The company's current liabilities exceed current assets. These matters require substantial debt reduction in the company also additional Cash flow is required to fund the operations as well as other obligations
- ii) In respect of investment of Rs 0.5121 crores- in subsidiary, that have significant accumulated losses as at March 31, 2018. In absence of fair valuation of these Investments, we are unable to comment upon the carrying value of these investments and its impact, if any.
- b. Type of Audit Qualification: Qualified Opinion
- c. **Frequency of qualification**: Appeared First Time

d. Management Views:-

Reply to Qualified Opinion raised by auditors pointwise by Management is as under:-

i) As bankers did not disburse sanctioned 35 crores term Loan fully and timely and due to sudden closure of Sinnar plant 1 due to the safety of workers as the old shed of plant I was not safe, company has incurred a loss of 81.98 crores in financial year 2017/18. This was a one-time event.

Company is in the process of restructuring its loan from bankers which will result in loan reduction by approx. 200 crores due to conversion of term loan in CRPS. This will improve the net worth of the company by 200crs and reduction of debt of the company by 200crores.

Secondly, to improve the liquidity position and capacity utilization/Operations of the company, company is in the process of raising minimum funds of 40 crores from Investors or NBFC. This is also a precondition from Bankers to pass the restructuring plan.

Company being a Mega project has un-accrued Incentive from Govt of Maharashtra to the tune of Rs 208 Crores . Only 60 crores of the incentive has been accrued till 31/3/2018.

Also company has decided to sell its non-core assets to improve its liquidity for operations and also for Debt reduction. Accordingly financial statements have been prepared on the basis that company is a going concern.

ii)Company's Subsidiary has shown substantial loss in FY 2017/18 as it has provided for doubtful Loans and advances. This provision is done as a good accounting practice. This was a one-time event However in future as and when these provided for advances /loan are recovered the same will be accounted for as other Income which will directly improve the net worth of the company. Also the Company's Subsidiary has substantial assets to meet its obligations in due course of time. Accordingly financial statements have been prepared on the basis that company is a going concern.

- 5 The Statutory Auditors have expressed qualified opinion in their report for the quarter and year ended March 31,2018 in respect of following matters:
 - a)During the year in respect of preparation of financial statements of the company on going concern basis for the reasons stated therein during the year the Company has incurred net loss of Rs 81.38 crores resulting into accumulated losses of Rs. 127.70 crores. The Company's current liabilities exceed current assets. These matters require substantial debt reduction in the company also additional cash flow is required to fund the operations as well as other obligations.

Management Reply:-

1)As bankers did not disburse sanctioned 35 crs term Loan fully and timely and due to sudden closure of Sinnar plant 1 due to the safety of workers as the old shed of plant I was not safe, company has incurred a loss of 81. crs in financial year 2017/18. This was a one-time event.

Company is in the process of restructuring its loan from bankers which will result in loan reduction by approx. 200 crs due to conversion of term loan in CRPS. This will improve the net worth of the company by 200crs and reduction of debt of the company by 200crs.

- 2)Secondly, to improve the liquidity position and capacity utilization/Operations of the company, company is in the process of raising minimum funds of 40 crs from Investors or NBFC. This is also a precondition from Bankers to pass the restructuring plan.
- 3)Company being a Mega project has un-accrued Incentive from Govt of Maharashtra to the tune of Rs 208 Crs . Only 60 crs of the incentive has been accrued till 31/3/2018.
- 4)Also company has decided to sell its non-core assets to improve its liquidity for operations and also for Debt reduction. Accordingly financial statements have been prepared on the basis that company is a going concern.

b)During the year in respect of Investment of Rs 51.21 lakhs in Subsidiary ,that have significant accumulated losses as at March 31,2018. In absence of fair valuation of these Investments, we are unable to comment upon the carrying value of these investments and its impact, if any.

Management Reply:-

Company's Subsidiary has shown substantial loss in FY 2017/18 as it has provided for doubtful Loans and advances. This provision is done as a good accounting practice. This was a one-time event However in future as and when these provided for advances /loan are recovered the same will be accounted for as other Income which will directly improve the net worth of the company. Also the Company's Subsidiary has substantial assets to meet its obligations in due course of time. Accordingly financial statements have been prepared on the basis that company is a going concern.
