PRESS RELEASE

Blue Star Engineering & Electronics wins a prestigious order for 28 Medical CT Scanners from Uttar Pradesh Medical and Health Services

Air conditioning and commercial refrigeration major, Blue Star Limited's wholly owned subsidiary Blue Star Engineering & Electronics Limited, has won a prestigious order of Rs 100 crores from Uttar Pradesh Medical and Health Services (UPMHS), Lucknow, for supply, installation, commissioning, and maintenance of 28 Medical CT Scanners at trauma centers in 28 different district hospitals across Uttar Pradesh, such as Dr Ram Manohar Lohia Hospital, Lucknow; Pt Deen Dayal Upadhyay Hospital, Varanasi; and Manyavar Kanshiram Combined Hospital, Kanpur; to name a few.

Blue Star Engineering & Electronics is a 100% subsidiary of Blue Star Limited, India, managing the Company's Professional Electronics and Industrial Systems business. Over the last six decades, Blue Star Engineering & Electronics Limited has evolved from being a distributor to a system integrator and value-added reseller. Its offerings include Data and Transaction Security Solutions, Healthcare Systems, Video Surveillance & Wireless Networking, Destructive Testing Equipment & Systems, Plant Growth & Environmental Chambers, Non Destructive Testing (NDT) Products & Systems and Industrial Automation Systems.

Its Healthcare Systems line of business represents Hitachi Healthcare, Japan in India for their range of medical diagnostic imaging systems. The order comprises Hitachi advanced 16-slice CT Scanners, which are ultrafast and enable complete patient study within just a few minutes. The distinct patient-centric design of these CT Scanners provides a comfortable experience even for most challenging patients. The Company's installation team and hospital representatives are working closely

and installation is going on in multiple centres concurrently in an effort to meet the stringent timelines.

Vir Advani, Managing Director, Blue Star Limited adds, "We are proud to partner the Uttar Pradesh Government in this prestigious project, which will result in a significant improvement in the way trauma patients will be diagnosed and treated in the state. This is a noteworthy order for our Professional Electronics & Industrial Systems business in the new financial year, and it is gratifying to see that we are contributing to the development of the healthcare industry in the country by our diverse range of offerings. Given our six-decades experience in the Professional Electronics and Industrial Systems business backed by reputed global partners, we are confident of many more such orders in the years to come."

Place: Mumbai

Date: July 26, 2018
