Dear Sir/Madam,

**Sub: Increase in volume**

**Ref: Your letter No: NSE/CM/Surveillance/7587 Dt. August 21, 2018.**

We write to inform that our company has been notifying NSE & BSE all the information which comes under the purview of Regulation 30 of SEBI (LODR) Regulations, 2015 from time to time. As such presently we do not have any material event due for notification to the stock exchanges under the said Regulation having a bearing on the price of our Company's scrip. We do not even know the reasons for the spurt in the volumes traded in the recent past.

You are requested to note that we have been frequently notifying about grant of patents to our company from time to time, as can be seen from our past records which are available on our Company's website as well as on the websites of NSE & BSE. Since monetization of molecules yet to happen as such there is no commercial values attached to the granted patents as of now. Hence these notifications are not material events and have no bearing on the price of our company's scrip. Today also we have issued one news release on grant of patents for the information of public.

However we would like to inform the exchange that few investor members have requested to visit our plant facilities at Pashamylaram (Unit-III), Sangareddy District, Telangana State which is being organized by us on Friday, 24<sup>th</sup> August 2018. The discussions with the said investors would be confined to the generally available information only.

In addition similar requests from few investor members who attended our recently concluded 29<sup>th</sup> Annual General Meeting to visit our plant facilities came to us, which we are considering. We request you to take this document on record.

Thanking you,  
Yours faithfully,

For **Suven Life Sciences Limited**

  
**K Hanumantha Rao**  
Company Secretary
