"Resolved that Mr. S. Narayanan, Whole-time Director (DIN-03564659), who retires by rotation from the Board pursuant to the provisions of Section 152 of the Companies Act, 2013 be and is hereby re-appointed as a Director of the Company".

Special Business:

- (4) To consider and if thought fit, to pass with or without modification(s), the following resolution as an ordinary resolution:
"Resolved that pursuant to Section 148 of the Companies Act, 2013, the remuneration fixed at Rs.1,00,000/- (Rupees One Lakh Only) exclusive of taxes, out of pocket and travel expenses etc., to M/s.C.S.Hanumantha Rao & Co., Cost Accountants (Firm Regn. No.000216) who have been appointed as Cost Auditors by the Board of Directors for the financial year 2018-19 as recommended by the Audit Committee be and is hereby ratified."

Chennai
30th May 2018

By order of the Board
K.Vidhya Shankar
Company Secretary

Statement of Material Facts pursuant to Section 102 of the Companies Act, 2013.

For item No.04:

The Company pursuant to the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors), Rules 2014 had appointed M/s.C.S.Hanumantha Rao & Co., Cost Accountants (Firm Regn. No.000216) for the financial year 2018-19 towards carrying out the cost audit of the products manufactured by the company. As per the provisions of the Companies Act, 2013, the remuneration payable to the Cost Auditors should be ratified by the members. The necessary resolution is placed before the members for their consideration and approval. None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested in the resolution.

Notes:

1. A member who is entitled to attend and vote is entitled to appoint a proxy to attend and vote instead of himself / herself and the proxy need not be a member. Members / Proxies are requested to bring the attendance slip and also their copy of the Annual Report to the meeting. Members are requested to quote their Registered Folio Number/ Client ID Number in all their correspondence. A person can act as proxy on behalf of members not exceeding fifty (50) and holding in the aggregate not more than 10% of the total share capital of the Company. The instrument appointing a Proxy in order to be effective, should be deposited at the Registered Office of the Company, duly completed and signed, not less than 48 hours before the commencement of the meeting. A Proxy Form is being sent herewith. Proxies submitted on behalf of the Companies, Societies etc., must be supported by an appropriate resolution / authority, as applicable. During the period beginning 24 hours before the time fixed for the commencement of the meeting and ending with the conclusion of the meeting, a member would be entitled to inspect the proxies lodged at any time during the business hours of the Company, provided that not less than 3 days notice in writing is given to the company.
2. The register of members and Share Transfer Books of the Company under the physical mode will remain closed from 18th July 2018 to 20th July 2018 (both days inclusive).

3. In the case of dematerialised shares, the Dividend that may be declared at this meeting will be paid to the members whose names appear in the Beneficiary Position list submitted by NSDL and CDSL as on 18th July 2018. In the case of other holders, the dividend amount will be paid to those whose names appear in the Register of Members as on the date of the 57th Annual General Meeting.
4. The Company has, pursuant to Section 205 of the Companies Act, 1956 and Section 124 of the Companies Act, 2013, transferred the amounts of unclaimed dividends declared up to the Financial Year 2009-10 to the General Revenue Account of the Central Government / Investor Education and Protection Fund. The shares on which dividend / corporate action remains unclaimed for a period of seven years have also been transferred to the designated account of the Investor Education and Protection Fund. Members who have not responded to our repeated communication and have not encashed the Dividend Warrants for the year ended 31st March 2011 and / or any subsequent dividend payments are requested to make their claim to the company.
5. Members holding shares in electronic form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or the Share Transfer Agent cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant of the Members. Members holding shares in physical form and desirous of either registering bank particulars or changing bank particulars already registered against their respective folios for payment of dividend are requested to write to the Company. The company will not be responsible for any loss arising out of fraudulent encashment of dividend warrants and it is advisable to get the dividend amounts credited electronically directly to their Bank Accounts.
6. We request the shareholders to register their E-Mail IDs with the Company / Share Transfer Agents. This will enable the Company to service shareholders' requests / queries electronically apart from furnishing of Audited Accounts and any other relevant information / communication.
7. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
8. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company.
9. A physical copy of the Annual Report 2018 is being sent to all the members whose names will be appearing in the register of members as on 22nd June 2018. In the case of those shareholders who have become members subsequently are requested to contact the Company's Share Transfer Agents to get a copy of the Company's Annual Report. Further a soft copy of the Annual Report 2018 is being sent to all the members whose e-mail IDs are registered with the Company / Depository Participant(s) / Share Transfer Agents. Members may note that the Notice of the 57th Annual General Meeting and the Annual Report for the year 2018 will also be available on the Company's Website, i.e. www.bimite.co.in Annual Report 2018.
10. All documents referred to in the accompanying Notice to the 57th Annual General Meeting and the statement of material facts shall be open for inspection at the Registered Office of the Company during normal business hours (9.00 am to 5.00 pm) on all working days upto and including the date of the 57th Annual General Meeting.

BIMETAL BEARINGS LIMITED

CIN: L29130TN1961PLC004466

REPORT OF DIRECTORS

Your Directors have pleasure in presenting the Fifty Seventh Annual Report covering the operations for the year ended 31st March 2018 together with the accounts and Auditors' Report thereon.

FINANCIAL RESULTS:	Year Ended 31-03-2018 (Rs. in Lacs)	Year Ended 31-03-2017 (Rs. in Lacs)
Net Revenue (Net of Excise Duty)	18,213.34	14,384.25
Profit before Interest, Depreciation and Taxation	1,763.51	1,104.16
Less : Interest	4.48	15.68
Depreciation	445.27	406.96
Profit before Tax after exceptional items	1,313.76	681.52
Less: Taxation [including Deferred Tax]	298.36	181.63
Profit after Tax after exceptional items	1,015.40	499.89
Other comprehensive income	371.97	448.69
Total comprehensive income for the year	1,387.37	948.58
Earnings per share (INR) (Basic and Diluted)	26.55	13.07

Operations :

The demand for the Heavy and Medium Commercial vehicles grew by 11% and the LCV market grew by 19%. The tractor demand was also robust for the year. Post GST implementation, there was an increase in the sale and production of vehicles in the above category. The year ended with a growth over last year for products. The demand for intermediate and end products in the export segment had shown robust demand which contributed in improving the turnover for the year.

The focus on cost reduction measures undertaken with further rationalization of Product and production facilities as planned were implemented and the benefits are seen in the performance and the results for the current year. The current year has started off with the same buoyant demand in all segments and it is expected to be sustained during the year.

Dividend :

Your Directors recommend a dividend of Rs.9/- per share (previous year: Rs. 7.50 per share) on the paid up capital for the financial year ended 31st March 2018. The payment of dividend is subject to the approval of shareholders at the ensuing Annual General Meeting.

Reserves :

Your Directors have recommended transfer of Rs. 203.81 lakhs to the General Reserve for the year ended 31st March 2018 increasing the General Reserve to Rs. 13,703.81 lakhs.

Consolidated Financial Statements :

The consolidated financial statements of your Company for the financial year 2017-18 are prepared in compliance with applicable provisions of the Companies Act, 2013 read with the Rules issued there under, applicable accounting standards and the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The consolidated financial statements of your Company take into account the financial statement prepared by the respective management of M/s.BBL Daido Private Limited, a Joint Venture Company and M/s.IPL Green Power Limited, an Associate Company.

Subsidiaries, Associates and Joint Ventures:

M/s.BBL Daido Private Limited, a Joint Venture Company with M/s.Daido Metal Company, Japan has achieved a turn-over of Rs. 73.36 Crores and earned a profit of Rs. 5.76 Crores and Rs. 5.11 Crores before and after taxes respectively for the year 2017-18 as against a turnover of Rs 54.52 Crores and a profit / (loss) before and after tax of (Rs. 6.23 Crores) and (Rs. 6.23 Crores) respectively for the previous year 2016-17. M/s. IPL Green Power Limited, an Associate of the Company is yet to commence its commercial production.

Pursuant to Section 129(3) of the Companies Act, 2013 read with Rule 5 of the Companies (Accounts), Rules, 2014 a statement containing salient features of the financial statements of the Company's Associates / Joint Ventures (in Form AOC-1) is attached to the financial statements.

Deposits:

The company did not accept any deposits within the meaning of provisions of Chapter V – Acceptance of Deposits by Companies under the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014 and its subsequent amendments.

Directors and Key Managerial Personnel:

All the Independent Directors of the Company have declared that they meet the criteria of Independence in terms of Section 149(6) of the Companies Act, 2013 and the applicable provisions of the SEBI (LODR) Regulations, 2015 and there is no change in their status of Independence.

Mr.S.Narayanan, Whole-time Director is retiring at the ensuing Annual General Meeting and being eligible offers himself for re-appointment.

The Directors of the Company at their meeting held on 23rd March 2018 passed the necessary resolutions appointing Mr.A.Krishnamoorthy as the Managing Director of the company for a term of 3 (Three) years from 1st April 2018. Further the Directors of the Company at their meeting held on 14th November 2017 passed the necessary resolutions reappointing Dr.Sandhya Shaker as an Independent Director of the company for a term of 5 (Five) years from 14th November 2017. Necessary approvals from the members have been obtained through the postal ballot route on 26th May 2018.

Auditors:

M/s. Fraser & Ross, Chartered Accountants (Firm Regn. No.: 000829S) are the Statutory Auditors of the Company for the period of 5 years from the conclusion of 56th Annual General Meeting until the conclusion of the 61st Annual General Meeting.

Cost Auditor:

The Board had appointed M/s.C.S.Hanumantha Rao & Co., (Regn. No.: 000216) as Cost Auditors for the financial year 2018-19 to carry out the cost audit of the products manufactured by the Company. The remuneration payable to the cost auditors for the year 2018-19 is being placed for the approval of the shareholders. The Cost Audit report for the financial year 2016-17 was filed in the MCA Website on 11th October 2017..

Internal Auditors:

M/s.Gopalaiyer & Subramanian, Chartered Accountants, Coimbatore are the Internal Auditors of the Company for the year 2018-19.

Secretarial Audit:

Pursuant to provisions of Section 204 of the Companies Act, 2013 read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014, your Company engaged the services of M/s. KSR & Co Company Secretaries LLP to conduct the Secretarial Audit of the Company for the financial year ended 31st March 2018. The Secretarial Audit Report is attached as Annexure-E to this Report.

Policies:

In accordance with the requirements of the Companies Act, 2013, the Listing Agreement and SEBI (LODR) Regulations, 2015, the Board of Directors of the Company has framed the required policies and the policies wherever mandated, are up-loaded on the company's website, under the web-link <http://www.bimite.co.in/policies>.

Change in the nature of business, material changes and commitments affecting the financial position:

There were no changes in the nature of the business of the company. There were no material changes in the commitments affecting the financial position of the Company between the end of the financial year (i.e. 31st March 2018) and the date of this report (i.e. 30th May 2018). There were no significant and material orders passed by Regulators or Courts or Tribunals which would impact the going concern status of the Company.

Particulars of Employees and related disclosures:

The disclosures pertaining to remuneration and other details as required under Section 197(12) of the Companies Act, 2013 read with Rule 5(1),(2) & (3) of the Companies (Appointment and Remuneration of Managerial Personnel), Rules, 2014 are provided in the Annexure - 1 forming part of the Annual Report.

Having regard to the provisions of Section 136(1) read with and its relevant proviso of the Companies Act, 2013, the Annual Report excluding the aforesaid information is being sent to the members of the Company. The said information is available for inspection at the Registered Office of the Company during working hours and any member is interested in obtaining such information may write to the Company Secretary and the same will be furnished free of cost.

Board Meetings held during the year:

During the year ended 31st March 2018, 6 meetings of the Board of Directors were held. The details of the meetings are furnished in the Corporate Governance Report which is attached as Annexure-B to this Report.

Extract of Annual Return:

An extract of Annual Return in Form MGT-9 as on 31st March 2018 is attached as Annexure-F to this Report.

Particulars of loans, guarantees or investments under Section 186 of the Companies Act, 2013:

The details of loans / investments made by the Company are given in the financial statements.

Related Party Transactions:

All transactions entered by the Company with Related Parties were in the ordinary course of business and at arm's length pricing basis. The Audit Committee granted omnibus approval for the transactions (which are repetitive in nature) and the same was reviewed by the Audit Committee and the Board of Directors. There were no materially significant transactions with Related Parties during the financial year 2017-18 which were in conflict with the interest of the Company. The details of the transactions with related parties are given in the financial statements in Note No.36 of the financial statements.

Risk Management:

The Company has constituted a Risk Management Committee. The Committee takes care of the external and internal risks associated with the Company. The Board of Directors oversees the Risk Management process including risk identification, impact assessment, effective implementation of the mitigation plans and risk reporting.

Board Evaluation:

Pursuant to the provisions of the Companies Act, 2013 and SEBI (LODR) Regulations, 2015, Independent Directors at their meeting held on 15th February 2018 considered / evaluated the Board's performance, performance of the Chairman and other non-independent Directors. The Board have undergone formal review which comprised Board effectiveness and allied subjects. The Board also reviewed the workings of the various committees and sub-committees without participation of the concerned Directors / members.

Internal Financial Control Systems and their Adequacy:

Details of the same are provided in the Management Discussion and Analysis Report attached as Annexure-D to this Report.

Research and Development, Conservation of Energy, Technology, Absorption, Foreign Exchange Earnings and Outgo:

Your Company continues to focus on Research and Development activities with specific reference to fuel efficiency, vehicle performance and enhancement of safety etc,

The particulars prescribed under Section 134 of the Companies Act, 2013 read with Rule 8 (3) of the Companies (Accounts) Rules, 2014, relating to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo are furnished in Annexure-A to this Report

Corporate Governance:

Your Company is fully compliant with the Corporate Governance guidelines, as laid out in SEBI (LODR) Regulations, 2015. The details of the Code of Conduct are furnished in the Corporate Governance Report attached as Annexure-B to this Report.

The Secretarial Auditors of the Company have examined the requirements of Corporate Governance with reference to the provisions of SEBI (LODR) Regulations, 2015 and have certified the compliance, as required under SEBI (LODR) Regulations, 2015. The Certificate in this regard is attached as Annexure-C to this Report.

Internal Complaints Committee:

The Company has put in place a policy for prevention, prohibition and redressal against sexual harassment of women at the work place to protect women employees and enable them to report sexual harassment at the work place. An Internal Complaints Committee headed by a woman employee has also been constituted for this purpose. No complaints were received from any employee during the year ended 31st March 2018.

Corporate Social Responsibility (CSR) initiatives:

Pursuant to Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014 and its subsequent amendments, your Company framed a Policy on Corporate Social Responsibility and the required amount of Rs.13.70 lacs was spent towards Corporate Social Responsibility obligations and the details of which are provided in the Annexure-D to this Report.

Vigil Mechanism:

Pursuant to Section 177(9) of the Companies Act, 2013 read with Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014 and SEBI (LODR) Regulations, 2015, the Board of Directors had approved the Policy on Vigil Mechanism which inter-alia provides a direct access to the Chairman of the Audit Committee.

Your Company hereby affirms that no Director / employee has been denied access to the Chairman of the Audit Committee and that no complaints were received during the year.

Directors' Responsibility Statement:

The Board of Directors acknowledges the responsibility for ensuring compliance with the provisions of Section 134(3)(c) read with 134(5) of the Companies Act, 2013 in the preparation of financial statements for the year ended 31st March 2018 and state that:

- (a) in the preparation of the annual accounts, the applicable Accounting Standards had been followed along with proper explanation relating to material departures.
- (b) the directors had selected such accounting policies and applied them consistently and judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the Profit of the Company for that period.
- (c) the directors had taken proper and sufficient care for the maintenance of the adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
- (d) the directors had prepared the annual accounts on a going concern basis.
- (e) the directors had laid down proper internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively, and
- (f) the directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are operating effectively.

Transfer of Unclaimed Dividend to Investor Education and Protection Fund:

Pursuant to the provisions of Section 125(2) of the Companies Act, 2013, the Company has transferred the unclaimed dividend amounts referable to the year ended 31st March 2010 to the credit of the Investor Education and Protection Fund during the year under review well before their respective due dates. The shares on which dividend / corporate action remained unclaimed for a period of seven years were also transferred to the designated account of the Investor Education and Protection Fund.

Acknowledgement:

The Directors wish to express their appreciation for the continued co-operation of the Central and State Governments, Bankers, customers, dealers, suppliers, share-holders and also the valuable support received from M/s.Daido Metal Company, Japan. The Directors also wish to thank all the employees for their contribution, support and continued co-operation throughout the year.

Chennai
30th May 2018

For and on behalf of the Board

A. Krishnamoorthy
Managing Director

ANNEXURE - A TO THE DIRECTORS' REPORT:

PARTICULARS OF CONSERVATION OF ENERGY,
TECHNOLOGY ABSORPTION & FOREIGN EXCHANGE EARNINGS AND OUTGO FOR THE YEAR 2017-18

(A) Energy conservation measures taken

The manufacturing units of the company have continued their efforts to reduce the energy consumption. Energy conservation initiatives are being planned and implemented across manufacturing locations. Apart from regular practices and measures for energy conservation, many new initiatives were driven across all the units. Some of the key measures taken in all the plants are as follows

- New type of furnaces with low power consumption are installed.
- Energy efficient motors for utilities and replacement of capacitor panels to meet the current specifications and conservation of energy.
- Arresting air leakage and optimization of air pressure network.
- New dryers are installed to conserve energy.
- Energy audits and Thermo mappings are conducted at all the manufacturing units at regular intervals and findings of the audit are implemented.

(B) The capital investment on energy conservation equipment.

The Company has spent Rs. 213.94 lakhs as capital investment on energy conservation equipments during the financial year 2017-18.

Technology Absorption

(a) The efforts made by the company towards technology absorption.

- Development of high strength lead free Alu-tin alloys for engine bearing application and samples submitted to the customer and vehicle level validation is under progress.
- Development of lead free bronze alloy for Bearings and Bushes.
- Latest software has been installed to strengthen new product development methodology to meet EURO VI norms.
- Establishing product credibility through global supplies.

(b) The benefit derived like product improvement, cost reduction, product development or import substitution.

- New bearings and bushes developed for emerging applications.

(c) In case of imported technology (Imported during the last three years reckoned from the beginning of the financial year) – Not applicable

(d) The expenditure incurred on Research and Development (Rs. Lakhs)

Particulars	2017-18	2016-17
Capital	42.13	7.88
Revenue	104.95	109.20
Total	147.08	117.08

ANNEXURE - C TO THE DIRECTORS' REPORT :

CERTIFICATE ON CORPORATE GOVERNANCE

To The Share holders
Bimetal Bearings Limited
Huzur Gardens, Sembium,
Chennai - 600 011.

We have examined all the relevant records for certifying the compliance of conditions of Corporate Governance by Bimetal Bearings Limited (the Company) (CIN.L29130TN1961PLC004466) for the year ended 31st March, 2018, as stipulated in Schedule V of Regulation 34 (3) of Securities Exchange and Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 entered into by the said Company with M/s.BSE Limited (Bombay Stock Exchange).

Management's Responsibility : The compliance of conditions of Corporate Governance is the responsibility of the management. The responsibility includes design implementation and maintenance of internal control and procedures to ensure compliance with conditions of Corporate Governance as stated in the Securities Exchange and Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Our Responsibility : Our examination was limited to implementation of the conditions thereof and adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance as stipulated under Securities Exchange and Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Our Opinion : In our opinion and on the basis of our examination of the records produced, explanations and information furnished, we certify that the Company has complied with

- (i) all the mandatory regulations of the Securities Exchange and Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- (ii) the following non-mandatory requirements of the Securities Exchange and Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015:
 - (a) The Company has moved to a regime of financial statements with unmodified audit opinion.
 - (b) The internal auditors directly reporting to the Audit Committee

This certificate is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development:

The Auto Ancillary segment of the industry has established itself with global level of technology and capabilities. The demand for products will continue to grow with enhanced volumes of the vehicle industry and our Company can look towards its growth. Quality, delivery and competitive pricing are to conform to International Standard.

Opportunities and Threats:

The increase in new generation of vehicles which have to conform to stringent emission norms call for manufacture of Bearings with matching characteristics. Your Company is positioned to meet the opportunities. The change in emission norms and the attendant change in inputs to cater this demand of engines have been recognised in investment in appropriate technology and processes. Electric mover power which is being spoken about in relation to replacement of IC engines requires specific attention and focus in order to estimate the extent of shift in volumes / applications along with a time scale and plan for the future.

Outlook:

The increase in the demand for the Company's products supported by appropriate economic factors in the market segments like Heavy Vehicles, Tractors, Powders and Strips are expected to offer good opportunities for the Company. The next milestone of implementation of BS VI emission norms will usher in high demand in the next two years before the pricing changes on account of the new standard settle in with the customers. Your company has commenced its actions to be a part of this change with appropriate product and solutions for customers.

Internal Financial Control System:

The internal financial controls followed by the Company are considered adequate and operating effectively. The internal audit of the Company is entrusted to M/s. Gopalaiyer & Subramanian, Chartered Accountants.

Financial Performance:

The prudent Management of working capital, treasury operations backed by planned capital expenditure is expected to support better performance in the current year.

Human Resources and Industrial Relations:

During the year under review, the industrial relations in the Company were cordial. The average number of employees of the Company was 400 during the year.

ANNEXURE - D TO THE DIRECTORS' REPORT :

Annual Report on Corporate Social Responsibilities (CSR) Activities:

(1) A brief outline of the company's CSR Policy including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR Policy and projects or programs	The Company has framed the CSR policy which among other things covers Education, Health, Poverty Alleviation and rural development (Website:www.bimite.co.in.policies)
(2) Composition of CSR Committee	Mr.N.Venkataramani, Director is the Chairman of the Committee. Mr.S.Narayanan, Whole-time Director and Mr.Krishna Srinivasan, Independent Director are members of the Committee.
(3) Average net profit of the Company for last three financial years:	Rs.684.13 lacs
(4) Prescribed CSR expenditure (2% of the amount as in item 3 above)	Rs.13.68 lacs
(5) Details of CSR spent during the financial year:	
(a) Total amount to be spent for the Financial year	Rs.13.70 lacs
(b) Amount unspent, if any:	Nil
(c) Manner in which the amount spent during the Financial year	As given below :

No.	Projects /Activities	Sector	Location	Amount Outlay (Rs. Lacs)	Amount spent (Rs. Lacs)	Cumu. Expenditure to the reporting period (Rs. Lacs)	Amount spent direct or through implementing Agency
1)	Contribution to Paramakalyani Educational Society	Educational Literacy / Health care	Tirunelveli	10.00	10.00	10.00	Direct to the Institution
2)	Contribution to M/s.Vathsalyam	Health care for old aged.	Hosur	3.70	3.70	3.70	- do -

In case the company has failed to spend the 2% of the average net profit of the last three financial years or any part thereof, the company shall provide the reasons for not spending the amount in its Board report - Not applicable.

The CSR Committee of the Board of Directors acknowledges the responsibility for the implementation and monitoring of CSR Policy and accordingly state that the same is in compliance with CSR objectives and Policy of the company and the company has complied with all the requirements in this regard.

N.Venkataramani
Chairman of the Committee

S.Narayanan Krishna Srinivasan

ANNEXURE - E TO THE DIRECTORS' REPORT :

FORM No. MR-3

SECRETARIAL AUDIT REPORT

(Pursuant to Section 204(1) of the Companies Act, 2013 read with Rule 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014
For the Financial Year ended 31st March, 2018

To The Members,
Bimetal Bearings Limited
Hosur Gardens, Sembiam,
Chennai – 600 011.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Bimetal Bearings Limited (CIN:L29130TN1961PLC004466) (hereinafter called "the Company"). Secretarial Audit was conducted for the financial year ended on 31st March, 2018 in a manner that provided us a reasonable basis for evaluating the corporate conduct / statutory compliances and expressing our opinion thereon.

On the basis of the above and on our verification of documents, books, papers, minutes, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the Audit, we hereby report that in our opinion, the Company has, during the period covered under the Audit as aforesaid, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minutes book, forms and returns filed and other records maintained by the Company for the financial year ended 31st March 2018 according to the provisions of:

- (i) The Companies Act, 1956 and the Rules made there under to the extent applicable.
- (ii) The Companies Act, 2013 and the Rules made there under.
- (iii) The Securities Contracts (Regulation) Act, 1956 and the Rules made there under.
- (iv) The Depositories Act, 1996 and the Regulations framed there under.
- (v) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings.
- (vi) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014.
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008.
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993.
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009.
 - (h) The Securities and Exchange Board of India (Buy Back of Securities) Regulations, 1998.
 - (i) Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996.

On the basis of the information and explanation provided, the Company had no transaction during the period under Audit requiring the compliance of applicable provisions of Act / Regulations / Directions as mentioned above in respect of:

- (i) Foreign Direct Investment, External Commercial Borrowings and Overseas Direct Investment.
- (ii) Issue of securities including debt instruments or securities.
- (iii) Buy-back of securities.
- (iv) Delisting of securities
- (v) Issue of Employee Stock Options
- (vi) On consideration of the business undertaken by the Company, in our opinion, we do not find any specific Law, Rule or Regulation, that specifically governs or regulates the business of the Company. Hence the question of an audit of the compliance of the same and reporting does not arise.

We have also examined the compliance with applicable clauses of the following:

- (i) Listing Agreement entered into with Stock Exchanges.
- (ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
- (iii) Secretarial Standards under Section 118 of the Companies Act, 2013

We further report that

The Board of Directors of the Company is duly constituted with the proper balance of Executive Directors, Non-Executive Directors and Independent Directors. There was no change in the composition of the Board of Directors during the period covered under the Audit, except for the re-appointment of an Independent Director.

Adequate notice and detailed notes on Agenda was given to all Directors at least seven days in advance to schedule the Board Meetings. There exists a system for seeking and obtaining further information and clarifications on the Agenda items before the Meeting and for meaningful participation at the Meeting.

Majority decision is carried through and recorded as part of the minutes. No dissenting views were found in the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the period covered under the Audit, the Company has not made any specific actions having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, referred to above.

INDEPENDENT AUDITOR'S REPORT

To The Members of Bimetal Bearings Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Bimetal Bearings Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Company as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone IndAS financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Bimetal Bearings Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date which includes internal financial controls over financial reporting of the Company.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018 based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of plant, property and equipment.
- (b) Some of the plant, property and equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the plant, property and equipment at reasonable intervals. According to the information and explanation given to us no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- (iv) The Company has not granted any loans hence provisions of Section 185 is not applicable, the Company has not provided any guarantee under section 186, however the Company has made investment which is within the limits of section 186 of the Companies Act, 2013.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year hence the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 is not applicable.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employee's State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Goods and Service Tax, Cess and other material statutory dues applicable to it to the appropriate authorities.
- (b) There were no undisputed amounts payable in respect of Provident Fund, Employee's State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Goods and Service Tax, Cess and other material statutory dues in arrears as at 31st March, 2018 for a period of more than six months from the date they became payable.
- (c) Details of dues of Income tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Goods and Service Tax and Cess which have not been deposited as on 31st March, 2018 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which the amount relates	Amount involved (INR in Lakhs)	Amount Unpaid (INR in Lakhs)
Tamil Nadu General Sales Tax Act, 1959	Sales Tax	Deputy Commissioner (CT) Appeals, Sales Tax Appellate Tribunal	FY 1997-98 and FY 1998-99	6.86	6.86
Central Sales Tax, 1956	Sales Tax	Deputy Commissioner (CT) Appeals, Sales Tax Appellate Tribunal	FY 1997-1998 and FY 1998-99	2.02	2.02
Central Sales Tax, 1956	Sales Tax	Commissioner of Central Excise & Service Tax (Appeals)	FY 2013-2014	0.68	0.65
Central Excise Act, 1944	Excise Duty	Customs, Excise and Service Tax Appellate Tribunal	FY 2007-08 to 2011-12	67.92	67.92

- (viii) The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under clause (viii) of CARO 2016 is not applicable to the Company.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the CARO 2016 Order is not applicable.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- (xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the CARO 2016 Order is not applicable to the Company.
- (xv) In our opinion and according to information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with them and hence provisions of Section 192 of Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

1. General Information

Bimetal Bearings Limited ("the Company" or "BBL") is engaged in manufacturing of Engine Bearings, Bushings, Thrust Washers, Alloy Powder and Bimetallic Strips. The Company has manufacturing plants at Coimbatore, Hosur, Chennai (Sembiam and Thoraipakkam). The Company is a public listed company and listed on The Bombay Stock Exchange.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- (a) certain financial assets and liabilities (including derivative instruments) that is measured at fair value and
- (b) defined benefit plans — plan assets measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(b) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker. The Managing Director of the Company has been identified as being the chief operating decision maker.

(c) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The financial statements are presented in INR, the national currency of India, which is the functional currency of the Company.

(ii) Transaction and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains/ (losses). Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

(i) Sale of goods:

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

(ii) Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(iii) Other operating revenue:

Income from duty drawback and other export incentives is recognised on accrual basis.

(e) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in associates and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(iii) Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

(f) Leasing

As a lessee

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the standalone balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(g) Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Cash flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of Transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Company are segregated.

(i) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are determined and assigned to individual items of inventory using the weighted average method. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(j) Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(k) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales or purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets .

(i) Classification of financial assets

The Company classifies its financial assets in the following measurement categories:

- (a) those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss);
- (b) those measured at amortised cost and
- (c) those measured at cost.

The classification depends on the entity's business model for managing the financial assets, the contractual terms of the cash flows and whether the investment meets the definition of interest in associates and joint ventures. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes. Investments forming part of interest in associates and joint ventures are measured at cost.

(ii) Measurements

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

– Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

- (a) Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.
- (b) Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or Fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income/ other expenses in the period in which it arises. Interest income from these financial assets is included in other income.

– Equity instruments

The Company subsequently measures all equity investments other than investments forming part of interest in associates and joint ventures at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income/ other expenses in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at cost and amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Refer notes to accounts for the details how the Company determines whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets

A financial asset is derecognised only when

(a) The Company has transferred the rights to receive cash flows from the financial asset or

(b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition

(a) Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example: prepayment, extension, call and similar options) but does not consider the expected credit losses.

(b) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(l) Financial liabilities and equity instruments

(i) Classification as debt or equity

Debt and equity instruments issued by a Company entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(ii) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

(iii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

(m) Derivatives

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The impact of the fair value changes are included in other income.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(n) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

(o) Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the standalone balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets on the same basis as other property assets commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. However, the estimates of useful lives of certain assets, based on technical evaluation are different from those specified in Schedule II which are set out below:

Plant and equipment - Useful life 20 years

Assets costing individually upto Rs. 5,000/- are fully depreciated in the year of purchase.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(p) Intangible assets

(i) Acquired intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

(ii) Research and development

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(iii) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

(iv) Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Technical Know how - Useful life 5 years

Computer Software - Useful life 6 years

Assets costing individually upto INR 5,000/- are fully amortized in the year of purchase.

(q) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(i) Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

(r) Employee Benefits

Employee benefits include provident fund, employee state insurance, gratuity fund, super annuation fund and compensated absences.

(i) Retirement benefit costs and termination benefits

Payments to defined contribution Retirement Benefit Plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit Retirement Benefit Plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

(ii) Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

For defined benefit plan, in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme. The gratuity fund is maintained with Life Insurance Corporation of India.

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plan. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

(iii) Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

(s) Exceptional items

Company recognises exceptional item when items of income and expense within the Statement of Profit and Loss from ordinary activities are of such size, nature or incidence that their separate disclosure is relevant to explain the performance of the Company for the period.

(t) Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(u) Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the standalone balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in profit or loss in the period in which they become receivable.

(v) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs and decimals thereof as per the requirements of Schedule III, unless otherwise stated.

(w) Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(x) New standards and interpretations not yet adopted

(i) Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company is evaluating the effect of this on the financial statements.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

- (ii) Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, the Ministry of Corporate Affairs notified Ind AS 115 Revenue from Contracts with Customers. The standard replaces Ind AS 11 Construction Contracts and Ind AS 18 Revenue.

The new standard applies to contracts with customers. The core principle of the new standard is that an entity should recognize revenue to depict transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, timing and uncertainty of revenues and cash flows arising from the entity's contracts with customers. The new standard offers a range of transition options. An entity can choose to apply the new standard to its historical transactions and retrospectively adjust each comparative period. Alternatively, an entity can recognize the cumulative effect of applying the new standard at the date of initial application - and make no adjustments to its comparative information. The chosen transition option can have a significant effect on revenue trends in the financial statements. A change in the timing of revenue recognition may require a corresponding change in the timing of recognition of related costs.

The standard is effective for annual periods beginning on or after 1 April 2018. The Company is currently evaluating the requirements of Ind AS 115, and has not yet determined the impact on the financial statements.

- (y) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

Estimation of defined benefit obligation – Note 22

Estimation of current tax expense and payable – Note 32

Estimation of fair value of investment – Note 33

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Nature and purpose of other reserves

FVOCI equity investments

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve within equity. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

Note 22 – (Contd.)

	For the year ended March 31, 2018	For the year ended March 31, 2017
(iii) Post-employment benefits		
Significant estimates: actuarial assumptions and sensitivity		
Discount rate	7.62%	7.10%
Salary growth rate	3.74%	5.18%
Attrition rate	4.80%	5.64%
(iv) Major category of plan assets as a % of total plan assets		
	March 31, 2018	March 31, 2017

Insurer managed assets –

Balance with Life Insurance Corporation (LIC) of India	100.00%	100.00%
--	---------	---------

The details with respect to the composition of investments in the fair value of plan assets managed by LIC have not been disclosed in the absence of the above said information.

The expected rate of return on assets is determined based on the assessment made at the beginning of the year on the return expected on its existing portfolio, along with the estimated increment to the plan assets and expected yield on the respective assets in the portfolio during the year.

These plans typically expose the Company to risks such as interest rate risk, longevity risk and salary risk.

Interest Rate Risk: A decrease in the bond interest rate will increase the plan liability.

Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, and expected salary increase. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

	March 31, 2018	March 31, 2017
(v) Sensitivity analysis		
A. Discount rate +50 BP	8.12%	7.60%
Defined benefit obligation [PVO]	516.23	591.82
B. Discount rate –50 BP	7.12%	6.60%
Defined benefit obligation [PVO]	550.32	629.27
C. Salary escalation rate +50 BP	4.24%	5.68%
Defined benefit obligation [PVO]	550.59	629.69
D. Salary escalation rate –50 BP	3.24%	4.68%
Defined benefit obligation [PVO]	515.86	591.23

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

(vi) Expected cash flows

Expected employer contribution/additional provision for future years are as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5	Next 5 years
March 31, 2018	57.81	43.06	38.56	70.96	65.81	331.39
March 31, 2017	53.13	63.60	59.31	146.60	64.24	308.49

Total exceptional items arising from damage/ insurance settlements	-	105.04
(ii) During the year ended March 31, 2017 the Management has performed an impairment assessment of its investment in its associate (IPL Green Power Limited). Based on the assessment, the Management is of the opinion that the current project of IPL Green Power Limited may not be viable. Further it has been understood that the management of IPL Green Power Limited is contemplating withdrawal of the application pending with the Regulators/ State Government and consider other viable projects in due course. Considering this the Management has decided to impair its entire investment in IPL Green Power Limited. Accordingly an impairment charge of INR 75 lakhs has been considered in the accounts for the year ended March 31, 2017 which has been presented as an exceptional item.	-	(75.00)
Total Exceptional items (i+ii)	-	30.04

33. Fair value measurements – (Contd.)

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

33. Fair value measurements – (Contd.)

Level 1:

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2:

The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3:

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

There are no transfers between levels 1 and 2 during the year.

During the year ended March 31, 2018, the Company transferred an unquoted equity investment from level 3 to level 2 as there was an observable market data available in the form of a buy back offer.

The company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of certain financial instruments have been determined based on the buy back offer made by the originator of the instrument.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities where the fair values have been determined based on present values and the discount rates used were adjusted for counter party or own credit risk.

(iii) Valuation processes

The company performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

The main level 3 inputs for unlisted equity securities used by the Company are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a post tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counter parties.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period during the quarterly valuation discussion. As part of this discussion the team presents a report that explains the reason for the fair value movements.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for bonds and debentures, intercorporate deposits, security deposits and other deposits were calculated based on cash flows discounted using the current interest rate as at the respective reporting date for a similar instrument. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

34. Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Liabilities	Rolling cash flow forecasts	Availability of liquid investments, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward Foreign Exchange Contracts
Market risk – security prices	Investments in equity securities Investments in mutual funds	Sensitivity analysis	Portfolio Diversification

The Company's risk management is carried out by the Chief Financial Officer under policies approved by the Board of Directors. The Chief Financial officer identifies, evaluates and hedges financial risks in close co-operation with the company's operating units. The board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

(A) Credit risk

Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

(i) Credit risk management

Credit risk is managed on a Company basis. For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the Company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on a group basis for each class of financial instruments with different characteristics. The company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

C1 : High-quality assets, negligible credit risk

C2 : Doubtful assets, credit-impaired

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Especially the following indicators are included –

- Internal credit rating
- External credit rating (as far as available)
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increase in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the company and changes in the operating results of the borrower.

Macroeconomic information (such as regulatory changes, market interest rate or growth rates) is incorporated as part of the internal rating model.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

34. Financial risk management (Contd.)

(ii) Provision for expected credit losses

The company provides for expected credit loss based on the following:

Internal credit rating	Category	Description of category	Basis for recognition of expected credit loss provision		
			Investments	Loans and Deposits	Trade receivables
C1	High quality assets, negligible credit risk	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil.	12-month expected credit losses	12-month expected credit losses	Life-time expected credit losses (simplified approach)
C2	Doubtful assets, credit impaired	Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	Asset is written off		

For the Year ended March 31, 2017 to March 31, 2018:

(a) Expected credit loss for loans, security deposits and investments

The estimated gross carrying amount at default is Nil (March 31, 2017: Nil) for investments and loans and deposits. Consequently there are no expected credit loss recognised for these financial assets.

(b) Expected credit loss for trade receivables under simplified approach

Customer credit risk is managed by the Company based on the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an internal credit rating system. Outstanding customer receivables are regularly monitored and assessed for its recoverability. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers has sufficient capacity to meet the obligations and the risk of default is negligible.

(iii) Reconciliation of loss allowance provision – Trade receivables

Loss allowance on April 1, 2016	-
Changes in loss allowance	-
<u>Loss allowance on March 31, 2017</u>	<u>-</u>
Changes in loss allowance	-
<u>Loss allowance on March 31, 2018</u>	<u>-</u>

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying business, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements

The company had access to the following undrawn borrowing facilities at the end of the reporting period:

	March 31, 2018	March 31, 2017
Floating rate		
- Expiring beyond one year (bank overdraft)	550.00	550.00

Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

BIMETAL BEARINGS LIMITED

Notes to the Standalone financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

34. Financial risk management – (Contd.)

(ii) Maturities of financial liabilities

The tables below analyses the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities:

	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
March 31, 2018						
Non-derivatives						
Trade payables	2,438.81	-	-	-	-	2,438.81
Other financial liabilities	115.57	-	-	-	-	115.57
Total non-derivative liabilities	2,554.38	-	-	-	-	2,554.38
March 31, 2017						
Non-derivatives						
Trade payables	2,353.76	-	-	-	-	2,353.76
Other financial liabilities	85.07	-	-	-	-	85.07
Total non-derivative liabilities	2,438.83	-	-	-	-	2,438.83

(C) Market risk

(i) Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, EUR, GBP and JPY. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR lakhs, are as follows:

	Financial assets				Financial Liabilities		
	Trade Receivables	Balance in EEFC Account	Foreign exchange forward contract (Sell foreign currency)	Net exposure to foreign currency risk (assets)	Trade Payables	Foreign exchange forward contract	Net exposure to foreign currency risk (liabilities)
	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments

Impact on profit after tax
March 31, 2018 March 31, 2017

USD sensitivity		
INR/USD increases by 5%*	2.32	2.17
INR/USD decreases by 5%*	(2.32)	(2.17)
EURO sensitivity		
INR/EURO increases by 5%*	(0.30)	(3.34)
INR/EURO decreases by 5%*	0.30	3.34
GBP sensitivity		
INR/GBP increases by 5%*	0.50	0.14
INR/GBP decreases by 5%*	(0.50)	(0.14)
JPY sensitivity		
INR/JPY increases by 5%*	20.17	9.04
INR/JPY decreases by 5%*	(20.17)	(9.04)

*Holding all other variables constant

(ii) Price risk

The Company's exposure to equity securities and mutual fund price risk arises from investments held by the Company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities and mutual fund, the group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the company. The majority of the Company's equity investments are publicly traded and are included in the NSE Nifty 50 index.

Sensitivity

The table below summarises the impact of increases/decreases of the index on the Company's equity and profit for the period. The analysis is based on the assumption that the equity index had increased by 5% or decreased by 5% with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

	Impact on profit after tax		Impact on other components of equity	
	March 31, 2018	March 31, 2017	March 31, 2018	March 31, 2017
NSE Nifty 50 – increase 5%	74.93	57.55	98.46	85.93
NSE Nifty 50 – decrease 5%	(74.93)	(57.55)	(98.46)	(85.93)

Profit for the period would increase/decrease as a result of gains/losses on mutual fund classified as at fair value through profit or loss. Other components of equity would increase/decrease as a result of gains/losses on equity securities classified as fair value through other comprehensive income.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BIMETAL BEARINGS LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Bimetal Bearings Limited (hereinafter referred to as "the Parent") and its associates and joint venture (the Parent and its associates and joint venture together referred to as "the Group"), comprising the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Parent's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in sub-paragraph (a) of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of other auditor on separate financial statements/ financial information of the associate referred to below in the Other Matters paragraph, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matters

The consolidated Ind AS financial statements include the Group's share of net profit of Nil for the year ended 31st March, 2018, as considered in the consolidated Ind AS financial statements, in respect of an associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditor whose report have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the report of the other auditor.

Our opinion on the consolidated Ind AS financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of other auditor.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements and the other financial information of associate and joint venture companies incorporated in India, referred in the Other Matters paragraph above, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books, returns and the report of the other auditor.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2018 taken on record by the Board of Directors of the Parent and the report of the statutory auditors of its associate companies and joint venture companies incorporated in India, none of the directors of the Group companies, its associate company and joint venture companies incorporated in India is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent and associate company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies, for the reasons stated therein.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint venture.
 - (ii) The Group, its associate and joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and its associate company and joint venture companies incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of Bimetal Bearings Limited (hereinafter referred to as "Parent"), its associate company and joint venture, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its associate company and joint venture, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its associate company and joint venture, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of associate company, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its associate company and its joint ventures, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditor referred to in the Other Matters paragraph below, the Parent, its associate company and joint venture, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(l) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one associate company which are companies incorporated in India, is based solely on the corresponding report of the auditor of such companies incorporated in India. Our opinion is not modified in respect of the above matters.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

1. General Information

Bimetal Bearings Limited ("the group" or "BBL") is engaged in manufacturing of Engine Bearings, Bushings, Thrust Washers, Alloy Powder and Bimetallic Strips. The group has manufacturing plants at Coimbatore, Hosur and Chennai. The group is a public listed group and listed on The Bombay Stock Exchange. In addition the Company has an investment in an associate and a joint venture which have been collectively referred to as "the Group".

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

(a) certain financial assets and liabilities (including derivative instruments) that is measured at fair value and

(b) defined benefit plans — plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(iii) Principles of consolidation and equity accounting

– Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investment in associates are accounted for using the equity method of accounting (see (iii) below), after initially being recognised at cost.

– Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligation of each investor, rather than the legal structure of the joint arrangement. Bimetal Bearings Limited has determined its interest in a joint arrangement to be in the nature of joint venture.

– Joint venture

Interests in joint ventures are accounted for using the equity method (see below), after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 2(g) below.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

- (v) Following associate and joint venture entities have been considered in the preparation of the consolidated financial statements:

Name of the entity	Relationship	Country of Incorporation	Ownership held by	% of Holding and voting power either directly or indirectly through subsidiary as at	
				March 31, 2018	March 31, 2017
IPL Green power Limited	Associate	India	Bimetal Bearings Limited	24.19%	24.19%
BBL Daido Private Limited	Joint Venture	India	Bimetal Bearings Limited	20.00%	20.00%

- (b) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker. The Managing Director of the group has been identified as being the chief operating decision maker.

- (c) Foreign currency translation

- (i) Functional and presentation currency

Items included in the financial statements of the group are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The financial statements are presented in INR, the national currency of India, which is the functional currency of the group.

- (ii) Transaction and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains/ (losses).

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

- (d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

- (i) Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the group; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

- (ii) Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- (iii) Other operating revenue

Income from duty drawback and other export incentives is recognised on accrual basis.

- (e) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

- (i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

- (ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in associates and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(iii) Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

(f) Leasing

As a lessee

Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(g) Impairment of assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Cash flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of Transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Group are segregated.

(i) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are determined and assigned to individual items of inventory using the weighted average method. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(j) Financial instruments

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(k) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales or purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Classification of financial assets

The Group classifies its financial assets in the following measurement categories:

- (a) those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss);
- (b) those measured at amortised cost and
- (c) those measured at cost.

The classification depends on the entity's business model for managing the financial assets, the contractual terms of the cash flows and whether the investment meets the definition of interest in associates and joint ventures. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes. Investments forming part of interest in associates and joint ventures are measured at cost.

(ii) Measurements

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

– Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Group classifies its debt instruments:

- (a) Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.
- (b) Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or Fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income/ other expenses in the period in which it arises. Interest income from these financial assets is included in other income.

– Equity instruments

The Group subsequently measures all equity investments other than investments forming part of interest in associates and joint ventures at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income/ other expenses in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

- (iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at cost and amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Refer notes to accounts for the details how the Group determines whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.
- (iv) Derecognition of financial assets

A financial asset is derecognised only when

 - (a) The Group has transferred the rights to receive cash flows from the financial asset or
 - (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.
- (v) Income recognition
 - (a) Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example: prepayment, extension, call and similar options) but does not consider the expected credit losses.
 - (b) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.
- (l) Financial liabilities and equity instruments
 - (i) Classification as debt or equity

Debt and equity instruments issued by a Group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.
 - (ii) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.
 - (iii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Group and commitments issued by the Group to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.
- (m) Derivatives

The Group enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The impact of the fair value changes are included in other income.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(n) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(o) Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the consolidated balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets on the same basis as other property assets commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. However, the estimates of useful lives of certain assets, based on technical evaluation are different from those specified in Schedule II which are set out below:

Plant and equipment - Useful life 20 years

Assets costing individually upto Rs. 5,000/- are fully depreciated in the year of purchase.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(p) Intangible assets

(i) Acquired intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

(ii) Research and development

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

- (iii) **Derecognition of intangible assets**
An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.
- (iv) **Useful lives of intangible assets**
Estimated useful lives of the intangible assets are as follows:
Technical Know how - Useful life 5 years
Computer Software - Useful life 6 years
Assets costing individually upto INR 5,000/- are fully amortized in the year of purchase.
- (q) **Provisions**
Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.
The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).
When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.
- (i) **Onerous contracts**
Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.
- (r) **Employee Benefits**
Employee benefits include provident fund, employee state insurance, gratuity fund, super annuation fund and compensated absences.
- (i) **Retirement benefit costs and termination benefits**
Payments to defined contribution Retirement Benefit Plans are recognised as an expense when employees have rendered service entitling them to the contributions.
For defined benefit Retirement Benefit Plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.
- (ii) **Defined benefit costs are categorised as follows:**
– service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
– net interest expense or income; and
– remeasurement
For defined benefit plan, in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme. The gratuity fund is maintained with Life Insurance Corporation of India.
The group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the group's defined benefit plan. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans. A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.
-

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

- (iii) Short-term and other long-term employee benefits
A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.
Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.
Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the group in respect of services provided by employees up to the reporting date.
- (s) Exceptional items
Group recognises exceptional item when items of income and expense within the Statement of Profit and Loss from ordinary activities are of such size, nature or incidence that their separate disclosure is relevant to explain the performance of the group for the period.
- (t) Earnings per share
Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.
- (u) Government grants
Government grants are not recognised until there is reasonable assurance that the group will comply with the conditions attaching to them and that the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the group recognises as expenses the related costs for which the grants are intended to compensate.
Specifically, government grants whose primary condition is that the group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the consolidated balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.
Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the group with no future related costs are recognised in profit or loss in the period in which they become receivable.
- (v) Rounding off amounts
All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs and decimals thereof as per the requirements of Schedule III, unless otherwise stated.
- (w) Operating cycle
Based on the nature of products / activities of the group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.
- (x) New standards and interpretations not yet adopted
- (i) Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Group is evaluating the effect of this on the financial statements.
- (ii) Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, the Ministry of Corporate Affairs notified Ind AS 115 Revenue from Contracts with Customers. The standard replaces Ind AS 11 Construction Contracts and Ind AS 18 Revenue.
The new standard applies to contracts with customers. The core principle of the new standard is that an entity should recognize revenue to depict transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, timing and uncertainty of revenues and cash flows arising from the entity's contracts with customers. The new standard offers a range of transition options. An entity can choose to apply the new standard to its historical transactions and retrospectively adjust each comparative period. Alternatively, an entity can recognize the cumulative effect of applying the new standard at the date of initial application - and make no adjustments to its comparative information. The chosen transition option can have a significant effect on revenue trends in the financial statements. A change in the timing of revenue recognition may require a corresponding change in the timing of recognition of related costs.
The standard is effective for annual periods beginning on or after 1 April 2018. The group is currently evaluating the requirements of Ind AS 115 and has not yet determined the impact on the financial statements.
-

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(y) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

Estimation of defined benefit obligation – Note 22

Estimation of current tax expense and payable – Note 32

Estimation of fair value of investment – Note 33

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

Note 22 – (Contd.)	For the year ended March 31, 2018	For the year ended March 31, 2017				
(iii) Post-employment benefits						
Significant estimates: actuarial assumptions and sensitivity						
Discount rate	7.62%	7.10%				
Salary growth rate	3.74%	5.18%				
Attrition rate	4.80%	5.64%				
(iv) Major category of plan assets as a % of total plan assets						
	March 31, 2018	March 31, 2017				
Insurer managed assets –						
Balance with Life Insurance Corporation (LIC) of India	100.00%	100.00%				
The details with respect to the composition of investments in the fair value of plan assets managed by LIC have not been disclosed in the absence of the above said information.						
The expected rate of return on assets is determined based on the assessment made at the beginning of the year on the return expected on its existing portfolio, along with the estimated increment to the plan assets and expected yield on the respective assets in the portfolio during the year.						
These plans typically expose the Group to risks such as interest rate risk, longevity risk and salary risk.						
Interest Rate Risk: A decrease in the bond interest rate will increase the plan liability.						
Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.						
Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.						
Significant actuarial assumptions for the determination of the defined obligation are discount rate, and expected salary increase. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.						
(v) Sensitivity analysis						
	March 31, 2018	March 31, 2017				
A. Discount rate +50 BP	8.12%	7.60%				
Defined benefit obligation [PVO]	516.23	591.82				
B. Discount rate –50 BP	7.12%	6.60%				
Defined benefit obligation [PVO]	550.32	629.27				
C. Salary escalation rate +50 BP	4.24%	5.68%				
Defined benefit obligation [PVO]	550.59	629.69				
D. Salary escalation rate –50 BP	3.24%	4.68%				
Defined benefit obligation [PVO]	515.86	591.23				
The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.						
(vi) Expected cash flows						
Expected employer contribution/additional provision for future years are as follows:						
	Year 1	Year 2	Year 3	Year 4	Year 5	Next 5 years
March 31, 2018	57.81	43.06	38.56	70.96	65.81	331.39
March 31, 2017	53.13	63.60	59.31	146.60	64.24	308.49

33. Fair value measurements – (Contd.)

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

33. Fair value measurements – (Contd.)

Level 1:

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2:

The fair value of financial instruments that are not traded in an active market (for example: traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3:

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

There are no transfers between levels 1 and 2 during the year.

During the year ended March 31, 2018, the Group transferred an unquoted equity investment from level 3 to level 2 as there was an observable market data available in the form of a buy back offer.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instrument.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of certain financial instruments have been determined based on the buy back offer made by the originator of the instrument.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities where the fair values have been determined based on present values and the discount rates used were adjusted for counter party or own credit risk.

(iii) Valuation processes

The Group performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

The main level 3 inputs for unlisted equity securities used by the Group are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a post tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counter parties.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period during the quarterly valuation discussion. As part of this discussion the team presents a report that explains the reason for the fair value movements.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for bonds and debentures, intercorporate deposits, security deposits and other deposits were calculated based on cash flows discounted using the current interest rate as at the respective reporting date for a similar instrument. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

34. Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Liabilities	Rolling cash flow forecasts	Availability of liquid investments, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward Foreign Exchange Contracts
Market risk – security prices	Investments in equity securities Investments in mutual funds	Sensitivity analysis	Portfolio Diversification

The Company's risk management is carried out by the Chief Financial Officer under policies approved by the Board of Directors. The Chief Financial officer identifies, evaluates and hedges financial risks in close co-operation with the company's operating units. The board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, credit risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity.

(A) Credit risk

Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

(i) Credit risk management

Credit risk is managed on a Company basis. For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the Company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on a group basis for each class of financial instruments with different characteristics. The company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

C1 : High-quality assets, negligible credit risk

C2 : Doubtful assets, credit-impaired

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Especially the following indicators are included –

- Internal credit rating
- External credit rating (as far as available)
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increase in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the company and changes in the operating results of the borrower.

Macroeconomic information (such as regulatory changes, market interest rate or growth rates) is incorporated as part of the internal rating model.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

34. Financial risk management (Contd.)

(ii) Provision for expected credit losses

The company provides for expected credit loss based on the following:

Internal credit rating	Category	Description of category	Basis for recognition of expected credit loss provision		
			Investments	Loans and Deposits	Trade receivables
C1	High quality assets, negligible credit risk	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil.	12-month expected credit losses	12-month expected credit losses	Life-time expected credit losses (simplified approach)
C2	Doubtful assets, credit impaired	Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	Asset is written off		

For the Year ended March 31, 2017 to March 31, 2018:

(a) Expected credit loss for loans, security deposits and investments

The estimated gross carrying amount at default is Nil (March 31, 2017: Nil) for investments and loans and deposits. Consequently there are no expected credit loss recognised for these financial assets.

(b) Expected credit loss for trade receivables under simplified approach

Customer credit risk is managed by the Company based on the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an internal credit rating system. Outstanding customer receivables are regularly monitored and assessed for its recoverability. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers has sufficient capacity to meet the obligations and the risk of default is negligible.

(iii) Reconciliation of loss allowance provision – Trade receivables

Loss allowance on April 1, 2016	-
Changes in loss allowance	-
<u>Loss allowance on March 31, 2017</u>	<u>-</u>
Changes in loss allowance	-
<u>Loss allowance on March 31, 2018</u>	<u>-</u>

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying business, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements

The company had access to the following undrawn borrowing facilities at the end of the reporting period:

	March 31, 2018	March 31, 2017
Floating rate		
- Expiring beyond one year (bank overdraft)	550.00	550.00

Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

(All amounts are in INR Lakhs, unless otherwise stated)

34. Financial risk management – (Contd.)

(ii) Maturities of financial liabilities

The tables below analyses the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities:

	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
March 31, 2018						
Non-derivatives						
Trade payables	2,438.80	-	-	-	-	2,438.80
Other financial liabilities	115.57	-	-	-	-	115.57
Total non-derivative liabilities	2,554.37	-	-	-	-	2,554.37
March 31, 2017						
Non-derivatives						
Trade payables	2,353.76	-	-	-	-	2,353.76
Other financial liabilities	85.07	-	-	-	-	85.07
Total non-derivative liabilities	2,438.83	-	-	-	-	2,438.83

(C) Market risk

(i) Foreign currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, EUR, GBP and JPY. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The Group's exposure to foreign currency risk at the end of the reporting period expressed in INR lakhs, are as follows:

	Financial assets				Financial Liabilities		
	Trade Receivables	Balance in EEFC Account	Foreign exchange forward contract (Sell foreign currency)	Net exposure to foreign currency risk (assets)	Trade Payables	Foreign exchange forward contract	Net exposure to foreign currency risk (liabilities)
	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs	INR Lakhs
March 31, 2018							
USD	1,292.53	116.21	(1,337.79)	70.95	-	-	-
(Previous year)	699.55	72.60	(611.51)	160.64	94.28	-	94.28
EUR	44.18	0.84	(26.22)	18.80	28.07	-	28.07

JPY	–	–	–	–	989.06	–	989.06
(Previous year)	–	–	–	–	872.07	(419.93)	452.14

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments

Impact on profit after tax
March 31, 2018 March 31, 2017

USD sensitivity		
INR/USD increases by 5%*	2.32	2.17
INR/USD decreases by 5%*	(2.32)	(2.17)
EURO sensitivity		
INR/EURO increases by 5%*	(0.30)	(3.34)
INR/EURO decreases by 5%*	0.30	3.34
GBP sensitivity		
INR/GBP increases by 5%*	0.50	0.14
INR/GBP decreases by 5%*	(0.50)	(0.14)
JPY sensitivity		
INR/JPY increases by 5%*	20.17	9.04
INR/JPY decreases by 5%*	(20.17)	(9.04)

*Holding all other variables constant

(ii) Price risk

The Company's exposure to equity securities and mutual fund price risk arises from investments held by the Company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities and mutual fund, the group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the company. The majority of the Company's equity investments are publicly traded and are included in the NSE Nifty 50 index.

Sensitivity

The table below summarises the impact of increases/decreases of the index on the Group's equity and profit for the period. The analysis is based on the assumption that the equity index had increased by 5% or decreased by 5% with all other variables held constant, and that all the Group's equity instruments moved in line with the index.

	Impact on profit after tax		Impact on other components of equity	
	March 31, 2018	March 31, 2017	March 31, 2018	March 31, 2017
NSE Nifty 50 – increase 5%	74.93	57.55	98.46	85.93
NSE Nifty 50 – decrease 5%	(74.93)	(57.55)	(98.46)	(85.93)

Profit for the period would increase/decrease as a result of gains/losses on mutual fund classified as at fair value through profit or loss. Other components of equity would increase/decrease as a result of gains/losses on equity securities classified as fair value through other comprehensive income.

35. Capital management

(a) Dividends

(i) Equity shares

Final dividend for the year ended March 31, 2017 of INR 7.50
(March 31, 2016 of INR 7.50) per fully paid share

Name of the Associate or Joint ventures	BBL Daido Private Limited	IPL Green Power Limited
Latest audited Balance sheet date	March 31, 2018	March 31, 2018
Date on which the Associate or Joint venture was associated or acquired	April 17, 2002	August 04, 2014
Shares of Associate or Joint venture held by the Company on the year end		
No. of shares	29,00,000*	7,50,000
Amount of investment in associate or Joint venture	794.76*	75.00
Extent of Holding (in percentage)	20.00%	24.19%
Description of how there is significant influence	Joint control as per Joint venture agreement	Shareholding of more than 20%
Reason why the associate/ joint venture is not consolidated	NA. Accounted for using the equity method as per the requirements of the applicable accounting standard	NA. Accounted for using the equity method as per the requirements of the applicable accounting standard
Networth attributable to shareholding as per latest audited Balance Sheet	856.02	8.17
Profit or (loss) for the year		
(i) Considered in Consolidation	102.17	-
(ii) Not Considered in Consolidation	408.68	1.37

* Includes investment in 3,00,000 fully convertible preference shares of the joint venture amounting to INR 300.00 lakhs, which the Company has determined to be in the nature of equity interest.

47. Investment in IPL Green Power Limited

Consequent to the inordinate delay in getting statutory approvals, the Management of IPL Green Power Limited (the associate) is of the opinion that the current project may not be viable. Therefore the Management is contemplating withdrawal of the application pending with the Regulators/ State Government and consider other viable projects in due course. Considering this, on a prudent basis the financial statements of the associate are prepared not on a going concern basis and accordingly adjustments have been made to the Statement of financial position of the associate by restating of amounts to their net realisable value, to provide for further liabilities that might arise and to reclassify non-current assets and liabilities as current assets and current liabilities.

As explained in Note 32, considering the above the Group has assessed the impairment of carrying value of its investment accounted for under the equity method in its associate and accordingly an impairment charge of INR 27.13 lakhs has been considered during the previous year.

BIMETAL BEARINGS LIMITED

Notes to the Consolidated financial statements for the year ended March 31, 2018

48. Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.
