IIFL Finance raises Rs 325 crores Tier-II debt facility from CDC Group through issuance of 10-year Rupee Denominated Masala Bonds

MUMBAI, INDIA [Wednesday, July 5, 2018] – IIFL Holdings Ltd, one of India’s leading, diversified financial services companies, announced today that its subsidiary, India Infoline Finance Ltd (‘IIFL Finance’) has raised Rs 325 crores from CDC Group Plc (“CDC”), the United Kingdom’s Government-owned Development Finance Institution.

CDC, which has a minority equity stake in IIFL Finance, a leading non-banking finance company, invested in Rupee Denominated Tier – II qualifying subordinated bonds having a tenor of 10 years. This is IIFL Group’s maiden Masala Bonds issue.

CDC’s investment will help IIFL Finance in growing its loan book and address capital needs of the low income, under-served and largely self-employed segments of the society. IIFL Finance has several products catering to these segments including small-ticket home loans, SME loans and micro-finance loans. The fastest growing segment in home loans is the affordable home segment, or Swaraj loans, with average ticket size of Rs. 13 lakhs. This product is especially designed to support the informal income segment in fulfilling their dream of owning a home. The SME loans, with an average ticket size of Rs. 7 lakhs, cater to capital needs of small retailers, traders and other businesses. Micro-finance loans, with an average ticket size of Rs. 25,000 are targeted towards largely under-privileged female borrowers in rural and urban areas running small businesses.

IIFL Finance is a systemically important Non-Banking Financial Company (NBFC) not accepting public deposits and engaged in the business of home and property loans, gold loans, commercial vehicle finance, loan against securities, SME business and micro-finance loans. For the financial year ended March 31, 2018, IIFL Finance’s loan book stood at Rs 311.34 billion and net profit was Rs 5.54 billion. IIFL Finance has a long-term credit rating of AA (Stable) by Crisil, AA (Stable) by ICRA and AA (Positive) by CARE.

Mr. Srinu Nagarajan, CDC’s Managing Director and Head of South Asia, said, “CDC has been a long-term partner of IIFL group since our equity investment in 2016. This debt facility, which is CDC’s first investment in Rupee Denominated Bonds, will help IIFL Finance to grow its loan book and reach more customers in under-served sectors and regions of India. We also expect that our investment will help IIFL Finance mobilise additional capital from other long-term investors”.

Mr R Venkataraman, Director, IIFL Finance said, "CDC's investment in IIFL Finance subordinate bonds will help us shore up capital adequacy and enable us to grow our loan book. We are targeting to grow our affordable housing loans and small ticket unsecured business loans. This successful raise of long-term debt in an environment of tight domestic liquidity and volatile emerging markets is a testament of our business model and strong financial position.
