ANNEXURE TO NOTICE EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Pursuant to section 102 of the Companies Act, 2013 (Act), the following Explanatory Statement sets out all the material facts relating to the business mentioned under Item No. 4 to Item No. 7 of the accompanying Notice dated 8th May, 2018.

Item No.4

At the 36th Annual General Meeting (AGM) of the Company, the shareholders had approved appointment of M/s. S R Batliboi & Associates LLP, Chartered Accountants [Firm Registration No.: 101049W/E300004] as Statutory Auditors of the Company from the conclusion of 36th AGM till the conclusion of 41st AGM, subject to ratification by the shareholders at every AGM.

The Companies (Amendment) Act, 2017 published in the Gazette of India on January 3, 2018, amended few sections of Companies Act, 2013 including omission of first proviso to Section 139(1) of Companies Act 2013 which provided for ratification of appointment of Statutory Auditors by members at every AGM. The amendment to said section is already effective from May 7, 2018.

In view of the same, the fresh approval of the members is sought for the ratification of appointment of M/s. S R Batliboi & Associates LLP, Chartered Accountants [Firm Registration No.: 101049W/E300004], as Auditors of the Company, for the remaining term of four years i.e. from the Conclusion of this Annual General Meeting till the conclusion of the 41st Annual General Meeting.

The Board recommends the Ordinary Resolution set out at Item No.4 of the Notice for approval by the members.

None of the Directors, Key Managerial Personnel or their respective relatives are concerned or interested, financially or otherwise, in this resolution.

Item No.5

Pursuant to Clause 117 of the Articles of Association of the Company read with Section 161(1) of the Companies Act, 2013, and based on the recommendation of the Nomination & Remuneration Committee (NRC), the Board of Directors has appointed Mr. Rakesh Kalra as an Additional Director on the Board of the Company at their meeting held on 13th February, 2018. In terms of Section 161(1) of the Companies Act, 2013, Mr. Kalra shall hold office up to the date of this ensuing Annual General Meeting and is eligible for appointment by the shareholders in this Annual General Meeting. His appointment may be regularized as an Independent Director not liable to retire by rotation.

Mr. Kalra has given his declaration to the Board that he meets the criteria of Independence as provided under section 149(6) of the Act. Further, he is not disqualified to be appointed as Director in terms of section 164 of the Act and has also given his consent to act as Director.

Mr. Rakesh Kalra has over 40 years of rich experience.

A mechanical engineer from Birla Institute of Technology & Science, Pilani, he started his working career at Bharat Electronics Ltd where he specialized in the manufacture of turn tables and antennae structures for the radar equipment. He then moved on to the automotive industry and joined Eicher. He rose to the position of MD/CEO of Eicher Motors Ltd. He also worked at Mahindra & Mahindra as the MD/CEO of Mahindra Navistar Automotives Ltd. After his superannuation from Mahindra he was the Vice Chairman of the Indian Operations with the Chinese automotive major Foton Motors. His last assignment was with Bharat Forge as the Chief Mentor-Strategic Growth.

He has attended advanced management programs at Carnegie Mellon and at Harvard Business School. He played an active role in industry bodies like Confederation of Indian Industry, Society of Indian Automobile Manufacturers and Automotive Research Association of India. Further, he has been a member of the Board of Governors at the Indian Institute of Management, Indore. He has also chaired the Board of Governors at the Asian School of Business Management. Currently, he is on the Boards of a diverse set of companies as an Independent Director.

In the opinion of the Board, Mr. Kalra fulfils the conditions specified in the Act and the Rules made thereunder and the SEBI (Listing Obligations Disclosure Requirements) Regulations, 2015 (Listing Regulations) for appointment as Independent Director and he is Independent of the Management.

The terms and conditions of appointment of the Independent Director shall be open for inspection by the Members at the Registered office of the Company on all working days, except Sunday during the business hours upto the date of the AGM and is also placed on the website of the Company @ www.autoaxle.com/Directors.aspx.

Considering his vast experience, his presence on the Board will be of immense value to the Company and accordingly the Board recommends the Resolution at Item No. 5 for approval by the Members.

Mr. Kalra is not related to any other Director of the Company.

Except for Mr. Kalra, none of the other Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise in Item No. 5 of the Notice.

Item No.6

Pursuant to Section 152 of the Companies Act, 2013 and Clause 113 of the Articles of Association, the Company received notice from its Promoter Company, Meritor Heavy Vehicle Systems, LLC to appoint Mr. Chrishan Anton Sebastian Villavarayan as a non-retiring director who would represent the promoter on the Board.

Hence, pursuant to Clause 117 of the Articles of Association of the Company read with Section 161(1) of the Companies

Act, 2013 and on the recommendation of the Nomination and Remuneration Committee, Mr. Chrishan Anton Sebastian Villavarayan was appointed as Additional Director on the Board. In terms of Section 161(1) of the Companies Act, 2013 Mr. Chrishan Anton Sebastian Villavarayan shall hold the office only up to the date of this ensuing Annual General Meeting and is eligible for appointment as non-retiring Director.

Further, Mr. Chrishan Anton Sebastian Villavarayan is not disqualified from being appointed as a Director in terms of section 164 of the Act and also has given his consent to act as a Director of the Company.

Mr. Chrishan Anton Sebastian Villavarayan, has Honors Bachelor of Engineering from McMaster University, Hamilton, Ontario., Canada. He has around 2 decades of leadership experience in operations management, strategic planning, and project management, delivering flawless execution of cost reduction programs, production transfers, facility rationalisation, and Greenfield startups. Uniquely skilled at developing cohesive and collaborative teams while empowering employees to drive out waste and improve bottom line company performance by driving vigorous action, measurement and implementation. Mr. Villavarayan was formerly general manager, Operations, Strategy and Planning, responsible for worldwide capacity and manufacturing planning, industrialisation and program management. He has also been the General Manager for Meritor Inc. (formerly ArvinMeritor) Europe Operations. Mr. Villavarayan joined Meritor Inc. in 2000 as Site Manager of its facility in St. Thomas, Ontario. Currently, he has been elevated to the position of Senior Vice President and President-Global Truck. This new role recognizes the increasingly global nature of Meritor's on-highway OE customer base and enables him to apply his proven management approach in the Americas to our global truck business.

The Board considers it desirable that the Company should avail the services of Mr. Villavarayan and recommends the resolution at Item No. 6 for approval by the Members.

Mr. Villavarayan is not related to any other Director of the Company.

Except for Mr. Villavarayan, none of the other Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise in Item No. 6 of the Notice.

Item No.7

Further to the applicable provisions of Section 188 and any other provisions of the Companies Act, 2013 and Rules framed thereunder and Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015, all Related Party Transactions shall require prior approval of the Audit Committee and all material Related Party Transactions shall require approval of the shareholders by Ordinary Resolution.

The Company has been in the field of manufacturing Axles, Brakes and other related automotive components for automotive applications. The Company's 90% product sales (Approx.) happens to a single customer i.e., Meritor HVS (India) Ltd., (MHVSIL) Mysuru who is a related party to the Company. Chairman's Review

Dear Shareholders,

The global economy set a cheerful pace and grew by 3.8% in 2017 due to increase in private consumption and investments*. Favourable financing costs, rising profits and improved business sentiment also contributed to growth across advanced economies and emerging markets.

India too did well on the economic front as the GDP growth rate was 6.6% for FY 2017-18, which helped it remain one of the world's fastest growing major economies. There were some headwinds at the start of the fiscal with the introduction of the Goods and Services Tax (GST), which caused temporary disruption in manufacturing and industrial growth. The GST is helping improve trucks' delivery lead time, simplify tax compliance, deepen economic linkages between states, broaden the tax base and improve revenue collection. Eventually, this will strengthen the broader business environment and drive investment and employment in the country. Consequently, it was a year in which both the Indian auto industry and your Company posted promising growth.

There was some more good news in FY 2017-18 with India gaining a spot among the top 5 as a global investment economy, which reflects in the country's sovereign rating being upgraded from Baa3 to Baa2 by Moody's Investors Service.

Auto industry drives forward

The Indian auto industry has been able to create a strong domestic and international market, with strong policy support from the Government. The Government aim to develop India as a global manufacturing centre, build an innovative R&D hub and its Automotive Mission Plan: 2016-26 are a boost for our industry. We also expect demand growth from favourable demographics, rising disposable incomes, thrust on the Make in India initiative, abundance of skilled labour and improved access to finance.

A series of reforms, including demonetisation, implementation of Bharat Stage-IV (BS-IV) emission norms, implementation of the GST, and enforcement of overloading norms, have resulted in significant volatility in the purchase considerations of fleet operators, influencing the demand for Commercial Vehicles (CVs). Nevertheless, in

We reported a 29% revenue growth from sale of products (net of excise duty) of ₹14,788 million in FY 2017-18, compared to ₹11,453 million in FY 2016-17. Simultaneously, our EBIDTA increased 48% to ₹1,716 million in FY 2017-18 against ₹1,156 million in FY 2016-17.

FY 2017-18, the domestic CV sales have grown by 20% in volume terms over FY 2016-17. Medium and Heavy Commercial Vehicles (M&HCV) Trucks and Light Commercial Vehicles (LCV) Trucks grew by 19.4% and 28%, respectively, in unit terms in the same period.

We are already witnessing progress with new products and advanced technologies entering India through joint ventures, partnerships and acquisitions, due to which the quality and cost competitiveness of Indian auto components is improving steadily.

Automobile exports from India are also on the rise. Low production costs and significant cost advantages are making India an attractive outsourcing hub, leading to domestic companies significantly increasing production capacities.

Strong financial performance

FY 2017-18 was a strong operational year for Automotive Axles Limited (AAL). Our constant focus on new product development, forward integration with the customers, adherence to stringent quality standards including Built-in Quality (BIQ), improved input-output mix and strict adherence and continuous focus to meet the customers delivery performance were the key drivers for our continuous growth. We reported a 29% revenue growth from sale of products (net of excise duty) of ₹14,788 million in FY 2017-18, compared to ₹11,453 million in FY 2016-17. Simultaneously, our EBIDTA increased 48% to ₹1,716 million in FY 2017-18 against ₹1,156 million in FY 2016-17. Our net profit grew by 70% to ₹839 million in

*Source: International Monetary Fund

FY 2017-18 against ₹494 million in the previous year and our Earnings Per Share (EPS) stood at ₹55.54 in FY 2017-18, compared to ₹32.70 in FY 2016-17, a growth of 70%.

Operational excellence

We upgraded our state-of-the-art manufacturing facilities with modern equipment and technologies such as Face-Hob Gear Cutting and Robotic Gear Quenching for enhanced productivity and energy conservation. We have implemented forward integration by incorporating Brake Setting and Oil Filling operations into our production, assembly and testing facilities.

We have also planned to increase our axle capacity and brakes capacity to cater to the increasing demand of our customers.

We are geared up to provide electrical solutions through electric drivetrains for the electrical CVs, which are poised for higher production in India over the next few years. As part of the Make in India programme and to meet the stricter emission norms, our endeavour is to provide indigenous electrical solutions.

We have further reinforced our sustainability efforts by adopting the best business practices on conservation of energy, water, controlling heat treatment processes and creating a peaceful ecosystem.

Recognition

For our continuous drive towards on-time delivery, I am very proud to announce that your Company has been recognised with a Gold Award for our outstanding performance in meeting our delivery commitments to our key customer Ashok Leyland.

Moreover, your Company has been certified by the Union of Japanese Scientists & Engineers (JUSE) through Quality Circle Forum of India (QCFI) in the month of December 2017 for implementing the best 5S practices across the Company.

People at AAL

Form No. MR-3 SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2018

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Automotive Axles Limited
CIN: L51909KA1981PLC004198

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by AUTOMOTIVE AXLES LIMITED (herein after called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Automotive Axles Limited's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Automotive Axles Limited for the financial year ended on 31st March 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('Securities and Exchange Board of India Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; -Not applicable since no ESOPs or ESPs are issued
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; Not applicable since no Debt securities are issued
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; -Not applicable since the Company is not a Registrar and Share transfer agent
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; - Not applicable since the Company has not applied for delisting; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; -Not applicable since the Company has not bought back any securities;
- (vi) No laws are specifically applicable to the Company

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India and notified by the Central Government.
- (ii) Uniform Listing agreements with the Stock Exchanges and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, and noted the following:

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above, subject to the following observations:

- a. *The Company has taken up several CSR projects. However, it has not exhausted its 2% of Net profits towards the Corporate Social Responsibility activities.*
- b. *Some improvements are suggested for certain procedural aspects of Secretarial Standards, which are not material in nature.*

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting is to be designed by the Company.

Based on the management representation, majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes, though no such views were available in the minutes and the management has informed that there were no dissenting views.

I further report that based on the compliance mechanism at the Company and based on the quarterly compliance report of the management to the Board, there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there are no specific events/actions having a major bearing on the Company's affairs in pursuance of the laws, rules, regulations, guidelines etc referred to above.

Management Discussion and Analysis

INDIAN ECONOMY

The year 2017-18 was marked by a number of key structural initiatives to build strength across macro-economic parameters for sustainable growth in the future. The Central Statistics Organisation (CSO) expects a slower growth momentum of around 6.5% in 2017-18. The growth in the first half of the year suffered due to the two major policy events of demonetisation and implementation of the Goods and Services Tax (GST). However, the deceleration in the economic activity bottomed out as 2018 set in.

Currently, the economy seems to be on the path to recovery, with indicators of industrial production, stock market index, auto sales and exports having shown some uptick. We believe that India's economic outlook is expected to strengthen further in FY 2018-19 with the GDP accelerating to above 7%.

Inflation: Overall CPI inflation while remaining high at 5.1% in January 2018, fell marginally from its December 2017 level of 5.2%. WPI inflation fell more sharply to 2.8% from 3.6% during the same period.

Fiscal deficit: India's fiscal deficit estimate for FY 2017-18 was revised upward from 3.2% to 3.5% of GDP. The slippage was largely due to excess revenue expenditure, which could not be made up by a cut in capital expenditure or an increase in disinvestment proceeds and net tax revenues. The revenue deficit estimate was also revised from 1.6% to 2.6% of GDP for FY 2017-18.

Trade deficit: Trade deficit widened to a 56-month high of US\$16.3 billion in January from US\$14.9 billion in December.

Currency: The Indian rupee appreciated marginally to ₹63.6 per US dollar in January from ₹64.2 per US dollar in December.

RECENT REFORMS

Goods and Services Tax (GST)

Launched in July 2017 with the aim to consolidate all other indirect tax laws (except a few) and to bring a harmonized tax structure and uniform compliance practices both by regulators and businesses.

Insolvency and Bankruptcy Code

Launched in December 2016, it is a one-stop solution for resolving insolvencies and protect the interests of small investors and make the process of doing business simpler.

Jan Dhan Yojana and Aadhaar

As on December, 2017, a total of 307 million accounts have been opened under PMJDY, including 180 million accounts opened in rural/semi-urban areas. This reform is aimed at encouraging financial inclusion.

INDIAN AUTOMOBILES INDUSTRY

The Indian automobile industry is the third largest in the world. The industry accounts for 7.1 % of the country's Gross Domestic Product (GDP). Growing middle class, rising disposable incomes and increasing aspirations of young population are driving the growth for the industry. Additionally, the growing interest of big industry players in exploring the rural markets has further aided the growth of the sector.

India is also a prominent auto exporter and has strong export growth expectations in the coming years. In addition, several initiatives by the Government of India (GoI) and the major automobile players in the Indian market are expected to make India a leader in the two-wheeler and four-wheeler market in the world by 2020.

DOMESTIC VOLUME GROWTH TRENDS ACROSS SEGMENTS

Segment-Wise Sales	FY 2017	FY 2018	Change (%)
Passenger vehicles	3,047,582	3,287,965	7.9%
Commercial vehicles	714,082	856,453	19.9%
Two wheelers	17,589,738	20,192,672	14.8%
Three wheelers	511,879	635,698	24.2%
Tractors	582,844	711,478	22.1%

IMPLEMENTATION OF BHARAT STAGE - VI NORMS

In response to the deteriorating air quality, the GoI announced in November 2017, its plan to advance the introduction of cleaner auto grade fuel Bharat Stage VI (BS-VI) in the country. With a view to conserve natural resources as well as to reduce pollution, GoI has decided to implement BS-VI emission norms in Delhi NCR from 1st April, 2018 and in rest of the country from 1st April, 2020.

Implications

- The amount of Sulphur in both petrol and diesel in BS-VI fuel is limited to a maximum of 10 parts per million (PPM), similar to that of its Euro counterpart (Euro-VI)

- Oil retailers introduced the BS-IV grade auto fuel across the country in April 2017 and are now planning to leapfrog to BS-VI grade fuel by April 2020
- The companies have already invested around ₹30,000 crore in order to upgrade their facilities to adhere to the grade change
- Increased car prices
- The two-wheeler market will be affected as pricing of the motorcycles and scooters will be much higher
- The diesel cars will see a large hike in pricing, which will affect the sales of diesel models as the development process of these engines are much costlier than petrol motors

The revised standards will improve the environment and reduce respiratory problems due to reduction in permissible sulphur content which will also reduce emission of nitrogen oxides (NOX). Also, these standards permit increased blending of Ethanol in petrol and bio-diesel in diesel which will help in conservation of natural resources and reduction in import of Crude.

Growth Drivers

- Rising disposable incomes and a large young population with growing aspirations
- Greater availability of credit and financing options
- Increasing demand for commercial vehicles due to high level of activity in the infrastructure sector

- Clear vision of Indian government to make India an auto manufacturing hub
- Initiatives like 'Make in India', 'Automotive Mission Plan 2026', and NEMMP 2020 to give a huge boost to the sector
- 5% of total FDI inflows to India dedicated to the automobiles sector

The auto industry is set to witness major changes in the form of electric vehicles (EVs), shared mobility, Bharat Stage-VI emission and safety norms. It is estimated to grow at around 10-15% to reach US\$ 16.5 billion by 2021. It has the potential to generate up to US\$ 300 billion in annual revenue by 2026, create 65 million additional jobs and contribute over 12 % to India's GDP.

COMMERCIAL VEHICLE (CV) SEGMENT

In FY 2018, the domestic CV sales grew by 19.9% primarily driven by healthy growth in the light commercial vehicle (LCV) and medium and heavy commercial vehicles (M&HCV) truck segments. The M&HCV (truck) segment grew by 19.4% in volume terms aided by constrained demand post GST implementation, and stricter implementation of overloading norms in select states as well as healthy demand for heavy commercial vehicles (HCVs).

Similarly, the LCV (truck) segment also witnessed a strong growth of 29.5% in volume, driven by replacement cycle, improving financing environment and pick-up in rural demand.

While there was a sharp rise in the truck sales, demand for bus contracted to 13.7% in FY 2018, owing to weak orders

Recent initiatives taken by the Government of India

- **The Ministry of Heavy Industries, GoI has shortlisted 11 cities in the country for introduction of electric vehicles (EVs) in their public transport systems under the FAME (Faster Adoption and Manufacturing of (Hybrid) and Electric Vehicles in India) scheme.**
- **Energy Efficiency Services Limited (EESL), under Ministry for Power and New and Renewable Energy, Government of India, is planning to procure 10,000 e-vehicles via demand aggregation.**
- **The GoI is planning to set up a committee to develop an institutional framework on large-scale adoption of electric vehicles in India as a viable clean energy mode, especially for shared mass transport, to help bring down pollution level in major cities.**
- **The Government of Karnataka is obtaining electric vehicles under FAME Scheme and setting up charging infrastructure across Bengaluru.**

from both State Road Transport Undertakings (SRTUs) and private segment.

The Union Budget 2018-19 increased thrust on infrastructure projects, higher demand from consumption-driven sectors and e-commerce logistic service providers, especially for LCVs and ICVs will continue to support demand for CVs in FY 2019. The M&HCV and LCV truck segment is projected to grow at 4-6% and 9-11%, respectively in FY 2019. The bus segment is also expected to recover by 12-14% in FY 2019 aided by the expectation of replacement-led demand.

PASSENGER VEHICLE (PV) SEGMENT

The domestic passenger vehicle volumes grew by 6.4% year-on-year(y-o-y) in March 2018 as all the components of passenger vehicles exhibited growth. The car sales, utility vehicle, and van segment grew by 0.4%, 17.7%, and 23% as compared to the last year. The exports also rose by 1.6% in 2017-18.

The outlook for domestic PV segment remains positive. Increasing capacity utilization trend, capacity addition plans in the medium term and rise in capital expenditure are the growth drivers for this segment in the foreseeable future. The sound credit profile of the Indian PV original equipment manufacturers (OEMs) is sure to pave the path for the segment's growth.

TRACTORS

FY 2017-18 witnessed robust development in the domestic tractor industry recording growth in volumes of 22.3%. While the growth in agriculture Gross Value Added (GVA) remained moderate due to uneven monsoon, the tractor industry volume growth remained healthy as the farm cash flows benefitted from two favourable crop cycles. In March 2018, the industry recorded a significant growth in volumes of 52%, partially attributable to an early festive season.

INDIAN AUTO COMPONENT INDUSTRY

The Indian automotive components industry has registered a CAGR of 14% over the last decade. The industry accounts for almost 7% of India's GDP and employs as many as 19 million people. The OEMs dominate production volumes by market range with an encouraging exports figure of around 28%.

The industry is highly fragmented as the number of manufacturing units in the unorganised sector is fairly higher than in the organised sector. However, the organised sector accounts for almost 85% of total industry turnover.

Growth Drivers

- Presence of a large pool of skilled and semi-skilled workforce amidst a strong educational system
- Strong support for research and development (R&D) and product development by establishing National Automotive Testing and R&D Infrastructure Project (NATRIP) centres
- The growth of global OEM sourcing from India and the increased indigenisation of global OEMs is turning the country into a preferred designing and manufacturing base
- Increasing investment in road infrastructure
- Policies such as Automotive Mission Plan 2016-26, Faster Adoption & Manufacturing of Electric Hybrid Vehicles (FAME, April, 2015), National Mission for Electric Mobility (NMEM) 2020, likely to infuse growth in the auto component sector of the country

OUTLOOK

India is emerging as a global hub for auto component sourcing. The auto-components industry is expected to follow OEMs in adoption of electric vehicle technologies. The global move towards electric vehicles will generate new opportunities for automotive suppliers. The mass conversion to electric vehicles may generate a US\$ 300 billion domestic market for EV batteries in India by 2030.

India's auto component aftermarket is expected to grow at 10.5% to touch US\$ 13 billion by 2019-20.

AUTOMOTIVE AXLES LIMITED – AT A GLANCE

Automotive Axles Limited (AAL) is the largest independent manufacturer of Rear Drive Axle Assemblies in India. It also manufactures S-Cam actuated quick change air brakes and trailer axles for 10 tonnes to 13 tonnes Gross Vehicle Weight (GVW).

The Company was established in 1981 as a joint venture between Kalyani Group and Meritor Inc., USA. It has manufacturing footprints across Mysuru, Rudrapur and Jamshedpur. Apart from India, it also has a strong presence in international markets. The Company is listed on both National Stock Exchange and Bombay Stock Exchange.

At AAL, we reinforce the concept of built-in quality to strengthen our world-class manufacturing standards by underlining the principle of Don't Accept, Don't Produce, Don't Release' defective products.

Our Vision

To be a world-class quality manufacturer of axles, providing innovative solutions to customers at competitive price that enhance mobility, safety and environment and retain leadership.

Our Growth Enablers

At AAL, excellence is our forte. The thrust to be among the top is our motto, which helps us in delivering quality and reliable products to our customers. We view the following as our growth drivers

Deep understanding of customer demands: We have 35+ years' experience in axle-production and can perceive what our clients actually want. We are consistently working on product development, while driving down costs and serving the needs of our large customer base.

Technically efficient team: Our team's vast technical knowledge has given us a competitive advantage to manufacture reliable and durable products. Further, our joint venture with Meritor Heavy Vehicle Systems LLC, USA provides us technology leadership to deliver bespoke products and services for our customers.

Consistently strengthening quality: We adhere to stringent quality standards by ensuring we bolster the concept of not accepting, producing or releasing defective products.

Extensive product portfolio: We have a wide auto components portfolio that includes drive axles, front steer axles, defence axles, off-highway axles, non-drive axles, light duty drive axles, suspension systems drum brake and disc brake, among others. We design efficient engineering modules or systems comprising high-efficiency gearing, integral brake to axle design, weight option designs and driver-operated differential locks.

Our Best-in-class Operations

At AAL, our leading-edge operations allow us to deliver quality and reliable products. We have state-of-the-art manufacturing processes that include:

- Friction welding
- Argon CO₂ welding
- Robotic welding
- CNC machining

- Gear and pinion dry cutting
- Robotic gear quenching
- Specialty axles manufacturing unit
- Robotic brake web hot forming
- Robotic welding of housing halves
- Automated inside welding machines for housing manufacturing
- Special purpose multi-spindle high productive machines
- Flexible machining centers and specially built machines for producing axles and brakes.
- Metallurgy, chemical and metrology lab with CMM

Our manufacturing units are fitted with sophisticated Gear manufacturing equipment, reinforced by a modern heat treatment shop including continuous carburising and sealed quench furnaces. Further, we have implemented one furnace with Robotic Gear Quenching facility to improve productivity and save energy.

To meet the challenges of both off-highway and on-highway needs, we have introduced hub reduction axles and installed a state-of-the-art production, assembly and testing facility. We have also employed forward integration by incorporating Brake Setting and Oil Filling operations that enhance value for our customers.

As a part of productivity improvement, we introduced Robotic Seam Welding machine for housing half welding, eliminating the need for manual tack welding. Besides, we have introduced automated machine for housing to cover inside welding to enhance the reliability of the product. With increase in product complexity to meet stringent quality standards, we introduced high productive Double Spindle Cam Pad Milling machine which can combine three machines output into one.

New technology

We are Karnataka's first industry to adopt an LPG ground mounted bullet with a capacity of 30x2 metric tonnes. This implementation eliminates risks due to LPG storage, which is necessary for the heat treatment process

Our customers

We have a robust client base that includes companies like Ashok Leyland, Daimler India, Man Trucks, Mahindra & Mahindra, Tata Motors, Volvo Eicher and Asia Motor Works, among others. During FY 2017-18, we added Volvo Thailand to our esteemed client list by securing export order for solo and tandem axles and brakes. Besides, we are deepening our international footprint by enhancing our presence in the markets of China, USA, France, Italy, Brazil and so on.

Our certifications

- Quality Management System certified with ISO/TS 16949:2009
- Environmental Management System certified with ISO 14001:2015
- Occupational Health and Safety Management System certified with BS OHSAS 18001:2007
- 5S certification through QCFCI-JUSE
- Quality Management System certified with IATF 16949:2016
- Heat Treatment Process certified with CQI 9
- Welding processes certified with CQ 15

Our recognitions

Our consistent efforts to make work conditions at Automotive Axles Limited (AAL) more favorable has garnered for us:

1. The Company bags Gold Award for outstanding performance in delivery during the Ashok Leyland Supplier Conference meet held in Chennai during April' 2017.
2. Got Certified by Union of Japanese Scientists & Engineers (JUSE) through Quality Circle Forum of India (QCFCI) in the month of Dec 2017 for Implementing best 5S practices.
3. During Quality Circle Forum of India (QCFCI) 1st Chapter Convention held on May 28, 2017 at Vidyavardhaka Engineering College, Mysuru, AAL Teams bagged 9 gold awards and 1 silver award.
4. Won Gold Awards in Ooty and Bangalore conventions which was organised by Quality Circle Forum of India (QCFCI) during the months of Aug and Sep 2017.
5. Won 3 Excellence and 1 Par Excellence Awards during National Convention on Quality Concepts at Mysuru held during the month of Dec 2017 including one 5S Home Kaizen Award.

Talent and Teamwork

We believe our human capital is our most important asset and thus we focus on bringing talented people on-board and hone their skills through training. We motivate our people to collaborate and innovate with experts to enhance their skills. At AAL, we understand the importance of diversity in a workforce and value the viewpoint of every individual. Accordingly, we have designed a diversity and inclusion awareness programme, where our people discuss inclusion and how it impacts their day-to-day work.

We encourage a progressive, high performing and inclusive culture that recognises and rewards strengths, promotes empowerment, improves communication and reduces conflict. Our talent management process helps to identify, develop and support high calibre individuals to develop the organisation's bench strength.

We are aware that working in a global organisation requires managing matrix teams and working with virtual teams with people often not physically present in the same location. Recognising these challenges, we are developing a seamless process that will enable easy identification of team expectations.

During FY 2017-18, we successfully rolled out key HR initiatives and talent management practices that reinforced the principles of

- Treating employees with respect/dignity
- Motivating workforce to deliver quality output
- Encouraging a sense of belongingness
- Promoting the culture of innovation and participation

Talent Management

Talent identification, succession process and driving high-performance culture

We focus on strategic development of our people through talent identification and succession process (TI & SP) and capability development programmes. TI & SP's primary objective is to identify successors for leadership positions, focus on talent across the organisation and identify career development opportunities for employees. We conduct periodic TI & SP talent reviews with the top management to ensure fast growth, stretch assignments and development opportunities for potential management staff.

As a part of TI & SP process and employee development, we focus on learning and development by rolling out various specific and customised training programmes. We organise approximately 75% technical programmes, 15% behavioural programmes and 10% common programmes. Moreover, we invest in high performing teams by facilitating robust awareness and implementing a performance management system with 80% weightage on performance and 20% weightage on leadership behaviour.

Percentage of training and learning programmes

Learning Centre

We have a specialised learning centre to provide induction, on-the-job-training (OJT) and special trainings to all operators. The learning centre is fully equipped to give training on Welding, CNC machine operation, material handling, tools identification and so on to our workforce. Additionally, we periodically conduct neuro-linguistic training programme (NLP) through an external trainer for our people.

Diversity and Inclusive Culture

We have built a diverse and inclusive culture through improvement in employee retention, transfers and promotions, job rotations (inter and intra department/business unit), resource re-deployment and talent acquisition.

Communication

We have implemented a clear and transparent communication system across the organisation. This initiative included quarterly and monthly town hall gatherings, group meetings and meeting of women employees once a quarter. We also organised quality and customer feedback meetings, one-on-one discussions with key employees and group meetings to focus on top talent in the organisation.

5S

We have successfully implemented 5S workplace management system and received 5S certification by Quality Circle Forum of India (QCFI) jointly with Japanese Union of Scientists and Engineers. An audit was performed by QCFI and it was found that all prerequisites are fulfilled.

Employee Engagement

We encourage the concept of one team and have launched employee satisfaction surveys and action plans to enhance the concern areas post the surveys. Additionally, we engage our team with various activities like family day, sports day, festival celebrations, summer camps, annual sports and cultural activities, among others. We encourage participation in external events such as inter-company best safety worker competition, cricket tournaments and so on. Various competitions like essay writing and slogan writing are organised on special occasion like National Safety Day or World Environment Day. We also celebrate International Women's Day every year at AAL.

Rewards and Recognitions

We acknowledge the achievements of our people to motivate them. We felicitate employees every month for their innovative ideas and special achievements. Besides, we reward the children of our employees to encourage meritocracy.

Safety and Emergency Preparedness Training

At AAL, the safety of our people is crucial for us. Thus, we organise various safety trainings for our employees conducted by internal and external trainers. All our processes are covered under Hazard Identification and Risk Assessment (HIRA) that reduces risk factor from high to low and helps to lessen accidents and near misses at worksites. Besides, we have an on-site emergency plan prepared and approved from Department of Factories and Boilers Office, Karnataka.

Additionally, we provide periodic safety audits that address potential hazards and abnormalities immediately. We conduct mock drills to prepare on-site emergency routines. Moreover, we keep a well-trained emergency unit ready in all shifts to attend any eventual emergencies.

Occupational Health Centre

Our Occupational Health Centre (OHC) has qualified doctors, paramedical staff and emergency medical equipment at all times. OHC also conducts health awareness programmes every month for all employees through external doctors.

Policy for Female Employees

We have a stringent policy in place to address issues pertaining to female employees at AAL. With an aim to provide a safe environment to female employees and ensure redressal of their safety at workplace, we organise meetings for all female employees.

Safety, Health and Environment

At AAL, we strive to better manage our sustainability drivers that includes safety, health and environment of our assets. This includes several community initiatives that help develop our workforce and the communities around us. These communities include areas around the AAL facilities, consumers, investors and other stakeholders.

We have undertaken the following safety, health and environment initiatives:

Safety

- Inaugurated public convenience facility at Mysuru Palace premises in December 2017
- Provided roof shelter, solar lamp and daily lunch at CHIGURU ASHRAMA for the people sheltered there

Quality Management System (QMS) and Lean Management System (LMS)

Over the years, around 90% of our operations have matured through the built-in quality (BIQ) concept and ZERO COC (coolant, oil and chip) for manufacturing processes. Currently, most of our operations are synergised with the Automotive Axle Production Systems (APS). We significantly strengthened the processes through implementation of Gemba and 5S principle.

To further enhance the quality and reliability of our products, we have undertaken the following initiatives:

- Robust quality and environmental system supporting built-in quality: We are monitoring robust quality systems such as IATF 16949: 2016, CQI9 standard for heat treatment process, CQI15 welding process standards and OHSAS for the Environmental Occupational, Health & Safety Management System. Besides, we are digitalising inspection records for improving traceability.

Environment

- Upgraded successfully our Environment Management System Certification of ISO: 14001:2004 version to new version of ISO-14001:2015; assessment carried out by External Certification Body-DQS India
- Embarked on the journey towards achieving water neutral status — 44% of raw water consumption is reduced with water conservation programmes of 3R Concept (recycle, recovery and reduce)

- Six Sigma: We have five engineers certified for level two Six Sigma black belt and 77 engineers accredited for level one black belt in various projects.
- Quality and reliability improvement: We initiated improvement in quality and reliability through Mission 18 Goal 3, focus on plant transformation, statistical process control (SPC), go green and go lean, critical to quality and gauges for customer fit form function.
- End-to-end product performance monitoring: We have a pool of engineers to support key customers, who are stationed at strategic locations to capture and improve end-to-end product performance and reliability.
- Product service training: We provide our customers and their end users with technical bulletins, service manuals, hands-on training on our products/performance to trouble shoot and reduce down time

Risk Management

At AAL, we recognize that effective risk management is critical to enable us to meet our strategic goals and to achieve sustainable development. Our endeavor is to mitigate all inherent and operational risks.

Industry risk: A slowdown in the automobile industry may impact growth of our business.

Mitigation

- Regular review of market conditions
- Resilient business model

Cost inflation risk: The growing cost of key raw materials may impact revenues and net profitability.

Mitigation

- Develop cost-efficient manufacturing processes
- Consistent efforts to reduce costs

Technology risk: Failure to innovate and develop new technologies or products, or to adapt to changing customer behaviour could lead to our business being adversely impacted

Mitigation

- Monitoring of emerging trends in automotive worldwide
- Continuous investment in technology

People risk: Failure to attract, recruit, retain and motivate our highly skilled workforce could result in the loss of key talent.

Mitigation

- Career development plans to retain and develop the next level of executives
- Strong value-led culture throughout recruitment, induction and training
- Employee engagement activities and incentive plans

Internal Control Systems

We have a robust internal control system that ensures to keep a track of our assets. The system corresponds to the size of our organisation and overviews operations. We conduct regular internal audits to comb out any discrepancies. We further employ PricewaterhouseCooper Pvt Ltd. to conduct internal audit. This ensures autonomy of the auditing body. We also ensure to implement the auditor's recommendations immediately.

Report on Corporate Governance

Corporate Governance Philosophy

Good Corporate Governance is all about maximizing the shareholder value on a sustainable basis while ensuring fairness to all stakeholders, customers, vendor-partners, investors, employees, government and society.

Independent Auditor's Report

To the Members of Automotive Axles Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Automotive Axles Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act., read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply

with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 01, 2016 included in these Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the accounting principles generally accepted in India, including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 audited by the predecessor auditor whose report for the year ended March 31, 2017 and March 31, 2016 dated May 18, 2017 and May 10, 2016 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report; and
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date

Re: Automotive Axles Limited ("the Company")

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties, included in property, plant and equipment are held in the name of the Company.
- (ii) The inventory has been physically verified during the year. In our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on such physical verification. Inventories lying with third parties have been verified by the Company as at year end and no material discrepancies were noticed on such verifications.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under section 148(1) of the Companies Act, 2013, for the products of the Company.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, goods and service tax, cess and other statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given to us, there are no dues of income tax, sales-tax, service tax, customs duty, excise duty, goods and service tax, value added tax and cess which have not been deposited on account of any dispute.
- (viii) According to information and explanations given by the management, the Company does not have any dues to a financial institution, bank or debenture holders or government, hence, reporting under clause 3(viii) of the Order is not applicable to the Company and hence not commented upon.

Annexure 2

To the Independent Auditors' Report of even date on the Ind AS financial statements of Automotive Axles Limited Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Automotive Axles Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial

reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

1. Corporate information

Automotive Axles Limited ("the Company") is a joint venture of Kalyani Group and Meritor Inc., USA (formerly the automotive division of Rockwell International Corporation) incorporated in 1981. The Company is a public company domiciled in India. The registered office of the company is located at Hootagalli Industrial Area, Off Hunsur Road, Mysuru, Karnataka- 570018. The Company CIN is L51909KA1981PLC004198.

The Company is primarily engaged in manufacturing of Axles and Brakes at Mysuru, Rudrapur and Jamshedpur.

The financial statements were authorised for issue in accordance with a resolution of the Company's Board of Directors on May 08, 2018.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements for the year ended March 31, 2018 are the first the Company has prepared in accordance with Ind AS. Refer to note 39 and note 41 for information on first time adoption of Ind AS from April 01, 2016.

These financial statements have been prepared on a historical cost basis as explained in the accounting policies below, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest million (₹000,000), except when otherwise indicated.

2.2 Summary of significant accounting policies

(a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(b) Foreign currencies

The financial statements are presented in Indian Rupees ('INR'), which is the functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company using spot rates on the date the transaction first qualifies for recognition.

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

Monetary assets and liabilities denominated in foreign currencies are translated into the relevant functional currency at exchange rates at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit and loss in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 18 issued by the Institute of Chartered Accountants of India (ICAI), the Company has assumed that recovery of excise duty flows to the Company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise

duty flows to the Company on its own account, revenue includes excise duty.

However, sales tax/ value added tax (VAT) / Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer which generally coincides with the delivery of goods to customers. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

Export Incentives

Revenue from export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable assurance and conditions precedent to claim are fulfilled.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

(d) Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current tax

Current income tax for the current and prior periods are measured at the amount expected to be paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized either in other comprehensive income or in equity, in correlation to the underlying transaction.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

Minimum alternate tax (MAT)

MAT payable for a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as 'MAT Credit Entitlement' under Deferred Tax. The Company reviews the same at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(e) Property, plant and equipment

The Company has elected to continue with the

Notes

(All amounts in Indian Rupees Millions, unless otherwise stated)

carrying value for all of its property, plant and equipment as recognised in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 01, 2016.

Property, plant and equipment and Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes cost of replacing part of plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Depreciation on building and plant & machinery is provided using the Straight Line Method and other property, plant and equipment using the reducing balance method over the useful lives estimated by the management basis technical assessment, as given in the table below:

Nature of Asset	Useful lives (in years)
Building- Factory	30
Building- Others (including Roads)	5-60
Plant & Machinery	2-15
Plant & Machinery – Windmill	9

Electrical installation	3-10
Furniture & Fixtures	5-10
Computers and servers	3-6
Office equipment	5
Vehicles	4-8

Leasehold improvements are depreciated over the primary period of lease, or useful life, whichever is lower, on a straight line basis.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(f) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Computer Software which is not an integral part of the related hardware is classified as an intangible asset. Intangible assets are amortized on a reducing balance method basis over the estimated useful economic life of 3 years.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS.

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds/net realisable value and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(h) Lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 01, 2016, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Company as a Lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so

as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

(i) Inventories

Inventories are valued at the lower of cost or net realisable value.

Cost of inventories have been computed to include all cost of purchases, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

- Raw materials and components, stores and spares: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(ii) Impairment

Financial assets (other than at fair value)

The Company assesses at each date of balance

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial Instruments') requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company provides for impairment upon the occurrence of the triggering event.

Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

(k) Provisions and contingent liability

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Warranty provisions

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise being typically up to three years.

As per the terms of the contracts, the company provides post-contract services / warranty support to some of its customers. The company accounts for the post-contract support / provision for warranty on the basis of the information available with management duly taking into the account the current and post technical estimates.

(l) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan. The Company contributes to a gratuity fund maintained by an independent insurance company.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in the statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Interest expense and Income

Leave Encashment / compensated absences

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay

as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(m) Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contract that gives rise to financial assets and financial liabilities. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(n) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(o) Cash and cash equivalents

Cash and cash equivalents for purpose of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(p) Cash dividend to equity shareholders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

31. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected. Key source of estimation of uncertainty as at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

Defined benefit plans (gratuity benefits):

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date (refer note 35). The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables. These mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Estimation of current tax expense and payable:

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes and tax credits including the amount expected to be paid or refunded. Also refer note 2.2(d), note 19 and note 20.

Provision for Inventories:

Management reviews the aged inventory on a periodic basis. This review involves comparison of the carrying value of the aged inventory item with the respective net realisable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Provision for warranty:

Warranty estimates are established using historical information on the nature, frequency and average cost of warranty claims and also management estimates regarding possible future outflow on servicing the customers for any corrective action in respect of product failure.

32. Segment reporting

The Company is predominately engaged in the business of manufacturing and sale of automotive components, which constitutes a single business segment and is governed by similar set of risks and returns. The operations of the Company primarily cater to the market in India, which the management views as a single segment. The management monitors the operating results of its single segment for the purpose of making decisions about resource allocation and performance assessment.

One customer individually accounted for ₹12,379.21 (March 31, 2017: ₹9,273.35) which is more than 10% of the total revenue of the Company for the year ended March 31, 2018.

The Company is domiciled in India. The Company's revenue from operations from external customers primarily relate to operations in India and all the non-current assets of the Company are located in India.

37. Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

i. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2018 and March 31, 2017. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt.

The analysis exclude the impact of movement in market variables on the carrying values of gratuity and other post retirement obligations and provisions.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2018 and March 31, 2017.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any debt obligation, hence there is no interest rate risk.

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will

fluctuate because in foreign exchange rates. The Company does not have material foreign currency transaction. Hence, it does not have any significant foreign currency risk.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, other receivables and deposits, and other financial instruments.

a. Trade Receivable

The Company mainly sells to its related party and other marquee OEMs and Tier I companies, having long standing relationship with the Company. Outstanding customer receivables are regularly monitored and reconciled. At March 31, 2018, receivable from Company's top 3 customers accounted for approximately 92% (March 31, 2017: 96.27%) of all the receivables outstanding. An impairment analysis is performed at each reporting date on an individual basis for major clients. Based on historical experience, the Company does not have any material bad debts. The Company does not hold collateral as security. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 8. Further, for movement in provision for doubtful receivables during the year refer note 8.

b. Financial Instrument and Cash Deposit

Credit risk from balances with banks is managed by the Company in accordance with its policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

The Company's maximum exposure to credit risk for the component of balance sheet as at March 31, 2018 and March 31, 2017 is the carrying amounts as illustrated in Note 8.

39. First time adoption of Ind AS

These financial statements, for the year ended March 31, 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with generally accepted accounting principle in India (Indian GAAP). Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for period ending on March 31, 2018, together with the comparative period data as at and for the year ended March 31, 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening statement of financial position was prepared as at April 01, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the statement of financial position as at April 01, 2016 and the financial statements as at and for the year ended March 31, 2017.

Exemptions applied

Ind AS 101 allows first time adopters certain exemptions from the retrospective application of certain requirements under Ind AS:

The Company has applied the following exemptions:

- 1 **Deemed cost for property, plant and equipment and intangible assets:** - The Company has elected to avail exemption under Ind AS 101 to use previous GAAP carrying value as deemed cost at the date of transition for all items of property, plant and equipment and intangible assets as per the financial statements prepared in accordance with previous GAAP.
- 2 **Embedded lease:-** Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. However, the Company has used Ind AS 101 exemption and assessed all arrangements based for embedded leases based on conditions in place as at the date of transition.

40. Standards issued but not yet effective

The standards issued, but not yet effective up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards when they become effective.

i) Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was notified on March 28, 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after April 01, 2018. The Company will adopt the new standard on the required effective date using the modified retrospective method. The Company has established an implementation team to implement Ind AS 115 related to the recognition of revenue from contracts with customers and it continues to evaluate the changes to accounting system and processes, and additional disclosure requirements that may be necessary. A reliable estimate of the quantitative impact of Ind AS 115 on the financial statements will only be possible once the implementation project has been completed. However, considering the nature of business of the Company, the impact is not likely to be material.

ii) Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Consideration

The Appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration.

Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after

(i) The beginning of the reporting period in which the entity first applies the Appendix, or

(ii) The beginning of a prior reporting period presented as comparative information in the financial statements of the reporting period in which the entity first applies the Appendix. The Appendix is effective for annual periods beginning on or after 1 April 2018. The Company's operation primarily relate to operations in India. The directors of the Company do not anticipate that the application of the new standard in future will have significant impact on the financial statement.

41. Reconciliation of total equity between previous GAAP and Ind AS

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

C) Notes to reconciliation between previous GAAP and Ind AS

a. Fair valuation of security deposit

Under Ind AS interest free security deposits are carried at amortised cost by, discounting the same using interest rates applicable to the counter party. The difference between transaction cost and fair value is recognised as prepaid lease and amortised over the period of the lease on a straight-line basis. Further, interest income is recognised on the amortised cost of the security deposits over the lease period.

b. Employee benefits

Under previous GAAP, actuarial gains and losses were recognized in the statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of net defined benefit liability/asset which is recognized in other comprehensive income in the respective periods.

c. Proposed dividend and dividend distribution tax thereon

Under Ind AS, liability for dividend is recognized in the period in which obligation to pay is established. Under previous GAAP, dividend payable is recorded as liability in the period to which the dividend relates, even though the dividend may be approved by the Board of Directors/Shareholders subsequent to the reporting date. This has resulted in an increase in equity of April 01, 2016

d. Effect of Income tax

Tax adjustments include deferred tax impact on account of differences between Ind AS and Previous GAAP. This has resulted in change in equity and profit and loss.

e. Provision of warranty

The Company provides normal warranty provisions for general repairs for three years on all its products sold, in line with the industry practice. A liability is recognised at the time the product is sold – see Note 16 for more information. The Company does not provide any extended warranties or maintenance contracts to its customers.

f. Other comprehensive income

Under previous GAAP, the Company had not presented other comprehensive income separately. Hence, it has reconciled previous GAAP profit or loss to total comprehensive income as per Ind AS.

Statement of cash flows

The transition from previous GAAP to Ind AS did not have a material impact on statement of cash flows.

Notes

To the financial statements for the year ended March 31, 2018

(All amounts in Indian Rupees Millions, unless otherwise stated)

42. Transfer Pricing

The Company maintains the information and documents as required under the transfer pricing regulations under Section 92-92F of the Income Tax Act, 1961. The management is of the view that its transactions are at arm's length and the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

43. Events after reporting period

The Board of Directors recommended a final dividend of ₹13.50 per equity share for the financial year ended March 31, 2018. The payment is subject to the approval of the shareholders in the ensuing Annual General

Meeting of the Company. The final dividend declared in the previous year was ₹8.00 per equity share.

44. Previous year figures

The comparative financial information of the Company for the transition date opening balance sheet as at April 01, 2016 and comparative period ended March 31, 2017 included in these Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by a firm of Chartered Accountants, other than S.R. ANNEXURE TO NOTICE EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Pursuant to section 102 of the Companies Act, 2013 (Act), the following Explanatory Statement sets out all the material facts relating to the business mentioned under Item No. 4 to Item No. 7 of the accompanying Notice dated 8th May, 2018.

Item No.4

At the 36th Annual General Meeting (AGM) of the Company, the shareholders had approved appointment of M/s. S R Batliboi & Associates LLP, Chartered Accountants [Firm Registration No.: 101049W/E300004] as Statutory Auditors of the Company from the conclusion of 36th AGM till the conclusion of 41st AGM, subject to ratification by the shareholders at every AGM.

The Companies (Amendment) Act, 2017 published in the Gazette of India on January 3, 2018, amended few sections of Companies Act, 2013 including omission of first proviso to Section 139(1) of Companies Act 2013 which provided for ratification of appointment of Statutory Auditors by members at every AGM. The amendment to said section is already effective from May 7, 2018.

In view of the same, the fresh approval of the members is sought for the ratification of appointment of M/s. S R Batliboi & Associates LLP, Chartered Accountants [Firm Registration No.: 101049W/E300004], as Auditors of the Company, for the remaining term of four years i.e. from the Conclusion of this Annual General Meeting till the conclusion of the 41st Annual General Meeting.

The Board recommends the Ordinary Resolution set out at Item No.4 of the Notice for approval by the members.

None of the Directors, Key Managerial Personnel or their respective relatives are concerned or interested, financially or otherwise, in this resolution.

Item No.5

Pursuant to Clause 117 of the Articles of Association of the Company read with Section 161(1) of the Companies Act, 2013, and based on the recommendation of the Nomination & Remuneration Committee (NRC), the Board of Directors has appointed Mr. Rakesh Kalra as an Additional Director on the Board of the Company at their meeting held on 13th February, 2018. In terms of Section 161(1) of the Companies Act, 2013, Mr. Kalra shall hold office up to the date of this ensuing Annual General Meeting and is eligible for appointment by the shareholders in this Annual General Meeting. His appointment may be regularized as an Independent Director not liable to retire by rotation.

Mr. Kalra has given his declaration to the Board that he meets the criteria of Independence as provided under section 149(6) of the Act. Further, he is not disqualified to be appointed as Director in terms of section 164 of the Act and has also given his consent to act as Director.

Mr. Rakesh Kalra has over 40 years of rich experience.

A mechanical engineer from Birla Institute of Technology & Science, Pilani, he started his working career at Bharat Electronics Ltd where he specialized in the manufacture of turn tables and antennae structures for the radar equipment. He then moved on to the automotive industry and joined Eicher. He rose to the position of MD/CEO of Eicher Motors Ltd. He also worked at Mahindra & Mahindra as the MD/CEO of Mahindra Navistar Automotives Ltd. After his superannuation from Mahindra he was the Vice Chairman of the Indian Operations with the Chinese automotive major Foton Motors. His last assignment was with Bharat Forge as the Chief Mentor-Strategic Growth.

He has attended advanced management programs at Carnegie Mellon and at Harvard Business School. He played an active role in industry bodies like Confederation of Indian Industry, Society of Indian Automobile Manufacturers and Automotive Research Association of India. Further, he has been a member of the Board of Governors at the Indian Institute of Management, Indore. He has also chaired the Board of Governors at the Asian School of Business Management. Currently, he is on the Boards of a diverse set of companies as an Independent Director.

In the opinion of the Board, Mr. Kalra fulfils the conditions specified in the Act and the Rules made thereunder and the SEBI (Listing Obligations Disclosure Requirements) Regulations, 2015 (Listing Regulations) for appointment as Independent Director and he is Independent of the Management.

The terms and conditions of appointment of the Independent Director shall be open for inspection by the Members at the Registered office of the Company on all working days, except Sunday during the business hours upto the date of the AGM and is also placed on the website of the Company @ www.autoaxle.com/Directors.aspx.

Considering his vast experience, his presence on the Board will be of immense value to the Company and accordingly the Board recommends the Resolution at Item No. 5 for approval by the Members.

Mr. Kalra is not related to any other Director of the Company.

Except for Mr. Kalra, none of the other Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise in Item No. 5 of the Notice.

Item No.6

Pursuant to Section 152 of the Companies Act, 2013 and Clause 113 of the Articles of Association, the Company received notice from its Promoter Company, Meritor Heavy Vehicle Systems, LLC to appoint Mr. Chrishan Anton Sebastian Villavarayan as a non-retiring director who would represent the promoter on the Board.

Hence, pursuant to Clause 117 of the Articles of Association of the Company read with Section 161(1) of the Companies

Act, 2013 and on the recommendation of the Nomination and Remuneration Committee, Mr. Chrishan Anton Sebastian Villavarayan was appointed as Additional Director on the Board. In terms of Section 161(1) of the Companies Act, 2013 Mr. Chrishan Anton Sebastian Villavarayan shall hold the office only up to the date of this ensuing Annual General Meeting and is eligible for appointment as non-retiring Director.

Further, Mr. Chrishan Anton Sebastian Villavarayan is not disqualified from being appointed as a Director in terms of section 164 of the Act and also has given his consent to act as a Director of the Company.

Mr. Chrishan Anton Sebastian Villavarayan, has Honors Bachelor of Engineering from McMaster University, Hamilton, Ontario., Canada. He has around 2 decades of leadership experience in operations management, strategic planning, and project management, delivering flawless execution of cost reduction programs, production transfers, facility rationalisation, and Greenfield startups. Uniquely skilled at developing cohesive and collaborative teams while empowering employees to drive out waste and improve bottom line company performance by driving vigorous action, measurement and implementation. Mr. Villavarayan was formerly general manager, Operations, Strategy and Planning, responsible for worldwide capacity and manufacturing planning, industrialisation and program management. He has also been the General Manager for Meritor Inc. (formerly ArvinMeritor) Europe Operations. Mr. Villavarayan joined Meritor Inc. in 2000 as Site Manager of its facility in St. Thomas, Ontario. Currently, he has been elevated to the position of Senior Vice President and President-Global Truck. This new role recognizes the increasingly global nature of Meritor's on-highway OE customer base and enables him to apply his proven management approach in the Americas to our global truck business.

The Board considers it desirable that the Company should avail the services of Mr. Villavarayan and recommends the resolution at Item No. 6 for approval by the Members.

Mr. Villavarayan is not related to any other Director of the Company.

Except for Mr. Villavarayan, none of the other Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise in Item No. 6 of the Notice.

Item No.7

Further to the applicable provisions of Section 188 and any other provisions of the Companies Act, 2013 and Rules framed thereunder and Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015, all Related Party Transactions shall require prior approval of the Audit Committee and all material Related Party Transactions shall require approval of the shareholders by Ordinary Resolution.

The Company has been in the field of manufacturing Axles, Brakes and other related automotive components for automotive applications. The Company's 90% product sales (Approx.) happens to a single customer i.e., Meritor HVS (India) Ltd., (MHVSIL) Mysuru who is a related party to the Company. MHVSIL is a joint venture company, promoted by Meritor Heavy Vehicle Systems LLC, Troy, U.S.A., and the Bharat Forge Limited, Pune. MHVSIL is engaged in design, development and marketing of Drive Axles, Non-Drive Steer Axles, Drum Brake and Air Disc Brake Assemblies for commercial vehicles. MHVSIL is equipped with design validation capabilities and has been customizing various products of Meritor design to suit various rigorous application requirements in India using the Company's manufacturing facility. MHVSIL has strong marketing, sales & distribution network with customer base consisting of Ashok Leyland, TATA Motors, Daimler and most of the other Heavy & Commercial Vehicle manufacturers in India as well as in abroad.

In light of all these advantages, the Company has been dealing sales transactions with MHVSIL and the Technical support is being availed from MHVSIL. The Company has been focusing on export market as one of the main growth area. It is expanding its customer base as well as geographies with the support of MHVSIL.

The transaction values would be revised, if required, based on mutual discussions to align the same at arm's length rates, as far as possible duly certified / advised by the Third Party Independent Consultants at current market rates. These transactions are material in terms of the provisions of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015, the Board has proposed the same to be placed before the shareholders for their approval as a an ordinary resolution at the Annual General Meeting of the Company. The said approval would be effective for the period of five financial years with effect from April 1, 2019. Looking at the nature of business of the Company and the transactions, such approval of shareholders for the period of five years would be essentially required at this point of time.

The key details as required under Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 are as below:

1. Name of the related party: Meritor HVS (India) Limited
2. Name of the directors who is related: Mr. B. N. Kalyani, Mr. Chrishan Anton Sebastian Villavarayan, Mr. B C Prabhakar & Ms. Supriti Bhandary

NOTICE IS HEREBY given that the 37th Annual General Meeting (AGM) of the Company is scheduled to be held on Monday, 13th August 2018 at 12.30 P.M (IST) at the Registered Office of the Company at Hoctagalli Industrial Area, Off-Hunsur Road, Mysuru-570 018, Karnataka to transact the business as set out in the Notice of the meeting dated 8th May, 2018 convening the said meeting.

Electronic copies of the Notice of the AGM and the Annual Report for the FY 2017-18 has been sent to all members whose email IDs are registered with the Register and the Share Transfer Agents (Depository Participants). These documents are also available on the website of the Company at www.autobaxle.com/Annual_reports.aspx. The Notice of the AGM and the Annual Report for the FY 2017-18 have been sent to all other members at their registered address in the permitted mode. The dispatch of Notice of AGM has been completed on 18th July, 2018.

Pursuant to the provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended from time to time (Rules) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has made arrangements with Central Depositories Services (India) Limited (CDSL) to provide e-voting facility for voting on the resolutions at the AGM. The detailed process for participating in the e-voting is available in the AGM Notice. Members holding shares on the cut-off date being 3rd August 2018 either physical or in dematerialized form may cast their vote electronically.

The remote e-voting shall commence on 9th August 2018 at 9:00 A.M. (IST) and shall end on 12th August 2018 at 5:00 P.M. (IST). Voting through electronic mode beyond 5:00 P.M. (IST) on 12th August 2018 shall not be allowed. The notice of the meeting is also placed on the website of CDSL (www.evotingindia.com). Any person, who acquires the shares and becomes the members of the Company after the dispatch of the Notice and hold the shares as on the cut-off date, may obtain the login id and password by sending request to helpdesk.evoting@cdslindia.com.

A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting or voting at the AGM through ballot paper. The facility of voting by ballot papers shall be made available at AGM and members attending the AGM who have not cast their vote by remote e-voting shall be eligible to vote at the meeting. A member may participate in the general meeting even after exercising his right to vote through remote e-voting but shall not be allowed to vote again in the meeting.

The Register of Members and the Share Transfer Books of the Company will remain closed from Saturday, 4th August, 2018 to Monday, 13th August, 2018 (both days inclusive) to determine the members who will be entitled to receive dividend on equity shares for the financial period ended 31st March, 2018, if declared at the meeting.

In case of any grievances or queries regarding the e-voting, the members may contact Mr. Rakesh Datta, Manager at the designated email id helpdesk.evoting@cdslindia.com or on telephone no. 1800225533 or the Company Secretary of the Company at the email id: sec@autobaxle.com or on telephone no. 0821-7197500.
