<p>II. Audit Qualification (each audit qualification separately):</p> <p>a. Details of Audit Qualification: As per Audit Report:</p> <p>(i) During the year the company has switched over to new ERP system on account of GST Implementation, which has been implemented in stages and only certain modules are operational, accuracy of which are yet to be tested by management. The audited financial amounts for the year ended March 31, 2018 has been compiled from primary as well subsidiary or other records maintained by the management pending testing of accuracy of newly introduced ERP system. As a result, Debtors ledger control accounts and as per subsidiary records are under reconciliation. We are unable to ascertain the impact on the financial statements of the company pending such reconciliation.</p> <p>(ii) We have not participated in physical verification inventories of raw material, packing material, finished goods, work in progress goods, stock in trade. We have relied on physical verification certificate issued by internal auditors of the company, a firm of chartered accountants as well as certificate of the valuation of finished goods, stock in transit and work in progress.</p> <p>(iii) Amount of Rs. 124.04 lakhs has been shown as recoverable relating to the misappropriation done by the employee of the company in the earlier years. However, no provision has been made against the said amount as the management has initiated legal steps for the recovery of the said amount and is confident of recovery. In our opinion the recovery of the amount is doubtful and consequently the profit is over stated by Rs. 124.04 lakhs (2016 – 2017: Rs.124.04 lakhs) with consequential impact on Shareholders Fund and other non-current assets which are over stated by the said amount.</p> <p>(iv) Balance of Trade Receivable, loans &amp; advances, Employee Advance, Trade Payable and Security and Trade Deposits from Agents and Stockists, balances are subject to confirmations, verification and adjustments necessary upon reconciliation thereof. Adjustments required upon such confirmations, if any, are not ascertainable and hence not provided for.</p>				

(v) We have not been provided with reconciliation of purchase, sales, input credits shown in books of account with GST return filed. Hence, we are unable to comment on effect of the same on the financial statements of the company pending such reconciliation.

(vi) In the absence of information, we have relied upon the segment wise report prepared by the management based on the nature of product, risk and returns, organization structure. The figures have been regrouped and reclassified wherever necessary by the management.
