PRESS RELEASE

**Tata Motors creates Electric Mobility Business vertical;
elevates Mr. Shailesh Chandra as the President - Electric Mobility Business &
Corporate Strategy**

Mumbai, June 4, 2018: To capture the opportunities arising out of new mobility trends and to bring organizational focus and alignment, Tata Motors today announced the appointment of Mr. Shailesh Chandra to lead the Electric Mobility Business in addition to his current responsibility. He will be re-designated as President- Electric Mobility Business & Corporate Strategy, with immediate effect and will continue to be a member of the Executive Committee. Creation of this new business vertical will enable Tata Motors to deliver on its aspiration of providing innovative & competitive e-mobility solutions.

“Tata Motors is optimistic about the future of Electric vehicles and would like to lead the electric mobility evolution in the country. We will also leverage on the capabilities of other Tata Group companies to develop the full ecosystem and fast track the adoption of e-mobility.” said, **Mr. Guenter Butschek, Chief Executive Officer & Managing Director, Tata Motors.**

Shailesh has played an instrumental role in leading the project teams to deliver the EESL project and has been closely working with some of the Group companies and other ecosystem partners in his current role.

Commenting on the announcement, Shailesh Chandra, President- Electric Mobility Business & Corporate Strategy said, *“It is a big responsibility bestowed upon me and I am excited to drive Tata Motors’ vision of proactively developing the e-Mobility ecosystem in the country and leveraging the opportunity for Tata Motors.”*

Tata Motors is committed to the Government’s vision for electric vehicles by 2030 and will work in a collaborative manner to facilitate faster adoption of electric vehicles and to build a sustainable future for India.

-Ends-

About Tata Motors

Tata Motors Limited (BSE: [TATAMOTORS](https://www.tatamotors.com)), a USD 45 billion organisation, is a leading global automobile manufacturer of cars, utility vehicles, buses, trucks and defence vehicles. Part of the USD 100 billion Tata group, Tata Motors is India’s largest and the only OEM offering extensive range of integrated, smart and e-mobility solutions. Tata Motors has operations in the UK, South Korea, Thailand, South Africa, and Indonesia through a strong global network of 76 subsidiary and associate companies, including Jaguar Land Rover in the UK and Tata Daewoo in South Korea.

With a focus on engineering and tech enabled automotive solutions catering to the future of mobility, Tata Motors is India’s market leader in commercial vehicles and amongst the top four in the passenger vehicles market. With ‘Connecting Aspirations’ at the core of its brand promise, the company’s innovation efforts are focused to develop pioneering technologies that are sustainable as well as suited to evolving aspirations of the market and the customers. Tata Motors strives to bring new products that fire the imagination of GenNext customers, fueled by state of the art design and R&D centers located in India, the UK, Italy and Korea. Internationally, Tata commercial and passenger vehicles are marketed in countries, spread across Europe, Africa, the Middle East, South Asia, South East Asia, South America, Australia, CIS, and Russia.
