Vedanta Limited

KG-OSN-2009/3 Discovery, Krishna-Godavari Basin, India

Vedanta Limited has today notified the Management Committee, Ministry of Petroleum and Natural Gas and Directorate General of Hydrocarbons (DGH) of a hydrocarbon Discovery in well A3-2 within its operated block KG-OSN-2009/3 within Krishna-Godavari Basin, East Coast of India. Vedanta Limited holds 100% participating interest in the block.

A3-2 is the first exploration well drilled within the KG-OSN-2009/3 block. Multiple reservoir zones were encountered in the Mesozoic rift formation between the depths of 3351-3944m MDBRT with indications of hydrocarbon during drilling and formation evaluations. Down hole formation tester (MDT) sampled oil and gas from the zones of interest. The zone from 3610-3715m MDBRT flowed gas to surface during well testing. Further appraisal will be required to assess the potential commerciality of this Mesozoic rift discovery.

This press release contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
