Dear Sir,

Re: BASF SE, Germany closes acquisition of businesses and assets from Bayer

The Company has received information from its parent Company, BASF SE, Germany that it closed the acquisition of a range of businesses and assets from Bayer. The transaction is a strategic complement to BASF SE's crop protection, biotech and digital farming activities and marks its entry into seeds, non-selective herbicides and nematocides seed treatments.

BASF SE had in October 2017 & April 2018 signed agreements to acquire businesses and assets Bayer had offered to divest in the context of its acquisition of Monsanto, for an all cash purchase price of EUR 7.6 billion, subject to certain adjustments at closing. These transactions are now completed, except for the vegetable seeds business for which closing is expected in mid-August 2018.

Please treat the above information as intimation under Regulation 30 of the Securities & Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015.

Thanking you,

Yours faithfully,
For BASF India Limited
