weeks after counting started. This was before the post-liberalisation population boom came of voting age. The average Lok Sabha seat has over 12-15 lakh voters, so even with a two-third turnout, that is a million pieces of paper that need to be verified and counted. Divided over 543 seats, you can imagine how ridiculously long the process will take, which will lead to today's instant gratification generation demanding answers.

And this is before we even look at how the ballot system has been used and abused across the world and in India back in the dark days of the 1980s. The ballot box was used to disenfranchise many people. If we can talk of Dalit empowerment today, one major reason has been the EVM, which has prevented upper castes using muscle and gun power to run their writ and stuff ballot boxes. In civic polls in several States across India, where the ballot box is still used, television images have displayed how the system is routinely abused and ballot boxes stuffed.

Renee Dhyani who plays Beauty in Yeh Teri Galiyaan said, "When I think of Independence Day, I remember my school days where we used to eagerly assemble in the grounds for the flag hoisting ceremony and sing the national anthem with immense pride. As I grew up, I understood the significance of freedom in its true sense and the valuable sacrifices that our freedom fighters have made to liberate our nation. I would like to wish all my fans a very Happy Independence Day and urge them to contribute in their own small ways towards the betterment of the country."
