Annual Report 2017 - 18

Forward-looking Statement

In this annual report, we have disclosed forward looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as ‘anticipates’, ‘estimates’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’ and words of similar substance in connection with any discussion on future performance. We cannot guarantee that these forward-looking statements will be

realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Dhunseri
Tea in an
expansion
mode

Sustainable business expansion has always been at the centrestage of the overall strategy at Dhunseri Tea. Dhunseri Tea is amongst the top ten tea manufacturers globally. We have 10 Tea Estates in Assam, India and 2 Tea Estates in Malawi, Africa with about 7200 hectares under Tea/Macadamia Plantations.

We invested in good agricultural practices for improving yield and quality of our produce. We also acquired African plantations to geographically de-risk our tea business and expand the area under Tea and Macadamia cultivation.

Our strategic initiatives for growth comes from quality driven approach and benchmarking ourselves with global best practices. Our determination for continuous improvement in how we do things, is the key to unlocking our potential.

We strive to grow
bigger

At Dhunseri Tea, we believe in continued focus on business growth through...

▾ **Improvement in crop yield**

Land being a finite resource, we have been focusing on increasing yield per hectare. We replace old bushes with high yielding clonal varieties. As old bushes age, we replace and replenish these tea bushes to get new bushes to start delivering enhanced quality and productivity over time. We have continuously increased irrigation coverage to counter vagaries of nature. All these efforts have generated incremental volumes.

▾ **Improvement in product quality and price realization**

We believe, quality of product defines quality of business. We use best agricultural methods, better plucking, pruning and processing equipment to enhance quality. This increases our realization, apart from winning customer loyalty.

Organic expansion

▾ **Market expansion**

Dhunseri Tea has focused on retail market through tea packeting. We have 5% market share in Packet Tea in India and command leadership position in Rajasthan. We have consistently focused on brand building and expanding our distribution network in Rajasthan.

Expansion through acquisition

Keeping in mind the constraint of land, the primary way to grow is by acquiring new plantations.

The Company acquired land contiguous to our existing plantations in Africa for Tea and Macadamia. The African plantation has contributed revenues of about Rs. 110.07 crores during 2017-18.

The Company always looks for opportunities for sustainable growth and will continue to do so in future to enhance our growth momentum.

Enhancing Quality, Securing Sustainable Growth

Dhunseri Tea is a quality driven Company. Over the years, we have strategically invested in high yield quality clones, efficient irrigation, integrated pest management and continuous processing equipment to enhance the tea quality. Our blending competence deliver consistent color, taste and aroma and meet consumer expectations . Our quality produce not only generates better realization but also customer loyalty. Our focus on Packet Tea segment has improved our sustainability.

We are accredited with ISO 22000-2005 Food and Safety standards and our produce has been certified by Trustea, Fairtrade, Rainforest Alliance, HACCP, PPC and FASSAI.

Chairman's Statement

Entrenched business model, strong financial position, deep-rooted belief system and long term vision positions us with unparalleled advantage in this challenging business environment.

Dear Shareholders,

I welcome you all to this 21st Annual General Meeting.

I am pleased to inform you that it has been our constant endeavor to improve the quality of our produce. The quality teas being manufactured by your Company enables us to consolidate its brand value and also sustain its market share in the long run. With improvement in quality, your Company will be amongst the best producers of Quality Assam CTC teas.

Mechanised harvesting has been started in the prune area to reduce the dependence on manual plucking which will ensure the timely harvest of ready leaves.

Integrated Pest & Nutrition Management is another thrust area for enhancing the yield of our plantations. Mechanization of other field operation will help timely completion of field work for better results.

We are presently contemplating a twofold growth strategy encompassing the domestic as well as in the global arena. Your Company had acquired in

2012-13 two Tea Estates at Malawi which now produces 4 lakh kgs of Macadamia nuts as well as 9 million kgs of tea out of the total annual tea production of the Company of about 20 million kgs.

We are now looking to enhance the growth of the Company in the Tea Sector by acquiring tea estates in India and abroad.

With this in view, your Company is exploring all opportunities for an expansion and to double its existing production capacity which is possible only through acquisitions of Tea Estates at a competitive price.

It is expected that this will enable your Company to achieve increased market share and also meet the growing demand for quality teas thereby resulting in improved profitability for the Company and better returns to the stakeholders.

A. Conservation of Energy:

i) Steps taken or impact on conservation of energy:

Old Generator sets which were replaced with fuel efficient new Generator sets resulted in more KWH per litre of diesel in Tea Estates and contained the Power & Fuel cost.

The CFL/ LED Bulbs which replaced the condensed bulbs in the factories and bungalows helped in reducing the energy consumption.

Supply of high calorific value coal from North-East Coalfields (Marghereta) with less ash content helped to maintain the required temperature for improvement in Quality as well as reduction in coal consumption.

Automatic Voltage Regulator have been installed at Dhunseri Tea Estate to utilize efficiently the grid supply to overcome the low voltage supply.

Capacitors are used to improve the power factor to 90 and above in most of the factories.

Interlocking of machineries have been initiated to reduce the connected load wherever possible and to minimize demand charges.

ii) Steps taken by the Company for using alternate sources of energy:

a) Tufflex sheets are used for natural light to reduce the consumption of electricity in all the factory buildings and stores.

b) Sunlight Powered bulbs made from plastic bottles to light up stores and other areas in the factory during day time will save energy.

iii) Capital investment on energy conservation equipment:

Trial runs of the continuous physical withering (CPW) machines at its tea factories at Dhunseri and Bahipookri was initiated last year. However, the same will be fully operational this year and is expected to bring quality improvement by even withering.

B. Technology Absorption:

(i) The efforts made towards technology absorption:

Indigenously developed technologies for the improvement of production both in field and factory were adopted and required modifications and innovations were done on a continuous basis.

(ii) The benefits derived like product improvement, cost reduction, product development or import substitution:

Garden has used pruning machines to save on manpower and utilise the saved manpower for other development works.

Augor machines are used for digging pits for planting to save manpower and also speed up the planting work.

Machine plucking harvester are being undertaken and it is proposed to cover larger areas during the current Season. Quality parameters for machine plucking is monitored and action is being taken to improve the same.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

(a) The details of technology imported: Nil

(b) The year of import: Nil

(c) Whether the technology been fully absorbed: Not applicable

(d) If not fully absorbed, areas where absorption has not taken place and the reasons therefore : Not applicable.

To,

The Members,

Dhunseri Tea & Industries Limited
CIN: L15500WB1997PLC085661
Dhunseri House, 4A, Woodburn Park,
Kolkata – 700 020

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Dhunseri Tea & Industries Limited** (hereinafter referred as 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2018 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2018, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder and Companies Act, 1956, to the extent not repealed;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

13. Management Discussion and Analysis Report

Industry Structure and Development

The Company's main business is plantation, manufacture and sale of Tea. Tea being a seasonal industry, the plantation

Corporate Governance Report (Contd.)

activities are carried out from March to December and is subject to the vagaries of the monsoon. The area under plantation is relatively constant. The crop yield depends on the climatic conditions to a very large extent. The steps initiated for increasing the crop yields by implementing improved agricultural practises is not only necessary under the circumstances but also becomes important for the industry for its survival.

Opportunities and Threats

The Company's major income is from sale of tea. The tea manufactured by the Company is sold through auctions as well as packeted and sold under its different brands and also through private sales. The costs of production of tea, comprises of various inputs which are required to be met by the Company as stipulated under various statutes both Central and State including the Plantation Labour Act. Thus, after meeting the various Central and State levies etc the industry is left with a very small margin to meet its other expenses for advertising, marketing and sale of the product.

Segment wise performance

The Company's main business operation is restricted to a single segment i.e. Tea which is manufactured and sold through either auction centres, packet sales or as bulk / private tea sales and is covered under the sections 'Financial Results' and 'Operations' respectively in the Directors' Report.

Outlook

Tea being a common man's drink is consumed widely throughout the country.

The Tea manufactured in the Country is almost sufficient to meet the internal domestic demands. The weather is of prime importance for the Tea manufacturing industry for achieving/ maintaining the production target for the industry. Due to the vagaries of the weather the production of tea fluctuates within a given range. However, in spite of this scenario the outlook for the tea industry appears to be good, due to its increasing demand and consumption.

Risk and Concern

The Management has to constantly monitor the risks and concerns associated with the industry which is dependent upon the vagaries of the weather to a very large extent and is also subject to changing market conditions and the trends. Further increased supply in the global market and slowdown of the economic growth may adversely affect the business prospects.

Internal Control System & their adequacy

The Company has an effective system of internal control, commensurate with its size and it ensures operational efficiency, accuracy in financial reporting and compliance of applicable laws and regulations. The system is subject to review from time to time.

Disclosures on financial performance with respect to operational performance:

The disclosures under financial performance with respect to operational performance are covered by the sections 'Financial Results' and 'Operations' respectively under the Directors' Report.

Material developments in Human Resources / Industrial Relations front including number of people employed

The Tea industry is labour intensive and provides employment to a very large segment of the population residing in and around the tea plantation areas. The Company has ten tea estates all located in the State of Assam with a total plantation area of about 3055.75 hectares. As on 31st March, 2018 the Company provided employment to about 5025 employees including 4521 workers at its tea estates.

Cautionary Statement

Statements in this management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be forward looking statements' within the meaning of applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the industry-global or domestic or both, significant changes in political and economic environment in India, applicable statutes, litigations etc.

Independent Auditors' Report

To The Members of

DHUNSERI TEA & INDUSTRIES LIMITED

Report on the Standalone Indian Accounting Standards (Ind AS) Financial Statements

1. We have audited the accompanying standalone financial statements of Dhunseri Tea & Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

5. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

9. The comparative financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 22,

Independent Auditors' Report (Contd.)

2017 and May 27, 2016 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. As required by Section 143 (3) of the Act, we report that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - On the basis of the written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

- With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
- With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - The Company has disclosed the impact, if any, of pending litigations as at March 31, 2018 on its financial position in its standalone Ind AS financial statements – Refer Note 33;
 - The Company did not have any long-term contracts including derivative contracts as at March 31, 2018;
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2018;
 - The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2018.

Annexure - A to Independent Auditors' Report

Referred to in paragraph 11(f) of the Independent Auditors' Report of even date to the members of Dhunseri Tea & Industries Limited on the standalone financial statements for the year ended March 31, 2018

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Dhunseri Tea & Industries Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

Annexure - A to Independent Auditors' Report (Contd.)

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.
 Referred to in Paragraph 11(f) of the Independent Auditors' Report of even date to the members of Dhunseri Tea & Industries Limited on the standalone financial statements for the year ended March 31, 2018.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and

the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

Referred to in paragraph 10 of the Independent Auditors' Report of even date to the members of Dhunseri Tea & Industries Limited on the standalone IND AS financial statements as of and for the year ended March 31, 2018

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of immovable properties, as disclosed in Note 3 on Property, Plant and Equipment and Note 4 on Investment Properties to the standalone financial statements, are held in the name of the Company, except for the following, for reasons set out in Note 3 (a) and Note 4 to the standalone financial statements.

Particulars	Class of Assets	Gross Block (Rs. In Lakhs)	Net Block (Rs. In Lakhs)
2 Plots of Freehold Land at Assam	Freehold Land	3186.40	3186.40
8 Plots of Leasehold Land at Assam	Leasehold Land	32,185.70	32185.59
4 Premises of Buildings	Buildings	214.40	167.44
2 Plots of Freehold Land	Investment Property	760.25	760.25

- ii. The physical verification of inventory excluding stocks with third parties have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.

- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products.

We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of provident fund, employee's deposit linked insurance scheme, income tax, service tax, sales tax and value added tax though there has been significant delays in a few cases and is regular in depositing undisputed statutory dues, including employees' state insurance, duty of excise, cess, goods and service tax with effect from July 1, 2017 and other material statutory dues, as applicable, with the appropriate authorities. The extent of the arrears of statutory dues outstanding as at March 31, 2018, for a period of more than six months from the date they became payable are as follows :

Name of the statute	Nature of dues	Amount (Rs.)	Period to which the amount relates	Due date	Date of Payment
Central Sales tax Act 1956	Central Sales Tax	49,830	June 2017	July 21, 2017	Not yet paid
Central Sales tax Act 1956	Central Sales Tax	16,568	November 2016 January 2017 February 2017	December 21, 2016 February 21, 2017 March 21, 2017	Not yet paid

Annexure - B to Independent Auditors' Report (Contd.)

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of sales-tax, service-tax, duty of excise, value added tax and goods and service tax which have not been deposited on account of any dispute. The particular of dues of income tax as at March 31, 2018 which have not been deposited on account of a dispute, is as follows :

Name of the statute	Nature of dues	Amount (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Income-tax Act, 1961	Income Tax	13.60 Lakhs	2014-15	Commissioner of Income Tax (Appeals)

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government or dues to debenture holders as at the balance sheet date.
- ix. In our opinion, and according to the information and explanations given to us, the moneys raised by way of initial public offer or further public offer (including debt instruments) and term loans have been applied for the purposes for which they were obtained.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.

- xi. The Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS financial statements as required under Indian Accounting Standard 24, Related Party Disclosures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

Notes to Financial Statements (Contd.)

Note 1 COMPANY INFORMATION

Dhunseri Tea & Industries Limited (the “Company”) is a Company limited by shares, incorporated and domiciled in India. The Company is engaged in cultivation, manufacture and sale of tea. Its shares are listed on Bombay Stock Exchange Ltd. and National Stock Exchange Ltd.

The standalone financial statements as at 31 March 2018 present the financial position of the Company.

The standalone financial statements for the year ended 31 March 2018 were approved by the Board of Directors and authorised for issue on 21 May 2018.

Note 2 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis for preparation

(i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The standalone financial statements upto year ended 31 March 2017, were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) (Previous GAAP), and other relevant provisions of the Act.

These standalone financial statements are the first financial statements of the Company under Ind AS. The date of transition to Ind AS is April 1, 2016. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 41 (First-time Adoption).

(ii) Historical cost convention

The standalone financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

b) Property, plant and equipment

(i) Property, plant and equipment are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase cost, borrowing costs if capitalisation criteria are met and other directly attributable cost of bringing the assets to its working condition for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

(ii) Subsequent expenditure related to an item of property, plant and equipment is added to its carrying amount only if it increases the future benefits from the existing assets beyond its previously assessed standard of performance.

(iii) Capital work in progress is stated at cost incurred during construction/installation period relating to items or projects in progress.

(iv) Losses arising from the retirement of and gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognised in the Statement of Profit and Loss.

(v) Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows :

Class of assets	Estimated useful life (in years)
Bearer plants	72
Buildings	3 – 60
Plant and Equipment	3 – 15
Furniture and Fixtures	10
Office Equipment	5
Vehicles	8 – 10

Notes to Financial Statements (Contd.)

The estimate of residual value and useful life are reviewed every year.

Leasehold land is amortised over the period of lease. Leasehold improvements are amortised over the period of lease or estimated useful life, whichever is lower.

Transition to Ind AS

Under Ind AS, the Company has elected to measure certain class of property, plant and equipment at its fair value viz. freehold land, leasehold land and bearer plants as at the transition date ie 1st April 2016 and considered such value as deemed cost at that date. While remaining class of property, plant and equipment are carried at historical cost determined in accordance with retrospective application of Ind AS.

c) Impairment of Assets

An impairment loss is recognised, where applicable, when the recoverable amount of an asset (i.e. higher of the asset's net selling price and value in use) is less than its carrying amount.

Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

d) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Financial assets

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Other bank balances

Other bank balances include deposits with maturity less than twelve months but greater than three months and balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at 'Fair value through the Statement of Profit and Loss' (FVPL).

Impairment of financial assets

The Company assesses on a forward looking basis the 'Expected credit losses' (ECL) associated with its assets carried at amortised cost and FVOCI debt instruments. The Company recognises loss allowance for expected credit losses on financial asset.

Notes to Financial Statements (Contd.)

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 *Financial Instruments*, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

e) Inventories

Raw materials including harvested tea leaves, produced from own gardens are measured at lower of cost and net realisable value. Cost being the fair value less cost to sell at the point of harvest of tea leaves.

Raw materials of purchased tea leaves, stores and spare parts and finished goods are stated at lower of cost and net realisable value. Cost of finished goods comprise direct material, direct labour and appropriate portion of variable and fixed overhead expenditure. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average method. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

f) Biological assets

Tea leaves growing on tea bushes are biological asset and it is measured at fair value less cost to sell with changes in fair value recognised in Statement of Profit and Loss.

The tea bushes are bearer plant and therefore presented and accounted for as property, plant and equipment. However produce growing on such trees are accounted for as biological assets until the point of harvest.

Notes to Financial Statements (Contd.)

g) Employee Benefits

(i) Short term employee benefits

The undiscounted amount of Short-term Employee Benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

(ii) Compensated absences

Accumulated compensated absences which are expected to be availed or encashed within twelve months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensating absences as the additional amount expected to be paid as a result of the unused entitlement as at the year-end.

Accumulated compensated absences which are expected to be availed or encashed beyond twelve months from the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial loss/gains are recognised in the Statement of Profit and Loss in the year in which they arise. The Company presents the entire leave as a current liability in the Balance Sheet, since it does not have a unconditional right to defer its settlement for twelve months after the reporting date.

(iii) Post employment benefit plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance Sheet date. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets.

Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

(iv) Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

h) Foreign currency transactions

Functional and presentation currency

The financial statements of the Company are presented in Indian rupees (Rs.), which is the functional currency of the Company and the presentation currency for the financial statements.

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transactions. Monetary assets and liabilities related to foreign currency are restated at the year-end at the exchange rate prevailing on the Balance Sheet date. Foreign currency non-monetary items carried in terms of historical cost are reported using the exchange rate on the date of transactions. Exchange differences arising on restatement or settlement are recognised in the statement of profit and loss in the period in which they arise.

i) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sales of goods

Sales are recognised when the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It includes cess on made tea and excludes value added tax/sales tax/ Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Notes to Financial Statements (Contd.)

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

j) **Borrowing costs**

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Premium in the form of fees paid on refinancing of loans are accounted for as an expense over the life of the loan using effective interest rate method. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

k) **Taxes on income**

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

l) **Leases**

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease. Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Notes to Financial Statements (Contd.)

The Company as lessee

- (i) **Operating lease** – Rentals payable under operating leases are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.
- (ii) **Finance lease** – Finance leases are capitalised at the commencement of lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest. on the remaining balance of the liability. Finance charges are recognised in the Statement of Profit and Loss over the period of the lease.

The Company as lessor

- (i) **Operating lease** – Rental income from operating leases is recognised in the Statement of Profit and Loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight line basis over the lease term.
- (ii) **Finance lease** – When assets are leased out under a finance lease, the present value of the minimum lease payments is recognised as a receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance income. Lease income is recognised over the term of the lease using the net investment method before tax, which reflects a constant periodic rate of return.

m) Government Grants

- (i) Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.
- (ii) Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- (iii) Government grants relating to the purchase of property, plant and equipment are included in other liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

n) Provisions and contingent liabilities

Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

o) Research and development expenditure

Revenue Expenditure on Research and Development is charged to the Statement of Profit and Loss in the year in which it is incurred and Capital Expenditure relating to Research and Development are included in property, plant and equipment .

p) Earnings per share

Basic Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period.

Notes to Financial Statements (Contd.)

For the purpose of calculating the diluted earnings per share the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors of the Company has been identified as being the chief operating decision maker. Refer note 39 for segment information presented.

r) Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment, impairment of investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

s) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method over their estimated useful lives. The investment properties held by the Company comprise only of freehold land, hence there is no depreciation.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment properties recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

t) Rounding off amount

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

t) Recent Accounting Pronouncements

Ind AS 115:- Revenue from contracts with customers

The Company is in the process of assessing the detailed impact of Ind AS 115. Presently, the Company is not able to reasonably estimate the impact that application of Ind AS 115 is expected to have on its financial statements, except that adoption of Ind AS 115 is not expected to significantly change the timing of the Company's revenue recognition for product sales. Consistent with the current practice, recognition of revenue will continue to occur at a point in time when products are dispatched to customers, which is also when the control of the asset is transferred to the customer under Ind AS 115.

The Company intends to adopt the standard using the modified retrospective approach which means that the cumulative impact of the adoption will be recognised in retained earnings as of 1 April 2018 and that comparatives will not be restated.

Ind AS 40:- Investment property – transfers of investment property

The Company has assessed the effects of the amendment on classification of existing property as at 1 April 2018 and concluded that no reclassifications are required.

The Company intends to apply the amendment prospectively to changes in use that occur after the date of initial application (i.e 1 April 2018).

Nature and purpose of other reserves

(i) General Reserve

General Reserve is a free reserve not meant for meeting any specific liability, contingency or commitment. General Reserve is created and utilised in compliance with the provisions of the Act.

Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

Notes to Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

(ii) Fair value through other comprehensive income (FVOCI)- equity instruments

The Company has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

(vii) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2018	31 March 2017	01 April 2016
Discount rate	7.60%	7.10%	7.80%
Expected return on plan asset	8.00%	8.00%	8.00%
Salary growth rate	6.00%	6.00%	6.00%
Attrition rate	1.00%	1.00%	1.00%
Mortality rate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate

(viii) Sensitivity Analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is :

Particulars	Impact on defined benefit obligation			
	31 March 2018		31 March 2017	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	(139.41)	162.07	(151.06)	176.36
Salary growth rate (-/+ 1%)	163.10	(142.64)	176.59	(153.89)
Attrition rate (-/+ 1%)	18.59	(21.02)	13.39	(15.23)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vii) The major categories of plans assets are as follows:

Particulars	31 March 2018	31 March 2017	01 April 2016
Investment with Private Insurance Companies	25.49%	26.67%	29.24%
Administered by Life Insurance Corporation of India	72.31%	69.58%	65.28%
Investment in Mutual Fund	0.55%	0.58%	0.65%
Special Deposits and Bonds	1.35%	2.65%	3.32%
Others Including Bank Balances	0.30%	0.52%	1.51%

(viii) Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk :

If plan is funded, then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Interest risk :

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(ix) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2019 is Rs Nil.

The weighted average duration of the defined benefit obligation is 10 years (31 March 2017 – 10 years).

Note 36 CAPITAL MANAGEMENT

(a) Risk Management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
 - maintain an optimal capital structure to reduce the cost of capital.
- In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

Notes to Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 36 CAPITAL MANAGEMENT (Contd.)

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The capital structure of the Company consists of debt, cash and cash equivalents and equity attributable to equity shareholders of the Company which comprises issued share capital and accumulated reserves disclosed in the Statement of Changes in Equity.

Consistent with others in the industry, the Company monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Company.

Net Debt implies borrowings of the Company as reduced by Cash and Cash Equivalent and Equity comprises all components attributable to the owners of the Company.

The following table summarises the Net Debt, Equity and Ratio thereof.

(b) Biological assets other than bearer plants

This section explains the judgements and estimates made in determining the fair values of the biological assets other than bearer plants that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its biological assets other than bearer plants into level 3 in the fair value hierarchy.

Biological assets other than bearer plants for which fair value (less cost to sell) are disclosed

Particulars	31 March 2018			31 March 2017			01 April 2016		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

	-	-	58.77	-	-	46.15	-	-	44.99

The following table illustrates the sensitivity to a 5% variation in each of the significant unobservable inputs used to measure the fair value of the biological assets on 31st March 2018 and 31st March 2017.

Impacts in the fair value resulting from :

Significant variable inputs	2018		2017	
	5% decrease	5% increase	5% decrease	5% increase
Purchase prices	(2.94)	2.94	(2.31)	2.31

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below :

Quoted prices in an active market (Level 1) : This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares and mutual fund. The fair value for all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued against closing NAV.

Valuation techniques with observable inputs (Level 2) : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Valuation techniques with significant unobservable inputs (Level 3) : This level of hierarchy includes financial assets and financial liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Company's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Transfers between level 1, level 2 and level 3

During the year shares of AU Small Finance Bank Limited got listed on the stock exchange. As at 31 March 2017 they were unlisted and were valued using valuation techniques under level 3, carrying value was Rs. 511.44 lakhs. Since, the shares got listed their quoted prices are readily available these have been transferred to instruments valued using level 1 technique. There are no other transfers between level 1, level 2 and level 3.

Note 37 FAIR VALUE MEASUREMENTS (Contd.)

(iii) Valuation technique used to determine fair value

Specific valuation technique used to determine fair value includes :

- (a) Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available the management has involved valuation experts to determine the fair value of the investments. Different valuation techniques have been used by the valuers for different investments.
- (b) The carrying amounts of other financial assets and liabilities carried at amortised cost closely approximate their fair values. The impact of discounting on such financial assets or liabilities is not significant due to the market terms (rates and tenor) available and because the instruments are short term in nature or do not have any fixed contractual maturities.
- (c) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

(iv) Equity Instruments carried at fair value through other comprehensive income.

These investments in equity instruments are not held for trading. Instead, they are held for long term strategic purpose. The Company has chosen to designate this investments in equity instruments at FVOCI since, it provide a more meaningful presentation.

- (v) During the year, the Company has sold certain investments to meet its strategic purpose.

Note 38 FINANCIAL RISK MANAGEMENT

In the course of its business, the Company is exposed primarily to fluctuations in interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. In order to minimise any adverse effects on the financial performance of the Company, the company has risk management policies as described below :-

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions and other financial instruments carried at amortised cost and financial gurantees.

Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments and cash and cash equivalents held by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was Rs. 5,479.65 lakhs, Rs. 5,359.63 lakhs, Rs. 4,319.23 lakhs as at 31 March 2018, 31 March 2017 and 1 April 2016 respectively, being the total carrying value of trade receivables, balances with bank, bank deposits and other financial assets.

i) Trade and other receivables

Credit risk on receivables is minimum since sales through different mode (eg. auction, consignment, private) are made after judging credit worthiness of the customers or advance payment. The history of defaults has been minimal and outstanding receivables are regularly monitored.

The Company is making provisions on trade receivables based on Expected Credit Loss (ECL) model. The reconciliation of ECL is as follows :

Particulars	2017-18	2016-17
Opening balance	5.05	-
Charge in Statement of Profit and Loss	-	5.26
Less : Utilised during the year	-	(0.21)

ii) Financial instruments and bank deposits

For credit risk on the loans to parties including subsidiary, the Company is not expecting any material risk on account of non-performance by any of the parties. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(B) Liquidity risk

Liquidity risk refers to the risk that the Company may encounter difficulty in meeting its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the company's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(C) Market risk

(i) Foreign currency risk

The Company deals with foreign currency loan, loan receivable and interest receivable etc and is therefore exposed to foreign exchange risk associated with exchange rate movement.

The Company is exposed to foreign exchange risk through its loan receivable and interest receivables, they also have borrowings denominated in foreign currencies. The management regularly monitors the currency movement to manage its currency risk.

Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in Rupees (foreign currency amount multiplied by closing rate), are as follows :

	31 March 2018		31 March 2017		01 April 2016

@ Holding all other variables constant

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2018 and 31 March 2017, the Company's borrowings at variable rate were denominated in both Rupees and foreign currency.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities :

The exposure of the Company's financial liabilities to interest rate risk is as follows :

Particulars	31 March 2018	31 March 2017	01 April 2016
Variable rate borrowings	3,775.12	3,691.67	1,763.49
Fixed rate borrowings	12.75	17.48	33.17
Total borrowings	3,787.87	3,709.15	1,796.66

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below :

	Impact on profit before tax		Impact on equity	
	31 March 2018	31 March 2017	31 March 2018	31 March 2017
Interest expense rates – increase by 50 basis points (50 bps)*	(18.88)	(18.46)	(12.87)	(12.58)
Interest expense rates – decrease by 50 basis points (50 bps)*	18.88	18.46	12.87	12.58

* Holding all other variables constant

(iii) Price risk

(a) Exposure

The Company's exposure to equity securities & mutual funds price risk arises from investments held by the Company and classified in the balance sheet at fair value through Other Comprehensive Income or at Fair Value through Statement of Profit & Loss. To manage its price risk arising from investments in equity securities & mutual funds, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company. In general, these investments are not held for trading purposes.

The majority of the Company's equity investments & mutual funds are publicly traded.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the share prices on the Company's equity.

	Impact on equity		
	31 March 2018	31 March 2017	01 April 2016
Share price - Increase 5%*	210.19	177.23	89.71
Share price - Decrease 5%*	(210.19)	(177.23)	(89.71)

* Holding all other variables constant

(D) Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner:

- Sufficient inventory levels of agro chemicals, fertilizers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Sufficient level of consumable stores viz packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

Note 39 SEGMENT REPORTING

The Company's Chief operating decision maker viz. Board of Directors examine the Company's performance as a single segment, viz. "Growing, harvesting and sale of loose and packet tea".

Geographical information

The entire revenue of the Company has been generated by way of domestic sales. There are no sales outside India.

Two customers of the entity account for approximately 57% of the sales being made for the year ended 31 March 2018 (31 March 2017: 58%)

Note 41 FIRST TIME ADOPTION OF IND AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in Note 2, have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

A.1.1 Deemed cost

Ind AS 101 permits a first time adopter to elect to measure an item of property, plant and equipment at the date of transition to Ind AS at its fair value and use that fair value as its deemed cost at that date.

Accordingly, the Company has elected to measure certain class of property, plant and equipments at its fair value as at the transition date and considered such value as deemed cost at that date. While remaining class of assets are carried at historical cost determined in accordance with retrospective application of Ind AS.

A.1.2 Investments in subsidiaries

Ind AS 101 permits a first-time adopter to measure its investments in subsidiaries at deemed cost. The deemed cost of such an investment could be either (a) its fair value at the date of transition; or (b) previous GAAP carrying amount at that date. The option may be exercised individually and separately for each item of investment.

Accordingly, the Company has opted to measure its investments in subsidiaries at deemed cost, i.e. previous GAAP carrying amount

A.1.3 Past business combinations

Ind AS 101 permits a first-time adopter, not to apply Ind AS 103 retrospectively to past business combinations (business combinations that occurred before the date of transition to Ind ASs).

Accordingly, the Company has opted to apply this exemption for past business combinations.

A.2 Ind AS mandatory exceptions

A.2.1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVOCI and investment in mutual funds as FVPL;
- Biological asset measured at fair value less cost to sell.

A.2.2 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the fact and circumstances that exists at the date of transition to Ind AS.

Notes to Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 41 FIRST TIME ADOPTION OF IND AS (Contd.)

B. Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

(1) Reconciliation of total equity

Notes to Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 41 FIRST TIME ADOPTION OF IND AS (Contd.)

Notes to reconciliation of total equity and total comprehensive income

(1) Property, plant and equipment

(a) Under Ind AS, the Company has elected to measure certain class of property, plant and equipment at its fair value viz. freehold land, leasehold land and bearer plants as at the transition date and considered such value as deemed cost at that date. While remaining class of property, plant and equipment are carried at historical cost determined in accordance with retrospective application of Ind AS.

During the year 31 March 2017, the Company had applied revised Accounting standard 10 and recognised freehold land, leasehold land and bearer plants at fair value hence there is no impact on equity as at 31 March 2017.

(2) Financial Instruments

(a) In accordance with Ind AS 109 "Financial Instruments", investments in equity instruments (other than in subsidiaries, associates and joint ventures) and equity oriented mutual funds have been recognised at fair value at each reporting date through other comprehensive income.

Consequently, on eventual sale of such investments, profit or loss recognised in the statement of profit and loss under the Previous GAAP have been reversed as the fair value changes are recognised through other comprehensive income.

(b) In accordance with Ind AS 109 "Financial Instruments", investments in debt oriented/hybrid mutual funds are recognised at fair value through the statement of profit and loss at each reporting period.

(c) In accordance with Ind AS 109 "Financial Instruments", financial guarantee contracts are required to be recognised initially at fair value and subsequently at the higher of :

(i) the amount of the loss allowance

(ii) the amount initially recognised less, when appropriate, the cumulative amount of income recognised

(3) Impact of recognising biological assets at fair values and movement thereon

Under previous GAAP, biological assets were not required to be recognised. Under Ind AS, these have been recognised at fair value less costs to sell and change in fair value has been recognised in profit or loss.

(4) Impact of measuring inventory of made tea on the basis of Ind AS 2 and Ind AS 41

(a) Raw Materials: Under previous GAAP, no valuation was done for period end harvested tea-leaf. Under Ind AS, harvested leaf is measured at its fair value less cost to sell and is classified as Raw Materials.

(b) Finished goods: Under previous GAAP, tea stock has been valued at the lower of cost and net realizable value. Cost of inventories comprise all costs of purchase/production of green leaf, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Under Ind AS, cost of inventories comprise cost of purchase of green leaf, fair value of green leaf at the time of harvest less cost to sell, conversion cost and other costs incurred in bringing the inventories to their present location and condition.

(5) Reversal of Proposed Dividend and Tax on Proposed Dividend

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements and applicable dividend tax thereon were considered as adjusting events. Accordingly, provision for proposed dividend and dividend tax thereon was recognised as a liability. Under Ind AS, such dividend and tax thereon are recognised when the dividend is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend and dividend tax thereon included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an equivalent amount.

(6) Replanting subsidy reclassified as deferred subsidy income

Under previous GAAP, replanting subsidy received from the Tea Board was recognized as revenue in the Statement of Profit and Loss as and when accrued. Under Ind AS, the same is recognized as deferred revenue in the Balance Sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the bearer plants.

(7) Other adjustments

Other adjustments primarily relate to capitalisation of finance cost on capital work-in-progress.

(8) Deferred tax

In accordance with Ind AS 12, "Income Taxes", the Company on transition to Ind AS has recognised deferred tax on temporary differences, i.e. based on balance sheet approach as compared to the earlier approach of recognising deferred taxes on timing differences, i.e. profit and loss approach.

Notes to Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 41 FIRST TIME ADOPTION OF IND AS (Contd.)

Notes to reconciliation of total equity and total comprehensive income

(9) Reclassification of actuarial (gains) / losses of employee benefit to other comprehensive income (OCI)

- In accordance with Ind AS 19, "Employee Benefits" re-measurement gains and losses on post employment defined benefit plans are recognised in other comprehensive income as compared to the statement of profit and loss under the Previous GAAP.
- Interest expense/income on the net defined benefit liability/asset is recognised in the statement of profit and loss using the discount rate used for defined benefit obligation as compared to the expected rate used for recognising income from plan assets under the Previous GAAP.

(10) Impact on account of government grant of capital nature

Under previous GAAP, government grant of capital nature were reduced from the value of property, plant and equipment and hence investing activities were shown net of such grants received. The same are now being treated as deferred income in accordance with Ind AS 20.

(11) Other bank balances

Under previous GAAP, other bank balances (comprising unpaid dividend), were considered as part of cash and cash equivalents. The same are not being included under Ind AS for consideration as cash and cash equivalents. The movement in balances is being considered under operating activities.

Independent Auditors' Report

To The Members of

DHUNSERI TEA & INDUSTRIES LIMITED

Report on the Consolidated Indian Accounting Standards (Ind AS) Financial Statements

1. We have audited the accompanying consolidated Ind AS financial statements of Dhunseri Tea & Industries Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), (refer Note 1 to the attached consolidated financial statements), comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Cash Flow Statement for the year then ended and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and changes in equity of the Group in accordance with accounting principles generally accepted in India including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
4. We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.
6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 8 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Independent Auditors' Report (Contd.)

Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2018, and their consolidated total comprehensive income (comprising of consolidated profit and consolidated other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matter

8. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/ financial information certified by the Management.

The comparative financial information of the Group for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these consolidated Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on

which we expressed an unmodified opinion dated May 22, 2017 and May 27, 2016 respectively.

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

9. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

Annexure A to Independent Auditors' Report

Referred to in paragraph 9 (f) of the Independent Auditors' Report of even date to the members of Dhunseri Tea & Industries Limited on the consolidated financial statements for the year ended March 31, 2018

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls with reference to financial statements of Dhunseri Tea & Industries Limited (hereinafter referred to as "the Holding Company") as of that date. Reporting under Clause (i) of sub-section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is not applicable to the subsidiary companies.

Management's Responsibility for Internal Financial Controls

2. The Board of Directors of the Holding Company, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design,

implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Annexure A to Independent Auditors' Report (Contd.)

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Elfin Heights Private Limited*	Subsidiary	India	-	100%

* Ceased to be a subsidiary from 19 August 2017

The Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standard (Ind AS) 110 "Consolidated Financial Statements".

The consolidated financial statements as at 31 March 2018 present the financial position of the Group.

The consolidated financial statements for the year ended 31 March 2018 were approved by the Board of Directors and authorised for issue on 21st May, 2018.

Note 2 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis for preparation

(i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial Statements up to year ended 31 March 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) (Previous GAAP) and other relevant provisions of the Act.

These consolidated financial statements are the first consolidated financial statements of the group under Ind AS. The date of transition to Ind AS is 1 April 2016. Details of the exceptions and optional exemptions availed by the Group and principal adjustments along with related reconciliations are detailed in Note 40 (First-time Adoption).

(ii) Historical cost convention

The consolidated financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Group and entities controlled by the Group i.e. its subsidiaries. It also includes the Group's share of profits, net assets and retained post acquisition reserves of subsidiaries that are consolidated using the equity method of consolidation, as applicable.

Control is achieved when the Group is exposed to, or has rights to the variable returns of the entities and the ability to affect those returns through its power over the entities.

The results of subsidiaries acquired or disposed off during the year are included in the consolidated statement of profit and loss from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Notes to Consolidated Financial Statements (Contd.)

Wherever necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

Intra-group transactions, balances, income and expenses are eliminated on consolidation.

2.3 Business combinations

Acquisition of subsidiaries and businesses are accounted for using the purchase method. The consideration transferred in each business combination is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree.

Acquisition related costs are recognised in the consolidated statement of profit and loss.

Goodwill arising on acquisition is recognised as an asset and measured at cost, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, after re-assessing the fair values of the net assets and contingent liabilities, the excess is recognised as bargain purchase gain under capital reserve on consolidation.

Once control has been achieved, any subsequent acquisitions where the Group does not originally hold hundred percent interest in a subsidiary are treated as an acquisition of shares from non-controlling shareholders. The identifiable net assets are not subject to further fair value adjustments and the difference between the cost of acquisition of the non-controlling interest and the net book value of the additional proportion acquired is adjusted in equity. The amount of non-controlling interests in the acquiree is measured either at the non-controlling interests proportion of the net fair value of the assets, liabilities and contingent liabilities recognised or at fair value.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder's equity.

When a transaction or other event does not meet the definition of a business combination due to the asset or group of assets not meeting the definition of a business, it is termed an 'asset acquisition'. In such circumstances, the acquirer:

- identifies and recognises the individual identifiable assets acquired
- allocates the cost of the group of assets and liabilities to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase.

Such a transaction or event does not give rise to goodwill or a gain on a bargain purchase.

2.4 Goodwill

Goodwill arising on the acquisition of a subsidiary represents the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

An impairment loss recognised for goodwill is not reversed in a subsequent period. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of profit or loss on disposal.

2.5 Property, plant and equipment

- (i) Property, plant and equipment are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase cost, borrowing costs if capitalisation criteria are met and other directly attributable cost of bringing the assets to its working condition for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Notes to Consolidated Financial Statements (Contd.)

- (ii) Subsequent expenditure related to an item of property, plant and equipment is added to its carrying amount only if it increases the future benefits from the existing assets beyond its previously assessed standard of performance.
- (iii) Capital work in progress is stated at cost incurred during construction/installation period relating to items or projects in progress.
- (iv) Losses arising from the retirement of and gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognised in the Statement of profit and loss.
- (v) Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

Class of assets	Estimated useful life (in years)
Bearer plants	30 – 72
Buildings	3 – 60
Plant and Equipment	3 – 25
Furniture and Fixtures	3 – 10
Office Equipment	3 – 10
Vehicles	2 – 10

The estimate of residual value and useful life are reviewed every year.

Leasehold land is amortised over the period of lease. Leasehold improvements are amortised over the period of lease or estimated useful life, whichever is lower.

Transition to Ind AS

Under Ind AS, the Group has elected to measure certain class of property, plant and equipment at its fair value viz. freehold land, leasehold land and bearer plants as at the transition date ie 1st April 2016 and considered such value as deemed cost at that date. While remaining class of property, plant and equipment are carried at historical cost determined in accordance with retrospective application of Ind AS.

2.6 Impairment of assets

An impairment loss is recognised, where applicable, when the recoverable amount of an asset (i.e. higher of the asset's net selling price and value in use) is less than its carrying amount.

Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.7 Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

(a) Financial assets

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Notes to Consolidated Financial Statements (Contd.)

Other bank balances

Other bank balances include deposits with maturity less than twelve months but greater than three months and balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group in respect of equity investments which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Group on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at 'Fair value through the statement of profit and loss' (FVPL).

Impairment of financial assets

The Group assesses on a forward looking basis the 'Expected credit losses' (ECL) associated with its assets carried at amortised cost and FVOCI debt instruments. The Group recognises loss allowance for expected credit losses on financial asset.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

(b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Notes to Consolidated Financial Statements (Contd.)

De-recognition of financial liabilities

The Group de-recognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.8 Inventories

Raw materials including processed produce, are measured at lower of cost and net realisable value. Cost being the fair value less cost to sell at the point of harvest.

Raw materials of purchased tea leaves, stores and spare parts and finished goods are stated at lower of cost and net realisable value. Cost of finished goods comprise direct material, direct labour and appropriate portion of variable and fixed overhead expenditure. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average method. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Biological assets

Biological assets comprises of timber, tea leaves and macadamia nuts growing on the tea bushes and macadamia trees respectively. Timber, tea leaves growing on tea bushes and macadamia nuts growing on macadamia trees are measured at fair value less cost to sell with changes in fair value recognised in the Statement of profit and loss.

The tea bushes and macadamia trees are bearer plants and therefore presented and accounted for as property, plant and equipment. However produce growing on such trees are accounted for as biological assets until the point of harvest.

2.10 Employee Benefits

(i) Short term Employee Benefits

The undiscounted amount of Short-term Employee Benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

(ii) Compensated Absences

Accumulated compensated absences which are expected to be availed or encashed within twelve months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensating absences as the additional amount expected to be paid as a result of the unused entitlement as at the year-end.

Accumulated compensated absences which are expected to be availed or encashed beyond twelve months from the year end are treated as other long term employee benefits. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial loss/gains are recognised in the Statement of Profit and Loss in the year in which they arise. The Group presents the entire leave as a current liability in the Balance Sheet, since it does not have a unconditional right to defer its settlement for twelve months after the reporting date.

(iii) Post employment benefit plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance Sheet date. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

Notes to Consolidated Financial Statements (Contd.)

The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets.

Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

(iv) Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Group's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

2.11 Foreign currency transactions

Functional and presentation currency

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (Rs.), which is group's functional and presentation currency.

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transactions. Monetary assets and liabilities related to foreign currency are restated at the year-end at the exchange rate prevailing on the Balance Sheet date. Foreign currency non-monetary items carried in terms of historical cost are reported using the exchange rate on the date of transactions. Exchange differences arising on restatement or settlement are recognised in the statement of profit and loss in the period in which they arise.

Group companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- All resulting exchange differences are recognised in other comprehensive income.

2.12 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sales of products

Sales are recognised when the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It includes cess on made tea and excludes value added tax/sales tax/Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Notes to Consolidated Financial Statements (Contd.)

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

Consultation fee

Consultation fee is recognized in the accounting period in which the services are rendered. Revenue is recognized based on the actual service provided till the end of the reporting period as a proportion of the total services to be provided.

2.13 Borrowing costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Premium in the form of fees paid on refinancing of loans are accounted for as an expense over the life of the loan using effective interest rate method. All other borrowing costs are recognised in the Statement of profit and loss in the period in which they are incurred.

2.14 Taxes on income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

2.15 Leases

The Group determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Group in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease. Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessee

- (i) **Operating lease** – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Notes to Consolidated Financial Statements (Contd.)

- (ii) **Finance lease** – Finance leases are capitalised at the commencement of lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in the statement of profit and loss over the period of the lease.

The Group as lessor

- (i) **Operating lease** – Rental income from operating leases is recognised in the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight line basis over the lease term.
- (ii) **Finance lease** – When assets are leased out under a finance lease, the present value of the minimum lease payments is recognised as a receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance income. Lease income is recognised over the term of the lease using the net investment method before tax, which reflects a constant periodic rate of return.

2.16 Government Grants

- (i) Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.
- (ii) Government grants relating to income are deferred and recognised in the statement of profit and loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- (iii) Government grants relating to the purchase of property, plant and equipment are included in other liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.17 Provisions and contingent liabilities

Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

2.18 Research and development expenditure

Revenue Expenditure on Research and Development is charged to the Statement of Profit and Loss in the year in which it is incurred and Capital Expenditure relating to Research and Development are included in property, plant and equipment.

2.19 Earnings per share

Basic Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Group's earnings per share is the net profit for the period.

For the purpose of calculating the diluted earnings per share the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.20 Segment reporting

The Group is primarily engaged in business of cultivation, manufacture and sale of tea and macademia nuts across various geographical areas with different political and economic environment, risk and return etc. Accordingly, operating segments have been identified based on the different geographical areas. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of directors of the group has been identified as being the chief operating decision maker. Refer note 38 for segment information presented.

Notes to Consolidated Financial Statements (Contd.)

2.21 Use of estimates and critical accounting judgements

In preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment, impairment of goodwill and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

2.22 Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the group, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method over their estimated useful lives. The investment properties held by the Group comprise only of freehold land, hence there is no depreciation.

Transition to Ind AS

On transition to Ind AS, the group has elected to continue with the carrying value of all of its investment properties recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

2.23 Rounding off amount

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated

2.24 Recent Accounting Pronouncements

Ind AS 115:- Revenue from contracts with customers

The Group is in the process of assessing the detailed impact of Ind AS 115. Presently, the Group is not able to reasonably estimate the impact that application of Ind AS 115 is expected to have on its financial statements, except that adoption of Ind AS 115 is not expected to significantly change the timing of the Group's revenue recognition for product sales. Consistent with the current practice, recognition of revenue will continue to occur at a point in time when products are dispatched to customers, which is also when the control of the asset is transferred to the customer under Ind AS 115.

The Group intends to adopt the standard using the modified retrospective approach which means that the cumulative impact of the adoption will be recognised in retained earnings as of 1 April 2018 and that comparatives will not be restated.

Ind AS 40:- Investment property – transfers of investment property

The group has assessed the effects of the amendment on classification of existing property as at 1 April 2018 and concluded that no reclassifications are required.

The Group intends to apply the amendment prospectively to changes in use that occur after the date of initial application (i.e 1 April 2018).

The Group has two tea estates in Malawi, located in the hills of Kawalazi and Makandi. Besides tea, the Malawi estates also produces Macademia nuts. As at 31 March 2018 the carrying amount of goodwill for Kawalazi Estate Company Limited and Makandi Tea and Coffee Estates Limited are Rs.787.27 lakhs and Rs.1247.15 lakhs respectively.

The Group has adopted 'value in use' method to determine the carrying value of cash generating unit.

The base assumptions considered for testing the goodwill impairment for both the cash generating units are as follows:

- The cash flow projections has been considered for 5 years
- The discounting rate has been taken at 12.50%.
- The growth rate has been taken at 4%
- Tax rate has been taken as 30%.

The outcome of the Group's goodwill impairment test as at 31 March 2018 resulted in no impairment of goodwill (March 31, 2017: Nil). The directors believe that no reasonably possible change in any of the key assumptions used in the value in use calculation would cause the carrying value of the to materially exceed its value in use.

Nature and purpose of other reserves

(i) General reserve

General Reserve is free reserve not meant for meeting any specific liability, contingency or commitment. General Reserve is created and utilised in compliance with the provision of the Act. Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

(ii) Foreign currency translation reserve

Exchange differences arising on translation of assets, liabilities, income and expenses of the Group's foreign subsidiaries are recognised in other comprehensive income and accumulated separately in foreign currency translation reserve. The amounts recognised are transferred to the consolidated statement of profit and loss on disposal of the related foreign subsidiaries.

(iii) Capital reserve on consolidation

Bargain purchase gain arising on business combination has been recorded directly in capital reserve.

(iv) Fair value through other comprehensive income (FVOCI) - equity instruments

The Group has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income. These changes are accumulated within the FVOCI equity instrument reserve. The Group transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

(ii) Defined contribution plan

Provident Fund : The Parent company contributes 12% of the basic salary of employees towards Pension/Provident Fund Scheme to the Regional Provident Fund Commissioner West Bengal /Assam Tea Plantation Provident Fund account.

The Parent Company contributed Rs. 525.57 lakhs and Rs. 510.42 lakhs during the year ended 31 March 2018 and 31 March 2017 respectively.

Superannuation Fund : The Parent company provides for Superannuation benefit to certain employees wherein 15% of basic salary is funded with Life Insurance Corporation of India.

The Parent company contributed Rs. 7.84 lakhs and Rs. 7.54 lakhs during the year ended 31 March 2018 and 31 March 2017 respectively.

(iii) Post Employment Benefits Plans

The Parent Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the scheme, the Gratuity Trust Fund make payment to vested employees at retirement, death/disability, withdrawal of an amount based on the respective employee's eligible salary for specified number of days depending upon the tenure of service subject to a maximum of Rs 20 lakhs. Vesting occurs upon completion of five years of service. Liability with regard to the aforesaid gratuity plan is determined by actuarial valuation as set out in Note 2(10)(iii) based upon which the Company makes annual contributions for Gratuity to the Trust Fund.

The Subsidiaries Company incorporated in Malawi contributes to a pension fund administered by a third party. The Scheme is a defined contribution pension plan and is funded through payments to a trustee-administered fund. A defined Contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. The Company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available. Contribution to such funds amount to Rs.12.05 lakhs and Rs. 12.08 lakhs during the year ended 31 March 2018 and 31 March 2017 respectively.

The Subsidiaries Company incorporated in Malawi pays gratuity to employees at the end of the contracts which is a maximum of a period of five years. A liability is recognised for the amount expected to be paid at the end of each year that an employee has been in employment of the Company. Contribution to such funds amount to Rs.113.92 lakhs and Rs. 137.94 lakhs during the year ended 31 March 2018 and 31 March 2017 respectively.

31 March 2018	2,006.68	2,006.68	-

(v) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows :

Particulars	31 March 2018	31 March 2017	01 April 2016
Discount rate	7.60%	7.10%	7.80%
Expected return on plan asset	8.00%	8.00%	8.00%
Salary growth rate	6.00%	6.00%	6.00%
Attrition rate	1.00%	1.00%	1.00%
Mortality rate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate

(vi) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is :

Particulars	Impact on defined benefit obligation			
	31 March 2018		31 March 2017	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	(139.41)	162.07	(151.06)	176.36
Salary growth rate (-/+ 1%)	163.10	(142.64)	176.59	(153.89)
Attrition rate (-/+ 1%)	18.59	(21.02)	13.39	(15.23)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vii) The major categories of plans assets

Particulars	31 March 2018	31 March 2017	01 April 2016
Investment with Private Insurance Companies	25.49%	26.67%	29.24%
Administered by Life Insurance Corporation of India	72.31%	69.58%	65.28%
Investment in Mutual Fund	0.55%	0.58%	0.65%
Special Deposits and Bonds	1.35%	2.65%	3.32%
Others Including Bank Balances	0.30%	0.52%	1.51%

(viii) Risk exposure

Through its defined benefit plans the Group is exposed to a number of risks, the most significant of which are detailed below:

Investment risk :

If plan is funded, then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Interest risk :

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy :

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(ix) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2019 is Rs Nil.

The weighted average duration of the defined benefit obligation is 10 years (31 March 2017 – 10 years).

The Statutory tax rate applicable to various entities in the group range from 17% - 31.84% (31st March 2017 - 17% - 31.84%)

* The Finance Act, 2018, changed the statutory tax rate applicable for the Parent Company (for corporate income tax) from 34.61% to 29.12% from assessment year 2019-20 (including surcharge and cess). However, the Parent Company is also subject to agricultural income tax to the extent of 60% of its business income at the rate of 30% (31 March 2017 - 30%). The Parent Company has accordingly re-measured the deferred tax expected to reverse in future periods based on the revised rate applicable i.e 29.65% vis-a-vis 31.84% in the previous year.

Note 35 CAPITAL MANAGEMENT

(a) Risk management

The Group's objectives when managing capital are to:

(a) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

(b) maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares.

The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The capital structure of the Group consists of debt, cash and cash equivalents and equity attributable to equity shareholders of the Group which comprises issued share capital and accumulated reserves disclosed in the Statement of Changes in Equity.

Consistent with others in the industry, the Group monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Group.

Net Debt implies borrowings of the Group as reduced by Cash and Cash Equivalent and Equity comprises all components attributable to the owners of the Group.

(i) Fair value hierarchy (a) Financial Instruments

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value (b) measured at amortised cost and for which fair value are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Particulars	31 March 2018			31 March 2017			01 April 2016		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial assets:

	3,617.07	-	586.81	2,674.05	-	870.44	1,734.22	-	60.00

(b) Biological assets other than bearer plants

This section explains the judgements and estimates made in determining the fair values of the biological assets other than bearer plants that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its biological assets other than bearer plants into level 3 in the fair value hierarchy.

Biological assets other than bearer plants for which fair value (less cost to sell) are disclosed

Particulars	31 March 2018			31 March 2017			01 April 2016		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

	-	-	1,249.08	-	-	1,361.09	-	-	1,428.33

The following table illustrates the sensitivity to a 5 % variation in each of the significant unobservable inputs used to measure the fair value of the biological assets on 31 March 2018 and 31 March 2017.

Impacts in the fair value resulting from :

Significant variable inputs	2018		2017	
	5% decrease	5% increase	5% decrease	5% increase
Biological assets (India) :				
Purchase prices	(2.94)	2.94	(2.31)	2.31
Biological assets (Malawi) :				
Average yield	(69.18)	69.18	(65.75)	65.75
Average sales price	(59.46)	59.46	(72.73)	72.73

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below :

Quoted prices in an active market (Level 1) : This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares and mutual fund. The fair value for all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Valuation techniques with observable inputs (Level 2) : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Valuation techniques with significant unobservable inputs (Level 3) : This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Group's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Transfers between level 1, level 2 and level 3

During the year shares of AU Small Finance Bank Limited got listed on the stock exchange. As at 31 March 2017 they were unlisted and were valued using valuation techniques under level 3, carrying value was Rs. 511.44 lakhs. Since, the shares got listed their quoted prices are readily available these have been transferred to instruments valued using level 1 technique. There are no other transfers between level 1, level 2 and level 3.

(iii) Valuation technique used to determine fair value

Specific valuation technique used to determine fair value includes :

- Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available the management has involved valuation experts to determine the fair value of the investments. Different valuation techniques have been used by the valuers for different investments.
- The carrying amounts of other financial assets and liabilities carried at amortised cost closely approximate their fair values. The impact of discounting on such financial assets or liabilities is not significant due to the market terms (rates and tenor) available and because the instruments are short term in nature or do not have any fixed contractual maturities.

Notes to Consolidated Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 36 FAIR VALUE MEASUREMENTS (Contd.)

- (c) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.
- (iv) **Equity Instruments carried at fair value through other comprehensive income**
These investments in equity instruments are not held for trading. Instead, they are held for long term strategic purpose. The Group has chosen to designate this investments in equity instruments at FVOCI since, it provides a more meaningful presentation.
- (v) During the year, the Group has sold certain investments to meet its strategic purpose.

Note 37 FINANCIAL RISK MANAGEMENT

In the course of its business, the Group is exposed primarily to fluctuations in interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. In order to minimise any adverse effects on the financial performance of the Group, the Group has risk management policies as described below :-

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions and other financial instruments carried at amortised cost.

Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments and cash and cash equivalents held by the Group. None of the financial instruments of the Group result in material concentration of credit risk.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was Rs. 6,647.96 lakhs, Rs. 6,810.29 lakhs, Rs. 5,433.30 lakhs, as at 31 March 2018, 31 March 2017 and 1 April 2016 respectively, being the total carrying value of trade receivables, balances with bank, bank deposits and other financial assets.

i) Trade and other receivables

Credit risk on receivables is minimum since sales through different mode (eg. auction, consignment, private) are made after judging credit worthiness of the customers or advance payment. The history of defaults has been minimal and outstanding receivables are regularly monitored.

The Group is making provisions on trade receivables based on Expected Credit Loss (ECL) model. The reconciliation of ECL is as follows :

Particulars	2017-18	2016-17
Opening balance	21.07	17.71
Charge in Statement of Profit and Loss	7.88	5.26
Less : Utilised during the year	-	(0.21)
Exchange differences	(0.94)	(1.69)
	28.01	21.07

ii) Financial instruments and bank deposits

For credit risk on the loans to parties, the Group is not expecting any material risk on account of non-performance by any of the parties. Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Notes to Consolidated Financial Statements (Contd.)

(All amounts in ₹ lakhs unless otherwise stated)

Note 37 FINANCIAL RISK MANAGEMENT (Contd.)

(B) Liquidity Risk

Liquidity risk refers to the risk that the Group may encounter difficulty in meeting its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the Group's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Group's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market Risk

(i) Foreign currency risk

The Group deals with foreign currency loan, trade and other receivables, cash and cash equivalents, trade payables etc and is therefore exposed to foreign exchange risk associated with exchange rate movement.

The Group is exposed to foreign exchange risk through its trade and other receivables, cash and cash equivalents, they also have borrowings denominated in foreign currencies. The management regularly monitors the currency movement to manage its currency risk.

@ Holding all other variables constant

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. During 31 March 2018 and 31 March 2017, the Group's borrowings at variable rate were denominated in both Rupees and foreign currency.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities :

The exposure of the Group's financial liabilities to interest rate risk is as follows :

Particulars	31 March 2018	31 March 2017	01 April 2016
Variable rate borrowings	9,586.12	11,564.42	10,444.83
Fixed rate borrowings	652.08	17.48	33.17

Note 37 FINANCIAL RISK MANAGEMENT (Contd.)

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below :

	Impact on profit before tax		Impact on equity	
	31 March 2018	31 March 2017	31 March 2018	31 March 2017
Interest expense rates – increase by 50 basis points (50 bps)*	(47.93)	(57.82)	(32.67)	(39.41)
Interest expense rates – decrease by 50 basis points (50 bps)*	47.93	57.82	32.67	39.41

* Holding all other variables constant

(iii) Price Risk

(a) Exposure

The Group's exposure to equity securities & mutual funds price risk arises from investments held by the Group and classified in the balance sheet at fair value through Other Comprehensive Income or at Fair Value through Statement of Profit & Loss. To manage its price risk arising from investments in equity securities & mutual funds, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group. In general, these investments are not held for trading purposes.

The majority of the Group's equity investments & mutual funds are publicly traded.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the share prices on the Group's equity.

	Impact on equity		
	31 March 2018	31 March 2017	01 April 2016
Share price - Increase 5%*	210.19	177.22	89.71
Share price - Decrease 5%*	(210.19)	(177.22)	(89.71)

* Holding all other variables constant

(D) Agricultural Risk

Cultivation of tea, macademia nuts and timber being agricultural activities, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods due to increase in supply/availability.

The Group manages the above financial risks in the following manner:

- Sufficient inventory levels of agro chemicals, fertilizers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Sufficient level of consumable stores viz packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea, macademia nuts and timber are not adversely affected even in times of adverse conditions.

Note 38 SEGMENT REPORTING

The Group is primarily engaged in business of cultivation, manufacture and sale of tea and macademia nuts across various geographical locations with different political and economic environment, risks and return etc. Accordingly, operating segments have been identified based on the different geographical areas. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker viz. board of directors.

Segment assets / liabilities comprise assets / liabilities directly managed by each segment. Segment assets primarily include receivables, property, plant and equipment, capital work-in-progress, goodwill, non-current investments, inventories, cash and cash equivalents, inter-segment assets. Segment liabilities primarily include operating liabilities. Segment capital expenditure includes additions to property, plant and equipment.

The reporting segments of the Group are as below:

India : This covers cultivation, manufacture and sale of tea from India.

Malawi : This primarily covers primarily engaged in business of cultivation, manufacture and sale of tea and macademia nuts from Malawi.

Transition to Ind AS

These are the Group's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in Note 2, have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the Group's date of transition). In preparing its opening Ind AS balance sheet, the Group has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Group's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

A.1.1 Deemed cost

Ind AS 101 permits a first time adopter to elect to measure an item of property, plant and equipment at the date of transition to Ind AS at its fair value and use that fair value as its deemed cost at that date.

Accordingly, the Group has elected to measure certain class of property, plant and equipments at its fair value as at the transition date and considered such value as deemed cost at that date. While remaining class of assets are carried at historical cost determined in accordance with retrospective application of Ind AS.

(All amounts in ₹ lakhs unless otherwise stated)

Note 40 FIRST TIME ADOPTION OF IND AS (Contd.)

A.1.2 Past business combinations

Ind AS 101 permits a first-time adopter, not to apply Ind AS 103 retrospectively to past business combinations (business combinations that occurred before the date of transition to Ind AS).

Accordingly, the Group has opted to apply this exemption for past business combinations.

A.1.3 The effects of changes in foreign exchange rates

Ind AS 21 requires an entity

- (a) to recognise some translation differences in other comprehensive income and accumulate these in a separate component of equity; and
- (b) on disposal of a foreign operation, to reclassify the cumulative translation difference for that foreign operation (including, if applicable, gains and losses on related hedges) from equity to profit or loss as part of the gain or loss on disposal.

However, a first-time adopter need not comply with these requirements for cumulative translation differences that existed at the date of transition to Ind ASs. If a first-time adopter uses this exemption:

- (a) the cumulative translation differences for all foreign operations are deemed to be zero at the date of transition to Ind ASs; and
- (b) the gain or loss on a subsequent disposal of any foreign operation shall exclude translation differences that arose before the date of transition to Ind ASs and shall include later translation differences.

The Group has elected the option to set the cumulative translation differences to zero on the transition date.

A.2 Ind AS mandatory exceptions

A.2.1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVOCI and investment in debt mutual funds as FVPL;
- Biological asset measured at fair value less cost to sell.

A.2.2 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the fact and circumstances that exists at the date of transition to Ind AS.

B. Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Note 40 FIRST TIME ADOPTION OF IND AS (Contd.)

Notes to reconciliation of total equity and total comprehensive income

(1) Property, plant and equipment

- (a) Under Ind AS, the Group has elected to measure certain items of property, plant and equipment at its fair value as at the transition date and considered such value as deemed cost at that date. While remaining items of property, plant and equipment are carried at historical cost determined in accordance with retrospective application of Ind AS.

(2) Financial Instruments

- (a) In accordance with Ind AS 109 "Financial Instruments", investments in equity instruments and equity oriented mutual funds have been recognised at fair value at each reporting date through other comprehensive income. Consequently, on eventual sale of such investments, profit or loss recognised in the statement of profit and loss under the previous GAAP have been reversed as the fair value changes are recognised through other comprehensive income.
- (b) In accordance with Ind AS 109 "Financial Instruments", investments in debt oriented/hybrid mutual funds are recognised at fair value through the statement of profit and loss at each reporting period.

(3) Impact of recognising biological assets at fair values and movement thereon

Under previous GAAP, biological assets were not required to be recognised. Under Ind AS, these have been recognised at fair value less costs to sell and change in fair value has been recognised in profit or loss.

(4) Impact of measuring inventory of made tea on the basis of Ind AS 2 and Ind AS 41

- (a) **Raw Materials** : Under previous GAAP, no valuation was done for period end harvested tea-leaf. Under Ind AS, harvested leaf is measured at its fair value less cost to sell and is classified as Raw Materials.
- (b) **Finished Goods** : Under previous GAAP, tea stock has been valued at the lower of cost and net realizable value. Cost of inventories comprise all costs of purchase/production of green leaf, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Under Ind AS, cost of inventories comprise cost of purchase of green leaf, fair value of green leaf at the time of harvest less cost to sell, conversion cost and other costs incurred in bringing the inventories to their present location and condition.

(5) Reversal of Proposed Dividend and Tax on Proposed Dividend

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements and applicable dividend tax thereon were considered as adjusting events. Accordingly, provision for proposed dividend and dividend tax thereon was recognised as a liability. Under Ind AS, such dividend and tax thereon are recognised when the dividend is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend and dividend tax thereon included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an equivalent amount.

(6) Replanting subsidy reclassified as deferred subsidy income

Under previous GAAP, replanting subsidy received from the Tea Board was recognized as revenue in the Statement of Profit and Loss as and when accrued. Under Ind AS, the same is recognized as deferred revenue in the Balance Sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the bearer plants.

(7) Other adjustments

Other adjustments primarily relate to capitalisation of finance cost on capital work-in-progress.

(8) Deferred consideration on business combination

In accordance with Ind AS 103, consideration to be paid in future on acquisition of subsidiary is required to be measured at fair value as on the date of acquisition. Accordingly consideration payable in future is measured at fair value under Ind AS and corresponding impact is given to capital reserve arising on such business combination.

Note 40 FIRST TIME ADOPTION OF IND AS (Contd.)

Notes to reconciliation of total equity and total comprehensive income

(9) Currency translation

Represents foreign currency translation difference which have arisen on account of Ind AS adjustments in relation to foreign subsidiaries.

(10) Deferred tax

In accordance with Ind AS 12, "Income Taxes", the Group on transition to Ind AS has recognised deferred tax on temporary differences, i.e. based on balance sheet approach as compared to the earlier approach of recognising deferred taxes on timing differences, i.e. profit and loss approach.

(11) Reclassification of actuarial (gains) / losses of employee benefit to other comprehensive income (OCI)

- In accordance with Ind AS 19, "Employee Benefits" re-measurement gains and losses on post employment defined benefit plans are recognised in other comprehensive income as compared to the statement of profit and loss under the previous GAAP.
- Interest expense/income on the net defined benefit liability/asset is recognised in the statement of profit and loss using the discount rate used for defined benefit obligation as compared to the expected rate used for recognising income from plan assets under the Previous GAAP.

(12) Cash and Cash equivalents

(a) Other bank balances

Under previous GAAP, other bank balances (comprising unpaid dividend), were considered as part of cash and cash equivalents. The same are not being included under Ind AS for consideration as cash and cash equivalents. The movement in balances is being considered under operating activities.

(b) Fixed deposit

Under previous GAAP, fixed deposit (with maturity greater than 3 months but less than 12 months) were not been considered as cash and cash equivalents. The same are being included under Ind AS for consideration as cash and cash equivalents.

(13) Impact on account of government grant of capital nature

Under previous GAAP, government grant of capital nature were reduced from the value of property, plant and equipment and hence investing activities were shown net of such grants received. The same are now being treated as deferred income in accordance with Ind AS 20.

Note 49 BUSINESS COMBINATION

Summary of acquisition

On 31 August 2016, the Group acquired 100% of the issued share capital of AM Henderson and Sons Limited, Malawi, a company which primary owned land and was in tobacco farming and floriculture. The land owned will be used for Macadamia farming.

Details of the purchase consideration, the net assets acquired and goodwill are as follows:

Purchase consideration - cash outflow

Particulars	Amount
Cash consideration	789.73
Deferred consideration	250.00
Total purchase consideration	1,039.73

The assets and liabilities recognised as a result of the acquisition are as follows :

Particulars	Amount
Cash	13.69
Land and buildings	1,316.14
Plant and equipment	141.20
Deferred tax liability	(42.66)
Net identifiable assets acquired	1,428.37
Less: Gain on acquisition	(388.64)
Net assets acquired	1,039.73

Significant estimate: deferred consideration

An additional consideration of up to Rs. 409.76 lakhs has been agreed to be payable within 9 years. The fair value of the same was estimated as Rs. 250.00 lakhs by calculating the present value of the future expected cash flows. The estimates are based on a discount rate of 12.5% (in local currency - Malawian Kwacha).

Revenue and profit contribution

The acquired business contributed revenues of Rs. 1.45 lakhs and net profit of Rs. 98.78 lakhs to the group for the period from 31 August 2016 to 31 December 2016.

If the acquisition had occurred on 1 January 2016, consolidated pro-forma revenue and profit for the year ended 31 December 2016 would have been Rs. 1.45 lakhs and Rs. 98.60 lakhs respectively. These amounts have been calculated using the subsidiary's results and adjusting them for:

- differences in the accounting policies between the group and the subsidiary, and
- the additional depreciation and amortisation that would have been charged assuming the fair value adjustments to property, plant and equipment and intangible assets had applied from 1 January 2016, together with the consequential tax effects.

Note 50 ASSET ACQUISITION

The Group has acquired 100% stake in Elfin Heights Private Limited for a cash consideration of Rs 1 lakh. Elfin Heights Private Limited does not fall within the definition of business as defined under Ind AS 103 (Business combinations). Hence the same needs to be accounted as an "asset acquisition". After the acquisition, the Company has become a wholly owned subsidiary of the Holding Company with effect from the date of acquisition.

The Group has identified and recognised the individual identifiable assets acquired. The Group has allocated the cost of the group of assets and liabilities to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase.

Notice (Contd.)

Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013:

Item Nos. 5 & 7

Mr. Vivek Goenka and Prof. Ashoke Kumar Dutta were appointed as Additional Directors [Non-Executive (Independent)] of the Company at the board meetings held on 30th August, 2017 and 21st May, 2018 respectively on the recommendation of the Nomination & Remuneration Committee and they are proposed to be appointed as Independent Directors of the Company, for a term of five years w.e.f. the date of their initial appointments i.e. 30th August, 2017 and 21st May, 2018 respectively pursuant to the provisions of Sections 149, 152 and other applicable provisions and the Rules made thereunder read with Schedule IV to the Companies Act, 2013.

The Company has received from Mr. Vivek Goenka and Prof. Ashoke Kumar Dutta (i) intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that they are not disqualified under sub-section (2) of Section 164 of the Companies Act, 2013 and (ii) a declaration to the effect that they meet the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013

The approval is sought from the members for the appointment of Mr. Vivek Goenka and Prof. Ashoke Kumar Dutta as independent directors of the Company for a term of five consecutive years w.e.f. 30th August, 2017 and 21st May, 2018 respectively at the ensuing 21st AGM pursuant to Section 149 and other applicable provisions of the Companies Act, 2013. They shall not be liable to retire by rotation.

In the opinion of the Board of Directors, Mr. Vivek Goenka and Prof. Ashoke Kumar Dutta who are proposed to be appointed as Independent Directors fulfil the conditions specified in the Act and Rules made thereunder and they are independent of the Management.

The Board considers their continued association as independent directors would be of immense benefit to the Company and it is desirable to avail their services as Independent Directors.

None of the Directors or Key Managerial Personnel and their relatives, except Mr. Vivek Goenka and Prof. Ashoke Kumar Dutta to whom the respective resolution relates, is concerned or interested in the resolution.

The Board recommends the Ordinary Resolutions set out at item nos. 5 and 7 for the approval of the members.
