Zensar Joins Oracle Cloud Managed Service Provider Program

New Cloud Managed Services Provider for Oracle Cloud Platform Available to Help Customers Empower Enterprises to Maximize Cloud Journey

San Jose, California, July 10, 2018– Zensar, a Platinum level member of Oracle PartnerNetwork (OPN), today announced that its integrated cloud transformation services, part of its digital transformation offering, is now available, offering customers wide-ranging managed services for both Oracle and non-Oracle workloads running on Oracle Cloud Platform.

As part of the current industry trend toward data center transformation, many customers want to outsource their data centers to public cloud. These customers are looking for partners who can help migrate, run and manage any workload in the cloud. The Oracle Cloud Managed Service Provider (MSP) program identifies and recognizes partners who have skills, tools and processes to build, deploy, run, and manage Oracle and non-Oracle workloads on Oracle Cloud Platform.

“One of the key differentiators of Zensar’s Oracle Cloud expertise lies in our long-standing relationship with Oracle, that enables us to understand implementation needs of various enterprises. We have seen successful implementations across our global customers with their Oracle Cloud requirements,” said **Sandeep Kishore, CEO and Managing Director, Zensar**. “Zensar’s participation in the Oracle Cloud Managed Service Provider Program further extends our commitment to and enables customers to easily reap the benefits of Oracle Cloud Platform. We look forward to leveraging the power of the Oracle Cloud to help us achieve our business goals.”

“Cloud represents a huge opportunity for our partner community and our customers,” said **Sanjay Sinha, vice president, Platform Products, Oracle**. Zensar’s participation in the Oracle Cloud MSP program underscores their skills and expertise with Oracle Cloud Platform and enables us to work in tandem to provide the services needed to accelerate customers’ time to value and success in the Cloud.”

“Our collaboration with Oracle enables us to be the go to partner for our customers who are looking at the Cloud as the mainstream IT strategy. Oracle Cloud’s inherent advantage lies in its integrated approach to getting an enterprise started easily on its cloud journey and we have the capabilities and experience in having helped customers achieve their objectives,” said **S. Praveen Padala, Vice President, Enterprise Applications, Zensar**.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) is Oracle's partner program that provides partners with a differentiated advantage to develop, sell and implement Oracle solutions. OPN offers resources to train and support specialized knowledge of Oracle's products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to be recognized and rewarded for their investment in Oracle Cloud. Partners engaging with Oracle will be able to differentiate their Oracle Cloud expertise and success with customers through the OPN Cloud program – an innovative program that complements existing OPN program levels with tiers of recognition and progressive benefits for partners working with Oracle Cloud.
