NDF has Grown Consistently

The return is in the spread or the differential

The more this happens, the more the incentive for hedgers and speculators to buy dollar in the local market, the greater the pressure on the rupee. Basically, NDF puts pressure on the rupee in the offshore market overnight, and that

pricing next day morning.

Because NDF operates 24x7 in major financial markets around the world, it offers great opera-tional ease for those taking these bets. And NDF has grown consis-tently. Data on size of NDF mar-ket is not readily available but foreign exchange traders say the growth has been brisk for Indian

te of Public Finance and Policy show India's turnover in the NDF market was at \$16.5 billion in 2016, which was 16.7% higher than 2013 level. BRICS currencies formed around 35% of NDF in 2016.

Those working at the sharp end

of the foreign exchange market agree. "NDF market is the key interlinkage between offshore and onshore markets as its size has expanded in the past one decade," said Anindya Banerjee, currency analyst at Kotak Securities. He explained that global investors first react through offshore selloff whenever sentiment turns against an emerging market currency. Hence, the rupee becomes vulnerable whenever any other emer-ging market currency slumps aga-

Or as B Prasama, head of markets & proprietary trading at ICICI Bank, put it; "At times, short-term sentiment gets reflected through exaggerated moves in currency markets" and because regulatory and timing arbitrage exist in India, "offshore markets (NDF) play a pivotal role in price discovery in the short term". India has decoupled itself from the Fragile Five category. But thanks to NDF, whenever there's trouble in a middling economy and its currency takes a hit, the flight to dollar hits the rupee hard through offshore trades.

Evaluation of Bids Yet to be Done

But it will still beless than half the ₹49,264 crore the company owes to financial creditors. Haircut is the amount that lenders have to forgo to settle a non-performing loan "At a marathon meeting held on Tuesday, lenders reviewed the bids received from the three bidders. The evaluation of the bids and ranking of bids are yet to be done," said a lender representative who attended the meeting. "Based on the evaluation matrix and the offer received, it appears that JSW Steel could emerge as the highest bidder if the court allows lenders to accept revised offers," he added.

In the first round, JSW Steel was declared the second highest bidder, with lenders disqualifying Liberty House since it failed to provide critical information about funding the takeover of the bankrupt company. But it will still be less than half the₹49,264 crore the compa-

the takeover of the bankrupt company.

After JSW Steel made a revised bid on July

27, lenders decided to give the other two applicants—Tata Steel and Liberty—an opportunity to revise their offers as well. But Tata Steel approached the National Company Law Appellate Tribunal, the appellate court on bankruptcy cases, opposing the lenders

ट्रंकर ग्रुप'साठी मदतीचे आवाहन

म. टा. प्रतिनिधी, पुणे

आंबेनळी घाटात नुकत्याच झालेल्या भीषण बस अपघातानंतर जिवाची बाजी लावून मदतकार्यं करणाऱ्या सह्याद्री आणि महाबळेश्वर ट्रेकर्ससाठी आर्थिक मदतीचे आवाहन करण्यात आले आहे

बस दरीत कोसळली तेव्हा दोन्ही संस्थांच्या युवकांनी सोसाट्याचा वारा, धुके, तीव्र उतार, पाऊस यांची पर्वा न करता खडतर परिस्थितीत मदतकार्य केले. दोन्ही संस्थांचे सुमारे १०० युवक गेली १५ वर्षे हे काम करीत आहेत. बचाव मोहिमांसाठी भक्कम दोर व इतर साहित्य वापरण्यात येते. मात्र, ठराविक कालावधीनंतर हे साहित्य खराब होते. त्यामुळे या संस्थांना आर्थिक मदतीची गरज असल्याचे संस्थेचे अनिल केळगणे आणि संजय पार्टे यांनी सांगितले आहे.

या संस्थांना मदत करण्यासाठी साताऱ्यातील 'रा. ना. गोडबोले ट्रस्ट' या स्वयंसेवी संस्थेने पुढाकार घेतला असून, आर्थिक मदत एकत्र करून त्यांना देण्यात येणार आहे. ट्रस्टचे अरुण गोडबोले यांनी हे आवाहन केले आहे. इच्छ्कांनी ९८२२०१६२९९ किंवा ९५२७००३९८८ या क्रमांकावर किंवा arun.godbole009@gmail.com या ई-मेलवर संपर्क साधावा.
