continued to provide depreciation on earlier method (WDV) on its assets, the profit after tax would have been Rs. 299.74 million instead of Rs.396.77 million for the quarter ended on 31st March 2018, and Rs.1178.41 million instead of Rs.1275.44 million for the year ended 31st March, 2018.
- The figures for the quarters ended on 31st March, 2018 and 31st March, 2017 are the balancing figures between audited figures for the full financial year and published year to date figures up to the third quarter of the respective financial year.
- Previous period figures have been rearranged/ regrouped, wherever necessary, to make them comparable with the figures of the current period.
- The full quarterly and yearly financial results are available on the Stock exchanges website i.e. www.bseindia.com and www.nseindia.com and on the Company's website i.e. www.bodal.com.

ge IIRL. Bharti Airtel's India operations, Idea Cellular and Vodafone India are already in the red, mainly due to the price war started by Jio. However, tower companies will not be left unscathed because in some cases, they share the fuel costs with operators. "The earlier arrangement was on a 'pass-through' ecutive of a leading tower company who did not want to be identified. The Tower and Infrastructure Providers' Association said the hit on margins may be much lower this time because dependency on diesel has reduced with a shift to renewable sources of energy such as solar power and fuel cells. In some cases, telcos are sharing tower sites, thereby increasing cost efficiencies.
