# EoIs for only 13 areas under second oil acreage auction

SHINE JACOB  
New Delhi, 31 May

The second round of oil and gas auctions under the Open Acreage Licensing Policy (OALP-II) has got expressions of interest (EoIs) for only 13 geographical areas as against 55 during the first round that happened last year.

According to sources, state-run Oil and Natural Gas Corporation (ONGC) has submitted interests for seven of these areas. Rest of the companies include Mukesh Ambani-led Reliance Industries (RIL) and Bharat PetroResources (BPRL). RIL had stayed away during the bids for OALP-I and Discovered Small Fields (DSF-I).

The bidding round for OALP-II is expected to begin in July. The last date for submis-

sion of EoIs was May 15.

The OALP is designed to allow companies to carve out their own exploration areas while plugging the gaps found in the earlier model. In the EoI stage, companies can carve out their area based on the national data repository (NDR). The second stage involves bidding where others can also join.

"We have received around 13 EoIs, but expect a lot of overseas interest this time. The bidding stage is likely to start by mid-July," said a government official.

During OALP-I, Anil Agarwal's Vedanta Cairn grabbed the maximum number of blocks, around 40 of 55 that were on offer. India's largest hydrocarbon producer Oil and Natural Gas Corporation (ONGC) bagged lesser number of blocks as compared to Oil

India (OIL). Interestingly, none of the foreign players participated in this round.

"Since OALP is a continuous process, companies will have the option to go for blocks through the year. Getting 13 EoIs, soon after the success of first round shows that exploration sector still has takers. The EoI stage for the third round of OALP kicked off on May 16 and will extend up to November 15 this year," the official said.

Another official indicated that the hydrocarbon regulator is set to change a clause in the bid document which states that before undergoing any structural change a holding company with participating interest in a block must take permission from the government to do so. Companies will get access to 1.76 million Line Kilometre (LKM) of 2D seismic data and 0.65 million square kilometres of 3D seismic data.

The government expects more interest in the hydrocarbon sector as India's share of global demand is expected to grow from present 5.5 per cent to 9 per cent by 2022. At present, India is the third largest consumer of oil and petroleum products, after the US and China. According to the data available with the Directorate General of Hydrocarbons (DGH), the data repository has so far got 277 users, including 85 Indian and 43 foreign firms.

Companies will get access to 1.76 million Line Kilometre (LKM) of 2D seismic data and 0.65 million square kilometres of 3D seismic data.

## Bidders for Maharashtra expressway shortlisted

AMRITHA PILLAI  
Mumbai, 31 May

Maharashtra State Road Development Corporation (MSRDC) on Thursday announced 13 companies as lowest bidders for the construction of Nagpur-Mumbai Maharashtra Samruddhi Mahamarg (MSM) expressway for a total value of Rs 470 billion. "We have received 13 lowest bidders (L-1s) out of 18 eligible ones to build 13 of the 16 packages of the 700-km expressway," MSRDC said in a statement.

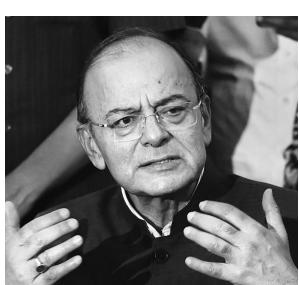

"With the outcome of the financial bids, we have completed yet another milestone for this mega project. We shall now evaluate the bids. After due diligence over the next few days, we would issue work orders," said Radheshyam Mopalwar, vice-chairman and managing director of MSRDC.

The project will connect 10 districts, 26 talukas and 392 villages in the state. As on date, the government has acquired 81 per cent land, according to the press statement.

The project is expected to cut down travel time between Nagpur and Mumbai from 18 hours to 8 hours. The project is expected to be complete by the end of 2019.

## Jaitley may be discharged from hospital today

ARUP ROYCHOURHURY  
New Delhi, 31 May

Union Minister Arun Jaitley is expected to be discharged from hospital by Friday, after a kidney transplant surgery earlier this month.

Sources say he is recovering well and has started walking in his hospital room at the All India Institute of Medical Sciences (AIIMS). After getting discharged, he will follow a strict diet regime and access to him will be severely restricted for at least 10-15 days.

"All goes well, you could see him in North Block (his office) by June-end," said a person aware of the progress of Jaitley's treatment. "He has responded well but precautions will still have to be maintained once he is discharged from the hospital." In Jaitley's absence, Railways and Coal Minister Piyush Goyal holds additional charge of the finance and

corporate Affairs ministries. Jaitley, 65, underwent the surgery on May 14. He had been unwell since early April, due to kidney-related problems and chest infection. He hadn't been coming to the finance ministry since early April and was working from home.

He had cancelled a trip to the United Kingdom, in the second week of April. He took oath after his re-election to the Rajya Sabha in mid-April, nearly two weeks after other members.
