Man arrested as car crashed into UK Parliament barrier

London
A car on Tuesday crashed into security barriers outside the UK's Parliament at speed, injuring two persons, Scotland Yard said as its counter-terror unit arrested a man on suspicion of terrorism offences.

Police have put up a Terrorism Act cordon, a reaction to incidents of this nature near any high-security hotspots in the city.

"At 0737 hrs (1207 IST) on Tuesday, a car was in collision with barriers outside the Houses of Parliament. The male driver of the car was detained by officers at the scene," the Metropolitan Police said in a statement. The vehicle crashed into the large steel barriers erected around the Houses of Parliament complex in Westminster in central London.

The car was seen wedged into flap-style barriers that allows vehicles access to the House of Lords, giving the impression that the driver may have been trying to gain access to the Parliament building.

Armed officers from Scotland Yard were at the scene instantly and one man, in his late 20s, was arrested on suspicion of terrorism offences.

Prime Minister Theresa May said: "My thoughts are with those injured in the incident in Westminster and my thanks to the emergency services for their immediate and courageous response."

Home Secretary Sajid Javid also thanked emergency services for their quick response.

Mayor of London Sadiq Khan said he was in close contact with police.

Pak election commission should look into vote rigging allegations: Prez on I-Day

Islamabad
Pakistan President Mamnoon Hussain in his Independence Day speech echoed the issue of alleged rigging in the recently held elections, saying the election commission should address the complaints of major political parties to make the poll process "fully transparent".

Addressing an official function held at Jinnah Convention centre here to commemorate the country's 72nd Independence Day, Hussain said it is crucial for the country to make state institutions powerful and independent.

Various political parties alleged that elections won by Pakistan Tehreek-e-Insaf of Imran Khan were not fair and demanded probe.

Pakistan Muslim League-Nawaz (PML-N) President Shahbaz Sharif on Monday alleged that "historical rigging" took place during the July 25 elections.

Addressing an official function held at Jinnah Convention centre here to commemorate the country's 72nd Independence Day, Hussain said it is crucial for the country to make state institutions powerful and independent.

The PML-N came second in Pakistan's National Assembly with 82 seats compared to Khan's Pakistan Tehreek-e-Insaf which emerged as the single largest party with 158 seats in the 342-member lower house.

President Hussain said the elections and celebration of Pakistan's Independence Day were held in close proximity which is a reminder that the way this country had come into being with the people's will, in the same manner,

the decisions regarding its fate will be made through the vote." He said the polls were organised under new laws enacted by the previous government to make the Election Commission of Pakistan

(ECP) powerful and independent.

He said there is a complete unity in the nation to make process of elections fully transparent and the previous elected representative made

Turkey to 'boycott' US electronic goods: Erdogan

Istanbul
President Recep Tayyip Erdogan on Tuesday said Turkey would boycott US electronic goods in retaliation for punitive sanctions by Washington against Ankara over the detention of an American pastor.

"We will boycott US electronic goods," Erdogan said in a televised speech, raising the stakes in a spat that has seen the Turkish lira plunge to record lows.

"If (the United States) have the iPhone, there's Samsung on the other side," he said, referring to US giant Apple's iconic phone and the top South Korean brand.

"We (also) have our Venus and Vestel," he said about homegrown Turkish electronics brands.

Relations between the two NATO allies have plummeted in one of their worst crises in decades after the detention of US pastor Andrew Brunson on terror-related charges, sending the Turkish lira into free fall against the

dollar. Erdogan has been repeatedly photographed with Apple products including the iPhone and iPad.

He also made his now famous speech on the night of the July 2016 failed coup calling citizens out into the street through Facetime, an iPhone app.

The lira's plunge -- which had been ongoing for weeks -- was turned into a rout on Friday when US President Donald Trump tweeted that Washington was doubling aluminium and steel tariffs for Turkey.

Turkish Airlines also announced on Twitter that it would join a campaign circulating on social media with a hashtag #ABDyeReklamVerme (don't give ads to America).

"We, as the Turkish Airlines, stand by our state and our people. Necessary instructions on the issue have been issued to our agencies," Yahya Ustun, spokesman for the country's flag-carrier, wrote on Twitter.

China boosts combat capability in Tibetan Plateau

Beijing
The Chinese military has set up oxygen stations and introduced high-pressure oxygen therapy and specially designed portable barracks to its troops stationed in the Qinghai-Tibet Plateau to boost combat capability in the high-altitude ranges where oxygen levels are low, official media here reported on Tuesday.

Chinese official media had been periodically highlighting the training preparations and the combat readiness of the PLA troops in Tibet in the recent months.

According to the official People's Liberation Army

(PLA) website 81.cn, all frontline training troops and border outposts have been equipped with oxygen generators and oxygen cylinders.

Also, the Army Medical University's Xinqiao Hospital in Xigaze, which is close to the Line of Actual Control (LAC) with India, is developing a high-pressure oxygen therapy that could effectively solve altitude stress for troops stationed on the plateau, the PLA Daily said.

It said that oxygen therapy, used to cure brain damage and carbon monoxide poisoning, can be calibrated for high altitude.

The improved therapy has proved effective against altitude stress. Oxygen stations have been built along border roads for soldiers to recover stamina, the state-run Global Times reported on Tuesday.

"Altitude stress makes troops have breathing difficulties, results in headaches and insomnia," the daily quoted a former military officer who served in Tibet as saying.

Thin air damages combat capability, lowers troops' strength and durability, Song Zhongping, a military expert and TV commentator, told the newspaper.

AQIS 'ideologically inclined' to carry out attacks in India: UN report

United Nations
Al-Qaeda in the Indian Subcontinent (AQIS), set up by Al-Qaeda chief Ayman al-Zawahiri in 2014 to expand the terror group's influence in the region, is "ideologically inclined" to carry out attacks inside India but its capability is believed to be low and is relatively isolated owing to increased security measures, according to a UN report.

The AQIS, the Al-Qaeda's regional affiliate, is led by Asim Umar -- an Indian and former member of Harkatul-Jihad al-Islami.

The 22nd report of the Analytical Support and Sanctions Monitoring Team, submitted to the UN Security

Council Al-Qaeda Sanctions Committee, said that AQIS is "relatively isolated owing to increased security measures within the wider region, but the group continues to seek security gaps for opportunistic attacks."

The group is "ideologically inclined to carry out attacks

inside India but its capability is believed to be low," it said, adding that according to Member States, the strength of AQIS in Afghanistan is estimated at several hundred people, located in Laghman, Paktika, Kandahar, Ghazni and Zabul provinces. In September 2014, Za-

wahiri had announced the creation of Al-Qaeda's regional affiliate AQIS, taking advantage of sanctuaries in Afghanistan, Pakistan and Bangladesh.

"A new branch of Al-Qaeda was established -- Qaeda al-Jihad in the Indian subcontinent, seeking to raise the flag of jihad...and return the Islamic rule across the Indian subcontinent," Zawahiri had said at the time.

An earlier report had said that fighters of AQIS operate as advisers and trainers of the Taliban, with 150 to 180 operatives present in southern and eastern Afghanistan. They recruit personnel from remote areas of India and Bangladesh.

German growth accelerates in second quarter

Frankfurt
Germany has bounced back from an early 2018 slowdown, official data showed on Tuesday, as the pace of growth accelerated despite the rumblings of a trade war that could trip up its export-led economy.

Growth rebounded from its first-quarter slide to reach 0.5 percent quarter-on-quarter between April and June, according to preliminary data from federal statistics authority Destatis.

Analysts surveyed by data company Factset had predicted expansion would remain at the pace seen between January and March, when growth slowed to 0.4 percent.

"Contrary to the national soccer team, the German economy did not have a rude awakening at the start of the summer," ING Diba bank analyst Carsten Brzeski said.

The figures showed Eu-

rope's largest economy had grown 2.0 percent year-on-year by the end of the second quarter, a result likely to comfort observers who had feared a slowdown throughout 2018 after the weaker first three months. Germany also outperformed the average of the 19-nation eurozone, whose growth slowed to 0.3 percent between April and June.

Other major economies Italy and France reported below-average expansion.

Growth was lifted by "positive domestic impulses", Destatis said, with increased spending on consumption by both households and the state.

A major driver of domestic consumption has been the steady decline in unemployment, with monthly official figures regularly announcing new lows not seen since Germany's 1990 reunification.

Rupee fall due to external factors: Govt

Economic Affairs Secretary Subhash Chander Garg said external factors may ease going forward. "Rupee is depreciating due to external factors," he said. There is "nothing at this stage to worry".

New Delhi
The government on Tuesday blamed "external factors" for the rupee's fall to an all-time low against the US dollar and said that there is nothing to worry about as of now.

Economic Affairs Secretary Subhash Chander Garg said external factors may ease going forward.

"Rupee is depreciating due to external factors," he said. There is "nothing at this stage to worry".

The rupee hit an all-time low of 70.1 to a US dollar earlier on Tuesday on concerns

over Turkey's economic woes.

SBI Chairman Rajnish Kumar said all currencies have weakened against the dollar, but the Indian currency has not weakened very much in

IDBI Bank Q1 loss widens to Rs 2,410 crore

New Delhi
State-owned IDBI Bank on Tuesday reported widening of loss to Rs 2,409.89 crore for the first quarter ended June 30, hurt by higher provisioning for bad loans.

The bank had posted a loss of Rs 853 crore in the April-June quarter of last fiscal, 2017-18.

Its total provisioning for non performing assets (NPAs) or bad loans more than doubled to Rs 5,236.07 crore during the first quarter

of 2018-19, from Rs 2,035.96 crore in the year-ago period.

The provision for bad loan alone was Rs 4,602.55 crore, as against Rs 1,873.21 crore.

State-owned insurance behemoth LIC has expressed interest in taking up to 51 per cent stake in the debt ridden IDBI Bank. The Union Cabinet has already given its approval to the proposal on August 1.

Wholesale inflation eases to 5.09% in July

New Delhi
Wholesale inflation eased to 5.07 per cent in July on account of cheaper food articles, especially fruits and vegetables, government data showed on Tuesday.

The wholesale price index (WPI) based inflation was recorded at 5.77 per cent in June. In July 2017, it was at 1.88 per cent.

The wholesale inflation in food articles category was (-) 2.16 per cent in July as against (+) 1.80 per cent in the previous month, the Commerce and Industry ministry data showed.

Among others in the basket, vegetable prices fell by 14.07 per cent during the reported month as compared to a growth of 8.12 per cent in

In pulses category, inflation stood at (-) 17.03 per cent as against (-) 20.23 per cent.

The retail inflation eased to a nine-month low of 4.17 per cent in July, from 4.9 per cent in June, on account of cheaper food articles, data showed on Monday.

Inflation peaking off; August CPI likely at 3.8 pc: Report

New Delhi

Retail inflation in India is peaking off and could decline below the 4 per cent level in August, following which the Reserve Bank is expected to hold rates in its policy review meet in October, says a report.

According to a Bank of America Merrill Lynch (BofAML) report, inflation risks are overdue and the fundamentals of the economy do not support higher inflation.

Retail inflation fell to 9-month low of 4.17 per cent

in July on declining vegetable prices.

Reacting to the inflation numbers, the report said inflation is expected to peak off as base effects reverse. "We track August inflation at 3.8 per cent with daily data showing that food price inflation is coming off further," BofAML said.

The report further noted that "with base effects reversing, core inflation has also eased to 5.08 per cent from June's 5.14 per cent". It noted that the funda-

mentals of the country do not support higher inflation as growth remains weak with capacity utilisation running at sub-75 per cent and though the July industrial growth jumped to 7 per cent on a year-on-year basis, sequentially it contracted by 1.5 per cent. Moreover, liquidity conditions are also tight.

Regarding monetary policy stance, the BofAML expects "the RBI Monetary Policy Committee (MPC) to be on long hold, if rains normalise".

रुपये में गिरावट बाहरी कारणों से : सरकार

नई दिल्ली ■ भाषा

सरकार ने अमेरिकी डॉलर के मुकाबले रुपये के अब तक के न्यूनतम स्तर पर पहुंचने के लिये 'बाहरी कारणों' को जिम्मेदार ठहराया है और कहा कि इसमें चिंता की कोई बात नहीं है। आर्थिक मामलों के सचिव सुभाष चंद्र गर्ग ने कहा कि आने वाले समय में स्थिति में सुधार आने की संभावना है। उन्होंने कहा, "रुपये में गिरावट का कारण बाहरी कारक हैं और इसमें इस समय चिंता की कोई वजह नहीं है।" तुर्की की आर्थिक चिंता से अमेरिकी डॉलर के मुकाबले रुपया आज कारोबार के दौरान 70.1 रुपये प्रति डॉलर के स्तर तक गिर गया। भारतीय स्टेट बैंक (एसबीआई) के चेयरमैन रजनीश कुमार ने कहा कि डॉलर की तुलना में सभी मुद्राएं कमजोर हुईं

हैं लेकिन अन्य मुद्राओं की तुलना में रुपये में उतनी गिरावट नहीं आयी है। कुमार ने कहा, "मुझे लगता है कि रुपया 69 से 70 के बीच स्थिर होना चाहिए क्योंकि अगर आप देश में बांड और शेयर समेत विभिन्न क्षेत्रों में आने वाले निवेश को देखें तो यह स्तर विदेशी निवेश के लिहाज से आकर्षक रहा है।" आनंद राठी शेयर्स एंड स्टॉक ब्रोकरों में शोध विश्लेषक आर मारू ने कहा कि आयातकों की अधिक मांग से रुपये की विनिमय दर में गिरावट आयी है। उन्होंने कहा, "तुर्की संकट को लेकर अनिश्चितता तथा डॉलर सूचकांक में तेजी को देखते हुए आयातक आक्रमक तरीके से डॉलर लिवाली कर रहे हैं। दूसरी तरफ आरबीआई की तरफ से आक्रमक हस्तक्षेप नहीं होने से भी रुपया नीचे आया।"

भारत में हमले की ताक में बैठा अल-कायदा का नया आतंकी समूह

संयुक्त राष्ट्र ■ भाषा

भारतीय उपमहाद्वीप में अलकायदा (अल-कायदा इन द इंडियन सबकॉन्टिनेंट-एक्यूआईएस) भारत में हमले करने की ताक में बैठा है लेकिन उसके पास ऐसा करने की क्षमता कम है और देश में सुरक्षा के बेहतर उपायों के चलते वह हमले कर नहीं पा रहा है। यह बात यहां संयुक्त राष्ट्र सुरक्षा परिषद की अल कायदा प्रतिबंध समिति को सीपी गई विश्लेषणात्मक सहयोग एवं प्रतिबंध निगरानी दल की 22वीं रिपोर्ट में कही गई है। रिपोर्ट में कहा गया है कि अल-कायदा से जुड़ा नया

आतंकवादी समूह एक्यूआईएस क्षेत्र में सुरक्षा के बेहतर उपायों के चलते कुछ कर नहीं पा रहा है लेकिन वह हमले करने की ताक में बैठा है और सुरक्षा कवच में संध लगाने की कोशिश में जुटा है। इसमें कहा गया है, "इस समूह की विचारधारा भारत के भीतर हमले करने की है लेकिन उसकी क्षमता कम है।" सदस्य देशों के अनुसार, अफगानिस्तान में एक्यूआईएस की क्षमता ज्यादा है रिपोर्ट के अनुसार, अल-कायदा अब भी दक्षिण एशिया में मौजूद है। यह आतंकवादी समूह स्थानीय माहौल के अनुसार ढल जाता है, स्थानीय लोगों के साथ

मिलने जुलने की कोशिश कर रहा है और उसके तालिबान से करीबी संबंध हैं। एक सदस्य देश के अनुसार, इस्लामिक स्टेट तत्काल खतरा पैदा करता है जबकि अल-कायदा "बौद्धिक रूप से मजबूत समूह" है और वह लंबे समय से खतरा बना हुआ है। रिपोर्ट में कहा गया है कि अल-कायदा नेता ओसामा बिन लादेन का बेटा हमजा बिन लादेन और एमान अल-जवाहरी समेत अलकायदा के कुछ अहम नेता अफगानिस्तान-पाकिस्तान के सीमावर्ती इलाकों में मौजूद हैं।

डॉलर की मजबूती से फीकी हुई सोने की चमक

नई दिल्ली, आईएनएस। अमेरिकी डॉलर में तेजी आने से अंतर्राष्ट्रीय बाजार में सोने की निवेश मांग क्षीण पड़ती जा रही है, जबकि डॉलर में मजबूती आ रही है। डॉलर में आई तेजी से सोना बीते सत्र में तकरीबन डेढ़ साल के निचले स्तर पर लुढ़क गया, हालांकि डॉलर में तेजी आने से भारतीय मुद्रा कमजोर हुई है, इसलिए घरेलू सरिफा बाजार में सोने के भाव में कोई बड़ी गिरावट नहीं आई है। इंडिया बुलियन एंड ज्वेलर्स एसोसिएशन के जनरल सेक्रेटरी सुरेंद्र मेहता ने आईएनएस को बताया कि भारतीय बाजार पर कोई ज्यादा असर नहीं है। हालांकि मुंबई में मंगलवार को 24 केरट का सोना पिछले सत्र के मुकाबले 160 रुपये नरमी के साथ 29,525 रुपये प्रति 10 ग्राम थामल्टी कमोडिटी एक्सचेंज पर अपराह्न तीन बजे अक्टूबर डिलीवरी सोना 24 रुपये की कमजोरी के साथ 29,934 रुपये प्रति दस ग्राम था।
