KPIT named “SAP Hybris Americas Service Delivery Partner of the Year”

Folsom, CA | May XX, 2018: KPIT Technologies (BSE: 532400; NSE: KPIT), a global technology company specializing in IT consulting and product engineering, announced that it has been named “SAP Hybris Americas Service Delivery Partner of the Year” by SAP Hybris. KPIT was recognized for its ability to successfully deliver SAP® Hybris® solutions that create transformational customer experiences and competitive differentiation for its clients across the Americas region.

KPIT has been driving market and customer impact for SAP Hybris solutions by drawing upon its deep heritage with delivering SAP solutions, and is regarded for the ability to drive value-based sales cycles with accelerated business outcomes.

By combining its solution accelerators and IP with SAP Hybris solutions, KPIT has differentiated itself in the partner ecosystem by leading with innovations powered by SAP Hybris solutions such as dealer portals, 3D product visualization, predictive maintenance, intelligent field services and more.

“Our recognition as SAP Hybris Americas Service Delivery Partner of the Year underscores KPIT’s unwavering commitment to successful delivery outcomes and innovations across critical commerce, sales, service and marketing initiatives,” said Anand Chellam, Global Leader for KPIT’s SAP Strategic Business Unit. “SAP Hybris solutions represent a core and significant segment of our business portfolio, and this has resulted in ongoing recognition in the marketplace as a leading provider of services for SAP solutions,” added Chellam.

In addition to this SAP Hybris partner award, KPIT was ranked as a [Leader for SAP Services in the most recent ISG Provider Lens™ report](#). KPIT sells, delivers and supports end-to-end SAP Hybris solutions helping leading B2C and B2B brands across strategic industries achieve transformational outcomes leveraging omni-channel commerce; sales; service; marketing; CPQ (configure, price and quote); billing; data hub and partner extension technologies.
