Dynacons wins the Hyper converged Infrastructure Award

MUMBAI, India – JUNE 05, 2018

At 10th Edition of Awards instituted by IDG India, Dynacons has been awarded by Hyper converged Infrastructure Award. The award was presented by Nutanix India.

Hyper-converged infrastructure (HCI) is a <u>software-defined IT infrastructure</u> that virtualizes all of the elements of conventional "<u>hardware</u>-defined" systems. Hyper-convergence is a software-centric architecture that tightly integrates compute, storage and virtualization resources in a single system. Hyper converged Infrastructure (HCI) simplifies Datacenter Operations. Hyper converged infrastructure streamlines the deployment, management and scaling of datacenter resources by combining server and storage resources with intelligent software in a <u>turnkey software-defined solution</u>.

Commenting on the development, Mr. Shirish M. Anjaria, Chairman and Managing Director of the Company said, "The award is a testimony to the technology expertise demonstrated by our team. The Hyper converged Infrastructure market is rapidly growing with a high rate of adoption in Enterprises globally, and Dynacons is fully geared to address this market segment." "We are proud to announce that there are very few players in the Industry who have laid their hands on this technology and we are one of them", added Mr. Anjaria.

About Dynacons

Dynacons Systems & Solutions Ltd. is an IT company with global perspectives with its headquarters at Mumbai and branches all over India.
